

THE WILDCAT WEEKLY

A Note from Dr. G – The Class of 2023 Graduation Edition

After an unprecedented high school experience, the Class of 2023 stood together on our new turf field this afternoon for their graduation! What better way to celebrate the end of a school year than with these fine students, my colleagues, The Board of Education, families, and friends to celebrate a truly momentous occasion. Each speech today mentioned the bright future ahead for this resilient, hard-working, flexible class. As our seniors bid farewell to their high school years, it is my hope that their time at Westlake has provided them with inspiration to ignite the flames of determination, resilience, and purpose. I encouraged them to step into the world with confidence, knowing that they have the power to make a difference...Right Now!

Please join me in congratulating the Westlake High School Class of 2023!

Enjoy these pictures of today's graduation and visit our websites & social media for more!
