# Edgenuity Quick Reference

## Login: Access Edgenuity

1. -Open chromebook
2. -login using your student email and password
3. -Click on google icon
   - 2 tabs will usually open
4. One of them is “launchpad”. The image below is my Launchpad page. Yours is similar.

5. -Using “launch pad”, find the edgenuity icon and click on it to open the program.

6. -If no launch pad, find the
   - “home” icon, top left of screen. Click on it.

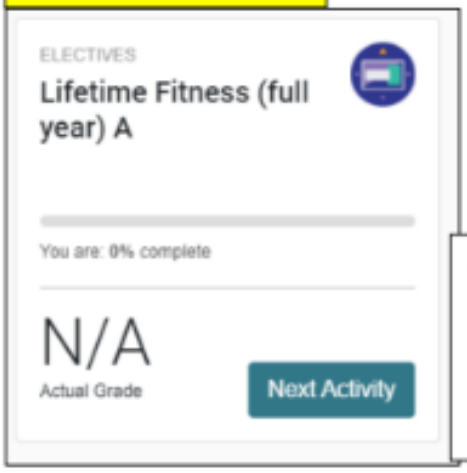

7. -Launchpad should open.
   - -click on the edgenuity icon
   - First time in, you must watch the introductory video before you can move on.

1. You have to download it to see it.
2. DO NOT PRINT
3. DON'T SAVE – you get a bunch of files that are old reports.
4. We CAN print out sometimes, but we don't want to do this all the time.

Section 1
00:00:00
TEACHER: Rawr! Have you ever wanted to go back in time and see what Earth was like millions of years ago? Well, in a way you can. You may not be able to step into a magic box and land in the middle of an ancient jungle, but you can go fossil hunting to look at long-extinct creatures.
00:00:20
just like this T-Rex here. Fossilized bones and imprints of ancient animals preserve the past and
You can copy and paste the glossary and transcript into eNotes.
This is plagiarism.
If you just copy them right in, and don't take any of your own notes, we will stop your progress until we discuss with you and/or your parent that you need to take your own notes.
