

# Middle School Lockers

Board Presentation

December 9, 2022

# Is your child likely to use a locker if one is assigned to him/her this year?

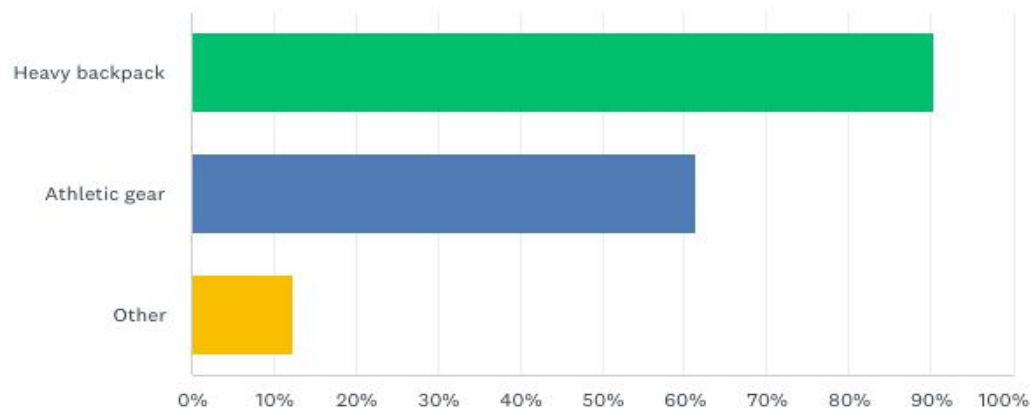

Answered: 121 Skipped: 0

ANSWER CHOICES	RESPONSES
Yes	91.74% 111
No	8.26% 10
<b>TOTAL</b>	<b>121</b>

## What is the reason your child would utilize a locker?

Answered: 114 Skipped: 7

ANSWER CHOICES	RESPONSES
▼ Heavy backpack	90.35% 103
▼ Athletic gear	61.40% 70
▼ Other	12.28% 14
<b>Total Respondents: 114</b>	

## Comments:

- I think these would be beneficial to store their books inside as their backpacks have become extremely heavy and not a healthy weight load. Thank you for considering. - 10
- Sports gear - 7
- Music Instruments - 3
- Issue with student riding his bike to school - backpack is too heavy and makes it dangerous to ride. - 2
- Locker checks would also be encouraged to make sure they are used properly and kept clean. - 2
- Makes the middle school kids feel special, mature, and distinct from elementary school kids.
- You would limit cell phone use in school by requiring students to leave them in their lockers during the school day.
- We don't live close by so if my child forgets something it's difficult to get it to him/her.
- Please get this done asap. Don't wait until next year. - 4
- He has already lost athletic gear, cleats, and water bottles. He also suffers a sore back frequently from carrying too many things.
- Is that why the other lockers were taken away? I really don't see why would students NOT utilize them? The only drawback I saw to lockers were drug use or drug hiding. If that is not a legitimate concern then we should have lockers, for the kids in the morning music program too. I think 5th grade backpacks are pretty heavy too.

# Next Steps

## Cost:

Quote from vendor not to exceed \$60,000.

## Location:

To be determined

## Timeline:

Three - four weeks to acquire and install

Work would be done in-house, students can be present while the work is being done
