# Hello, Tennessee Educator!

Your time is important, so Amplify created the Amplify CKLA Teacher Planner to assist you in planning daily, weekly, and unit level instruction. The Teacher Planner brings together several resources, including yearly pacing guides, individual lessons and objectives, standards alignments and checklists, and much more. This planner was designed with you in mind—to ensure that your planning is easy and efficient.

Each page in the Lesson Planning Pages includes five days of Amplify CKLA instruction, listing brief lesson objectives, formative assessment objectives, and lesson standards\*. In each two-page spread, you will see two weeks' of lessons. There is space in each lesson for your own notes. Another feature on the lesson pages is a chart from the Year-Long Pacing Guide to help keep you on track during the school year. In specific lessons you will see icons (described below) to indicate where multimedia and/or reading resources can be used to enhance learning. These resources are located on the Amplify CKLA Teacher Resource site and can be downloaded or projected as appropriate.

## **Below is a list of the resources in the planner:**

- Year-long Pacing Guide
- Lesson Planning Pages

## **Additional Resources:**

- Spelling Word List
- Master Supply List
- Standards Alignments
- Standards Checklist
- Four-Year Calendar
- Contacts
- Notes

\* Some recurring standards may not be listed in each lesson. Please check the TN Standards Alignments in Additional Resources.

## Amplify CKLA Multimedia and Reading Resources

The icons listed below appear throughout the planner lessons to indicate when specific multimedia and/or reading resources can be used to enhance learning. These resources are on the Amplify CKLA Teacher Resource site and can be downloaded or projected as appropriate.

### Essential Questions and Writing Prompts

The Essential Questions and Prompts guides for Grades 3–5 contain essential and guiding questions for each unit. Each guide features questions, writing prompts, and activities that enable students to engage meaningfully with new information and ideas covered in each unit and express what they’ve learned with creative and collaborative projects. Use these throughout the unit to enrich students’ understanding of the content area.

### Vocabulary Lessons

Projectable Vocabulary Lessons contain additional vocabulary instruction that builds on program content. Each mini-lesson aligns to Amplify CKLA domain vocabulary words and skills and consists of projectable, direct instruction that may be implemented with minimal advance preparation.

## **How Amplify CKLA meets the Tennessee instructional shifts**

The Tennessee standards for English Language Arts support the three key ELA instructional shifts to prepare students to be college and career ready: 1) regular practice with complex text and its academic vocabulary; 2) reading and writing grounded in evidence from literary and informational text; and 3) building knowledge through content-rich literary and informational text.

Amplify CKLA's instructional design is completely aligned with the Tennessee instructional shifts because both Amplify CKLA and the shifts are based on the same research and concept base.

### **1 Regular practice with complex texts and its academic vocabulary**

Exposure to complex texts is crucial in developing students' knowledge base and vocabulary skills. In Amplify CKLA K–2, students engage with complex text daily during the interactive Read-Aloud in the Knowledge Strand. In the Amplify K–2 Skills Strand, students read increasingly complex texts that keep appropriate pace with their decoding development. By Grade 3, students are increasingly reading grade-level complex text independently. They also continue to be exposed to above-grade Read-Alouds. In Grades 4 and 5, students are exclusively reading grade-level complex text that increases in challenge from the beginning to the end of the grade. Vocabulary instruction in Amplify CKLA focuses on building academic vocabulary using both explicit and implicit approaches.

### **2 Reading and writing grounded in evidence from literary and informational text**

The overwhelming majority of questions, tasks, and assignments in Amplify CKLA materials are text-dependent. Students are asked daily in reading instruction, both in discussion and through short and longer-answer written responses, to answer questions requiring evidence from a text. Student writing frequently incorporates textual evidence that must be gathered, recorded, and/or categorized prior to planning and drafting. Students also write in response to text in assignments that ask them to support their claim or opinion with evidence from the text.

### **3 Building knowledge through content-rich literary and informational text.**

The organizing framework of Amplify CKLA's units is a focus on domains or topics of study. This creates a context in which knowledge, vocabulary, and comprehension development are built hand-in-hand. Students gain deeper understanding about a wide array of topics through a balance of literary and informational texts addressing literature, culture, science, and American and world history.
