  - Pep Rally, Jones Family Stadium, 10:00 am
  - Alumni Gathering, 5:30 pm
  - Football Game, 7:00 pm
- 14 Upper School Homecoming Dance, 8:00 pm

## Project Updates

**\*JULY 3:** On July 3rd, the HVAC units on the Frank Center (the building just west of Jones Family Stadium) will be removed and replaced. There will be significant activity and large scale equipment necessary to get this job completed, including a helicopter that will remove the old units and place the new units. Currently, this is scheduled to take place on Monday, July 3rd.

**POSTPONED:** The cell tower installation approved by the City of Dallas in February 2022 has been postponed. Likely installation is now summer 2024. The proposed cellular site is a 4G LTE site along with a Sprint 2.5 GHz. There are similar cellular sites in place throughout the city. The antennas will be installed on the east property line adjacent to Midway Road on top of two light pole standards at the stadium field.

**IMPLEMENTATION OF APPROVED ZONING UPDATES:** In February 2022, the City approved ESD's zoning request which included adding a new entry and exit on the south side of campus, additional paved and overflow grasscrete style parking, restriping Merrell Road and the relocation of the facilities building to the SW corner of campus. A timeline for these improvements has not been set. We anticipate this planning and work will commence in 3 to 5 years.
