Capstone	District Scoring Criteria	District Scoring Criteria
Industry Certification	Receipt of the industry certificate and approval by the district-designated team	Receipt of the industry certificate and approval by the district-designated team

District wide standards-based assessments are embedded in courses where assessment is required. Each content area will determine the critical class or classes that will require District assessment to measure standards.

Industry Certification

Industry recognized certifications that are a part of HB16-1289 Incentives to Complete Career Development Courses will count for both measures toward graduation. These are updated yearly to align with current industry standards.

Adopted March 2, 2022
