# Upper Dress Code

YEAR 10 - YEAR 13

To reflect the greater independence we are giving Upper students, there is not a school uniform. In place of this there is a dress code agreed with students around the expectation that student dress should be smart and appropriate for a place of study. This is based around the following suggestions:

- Navy or khaki trousers or mid-length skirt with a collared shirt (and tie). Jacket is optional.
- For PE students should wear their house color polo shirt with navy shorts or sweatpants.
- For PE Upper Students may purchase their house color polo shirt or wear their own shirt in their house color (no logo required).
