

STUDENT ACTIVITIES FUNDS

The Board of Education shall provide for the supervision of all funds raised by any student body or student organization using the name of the school. The cost of supervision may be paid from district funds.

Student organizations shall comply with purchasing policies of the Board and may not extend the credit of the district. Failure to comply shall be grounds for revocation of the right to continue meeting.

Expenditures of student organizations shall be subject to procedures established by the organizations and approved by the Board. Money raised by student organizations must be expended impartially for the benefit of all students.

Student body organizations shall be discouraged from building up reserves. As a rule, expenditures and income should be about equal.
