

2019-2020

Hello Families,

Due to the number of school days missed in past years, the Monticello School District is implementing *Digital Learning Days*. These days allow for at-home learning, therefore, reducing the need to extend the school year and/or have make up days because of weather-related cancellations.

On a designated Digital Learning Day, your child will choose ONE activity in EACH column on the provided grid. Then, color in or circle the box that was chosen once the activity is completed.

Please have your child return the grid sheet to school with your signature and date within three days of the school closure. The school will then mark your child 'Present' for the day. If you do not have a printer at home, please feel free to send a note with your signature stating your child completed the learning at home.

Thank you for partnering with us on these days. As always, feel free to connect with any questions, comments, or concerns.
