

February 14, 2023

Dear Avonworth School Community,

I'm pleased to inform you that the Avonworth Board of School Directors voted and passed four motions to award bids for the Avonworth Middle/High School Renovation & Construction project. The following contractors were the lowest responsible bidders for their respective contracts.

- General Trades - R.A. Glancy & Sons, Inc. = \$17,580,000
- HVAC - R & B Mechanical, Inc. = \$4,747,400
- Plumbing - Shipley Brothers Construction = \$1,728,080
- Electrical - Merit Electrical Group = \$4,538,200

[Access the Final Bid Tabulation Sheet](#)

General construction bids were requested for the base project and seven alternates. The contracts awarded by the Avonworth Board of Directors include the base project and all alternates. The District will finance the Avonworth Middle/High School Construction & Renovation project through bond issuances already secured by the District and future bond issuances needed to complete the project. You can find an overview of the project, project alternates, and project financing [HERE](#).

We will share information with you regarding a community information meeting, which will be held by the District's Construction Manager, Massaro Construction Management Services, LLC. This community information session will provide an overview of the project, project design, and an update on the next steps.

Lastly, you can access the [construction page](#) on the Avonworth School District website for updated information about this project.

We are excited to see the work begin, transforming our secondary campus into a state-of-the-art educational facility that will improve all aspects of education for Avonworth students and provide updates to be enjoyed by the entire Avonworth school community.

Thank you,

Jeffrey M. Hadley, Ed.D.
Superintendent of Schools
