

COMMUNITY AND TECHNICAL COLLEGE CREDIT CONVERSION

The following conversions should be used when converting community college credit towards high school credits:

Courses 100 and above:

Community/Technical College Credits	High School Credits
6	1.25
5	1.0
4	.75
3	.50
2	.50
1	.25

The reasoning behind giving courses 100 level and above at the rate indicated is to use an equivalency rate that is compatible with the current high school semester values.

Courses below 100:

6	.625
5	.50
4	.35
3	.25
2	.25
1	.15
