## Spring Break Shutdown

### SMALL CHANGES BIG DIFFERENCE

If we all pitch in, it's easy to make a **BIG** difference. Join us to reduce electricity consumption by 360,000+ kilowatt-hours!

Equivalent to:

\$36,000 savings

281 tons of carbon dioxide reduction

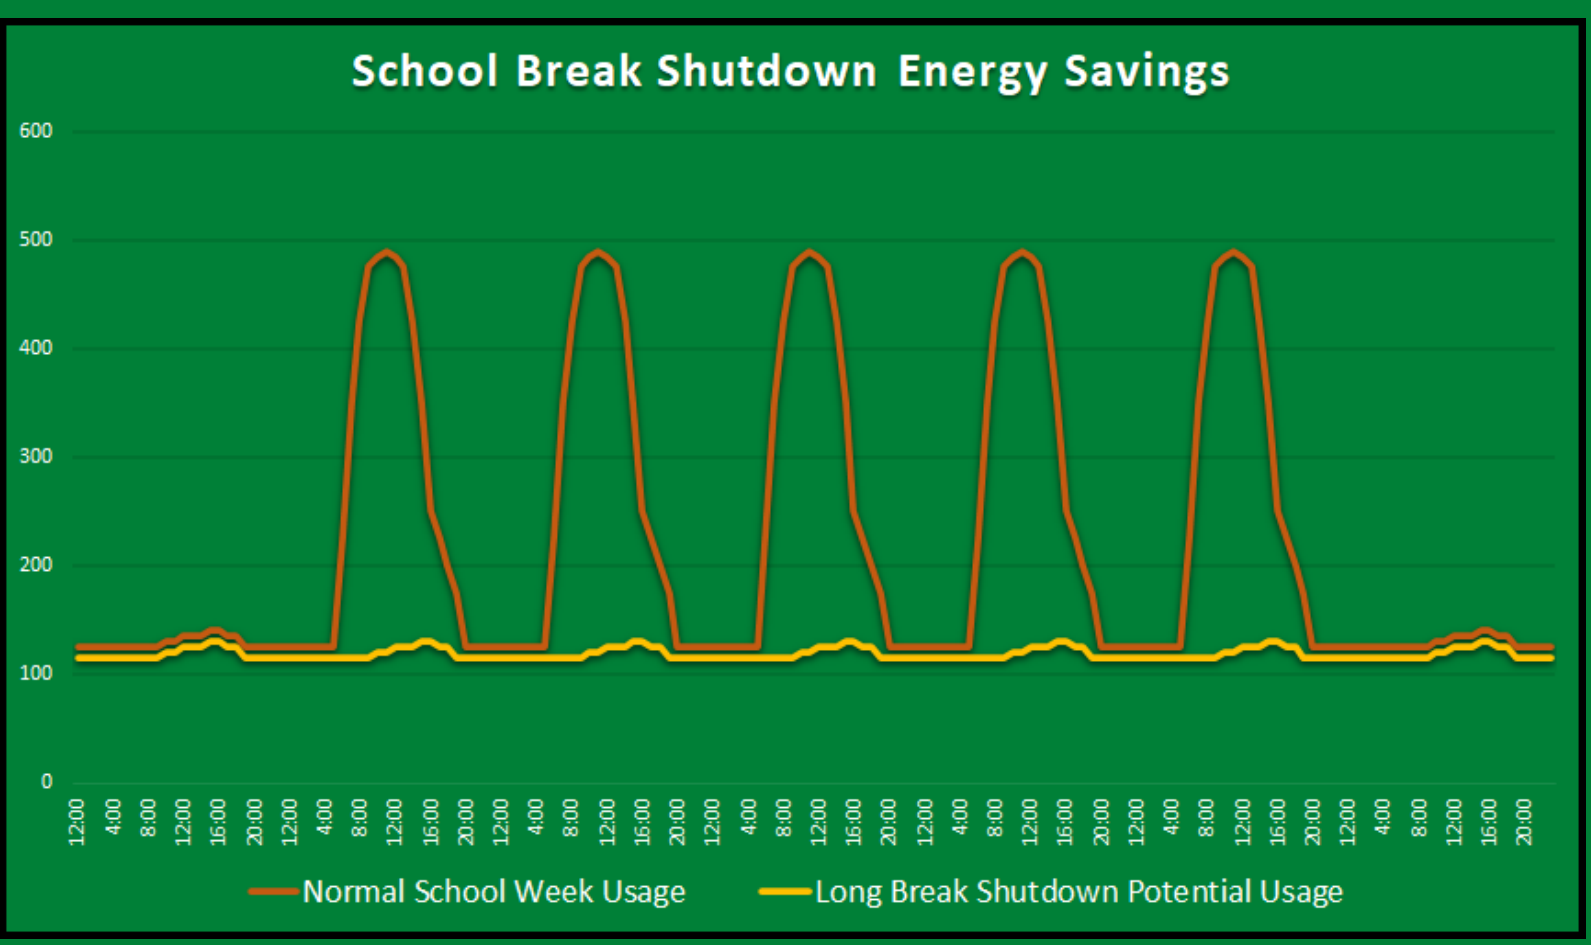

55 cars off the road

4,219 tree seedling growth for 10 years

### What a difference!

### Before you leave:

- Turn off interior lights in your area.
- Turn off/unplug personal appliances (microwaves, lamps, space heaters, fans, etc.)
- Shut down computers/projectors.
- Close blinds/window shades.
- Remove warm appliances directly underneath of or within 2 feet of your thermostat.
- Portables: set the heating to a max of 64 degrees.
