Burning on property not zoned or classified as residential is prohibited.

3. During the burn, all reasonable measures to assure complete combustion and reduce excessive smoke are to be taken.
4. At no time during the burn should the fire be left unattended.
5. At the completion of the burn period, all embers and coals must be extinguished and wetted, so as to prevent smoldering and fugitive ash emissions.
6. All reasonable safety precautions are to be taken, including the clearing of grass and trees in the burn area, wetting down of the surrounding area, and the placement of fire extinguishers and hose lines.
7. This permit must be immediately available on site during the burn.
8. Burning may only be conducted between the hours of 10:00 A.M. and 5:00 P.M. on a sunny or partly sunny day with the wind speed between five and fifteen miles per hour.
