PROFESSIONAL DEVELOPMENT PROGRAM

EDUCATIONAL CONSULTANTS VIRTUAL SHOWCASE

WEDNESDAY, MARCH 8, 2023

Please join Eastern Suffolk BOCES as we host an Educational Consultants Virtual Showcase. We believe this is a perfect opportunity for your district to get a preview of what these educational consultants can do to help students succeed. Some of these consultants are ‘new’ to Eastern Suffolk BOCES and this showcase will give you an opportunity to better understand the different expertise available and how they can be utilized to help with your district’s professional learning goals. This showcase is open to both building and district-level administrators, teachers, and other support staff interested in learning more.

- You may attend one or multiple sessions.
- Each consultant has a wide range of expertise (each session is only a small sample of what they can offer).
- Consultants can also customize professional development based on the district’s needs and goals.
- Feel free to contact the consultant after the session to arrange a free discovery call.

ADVANCE REGISTRATION IS REQUESTED

EDUCATIONAL CONSULTANTS VIRTUAL SHOWCASE

WEDNESDAY, MARCH 8, 2023

SESSION DETAILS

SESSION	TITLE & DESCRIPTION
1A	<p><u>Leadership Matters!</u> How do you motivate educators to change even when they don't have to or want to? Experience a hands-on workshop to take away some different strategies to effectuate change.</p>
1B	<p><u>It's Not What You Think!</u> New insights and practical strategies for students with ADHD and effective supports and interventions that teachers can "do tomorrow."</p>
1C	<p><u>Math Station-Based Teaching and Learning;</u> <u>Reshaping the Math Classroom through Data-Driven Instruction and Active Lesson Plans;</u> <u>Creating Differentiated and Equitable Learning Environments in the Math Classroom</u> Engaging students in the math classroom is the essence of effective learning and retention. RJ's workshops provide teachers with differentiated and equitable pedagogical practices to formulate a deep understanding of in-depth planning to create and facilitate engaging mathematical concepts and tasks.</p>
1D	<p><u>"The Focused Mind" Workshop</u> Mark presents his clear, practical techniques to allow you to recognize your untapped potential, and decrease stress and overwhelm to live a more focused life. Learn the 5 Pillars of FOCUS to recognize and break your negative thinking, enhance your mindset, get clarity on what you want and focus on solutions for life and the classroom.</p>
2A	<p><u>Connect Before You Correct</u> Creating trauma-sensitive, strengths-based classrooms that benefit the mental health of all students.</p>
2B	<p><u>Inquiring Minds</u> Learn how to rephrase the performance objectives of academic standards and learning targets into good questions that will "hook" students' curiosity and interest to learn, assess and build foundational knowledge, set the instructional focus, and personalize learning for students.</p>
2C	<p><u>Integrating SEL into Lessons and Routines</u> SEL is not another curriculum! Learn to create a safe and brave class culture that reinforces the SEL skills that maximize learning in every lesson</p>
2D	<p><u>Thought Partnerships</u> Administrators more than ever rarely have to make decisions about important but not urgent futures-based leadership needs. Participate in partnership networks to support your mutual efforts to be successful leaders.</p>
3A	<p><u>The Science of Happiness: Increasing Positivity to Improve Outcomes</u> Kim shares how we can reprogram our brains to become more positive and step into our power. When our happiness and wellbeing is at the forefront, employees are ten times more engaged, 31% more productive, and three times more creative.</p>
3B	<p><u>Deconstructing Depth of Knowledge</u> Learn what exactly Depth of Knowledge is and how to use the DOK levels to plan and provide teaching and learning experiences that are standards-based, socially and emotionally supportive, and student responsive.</p>
3C	<p><u>Putting the "Special" Back in Special Education in Co-Taught Classrooms</u> Explore ways to ensure that specially designed instruction (SDI) is provided for students with disabilities, while still engaging in co-teaching best practices.</p>
3D	<p><u>Cultivating Student Identity Through Dialogue and Writing</u> A classroom that embraces diversity, equity, and inclusion is one that fosters deep learning through multiple perspectives. Explore how an accessible writing program grounded in dialogue and collaboration grants all students opportunities to find their voices and writing identities.</p>
