

Instructional Council Meeting Notes 1/7/22

Meeting began at 2:01

Thank you to ECA parent representative and co-facilitator Pam Christison for joining our council.

The meeting began with discussion about whether or not to adapt Robert's Rules of Order as our meeting format. This motion was tabled until a later date in order to look at possible modifications and/or language per the districts recommendations. Several members expressed interest in creating a format that leaves more room for small group/share out aspects and time for consensus agreements.

IC meeting notes from 12/16/21 were approved.

The council reached consensus on the end of year CB suites testing dates.

EOY CB Suites testing will be held on May 16 and 17.

ECA underclassmen finals will be given on May 23 and 24.

Open Forum Discussion about welcoming any and all stakeholders to speak about their concerns and or needs was purposed and agreed upon.

Consensus was reached about how to disseminate IC meeting notes to teachers and parents

Teachers will receive the IC meeting notes from their IC rep.

Parents will receive an email (via parent rep) with the meeting notes and the notes will be posted on the CEC website for all to access.

Please report all CB suites issues to Shanel Fretwell or your IC representative. The test needs to be cleaned up and the district would like our feedback in order to eliminate future issues. It was asked that breaks be scheduled into the CB testing time (without adding time) and that a teacher 'relief' floater be available to allow teachers to use the restroom.

Meeting ended at 3:12
