

ARTICLE IV. STUDENTS

Section 5. Student Behavior: Governing Principles.

In support of providing educational opportunity, the District strives to create a school environment that cultivates the development of knowledgeable, responsible and caring citizens. To create and maintain such an environment, respect for the rights of others, considerations of their privileges, and cooperative citizenship is expected of all members of the school community. When a student infringes upon others' education, it becomes the duty of the District to discipline this student and restore the conditions that promote learning for all students. In disciplining students and regulating their conduct, the District strives to assure that guidelines and consequences are appropriate and proportionate in nature, consistent with applicable law, constructive and limited to that reasonably necessary in the judgment of Administration to promote the District's educational objectives.
