

DUNCANVILLE ISD

Annual Report 2022-2023

Student Health Advisory Committee (SHAC)

FFA (Local) Key Points:

The District shall support the general wellness of all students by implementing measurable goals to promote sound nutrition and student health and to reduce childhood obesity. [See EHAA for information regarding the District's coordinated school health program.]

The local School Health Advisory Council (SHAC), on behalf of the District, shall review and consider evidence-based strategies and techniques and shall develop nutrition guidelines and wellness goals as required by law.

BDF (Legal) Key Points:

The SHAC shall submit to the board, at least annually, a written report.

SHAC Mission Statement

The Duncanville Independent School District's School Health Advisory Council (SHAC) is a community-based council whose purpose is to:

- Promote the health of students and the school community.
- Promote the development of lifestyle behaviors that lead to lifelong health and wellness.
- Advocate for a comprehensive school health program.
- Serve in a health advisory capacity to the Board of Trustees.

Committee Meeting Topics

Curriculum Related to Child Abuse, Family Violence, Dating Violence, and Sex Trafficking

The board of trustees convened the SHAC to recommend curriculum materials for child abuse, family violence, dating violence, and sex trafficking. The SHAC viewed the curriculum materials and recommended the Goodheart-Wilcox Curriculum for middle school and high school health courses. Additionally, several national, state, and other resources were also recommended that would be used by school counselors to provide instruction on these topics. Written parental consent is required before providing instruction.

Curriculum Related to Human Sexuality Instruction

The board of trustees convened the SHAC to recommend curriculum materials for the instruction of human sexuality. The SHAC viewed the curriculum materials and recommended the Goodheart-Wilcox Curriculum for middle school and high school health courses. Topics regarding human sexuality will only be included in the supplemental companion text, and parents must opt-in for their students to receive instruction.

Mental Health Supports and Character Education

The Counseling Department provided an update of the district's efforts to address mental health through the School Support Counselor and Social Worker Programs. Support including the use of calming corners, SEL Curriculum (Second Step/Leader in Me), the Panorama Survey, referrals to outside agencies, and guidance lessons regarding self-efficacy and emotional regulation were shared.

Healthy and Safe School Environments

Information was presented regarding weekly door and audit checks as well as primary entrances to buildings and classrooms. The reunification plan along with information regarding safety grants that were submitted to the Texas Education Agency were also shared.

Child Nutrition Meal Program

The Child Nutrition Department presented information about meal pricing changes, meals served, information regarding the after school snack program , menu enhancements with new entree options, and a review from the Texas Department of Agriculture Farm Fresh Program.

Bullying and Drug/Alcohol Prevention

The Student Services Department highlighted the bullying policy and district efforts to prevent and educate students on bullying, including the anonymous bullying/threat report form. The police department co-presented with Student Services to review information on vaping, drug use, and drug prevention efforts in the district.

COVID-19 Update and Grants

The current COVID-19 cases were reviewed showing a decrease from the previous years. The COVID-19 Health Support Grant Cycle 2 was reviewed. The grant purchased cleaning supplies and various HEPA purifiers and filters for identified classrooms and common areas throughout the district.

Employee Health and Wellness Plans

The Human Resources Department presented various employee health and wellness challenges and campaigns including the Take Heart Wellness Campaign and the Unstoppable Wellness Campaign. Top safest school awards were reviewed for campuses that did not have any accidents that required care from a medical provider.

School Health Services Update

Your paragraph text

The School Health Services Department presented various employee health and wellness challenges and campaigns including the Choose to Lose and Drink More Water Campaigns. Prizes were awarded to campuses that won the various challenges. Information regarding CPR and AED training was also shared.

Physical Activity and Coordinated Health Program Update

The Athletics Department presented information regarding PE requirements for the various grade levels and information about the FitnessGram assessment. The district purchased a new software to simplify submitting the FitnessGram Report to TEA.
