

As many of you know, the Colorado Academic Standards were revised in 2020; these revisions included updating K-12 Comprehensive Health Education. It is not only important that our community is informed about these updates, but also has input in the implementation process.

Information

We have created a document that has all of the information about these updated Comprehensive Health Education Standards you will need in one place: you can see the standards at each grade-level, as well as what has changed or stayed the same in the new standards. [Comprehensive Health Education Standards](#)

Community Input

We are seeking community input on implementation of these standards in TSD. Please join us for one of our two listening sessions, so we can be sure to hear from families and community members. These sessions will provide an opportunity for our community to share best hopes, as well as any concerns you would like us to know about regarding the implementation of the Colorado Comprehensive Health Education Standards. If you plan to attend, [please read this document](#) before you come so that you are ready to participate. We will also offer an online form that can be filled out if you are unable to attend one of the in-person sessions.

These listening sessions will also include an opportunity to submit questions; after our listening sessions conclude, questions from our listening sessions and online form will be compiled, answered, and shared out with our community. There will also be an opportunity to leave your name and number if you would like an individual conversation with the appropriate staff member to answer your specific question.

We look forward to hearing from you at either a listening session or through the attached form.

The dates for the listening sessions will be:

Monday, February 28th 6:00-7:00 PM - TSD Board Room (Spanish translation will be available at this session)

Or

Wednesday, March 2nd 7:30-8:30 AM - TSD Board Room

WRITTEN FEEDBACK:

For those who cannot attend and would like to give feedback, please complete this [form](#) by March 3, 2022

We appreciate your partnership through this process to implement the Colorado Academic Standards in TSD in a way that honors our students and families.
