The following stats were calculated by using **only** the salary levels currently occupied by TSD teachers (see orange shaded salary levels) vs **all** salary levels. The TSD steps and education levels were mapped to the other school districts for the purpose of determining what a TSD teacher's salary would be if he/she moved to a different district. Then an average of those occupied salary levels was calculated. The end result indicated the ranking of the school district salaries did not change significantly. (TSD moved from 5th to 4th place)

NOTE: Each school district has its own number of steps and education levels. Some districts indicate a level does not necessarily equate to a year of service.

County	School District	Salary Schedule	Ranking
		2019-2020	2019-2020
Boulder	St. Vrain Valley Schools	63,916	1
Larimer	Poudre School District	62,461	2
Weld	Weld County School District RE-5J	57,607	3
Larimer	Thompson School District Sch A + B	57,437	4
Larimer	Estes Park School District R-3	56,808	5

Average of all steps and education levels.

56,005

Average of all steps and education levels currently occupied by TSD teachers.

57,437
