

For those experiencing homelessness:

McKinney-Vento

The McKinney Vento regulations are a Federal Statute requiring entities who receive federal dollars to provide support to those experiencing homelessness. Under this law, the school district can provide resources and support to children and their families to assure a smooth continuation of education services.

The McKinney-Vento coordinator for the District is Kathleen Baris, Director of Student Support Services.

Please contact our office at 508-943-3646 to talk with us regarding your situation and to determine what support you may be entitled to.
