

K-8 STRATEGIC SOLUTION AND UNIFIED PRIMARY SCHOOL

www.ScarboroughSchoolSolution.org

WHAT IS THE PROJECT?

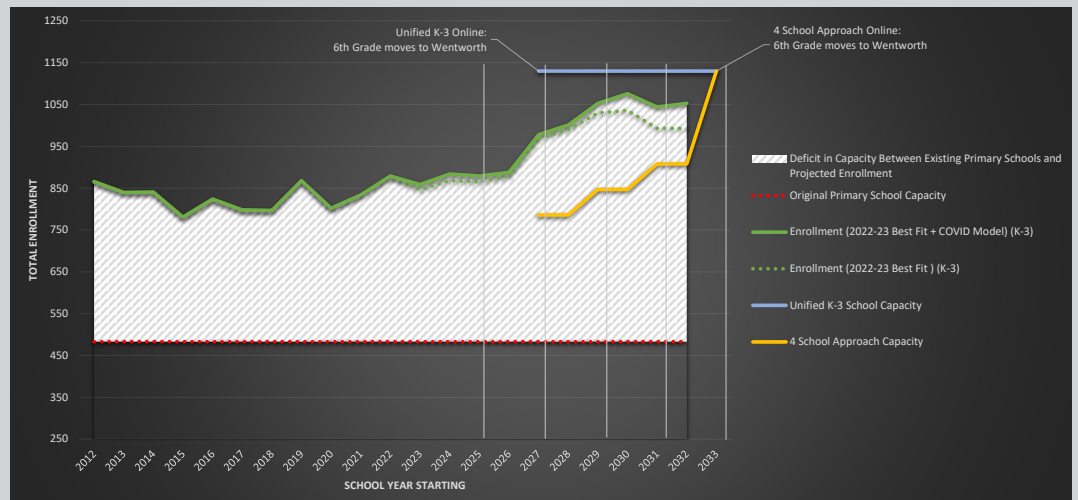

WHY IS IT NEEDED?

We have already exceeded the capacity of our existing schools. Our infrastructure does not support our students' basic educational needs. The K-8 Strategic Solution is a fiscally responsible and sustainable solution for Scarborough.

URGENCY

Scarborough birth rates rose more than 25% in 2021, compared to the average over the last 10 years.

Existing sites cannot fit any more portables. We will have nowhere to house the 64 additional students entering Kindergarten in 2027.

The graph above demonstrates the deficit between the capacity of the existing K-2 schools (red dashed line) and the projected enrollment (green line). The blue line shows the capacity of the Unified K-3 school when it comes online and why the capacity of the unified school needs to be brought online in 2027. The yellow line shows the capacity if we followed a 4-school approach, which would take longer to construct and would cost an additional \$230M more to construct and operate over 30 years.

WHAT IS INCLUDED?

	UNIFIED PRIMARY SCHOOL	MIDDLE SCHOOL
ELIMINATES ALL PORTABLES	✓	✓
PROVIDES CLASSROOMS FOR ALL PROGRAMS	✓	✓
ALLEVIATES OVERCROWDING	✓	✓
