## Message From Laura

What an amazing community of learning you have at Bear Creek Campus! Three different programs with creative ways to meet the needs of the students. Thank you for welcoming me into your school and working in partnership to finish the school year strong. I have learned so much about the ALE model of learning and my appreciation for how the uniqueness of each program can meet the students right where they are! There are so many fun memories that I will take with me.

The BCC community is very fortunate to be welcoming Brian Matthias as your new Principal. He brings a wealth of experience and enthusiasm for his work. I know he is eager to learn all that makes Bear Creek such a special place of learning.

Sincerely,  
Laura Hobart  
Interim Principal  
Bear Creek Campus

## Bear Creek is a Construction Site

The Bear Creek Campus will be closed to public access from June 26 to September 5 due to HVAC updates. If you have any questions, email us at [bearcreek@nsd.org](mailto:bearcreek@nsd.org). Response time will be slower than normal due to limited staff availability.

## Questions for Principal Matthias

We know you will have lots of questions for our new principal, Mr. Matthias. We ask that you hold your questions until we return to campus on September 6th.

## General Questions

Due to construction, the Front Office will be physically closed until September 5th. Staff will be working remotely beginning August 14th.

For records requests and Running Start Enrollment, contact [nbarker@nsd.org](mailto:nbarker@nsd.org). She will respond to requests beginning August 14.

2022–2023 Memories

Kirill Kuprishov (NN 10th grade) and Thor Iverson (NFP 8th grade) created this house in Art Lab, 2nd semester. It's made from foam and cereal boxes. They came in after BCC classes had concluded to paint it. They are hoping to take Art Lab again next year to add to it

## "Breaking out of the box" with Todd P.

Each week, 25 students were challenged to work in teams to solve riddles using background knowledge as well as text and visual clues. They met success when they 'broke out' of the box. Along the way, The students practiced valuable communication, collaboration and leadership skills. The kits are now part of the Bear Creek Campus Library and will be used in future classes.
