Course: 8th Grade Chorus (Boys Choir and Girls Chorus)

Grade Level: 8

Content Area: Music

Frequency: Full-Year Course – Every other day

Big Ideas

1. The skills, techniques, elements and principles of the arts can be learned, studied, refined and practiced.
2. Artists use tools and resources as well as their own experiences and skills to create art.
3. The arts provide a medium to understand and exchange ideas.
4. People have expressed experiences and ideas through the arts throughout time and across cultures
5. There are formal and informal processes used to assess the quality of works in the arts.
6. People use both aesthetic and critical processes to assess quality, interpret meaning and determine value.

Essential Questions

1. How are the elements of music shared through notation?
2. How do people use both traditional and contemporary technologies to create and perform music?
3. How can music be used to persuade people to buy something?
4. Why are there similarities in works in dance, music, theatre and visual arts from the same culture and time period?
5. How do critics determine the quality of musical works?
6. How are aesthetic and critical processes sometimes used for the same purposes?
