

FACILITY CAPACITY

As part of planning to accommodate student enrollment, the Board of Education will adopt school capacity standards. These district standards will be referenced in the district long range facilities master plan (LRFMP), intergovernmental agreements, required comments to governmental agencies on development proposals, and detailed in the district educational specifications used in the design or renovation of facilities.

Adopted December 6, 1995

Revised May 18, 2011

Cross ref.: FB, Facilities Planning

Please refer to the most current LRFMP on the district website at www.thompsonschoools.org.
