6. SUPERINTENDENT'S REPORT

A. Violence and Vandalism Report

Mrs. Morana presented the Violence and Vandalism Report to the Board. She explained that the data is meant to reflect New Jersey districts' incidents of drugs, violence, vandalism, and harassment for the 2007-2008 school year. The school district shows no increase in the number of incidents—the Primary School reported zero incidents, and the Middle School reported nine incidents. Two of the incidents at the Middle School included students at a sports game who stole potato chips from the cafeteria. The remainder of the incidents did not occur in the classroom but in the cafeteria, hallway, or at an after-school event. The incidents were not serious, although they are reportable.

Mrs. Morana went on to explain that the incidents were considered typical Middle School behavior. She went on to state that the key thing is the actions the district planned to address the incidents. These included peer mediation, intervention and referral services, and P.A.S.T. (Positive Attitude Support Team). Mrs. Morana went on to explain the P.A.S.T. Program entails proactive work with students who have a history of issues. The program includes mentoring with engineers and researchers from AT&T and addressing problems in a positive manner. Mrs. Morana also advised the Board that the DSAC, which is a measure of district safety, reveals the district has a safe and orderly environment for all students and staff.

B. Preschool Expansion Application – Update

Mrs. Morana provided the Board with an update on the preschool expansion application which is due to the state November 15. She is working with private daycare providers to create a budget, as well as ways to support increasing student enrollment. A question was asked about how the decisions will be made<sup>1</sup> placing students in locations outside the school district. Mrs. Morana indicated that they will be random

assignments through a lottery system. She further stressed that the curriculum will follow the district's standards and the teachers will be "highly qualified".

Another question was asked about how the district will keep track of all the locations where the preschool program is taking place. Mrs. Morana explained that the budget allows for a part-time supervisor of early childhood education but also provides for a master teacher who will serve as the link between the provider and the district. She further explained that providers' teachers will attend faculty meetings, professional development, and use the same curriculum and report card system to maintain continuity. The amount of the grant will be \$2,165,184.

7. CORRESPONDENCE - NONE

8. PRESIDENT'S REPORT

A. New Jersey's School Board's Convention – Feedback

Comments from conference attendees included the district's presentations on QSAC, AVID, and Meet the Press. There was an overall positive response to the presentations.

There was a discussion on the sessions that were attended including the Effect of School Boards in Students' Achievements.

B. Filling Board vacancies was also addressed, and Mrs. Morana indicated that we will adhere to district policy to fill our anticipated vacancies and advertise the positions.

9. HEARING OF PUBLIC

Bylaw #060 reads . . . "Any individual deciding to speak shall sign the speaker's sheet before the business of the meeting has begun. Please include your name, address and group or organization you represent. All comments will be directed to the Chair. Speakers shall be limited to one (1) turn of five (5) minutes with a total public participation not exceeding 60 minutes."

STATEMENT TO THE PUBLIC

Often times it may appear to members of our audience that the Board of Education takes action with very little comment and in many cases a unanimous vote. Before a matter is placed on the agenda at a public meeting the administration has thoroughly reviewed the matter with the Superintendent of Schools. If the Superintendent of Schools is satisfied that the matter is ready to be presented to the Board of Education, it is then referred to the appropriate committee. The members of the board committee work with Administration and the Superintendent to assure that the members fully understand the matter. When the committee is satisfied with the matter, it is presented to the Board of Education for discussion before any final action is taken. Only then is it placed on the agenda for action at a public meeting.

Ms. Amy Goldsmith of 16 Locust Avenue, Red Bank, NJ:

- Concern about having the public portion of the meeting later in the evening due to childcare.
- Lodging a formal complaint about making revisions to the school calendar as it is disruptive for working parents.
- A Board member agreed that calendar changes can be difficult for working parents.

BOARD OF EDUCATION  
PUBLIC MEETING  
NOVEMBER 11, 2008

MINUTES

12. OLD BUSINESS

- A follow-up question was asked about whether Stanley Sickels provided additional information on the proposed turf field. Turf fields were researched by a Board member who was not happy with the artificial turf.
- Primary School Fill – A question was asked about the Primary School fill project. Ms. Darrow stated that the permits were approved by the DEP, bid specifications are being discussed, and we are on target for summer 2009.
- A comment was made that this year's NJSBA conference in October was the weakest conference attended. However, Governor Corzine's speech was good. It was noted that this was the first time in ten years a governor has addressed the NJSBA.

It was felt that additional seminars were advertisements for the presenters' services. A highlight of the conference was the company of fellow Board members.

- A Board member commented that the session on gangs was fascinating.
- A Board member attended an information meeting on Red Bank Regional High School's new policy regarding the drug and alcohol policy. Copy of the policy will be shared with board members.
- A request was made to provide the number of the 2008 eighth grade graduates who were placed in geometry and biology.
- Ms. Darrow reminded the Board members that a special session to meet with NJSBA was Thursday evening at 6:30 pm in the Conference Room.
- Mrs. Morana and the Board congratulated Ms. Lewis on her success in the town council election. It was noted that she will make an excellent addition to the council and the Board wished her all the best.
