Andrew: You create endless happiness in the lives of all of us! You are my first nephew and will always have a place in my heart! Your smile, laugh, and energy is contagious and enjoyed by all! By the time you read this you will probably already be in school and growing into a young man, I wish you the best in everything you choose to pursue!

Mike and Justin: The two greatest guys in the world! I thank both of you for providing me with two of the most fantastic friendships that I could have ever had! With you guys around life was never lonely or unexciting! We had so many amazing times and I will never forget you guys! Good luck to both of you! Mike, be sure to call me after you fulfilled your lifelong dream of conquering Mt. Everest, and Justin; keep me updated on whatever your wild heart chooses to accomplish! I love you both!

Todd Anderson

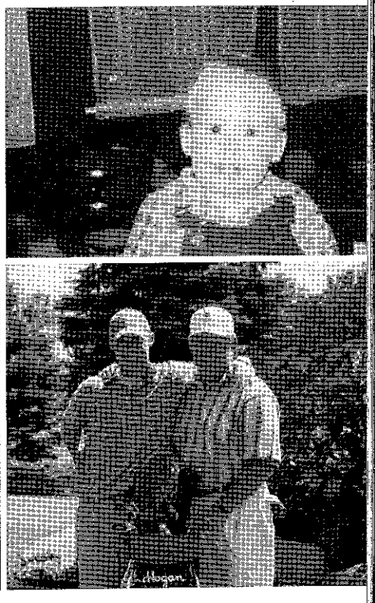

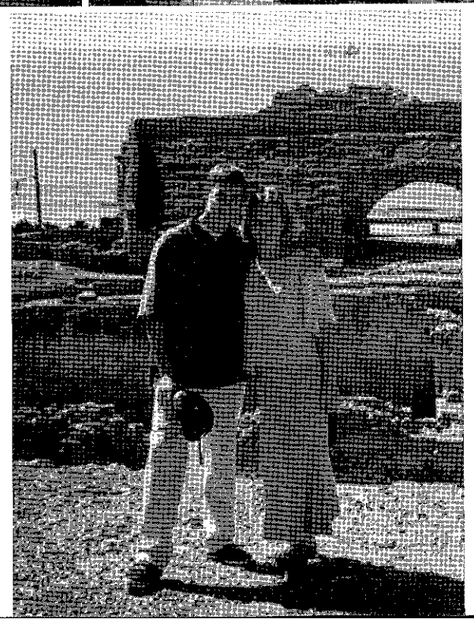

Mom and Dad: You have been the best parents a boy could ask for! I will forever cherish the great tools that you have given me! With them I will be able to go on and lead a moral, happy, successful, and wonderful life. I couldn't have asked or wished for a better set of parents, you are both my greatest role models, and the heroes that will never let me down! I could go on forever with the ways that you have both touched me, but I shall keep it short and sweet and simply say I love you both so much and thank you for everything!!!

Emma: I can't thank you enough for the three years of complete joy you have given me! You have not only been my best friend in the whole world, but you have taught me more about myself, life, and everything else than you will ever know! I will always remember your radiant smile and ability to make the darkest of rooms sparkle! I wish you the best in whatever you choose to do, I know you will succeed at whatever it is! I must thank you again for three amazing years!!!! I will never forget you!

Mr. and Mrs. Gibbons: *Being I have never taken the opportunity to formally thank you, I will start by simply saying, Thank you both for everything you have done for me! You have been my second parents and done a very good job of it too! I have the greatest respect for both of you! I thank Mr. Gibbons for instilling the drive in me to achieve greatness! You have been a wonderful role model for me and I strive to make you proud when I run my own multi-million dollar corporation, and do so in a manner that you have, a manner that is respected by all! Mrs. Gibbons; I want you to know that you are one of the greatest female role models that I have! I thank you so much for everything that you have given me! I have never been able to completely thank you for making your home so comfortable and inviting for me. I have always felt welcome and wanted! Speaking as your fifth son I would like to say you have been a wonderful mother figure to me and I will always be grateful for having not only one wonderful mom, but two!*

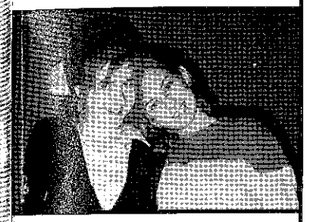

My five beloved siblings: I love all of you! For my three sisters: I have greatly enjoyed growing up with all of you! Each of you have your own wonderful personalities, and each of you have touched my life in many ways! I thank all of you for always being there for me, and always showing that you care. I was never without love in my home, and I thank all of you for that! I consider each of you as both as great friends and great siblings! I wish all of you luck in all aspects of life, and I know you will, and already have succeeded in being wonderful people! For my two brothers; I always worried that I would never have any brothers, but thanks to the wonderful taste of Karrin and Kirsten I now have two of the best! I thank both of you for being great male role models in my life! I respect both of you in many ways! Allen; I have seen that you are the perfect father to my first nephew, and that you are working very hard and achieving success in your line of work, and your work hard/play hard mentality is something that I will always respect! Darren; My first brother! You have been great ever since I first met you! I don't think there has ever been a time that you didn't make me feel great just to be in your presence! We have done so many great things together over the years! I will never forget the times that you took me skating, the times that you took me to sporting events, and all of the wonderful memories that I have spending time with my first big bro! Thank you for everything! I know that you will also be a great father and I wish both you and Kaarin the best of luck with the birth of your first child! I am extremely excited to meet my second niece or nephew, I know he or she will be just as great as my first!

Hey my friend
it seems your eyes are troubled
Care to share your time with me
Would you say you're feeling low and so
A good idea would be to get it off your mind
See, you and me
Have a better time than most can dream
Have it better than the best
So can you pull on through
Whatever tears at us
Whatever holds us down
And if nothing can be done
We'll make the best of what's around
Turns out not where but who you're with
That really matters
And hurts not much when you're around
When you're around

Från Öckerö loge hörs dragspel och bas
och fullmånen lyser som var den av glas.
Där dansar Fredrik Åkare kind emot kind
med lilla fröken Cecilia Lind.

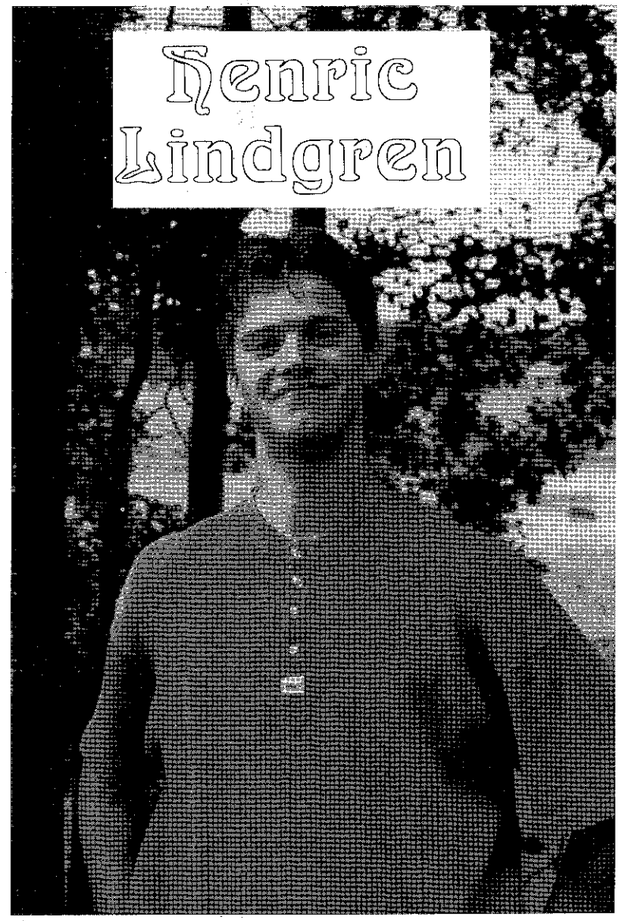

Hon dansar och blundar så nära intill,
hon följer i dansen precis vart han vill.
Hon för och hon följer så lätt som en vind.
Men säg varför rodnar Cecilia Lind?

Säg var det för det Fredrik Åkare sa:
Du doftar så gott och du dansar så bra,
din midja är smal och barmen är trind.
Vad du är vacker, Cecilia Lind.

When a man lies he murders
some part of the world
These are the pale deaths which

All this I cannot bear
to witness any longer
Cannot the kingdom of salvation
take me home

To laugh often and much; To win the respect of intelligent people and the affection of children; To earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty; To find the best in others; To leave the world a bit better; To know even one life has breathed easier because you have lived – This is to have succeeded.

Above all we need frontiers, a challenge, a sense of purpose. Perhaps one day the human race will lose its aggression and its questing nature, and will be content to settle for a static, stable existence. For myself, I doubt it, for in so doing we would forfeit those characteristics which are the essence of humanity.

Take every chance you can, 'cuz chances are you'll never get the chance again - me • Beginnings & endings - our lives are full of them or are they? Is everything that we think are endings just that, or are they merely pauses? Our lives go in stages. Each one beginning & each one ending. Or do we build on the previous ones to enrich the present ones? So our lives are like circles, but maybe more like spirals. Each stage winding around the previous one getting a little larger each time around. So then we grow as our spiral grows. So in this manner we really only have one beginning and one ending, and in the middle?
