Newsletter 4 - 15/06/23

Week ending Thursday 15th June, 2023

Thank you parents and guardians for your continuous support in celebrating our school assemblies. Our school assemblies will continue to get bigger and better with more creativity.

Reminders...

School Association Committee meeting

Date: Thursday, 15th June, 2023

Venue: School Library

Time: 5:30 pm

Classes for term 3 will commence on Monday, the 10th of July, 2023.

From The Principal:

This is the last week of term 2 and we have finished the term on a high note. Although it was a short term, it has been a busy term for us with heaps of teaching and learning activities taking place. This included class assemblies, grade 2, 3 & 4 excursion, grade 4,5, & 6 class inquiry learning exhibition and class fundraising activities. One of the school's goals in our three year school development plan(2021-2023) is to align our teaching and learning to benchmarked standards. This will continue to enable the school to measure students' achievement against our benchmarked standards. Even though the student population might change over time, the benchmarks will guide the school in terms of monitoring learning for different cohorts of students that attend our school. This reflects well on the standard and quality of our teaching and learning activities at our school.

We have closed school officially today, Thursday, the 15th of June, and will reopen for classes on Monday, the 10th of July, 2023.

Our school office will still be open during the holidays.

The school would like to thank every family for your support in one way or the other to make this semester of learning a success for our students. This included supporting the school with food and drinks for our fun day yesterday. My special thank you to those who continue to read our newsletters. At least, our hard working mothers can have a break in the morning from preparing breakfast for our children. May God continue to guide and bless us as we continue to work together to achieve our goals for this year.

Safe holidays to everyone!

Classes restructure, enrolment and school fee.

As we continue to manage our students' increase in enrolment, we have restructured our classes to make it manageable for our teachers and students. The school board and management have proposed to IEA for an additional teacher and our request is in the process of review in line with the enrolment and school fee collection policies as we continue to manage our student numbers. Those parents who have outstanding instalment fees for this term have to pay the fees. We are sending home letters for students' exemption of classes in term three. Furthermore, those who haven't completed their bus fees for term 2 will not be transported in term 3 unless outstanding bus fees are settled as well as the fares for the new term.

Students' semester reports.

It has been a hectic term with a lot of learning activities, even in the last week with our class fun day. As we are going thru the printing of reports, those reports that are ready can be collected by parents subject to completion of school fees for term 2. We will issue reports at our school office starting today and will continue next week until all the reports are printed and given to parents before the end of next week. Once when the instalment fees for the term is complete, the students' reports will be released to parents.

Holiday work for students.

Some class teachers will give holiday work to their students where applicable. The holiday work maybe based on consolidating students' skills in some learning areas, or it can be for revision work.

Term dates for 2023

The term dates for 2023 is attached at the back of this newsletter for your information, especially for new parents.
