THANKSGIVING DAY

In the United States and Canada Thanksgiving Day is the legal holiday celebrated on the last Thursday in November.

The first Thanksgiving was celebrated as a harvest festival and a time for feasting and prayers for the many blessings people receive. The American Thanksgiving probably grew out of the harvest-home celebrations of England. Today it is a time for serious thinking, church services, and personal prayer. --C. Hunsberger

REPUTATION

A reputation as defined in the dictionary, is "the opinion of one's character held by other." This is important. It is important in the establishing and retaining of friendships. It is important in finding and keeping of a job. It is an important factor in your personality and your conduct.

Your reputation, whether high or low, depends upon you, yourself, as an individual. But there is another kind of reputation—and that is group reputation. This, too, is important because, in this case, the majority rules, so to speak, and reflects upon the class, team, and school. If your class has a bad name and you know that you did not contribute to this, you must still take the consequences. Therefore, if cooperation exists, then peacefulness will also exist.

Headlines of a newspaper can be very wonderful for us, especially those of the sports page this year; but front-page headlines such as those displayed for Pottsgrove recently are an entirely different thing. If you will always think about others first, chances are you will earn a reputation which will be of great value to you later on in life. --C. Hunsberger

ARMISTICE DAY

Armistice Day marks the end of the actual fighting in World War 1 on November 11, 1918. On this day, German representatives signed a truce between the Allies and Germany. The signing took place in railroad dining car in the Forest of Compiegne, France.

The celebration in the United States is centered at the tomb of the Unknown Soldier in Arlington National Cemetery. In many places throughout the world, period of silence is observed at 11 o'clock in the morning, the hour at which the fighting stopped. The Congress of the United States made Armistice Day a legal holiday for the District of Columbia in 1938. Now all the states of the Union have made it a holdiay.

Today this holiday is usually known as Veterans

Day.

FALCONS UPSET COLLEGEVILLE_TRAPPE

The Pottsgrove eleven dropped visiting College ville-Trappe from the ranks of the undefeated by sturning them with 18-6 score. The huge victory was the fifth of the year for our Falcons against two setbacks.

The fired-up Falcons earned the upset division all the way with a combination of vicious defensive play, crisp, solid blocking, and an excellent display of broken-field running. There were heroes galore for the Pottsgrove team, but no one in particular can be pointed out as being cutstanding since all had a hand in the triumph.

The club played as a team and as a result of

"the great team effort" the Falcons won.

Pottsgrove seized an opportunity and tallied their first touchdown in but four runnings so after which Bart Magliocchetti cut loose around and for an 18-yard gallop to the Colonel end zone. The extra-point was missed and the score at half time was 6-0.

In third period, the Falcons tallied again by covering 75 yards in but two plays. This time Bob scored on a 38-yard cut back effort after starting around his right end. Collegeville scored in the dying minutes of the third period and once again in the fourth stanze Magliocchetti powered his way around end for a 19-yard touchdown.
