

CHCA Babysitters

- We regularly receive calls from the CHCA community looking for child care. There is a sense of safety and security in contacting a Christian high school.
- Occasionally *non*-CHCA family's request babysitters. This may include friends of CHCA families, churches, non-profits and local residents. Please indicate whether you would like to have your information passed directly to non-CHCA families. We cannot guarantee that CHCA families will not pass your name on to non-CHCA families, especially if you are a stellar babysitter!
- The following statement will be included when we send your contact information to families requesting babysitters:
 - *"The names below are a list of CHCA High School students who are interested in babysitting. The list is provided merely as a courtesy to our families; CHCA does not endorse or recommend any babysitter and is not involved with or responsible for any babysitting arrangements or events that occur between the student and/or the family. Both the student babysitter and the parent looking for child care should conduct their own background checks and interviews as they deem appropriate."*
- Completion of this permission slip allows the student below to remain on the babysitters list **through the end of their high school career, unless otherwise noted by parent or student on this form.**
- RETURN this completed form to the Upper School 9-12 SOS Room or email to malia.mumma@chca-oh.org
