

## **PROFESSIONAL RESEARCH AND PUBLISHING**

The Board of Education recognizes the value of educational research conducted by staff members. However, all research studies carried out within the school system using district or school data of any kind or staff or students as subjects, must be approved in advance by the superintendent or designee. Only those studies which have value to the district shall be approved.

The superintendent or designee shall keep a file on topics needing study that shall be shared with staff members at their request.

When human subjects are involved in research, there shall be adequate protection of their rights and welfare. The individual shall be subjected to no serious risk. Parents of students who are subjects of research or adults if they are the subjects shall be provided an explanation of procedures and their purposes, a description of any possible risks and any benefits to be reasonably expected, an offer to respond to inquiries on procedures, and instruction on the right to refuse to participate or to discontinue participation at any time without prejudice.

Any survey, assessment, analysis or evaluation of students shall be consistent with district policy and applicable law.
