

School Plan for Student Achievement: Evidence-Based Title I Funded Program Evaluation

Guiding Questions:

The district or Title I school allocates Title I funds to support a computer technician:

- 1) How does this position impact student learning and academic achievement?
- 2) What data are you using to drive this discussion?
- 3) If this program has helped improve student learning, what can be done to make it even better?
- 4) If this expenditure has not had a positive impact on student achievement, what will be done to modify, change, or replace it?

Goal 1

All students will make progress toward proficiency on the state adopted standards and English learners will make progress learning the English language.

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>Implement standards based reading and mathematics instruction incorporating all essential components of core instructional materials, and using supplemental materials, as defined by the reading / language arts and mathematics frameworks for California public schools and HESD ELA Pacing Guide.</p> <p>The analysis of data from district and site assessments will be reviewed weekly during school site collaboration, utilizing the formative assessment cycle to inform future instruction. Teachers will utilize the formative assessment cycle to make decisions about reteaching, small group instruction, and if students will need additional supports or extensions with learning the essential standards. Site leadership and teachers monitor instruction and district/site assessments.</p> <p>Reading Language Arts (including reading, writing, grammar, spelling, read aloud, and shared reading/close reading) teaching points will be derived from the Common Core Standards and in place in all classrooms.</p>	<p>The school implemented standards-based reading and mathematics instruction incorporating all essential components of core instructional materials, and using supplemental materials, as defined by the reading/language arts and mathematics frameworks for California public schools and the HESD ELA Pacing Guide.</p> <p>Lesson planning is aligned to the district pacing calendar and based on backward mapping of Common Core Standards, analysis of data from state, district, and site assessments, and information from weekly teacher collaboration sessions. Teachers and leadership teams use the data to inform instruction and to make decisions about reteaching small groups and any other extra supports.</p> <p>The school implemented formative assessment strategies, targeted small group instruction, and a two-tiered assessment system which showed Language Arts growth occurring across grade levels when broken down into subgroups.</p> <p>ELA CAASPP: Overall – 2021: 33.33% & 2022: 46.51 Af. Am. – 2021:0% & 2022: 33.33% Hispanics – 2021: 33.76% & 2022: 45.17%</p>	<p>Declines in State test scores shown in the 2020-2021 CAASPP results are determined to be due to COVID pandemic related school closures, extended periods of distance learning, and significant student absences due to quarantine, testing positive, or being symptomatic with COVID when schools were open for in-person learning. Based on most recent CAASPP scores and data from local assessments in 21-22, it shows students are making gains in achievement, and in some cases are at or above pre-pandemic levels. State test scores do not indicate a need to make significant changes to the instructional program; rather, they indicate a need to continue to build upon and strengthen the school's existing instructional programs.</p> <p>Despite these challenges through the Covid pandemic, the school focused on rebuilding the instructional program and the school community during 2022-2023. Most of the activities and assessments discussed in the previous column were able to be implemented, despite challenges related to the Covid pandemic. The core instructional program was fully in place.</p> <p>We continue to have a high number of chronically absentee students. Students are</p>	<p>The school will continue the process of rebuilding the instructional program and the school community next year as the pandemic continues to subside.</p> <p>The school will continue to maintain a focus on developing strong readers by providing small group instruction and depth of knowledge questioning. The school will continue to develop Math Practices by providing coaching and professional development while increasing the rigor of problem-solving skills.</p> <p>The school will continue to implement Ed Tutors into the K-2 classrooms to pull small groups and work with students one-on-one who are progressing, approaching and needing improvements in areas of ELA. Lunch time small groups will also be pulled to support Kinder students with Sight words, letters and sounds, and phonemic awareness.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>ELA Assessments may include: Benchmarks, CARS, CAP, and IRL's, IAB's, Sight Word Assessments, Writing Assessments, Phonemic Awareness, Alphabetic Principle, Letters/Sounds, and any electronic APP assessments such as those from our supplemental digital content such as Lexia, RazKids, and Khan Academy.</p> <p>Library Media Technician promotes regular use of literacy to enrich the school experience and encourages regular participation in library activities to develop students' literacy skills.</p> <p>Students will participate in explicit mathematics instruction and will increase understanding towards mastery of math standards. Math Assessments may include: Benchmarks, topic tests, IAB's, math facts, and any electronic APP assessments such as those from our supplemental digital content such as Reflex and Khan Academy.</p> <p>The leadership team will monitor Assessment Data Formative math assessments Intervention Data</p>	<p>White – 2021: 35.29% & 2022: 50% ELs – 2021: 18.82% & 2022: 37.4% SED – 2021: 29.73% & 2022: 44.28% SWD – 2021: 8% & 2022: 0</p> <p>MATH CAASPP: Overall – 2021:17.92% & 2022: 30.81% Af. Am. – 2021: 9.09% & 2022: 16.67% Hispanics – 2021:17.37% & 2022: 28.97% White – 2021: 17.65% & 2022: 40.91% ELs – 2021: 8.24% & 2022: 22.14% SED – 2021:15.63% & 2022: 27.68% SWD – 2021: 0 & 2022: 4.17%</p> <p>Math pacing calendars allows for a two week reteach window after the unit assessment is given. The goal is for the whole class to score 80% or higher on the assessment (Version A). If 80% is not met, the the teacher will use the next two weeks to reteach. After the two weeks, students are given a Version B assessment. This structure has been used throughout each unit in grades 2nd through 6th. Teachers are able to plan specific targeted instruction to support students either whole class, one-on-one or in small groups to help moved students to mastery on grade level standards.</p> <p>Educational Tutors have also be working with students grades K-2. Ed Tutors are pulling students into small groups and/or one-on-one to support progressing students and approaching students to help with academic progress.</p>	<p>missing multiple days in a row and therefore missing many instructional minutes.</p>	
<p>Provide differentiated instruction, and increasing levels of intervention to identified students. Targeted students in all grades will receive weekly supplemental instruction to support current work in mathematics and language arts. These sessions may be during school hours, before or after school, or during the school lunch hour.</p>	<p>The school implemented tutoring in ELA/Math with credentialed teachers for students who showed a need based on local assessments. The school also provided reading/math intervention during the school day through the use of educational tutors and/or small group instruction.</p> <p>Attendance, progress monitoring, and assessment data are documented and actively reviewed to determine student</p>	<p>Students are still struggling academically. Our students in tutoring showed some growth. However, attendance continues to be a factor, due to Covid symptoms and/or positive cases, in students missing instruction. As well, some students were not attending regularly; some dropped and some others were added. There is still a need to address the learning loss from the pandemic through tutoring and also through intervention with an educational tutor.</p>	<p>The school will continue to provide additional time and support for identified students through the use of credentialed teachers and educational tutors.</p> <p>The school will continue to focus on small-group reading in the coming year. The school will continue to build intervention supports for students reading significantly below grade level due to time missed from school. The school will continue to provide</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>As students demonstrate a need for additional support, they receive increasingly more targeted and intensive help. Responding to academic needs through a Multitiered system of supports, ensures students receive the additional time and support needed to learn at high levels. Tier 2, supplemental interventions will provide timely, targeted, and systematic interventions to students who demonstrate a need through differentiated instruction/small group instruction.</p> <p>As students demonstrate a need for additional support, beyond what Tier 2 supplemental interventions/small group instruction can provide, students are identified as Tier 3 and needing intensive supports/interventions. Tier 3 students need an intensive remediation in universal skills that goes above what students receive in Tier1 (core instructional program) and Tier 2 (Small group instruction). Students (including English Learners) will participate in explicit instruction in reading and math and make appropriate academic growth.</p> <p>Teachers and site leadership will monitor student progress of reading skills by trimester. Reading level collection data. Assessment Results (i.e running records, BM data, classroom assessments) Teacher feedback. Report to Parents Formative & Summative math assessments (Common Assignments) developed to assess student understanding of mathematics standards taught. Supplemental Digital Content/APP reports</p>	<p>progress. Instructional materials utilized for tutoring, ed tutors, and small-group instruction included various programs such as Primary Phonics, Phonics for Reading, Words Their Way, Common Core Mathematics, Reading Mastery, Corrective Reading, Reading Mastery, Heggerty, Bridge the Gap, The Power of Decoding Reading Intervention, and Pearson math. Our data shows students receiving Reading Intervention, tutoring, and small-group instruction increased their reading level between 1-3 levels.</p>	<p>According to 2021-2022 CAASPP scores: 46.51%ELA Proficient (35.19% 2020-2021) 46.51% Math Proficient (20.61%% percentage points from 2020-2021)</p>	<p>and support Education Tutors (paraprofessionals) during the to support small-group instruction and interventions.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>Supplement the school's board approved instructional materials in ELA, math, science, and history/social science with a suite of digital/online tools and subscriptions that are aligned with the State standards, are accessible at school and home, are adaptive (able to remediate and/or accelerate learning), can identify and target missing skills or gaps in skills/knowledge/understanding, and that provide data on students' progress.</p> <p>Supplemental digital content through centralized services includes: IVS Computer Technology (SMART Notebook) Lexia Learning Kahn Academy Flocabulary Discover Education Learning A-Z Seesaw Learning Adobe Creative Cloud for Students (SHI) Zoom BrainPop School City (Illuminate) Class Composure (Data Analysis tool to create groups and classes based on Academics and other criteria to appropriately place students based on levels)</p>	<p>Students were provided with an extensive suite of supplemental online instructional tools and materials for use at school and at home. (These materials were available to students during periods when they were quarantined at home.) These materials were funded as a Title I Centralized Service. Data within these programs showed students using these tools extensively.</p>	<p>There is a need to continue providing these tools for students and to continue providing training for teachers in their use. School and district leadership will continue to monitor the use of these tools, and to the extent practicable, will monitor their effectiveness.</p>	<p>Some of these materials will continue to be provided as Centralized Services in 2023-2024. School and district leadership will continue to monitor the use of these tools, and to the extent practicable, will monitor their effectiveness.</p>
<p>Students participate in a variety of enrichment activities, during or after school, that are designed to enhance learning by integrating content instruction with hands-on activities. Grade level teams will collaborate to develop clubs, activities, assemblies, guest speakers, virtual study trips that align to grade level content/themes and support increased level of background knowledge and vocabulary development.</p>	<p>Even though not all pre-pandemic activities/clubs were restarted, the school and district were able to bring back study trips for each grade level, enhancing the student learning experience outside the classroom. The school has brought in school assemblies that promote kindness. This activity took place during the Great Kindness Challenge Week.</p>	<p>In-person activities, including Science Olympiad and other activities, have either not restarted or have been moved to the afterschool program using ELOP funds.</p>	<p>Continue to resume enrichment activities based on staff and how the pandemic is subsiding. The school and district will continue to include study trips as part of the students learning process.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>Students will attend participate in clubs and activities, assemblies, guest speaker visits, virtual study trips, and study trips to support standards-based instruction. Students will gain an increased level of background knowledge and vocabulary development resulting in increased achievement.</p>			
<p>Integrated ELD (Core Program ELD/EL Support) The foundation of the district's support for English learners are its integrated and designated English language development instruction programs. These are the district's core ELD programs. ELD instruction and EL support in academic content areas will be provided to all EL students using the state adopted core and ancillary materials ensuring that English learners are receiving language instruction that supports access to the state-adopted content standards in ELA, mathematics, science, and history social science.</p> <p>EL Students are supported across the school day in all content areas. English learners in Hanford Elementary are referred to as ELITE because being an English learner, knowing two languages and working toward becoming bilingual and biliterate, is considered an asset rather than a handicap.</p> <p>Integrated ELD:</p> <ul style="list-style-type: none"> • Includes intentional supports and scaffolds that happen by design • Is planned in advance as part of the lesson to eliminate barriers to learning • Often includes a preview or pre-teach to build 	<p>Most components of designated ELD are in place. Teachers are implementing designated ELD in their classrooms each day. The temporary/strategic grouping of students by EL level for designated ELD that required the deployment of students to classes other than their own for the 30-minute designated ELD block was suspended due to COVID social distancing requirements. The percentage of English Learners showing progress based on the CA Dashboard is: 2019:42.9% & 2022: 56.5%</p> <p>During Staff meeting in January of 2023, Teachers were given PD on Instructional Strategies that they could implement to help support EL students.</p>	<p>School closures and distance learning in 2019-2020 through 2021-2022, along with high rates of absenteeism due to quarantine or symptomatic COVID have resulted in declines in student achievement. This has impacted English learners to a higher degree than All students and other subgroups.</p> <p>ELA CAASPP: Overall-2019:41.94% 2021: 33.33% & 2022: 46.51% ELs – 2019: 24.47%, 2021: 18.82% & 2022: 37.4%</p> <p>MATH CAASPP: Overall-2019: 31.93%, 2021:17.92%, & 2022: 30.81% ELs – 2019:20.79%, 2021: 8.24%, & 2022: 22.14%</p>	<p>The school will continue to implement integrated ELD in the coming year.</p> <p>The Director of Curriculum (ELs) at the district level along with the school site learning director will continue to monitor the implementation of integrated ELD and the progress of EL students.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>background knowledge for the topic</p> <ul style="list-style-type: none"> • May include small group • Provides connections to what students already know • Often includes hands on activity and discussion (with language supports as needed) • May include the use of charts and graphic organizers <p>Provide all EL students with ELD instruction and EL support using the State adopted materials. This is the district's core program of integrated ELD.</p> <p>ELD instruction and EL support in academic content areas will be provided to all EL students using the state adopted core and ancillary materials ensuring that English learners are receiving language instruction that supports access to the state-adopted content standards in ELA and mathematics.</p> <p>A Director of Curriculum (English Learners), working at the district level and funded with LCFF, provides leadership and monitoring of the district's integrated and designated ELD programs. The Director of curriculum works with school site principals and learning directors ensuring that implementation of ELD is in place and that teaching staff receive professional development in ELD instruction. The Director of Curriculum develops, implements, supervises, and monitors all activities funded with Title III.</p> <p>A learning director at each school site, funded with LCFF, provides leadership and monitoring of ELD instruction at</p>			

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>the school site level. Learning directors ensure that both integrated and designated ELD are in place and are effective. Learning directors provide leadership and support to teaching staff in identifying EL students requiring interventions. Learning directors monitor the implementation of interventions at their sites. Learning directors, working with the Director of Curriculum, assess the ELD professional development needs of their individual school sites, and, working together, implement PD that is targeted to individual school sites' needs.</p>			
<p>Designated ELD (Core Program)</p> <p>EL students are provided with consistent, effective, research-based designated English language development instruction that is carefully planned and explicitly taught; that includes opportunities to develop fluency through authentic oral and written practice; that includes activities with language beyond students' current level of proficiency; and that is specifically targeted to students' English proficiency levels. Students will receive ELD instruction at their English language development level during the ELD instructional block. Each school will implement a 30-minute block of time each day for English language development instruction. The district leadership team will monitor and provide technical assistance and professional development for the implementation of ELD at school sites. Students' ELD level will be appropriately and promptly identified. District level leadership team will provide school sites with professional development/technical assistance in developing deployment schedules so</p>	<p>Most components of designated ELD are in place. Teachers are implementing designated ELD in their classrooms each day. The temporary/strategic grouping of students by EL level for designated ELD that required the deployment of students to classes other than their own for the 30-minute designated ELD block was suspended due to COVID social distancing requirements. The percentage of students scoring proficient on the summative ELPAC increased between 2018-2019 (9.38%) and 2021-2022 (34.5%).</p> <p>During the 2022-2023 school year, there were 46 students reclassified. The board approved a new guidelines to reclassify students. All EL students need to score a 4 on the ELPAC. Grades 1-3 also need to score 80% Word Analysis and 90% comprehension on ELA Benchmarks. Students in grades 4-6 need to score CAASPP ELA Nearly & Above.</p>	<p>School closures and distance learning in 2019-2020 through 2021-2022, along with high rates of absenteeism due to quarantine or symptomatic COVID in 2022-2023 have resulted in declines in student achievement. This has impacted English learners to a higher degree than All students and other subgroups, especially in mathematics.</p> <p>EL Students scored at 34.5% (2021-2022) Proficient in ELA and 31.82% (2021-2022) proficient in mathematics. This represents a increase from pre-COVID 2018-2019 (24.33% proficient in ELA and 19.37% proficient in Math) test scores.</p>	<p>The school will continue to implement designated ELD in the coming school year. The Director of Curriculum (ELs) at the district level along with the school site learning director will continue to monitor the implementation of designated ELD and the progress of EL students.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>that all students are provided with ELD instruction at their ELD level. The district leadership team will continue to monitor the implementation of deployment for supplemental ELD instruction.</p> <p>Students will receive ELD instruction at their English language development level during the ELD instructional block. This is the districts core designated ELD program.</p> <p>Dedicated ELD Time Block: Each school will implement a 30 minute block of time each day for English language development instruction. The district leadership team will monitor and provide technical assistance and professional development for the implementation of ELD at school sites.</p> <p>Identify Students' ELD Level: Students' ELD level will be appropriately and promptly identified. All school sites will locally score the ELPAC annually.</p> <p>EL Deployment School Site: School site leadership teams will use the results of assessments including local scoring of the ELPAC, and district formative assessments to plan deployments to ensure that EIs are instructed at their ELD level.</p> <p>EL Deployment LEA: District level leadership team will provide school sites with professional development/technical assistance in developing deployment schedules so that all students are provided with ELD instruction at their ELD level.</p> <p>Monitor ELD Deployment: The district leadership team will continue to monitor the implementation</p>			

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
of deployment for supplemental ELD instruction.			
<p>Trimester Monitoring of ELs Once each trimester, all teachers will document the progress of each of their EL students. This documentation will be aligned to the 2012 ELD standards and will be based on ELPAC scores, results of district benchmark and formative assessments, student work samples, and teacher observations.</p> <p>Upload EL Documentation: Once each trimester teachers will upload documentation of each EL student's progress to a master database.</p> <p>School Site Progress Monitoring School site leadership will access the master database to monitor the progress of EL students.</p> <p>Identify Students At Risk of LTEL: The district will identify students at-risk of becoming LTEL and will monitor the progress of these students through their elementary and junior high school years.</p> <p>Data Analysis Data, including local scoring of ELPAC, information from the master ELD database, and district benchmark and formative assessments will be used to develop a timely analysis of students' progress and used to identify students at risk of becoming LTEL.</p> <p>Intervention for At Risk LTEL: Once identified, students at risk of becoming LTEL will be provided with both language and academic interventions based on their language and academic needs.</p> <p>Monitor Progress LTEL:</p>	<p>Trimester Monitoring of ELs Once each trimester, all teachers documented the progress of each of their EL students using the district's online system. School and district leadership teams continue to monitor the progress of EL students.</p>	<p>School closures and distance learning in 2019-2020 through 2021-2022, along with high rates of absenteeism due to quarantine or symptomatic COVID in 2022-2023 have resulted in declines in student achievement. This has impacted English learners to a higher degree than All students and other subgroups, especially in mathematics.</p>	<p>The monitoring of EL students will continue in the coming school year.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>The progress of students identified as being at risk of becoming LTEL will be monitored at both the school site and LEA level.</p>			
<p>Supplemental, After-Hours ELD Instruction English learners who are identified as making insufficient progress in learning English are provided with supplemental, after-hours ELD instruction. These students will be provided with after-hours intervention and enrichment with an English Language Development focus. Teachers will be recruited to from school sites to provide after-school ELD to EL students. (Teacher will provide instruction to EL students at their own school site.) The Director of Curriculum will monitor students' attendance and progress and will provide technical assistance to the school sites in implementing supplemental ELD. After-School ELD: Deliver supplemental, after-hours ELD instruction to students identified as making insufficient progress in learning English that is aligned to students' proficiency levels, the ELD standards, and is research/evidence-based. Recommendations found in: California Department of Education. (2010). Improving Education for English Learners: Research Based Approaches. Sacramento: California Department of Education.</p> <p>EL students will be provided with after-hours intervention and enrichment with an English Language Development focus.</p> <p>Recruit Teachers: Teachers will be recruited to from school sites to provide after-school ELD to EL students. (Teacher will</p>	<p>This action was not implemented in 2022-2023.</p>	<p>After-hours supplemental ELD instruction was suspended due to staffing shortages and student absenteeism due to quarantine or symptomatic COVID.</p>	<p>Supplemental after-hours ELD instruction will be considered for restarting dependent on staffing and the COVID pandemic.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>provide instruction to EL students at their own school site.)</p> <p>Monitor After School ELD: The Director of Curriculum will monitor students' attendance and progress and will provide technical assistance to the school sites in implementing supplemental ELD</p>			

(Note: Please do not include non-Title I funded activities in the evaluation).

School Plan for Student Achievement: Evidence-Based Title I Funded Program Evaluation

Guiding Questions:

The district or Title I school allocates Title I funds to support a computer technician:

- 1) How does this position impact student learning and academic achievement?
- 2) What data are you using to drive this discussion?
- 3) If this program has helped improve student learning, what can be done to make it even better?
- 4) If this expenditure has not had a positive impact on student achievement, what will be done to modify, change, or replace it?

Goal 2

The school will support teachers and staff with professional development, training, and collaboration time.

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>Teachers and administrators will participate in district professional development and site based systematic professional development. Teachers will receive professional development that is specific to the needs of the school site. This is determined by site leadership observations and input from teachers at the school site.</p> <p>Teachers are provided with collaboration time on student early release days. Teachers will understand and effectively implement the collaboration protocol used in a professional learning community. Teachers analyze student achievement data from district and site based assessments and use this information to plan instruction and intervention, to identify students for intervention, and to group students for instruction and intervention. Data will be disaggregated to show overall performance as well as performances of significant subgroups (including ELs). Results may include grouping, planning, observing a colleague,</p>	<p>Professional development activities were back to full implementation at the school site after being restricted in 21-22 due to high rates of staff absenteeism, social distancing requirements, and the need to prioritize keeping schools open during the pandemic.</p> <p>Teachers continued the collaboration practice each Wednesday as grade-level teams, along with the administration.</p> <p>Teachers, along with our leadership team, continued to review and analyze data, and plan the next steps for whole-class and small-group instruction. Additionally, PD was provided by the learning director along with teachers, to research, review and determine supplemental resources needed to support students.</p>	<p>There is a need to assess/reassess staff professional development needs after several years of pandemic-related disruption. There is a need to continue providing staff with professional development in the school's social-emotional learning programs.</p>	<p>The school will assess/reassess staff professional development in the coming year based on the needs of staff and students.</p> <p>The school will continue to maintain a focus on developing strong readers through ongoing professional development in small group instruction and depth of knowledge questioning.</p> <p>The school will provide staff with professional development in the use of Social Emotional Learning data platforms and in the analysis of data.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>and/or coaching support based on identified needs. As needed (based on data) coaching will include focus on EL strategies.</p>			
<p>A professional development team consisting of a curriculum specialist in English language arts, and five instructional coaches provide high quality, research-based professional development to teachers and administrators. Instructional coaches specialize in reading, writing, mathematics/science, the integration of technology into the instructional program, and the development digital literacy skills to improve academic achievement Decisions are made regarding the types of professional development that will be delivered based on analysis of data including student achievement data, site leadership, and teacher input. These include, but are not limited to whole-group professional development, in-class coaching, coaching during weekly collaboration, lesson development and planning, backward-mapping, and analysis of formative and summative student achievement data. The professional development team provides training and professional development specifically designed to improve the academic achievement of English Learners.</p>	<p>The instructional coaches provided professional development services to schools/teachers. Instructional coaches came in and provided support to our 6th grade team in small group reading instruction as well as whole class reading instruction.</p>	<p>There is a need to assess/reassess staff professional development coaching utilizing our team of instructional coaches after several years of pandemic-related disruption. There is a need to continue providing staff with coaching around the core subject areas.</p>	<p>The school will assess/reassess staff professional development coaching in the coming year based on the needs of staff and students. The team of instructional coaches will continue to provide professional development to teaching staff in the coming year.</p>
<p>The district will operate a CTC accredited new teacher induction program with two full-time, full-release induction coaches. New teachers will receive induction support for two years and will clear their credentials through the induction program. Beginning with the 2018-2019 school year, the district will implement a Clear Administrative</p>	<p>The Induction program served new teachers during the school year. New teachers in the induction program received coaching and professional development leading to the clearing of their credentials.</p>	<p>The addition of universal transitional kindergarten has the potential to add to the number of new teachers in the district. This may increase the caseloads of induction coaches.</p>	<p>The district will continue to operate a CTC-accredited new teacher induction program with two full-time, full-release induction coaches. New teachers will receive induction support for two years and will clear their credentials through the induction program. The district will continue to support new administrators with a Clear Administrative</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
Services Credential Induction Program (CASC) for new administrators.			Services Credential Induction Program (CASC) in the coming year.

(Note: Please do not include non-Title I funded activities in the evaluation).

School Plan for Student Achievement: Evidence-Based Title I Funded Program Evaluation

Guiding Questions:

The district or Title I school allocates Title I funds to support a computer technician:

- 1) How does this position impact student learning and academic achievement?
- 2) What data are you using to drive this discussion?
- 3) If this program has helped improve student learning, what can be done to make it even better?
- 4) If this expenditure has not had a positive impact on student achievement, what will be done to modify, change, or replace it?

Goal 3

Students will learn in a safe, well maintained school where they are supported, engaged, and connected to their school.

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>Provide all students with activities to promote good attendance, strong character, school pride and good behavior that promote a school environment where students feel safe emotionally and physically.</p> <p>Students will be provided opportunities to earn incentives, rewards, and activities to promote good attendance and behavior in support of improved student achievement. Students will participate in activities, during and/or after school, that are designed to enrich their experience at school, motivate them to come to school every day, add value to their lives, and promote character development. Activities to support good attendance, strong character may include: Character Expectations Presentations Good Attendance Incentives/rewards and activities Behavior incentives/rewards and activities Social Emotional Learning (SEL Curriculum) Structured Activities Student Store Student of the Month</p>	<p>The school focused on rebuilding the school community and the instructional program as both of these were significantly affected over the past few years by the pandemic. Providing all students with activities to promote good attendance, strong character, school pride, and good behavior was an important part of rebuilding the school community. The school implemented the activities listed in the action. Absenteeism rates were dramatically affected by the COVID pandemic and are not an accurate reflection of the effectiveness of the school's programs.</p> <p>Suspension numbers have remained relatively low.</p> <p>Teachers provide clear classroom expectations, teach those expectations, and have a classroom reward system. Teachers monitor daily attendance with a daily perfect attendance chart. Create classroom environments that encourage students to be at school daily.</p> <p>Student Specialist and Support staff monitor student attendance and discipline to provide students with targeted supports. Behavior</p>	<p>The COVID pandemic continued to have significant impact on the school's instructional program and operations throughout the fall and winter. Impacts of the pandemic: High Staff Absences, High Student Absences, Contact Tracing COVID-related protocols, and COVID Restrictions. Despite these challenges, the action was well implemented during the school year. There is a need to continue supporting students with activities to promote good attendance, strong character, school pride, and good behavior.</p> <p>There is a continued need to address student discipline, behavior, and social-emotional needs.</p> <p>Students transitioning back to being in school all day, those who have never experienced school, and those with social-emotional needs due to the pandemic, need the opportunity to attend school regularly and become acclimated to the expectations of a safe school environment.</p>	<p>The school will continue to support students with activities to promote good attendance, strong character, school pride, and good behavior. The school will continue to support/build these activities by: *Building family involvement *Continuing to develop and strengthen the home-to-school connection. The school will continue with the relatively new Social Emotional Learning Programs and SEL data analysis platforms during the school year.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>Trimester Reward Activities End of the Year Behavior Reward Activities Student/Parent Conferences Parent Outreach Home Visits</p> <p>Students will have the opportunity to participate in structured physical education, enrichment activities that support the California content standards. The enrichment program will include opportunity for physical activity beyond our normal daily instructional minutes.</p> <p>Bilingual Clerk Typist/Student Specialist monitors attendance data and makes parent contacts to promote good attendance and assist with communication and intervention for students with attendance difficulty</p> <p>Student Specialist and Site leadership will monitor Classrooms for attendance. Monthly reports of attendance Monthly reports of students on Behavior Intervention Plans Behavior Reports</p>	<p>data is used to provide students with targeted intervention.</p> <p>Progress is monitored and the school site team will collaborate to analyze disciplinary data and plan activities that address student needs to promote positive behaviors. Monthly activities have been put in place to support students with SEL.</p> <p>School student store has been successful in encouraging students to make good choices, follow school rules, and work hard in order to earn Crusader Tokens. These tokens are then spent in the Crusader store and students are able to but items and other incentives.</p>		
<p>Identify students with attendance or behavior challenges and provide them with additional support. If the student is not responsive to the intervention in the primary tier (Tier1), more intensive behavioral intervention is provided in Tier 2, or a highly individualized plan is developed for the student who needs more intensive supports in Tier 3. The School Site teams will collaborate to analyze and monitor at-risk students (Tier 2 and Tier 3) and provide supplemental supports in reference to behavior or attendance. Activities to support identified students can include: Check-In Check-Out System</p>	<p>The action was well implemented with identified students receiving the supports discussed in the previous column. The action was well implemented with identified parents/families receiving the supports discussed in the previous column. Support Team and staff met regularly to address needs and provide support. Absenteeism rates were dramatically affected by the COVID pandemic and are not an accurate reflection of the effectiveness of the school's programs.</p> <p>For students who are Chronically Absent, a 4 week plan was implemented starting with grades TK-2, the following 4 weeks will focus on grades 3-6. Each grade level was assigned to a support staff member. Each</p>	<p>There continues to be students needing Tier 2 and 3 supports. Attendance still continues to be a concern there is a need to continue to reach parents and get students to school. COVID and Covid symptoms still continue to be a factor as to why so many students are missing school.</p>	<p>The school will continue to support Tier 2 and 3 students.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>Implementation of recess and lunch-time structured activities Informal Behavior Contracts. Formal Behavior Intervention Plans Parent Outreach/Community Resource Support Programs Home Visits Behavior Social Groups (Small group teaching opportunities) Counseling Opportunities aligned with identified student behavior needs. PEI referrals for outside counseling services. Student Specialist, Support Staff and teachers will monitor student formal and informal behavior contracts and reward students for appropriate behaviors. Leadership team to meet and monitor/revise positive school culture structures on campus.</p> <p>Increase student attendance and promote good citizenship by monitoring and rewarding good attendance, good behavior, and successful completion of behavior intervention contracts.</p>	<p>staff member was tasked to check in with these students daily. Each grade level team continued to build connections and relationships with these students to encourage they show up each day. Each week the class in each grade level with the best attendance will earn an incentive on the following Wednesday (our lowest attended day).</p> <p>Each class has the opportunity to work together to work towards perfect attendance awards. When students meet specific days they are rewarded with various incentives.</p>		
<p>Implement a social/emotional course of study that supports students and staff in order to acquire and apply the knowledge, attitudes, and skills to manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships with peers and adults, and make responsible decisions. Improved social/emotional skills and decision making will lead to an increase in academic achievement. The social-emotional learning (SEL) system will be designed to help leadership, staff and students strengthen their social-emotional skills and create a positive and supportive school climate. This will also include increasing the neighborhood to school</p>	<p>The action was well implemented throughout the school. Students are responding well and based on survey results, our SEL has helped students cope with the issue they are dealing with. The School Counselor uses the survey results to focus small group sessions as well as supporting students one-on-one. Survey results also help the admin team to plan and implement activities to meet the needs of student. The team has gone into each classroom for presentations, read alouds, and presented on various topics. For example, Anti-bullying lessons, lessons on empathy and kindness.</p>	<p>There is a need to continue providing school staff with professional development in the use of SEL data platforms and in the analysis of data. For our 6th grade students there is a need to find SEL materials that are engaging for them and focused to meet their needs.</p>	<p>The school will continue with the relatively new SEL curriculum and data analysis platforms in the coming school year. The school will provide school staff with professional development in the use of SEL data platforms and in the analysis of data.</p>

connection to build school pride and encourage a positive school community.			

(Note: Please do not include non-Title I funded activities in the evaluation).

School Plan for Student Achievement: Evidence-Based Title I Funded Program Evaluation

Guiding Questions:

The district or Title I school allocates Title I funds to support a computer technician:

- 1) How does this position impact student learning and academic achievement?
- 2) What data are you using to drive this discussion?
- 3) If this program has helped improve student learning, what can be done to make it even better?
- 4) If this expenditure has not had a positive impact on student achievement, what will be done to modify, change, or replace it?

Goal 4

Communication between schools and home will be regular and meaningful.

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>Provide a variety of parent education and outreach activities. Provide parent education opportunities and materials focused on improving literacy skills, math skills, computer literacy, student discipline, attendance, and planning for higher education. Once each trimester, grade level teams will design activities, trainings, and workshops to offer parents in order to increase student achievement.</p>	<p>Despite COVID pandemic regulations and restrictions, the school was able to bring back and offer outreach activities. Parent Square, an online outreach platform, is a crucial part of parent communication and allowed staff to stay in constant communication with families. Each trimester, the school has focused on a parent involvement activity. During the first trimester, each grade level team came up with a math activity that students could do with their parents. Materials, supplies, and instructions were sent home. In trimester two, each grade level team focused on a literacy activity. Materials, supplies, and instructions were sent home and parents were encouraged to participate with their students. The school brought back some of the Pre-Covid parent outreach activities connecting school to home. The School Counselor has provided numerous Parent in person workshop which are all built around out SEL program. (Problem Solving, Kindness and Empathy, etc) The school continued with the use of parent newsletters to communicate with families about school activities and ways parents can become involved. Many parents access the parent newsletter.</p>	<p>There will be a need to continue working to rebuild the school community and the instructional program. There will be a continuing need to provide parents and families with support, training, and a sense of community with their school by offering a greater variety of on/off campus participation events.</p>	<p>The school will continue to develop, deliver, and work to expand parent education and training opportunities for families and students. The school will continue to develop and offer a more expansive set of on/off campus opportunities for parent/student involvement activities.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>Provide ongoing communication with parents about their students' progress. Parents will be informed of students' academic and social progress via bi-weekly progress reports or online grade book.</p> <p>Teachers will contact parents throughout the school year to schedule conferences as needed to address academic, behavioral, and social and English skills.</p>	<p>Parent feedback indicates strong approval of the activities to interact provided. Parents used online tools for communication and progress monitoring including ParentVue and Parent Square.</p> <p>The school's parent/teacher conference attendance rate was: 100%.</p> <p>Parent volunteers are also encouraged early on in the school year.</p>	<p>There will be a need to continue working to rebuild the school community and the instructional program.</p> <p>Many parents come into the office to sign up to be a parent volunteer the week before a study trip. We are working on providing better reminders for parents to sign up early on rather than last minute due to the longer wait time for board approval.</p>	<p>The school will continue to develop and educate parents/staff on the usage of ParentSquare as this communication tool is still relatively new. The school will include teacher/staff/parent input into parent involvement and outreach activities.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results

(Note: Please do not include non-Title I funded activities in the evaluation).

Sample Guiding Questions

Sample guiding questions to determine the use of Title I funds to address the academic needs of Title I students, particularly those at risk of not meeting state academic content standards:

1. Will this be a program based upon a thorough and comprehensive assessment of student needs?
2. Will this program provide direct services to students?
3. Is it reasonable and necessary to use Title I funds to address this issue (is it something that cannot be provided through unrestricted funds)?
4. Is this the best use of a limited categorical resource?
5. Is this allowable and allocable?
6. Is this an evidence-based intervention designed to improve academic achievement for at-risk students? How do you know?
7. How and to what extent does this directly impact student learning, increase academic achievement, and close the achievement gap?
8. How will the use of funds be monitored and evaluated for effectiveness?
9. Is it approved by SSC and described in the SPSA for site funds and approved by the district for district funds?
10. For personnel, are Time and Effort Records kept to document the hours worked showing direct services to students?

If the LEA and schools allocate Title I funds to fund this program, the burden of proof should include evidence that the resources contributed to academic achievement for all students, particularly Title I students who are at risk of not meeting academic standards. These guiding questions are based on the current CE Instrument.
