ATTENDANCE

≡ General Absences

Children cannot learn if they are not in school. Daily school attendance improves student achievement. Children learn early about being on time and not missing school; teach your child that school attendance is an important family value. Children ages 6 to 18 years must attend every school day.

The state only awards funding to school districts for actual attendance. The state does not fund districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences are recorded as a truancy.

A. Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:

1. Due to the pupil's illness, including an absence for the benefit of the pupil's mental or behavioral health.
2. Due to quarantine under the direction of a county or city health officer.
3. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
4. For the purpose of attending the funeral services of a member of the pupil's immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
5. For the purpose of jury duty in the manner provided for by law.
6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child, for which the school shall not require a note from a doctor.
7. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at a religious retreat, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization, when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board of the school district.
8. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
9. For the purpose of spending time with a member of the pupil's immediate family who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
10. For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
11. For the purpose of participating in a cultural ceremony or event.
12. (A) For the purpose of a middle school or high school pupil engaging in a civic or political event, as provided in subparagraph (B), provided that the pupil notifies the school ahead of the absence.
(B) (i) A middle school or high school pupil who is absent pursuant to subparagraph (A) is required to be excused for only one schoolday-long absence per school year.
(ii) A middle school or high school pupil who is absent pursuant to subparagraph (A) may be permitted additional excused absences in the discretion of a school administrator, as described in subdivision (c) of Section 48260.
13. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.

- B. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
- C. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
- D. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
- E. For purposes of this section, the following definitions apply:
 1. A “civic or political event” includes, but is not limited to, voting, poll working, strikes, public commenting, candidate speeches, political or civic forums, and town halls.
 2. “Cultural” means relating to the habits, practices, beliefs, and traditions of a certain group of people.
 3. “Immediate family” means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil. [EC 48205, 48260]

Districts may allow students, with parental or guardian consent, to be excused to participate in moral or religious exercises or instruction. [EC 46014]

School authorities may excuse any student in grades 7 through 12 from school for the purpose of obtaining confidential medical services without the consent of the pupil’s parent or guardian. [EC 46010.1]

☰ Emergency School Closure

Schools may close in the case of a natural disaster such as an earthquake, a fire, a flood, or an epidemic/pandemic. School officials rely on the expertise and advice of public health and safety officials in these decisions. Other means of delivering instruction will be used as possible.

☰ Minimum Days/Pupil Free Staff Development Days

If your child will be affected by minimum days or staff development days, we will give you at least one month’s notice. The dates that were known at press time are printed in the calendar in this booklet. [EC 48980]

☰ Leaving School at Lunch Time

“The governing board of the Coast Unified School District, pursuant to Section 44808.5 of the Education Code, has decided to permit pupils enrolled at Coast Union High School to leave the school grounds during the lunch period. Neither the school district nor any officer or employee thereof shall be liable for the conduct or safety of any pupil during such time as the pupil has left the school grounds pursuant to this section.” The district permits students in grades 11 through 12 this privilege; students in grades K through 10 may not leave campus. [EC 44808.5]

☰ Attendance Options

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Districts may allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in intra- and inter-district transfers. In some cases, the district must provide transportation. Students attending “persistently dangerous” schools can transfer and enroll in a safe school. Students convicted of a violent felony or convicted of a specific misdemeanor may be transferred involuntarily to another school in the district. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [BP 5116.2 June 2022; EC 46600, 48204, 48204.7, 48206.3, 48300, 48301, 48306, 48853.5, 48929, 48980, 49068, 51101; PC 667.5(c), 29805; 20 USC 7912]

☰ Interdistrict Attendance

The agreement shall stipulate the terms and conditions which interdistrict attendance shall be permitted or denied.

Conditions for approval and denial

- A. Approval of interdistrict transfers is based on compliance with the following conditions:
1. Regular attendance
 2. Satisfactory citizenship
 3. Transportation provided by the family
- B. Requests for interdistrict attendance agreement may be denied by the Superintendent or designee for the following reasons:
1. Transfer would result in excess costs to the district
 2. The student's attendance would adversely impact the maintenance of class size standards, or increase district facility costs
 3. The student has a record of poor attendance or behavior

Board Policy – Interdistrict Attendance

The Board of Education recognizes that students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons.

Upon request by students' parents/guardians, the Superintendent or designee may approve interdistrict attendance permits with other districts on a case-by-case basis to meet individual student needs. The interdistrict attendance permit shall not exceed a term of five years and shall stipulate the terms and conditions under which interdistrict attendance shall be permitted or denied.

The Superintendent or designee may deny interdistrict attendance permits because of overcrowding within district schools or limited district resources.

Transportation

The district shall not provide transportation outside any school attendance area. However, upon request, the Superintendent or designee may authorize transportation for students living outside an attendance area to and from designated bus stops within the attendance area if space is available. Priority for such transportation shall be based on demonstrated financial need.

Limits on Student Transfers out of the District to a School District of Choice

The Superintendent or designee may limit the number of student transfers out of the district to a school district of choice based on the percentages of average daily attendance specified in Education Code 48307.

In addition, transfers out of the district may be limited during a fiscal year when the County Superintendent of Schools has given the district a negative budget certification or when the County Superintendent has determined that the district will not meet the state's standards and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this district to a school district of choice.

The district may deny a transfer of a student out of the district to a school district of choice if the Board determines that the transfer would negatively impact a court-ordered or voluntary desegregation plan of the district. [BP 5117 April 2010; EC 41020, 46600-46611, 48204, 48300-48316, 48915, 48915.1, 48918, 48980, 52317]

≡ Attendance Where Caregiver Resides

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver's home. [EC 48204(a), 48980; FC 6550-6552]

≡ Attendance in District Where Parent / Guardian is Employed

The district may, but is not required to accept a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of the parent's/guardian's employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(a)(7), 48980]

≡ Special Enrollment Allowances for Some Categories of Students

Some students, including foster, homeless, migratory, American Indian, or military children, living in the district may stay enrolled in their school of origin inside or outside the district if: 1) their Individual Education Plan (IEP) indicates attendance elsewhere, or 2) parents, guardians, and others with authority declare in writing otherwise. In some cases, they also have rights to expedited enrollment in school, to attend classes and programs, to after-school programs, and to fee waivers. The school district and each school site have complete documentation of the rights of homeless, foster, migratory, military, and other special categories of students. [EC 48204, 48204.7, 48645.3, 48850-48859, 51225.1, 56055; 5 CCR 4622; WIC 224.1, 361, 726; 42 USC 11301, 11431-11435]

Student Immigrant and Religious Rights

All school age children must be admitted to California Public Schools and be offered all programs accessible to other students. School districts cannot ask about a student's immigrant (or migratory) or religious status. The state Attorney General has information about "know your rights": <https://oag.ca.gov/immigrant/resources>. Immigrant students are still considered residents of their current school district even if parents are deported or are being held in custody. [EC 200, 220, 234.1]

≡ Individualized Instruction

You must notify the school if your child has a temporary disability and cannot attend regular classrooms. If your temporarily disabled child is located outside your school district, notify both the district where your child resides and where the child is located. Within five (5) days of notice, the district(s) will determine if the student qualifies, and within five (5) days of the determination commence instruction in the home or in a hospital or other residential health facility. The district(s) will notify you if your child qualifies, when instruction will begin and for how long it will continue. Each hour of instruction at home or in a facility will count as a full day but cannot exceed 5 days per week nor the number of days in the school year. [EC 48206.3, 48207, 48207.5, 48208, 48980]

Pregnant or Parenting Students

Pregnant or parenting students who are 18 years old or who have permission from their parent/guardian

may have excused leave for up to 8 weeks or more without having to complete schoolwork or other requirements, or being subject to penalties. They may return to the same school and courses, and be provided time to make up work. They may choose to attend an alternative program with access to comparable courses, programs and activities. They may have a fifth year to complete high school graduation requirements unless administration determines they are capable of completing graduation requirements in four years. Complaints about these rights can be made using the Uniform Complaint Procedure. [EC 221.51, 46015, 48200, 48980]

≡ Unexcused Absences (truancy)

When a student misses school without an excuse they are considered truant, and the school will notify the parent/guardian. The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. A student is classified as;

Truant: after missing three days of school or three 30-minute periods without a valid excuse

Habitual Truant: if they are truant three or more times in a school year and an effort is made to meet with parents

Chronic Truant: if they miss 10 percent or more of the school days in a school year.

Early intervention and cooperation between the school and the family is the best way to support student learning. A student who is truant can be referred to a student attendance review board (SARB), a community service program, the county probation department, or to the district attorney. Through these programs the student can be given guidance toward improving attendance. The goal is to intervene before a student enters the juvenile justice system or drops out of school. Parents are urged to use community services identified by the school or District, a SARB, the District Attorney, or Probation department. Students and parents face penalties as defined in Education Code, Welfare and Institutions Code, and Penal Code.

Student Penalties: First truancy may result in a one-day weekend class; Second truancy may be a written warning from a peace officer; Third truancy may result in assignment to an after-school or weekend program, involvement of a SARB, a probation officer, or District Attorney; Fourth truancy may result in a chance to improve attendance, but may also result in the student

being placed within the jurisdiction of the juvenile court. Other penalties may include required community service, payment of a fine, attending a truancy mediation program, and loss of driving privileges.

Parent Penalties: First conviction – up to \$100 fine; Second conviction – up to \$250 fine; Third conviction – up to \$500 fine. Parents of chronically truant elementary students face a fine up to \$2,000; imprisonment up to one year; or both. They may also be scheduled to meet regularly with district staff and/or referred to community resources. Parents may also have to attend classes at the student’s school for a day and/or personally deliver their child to school every day. [EC 48260, 48260.5, 48261, 48262, 48263, 48263.5, 48263.6, 48264.5, 48291, 48293, 48320; PC 270.1, 830.1; WIC 256, 258, 601, 601.3]

≡ Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

INSTRUCTION AND CURRICULUM

≡ California State Academic Standards and Assessments

Each district in California decides how they will teach and what resources they will use to reach adopted common-core academic standards. More information can be found at www.cde.ca.gov/re/cc/.

California Assessment of Student Performance and Progress (CAASPP)

California students take several mandated computer-based statewide tests that provide information about how well students are learning. Combined with other measures, they give a more complete picture of a student’s learning. Test results may be used for local, state, and federal accountability purposes.

The California Assessment of Student Performance and Progress (CAASPP) tests consist of the following:

Smarter Balanced Assessment Consortium Assessments

The Smarter Balanced assessments are aligned with the Common Core State Standards (CCSS). English language arts/literacy (ELA) and mathematics tests are administered in grades 3-8 and grade 11 to measure whether students are on track to college and career readiness. In grade 11, results from the ELA and mathematics assessments can be used as an indicator of college readiness.

California Alternate Assessments (CAAs)

Students in grades 3-8 and grade 11 whose individualized education program (IEP) identifies the use of alternate assessments are eligible to take the CAAs for English language arts, mathematics, and science. Students taking the CAA for Science will take a series of 4 performance tasks that can be administered throughout the year as the content is taught.

California Science Tests (CAST)

Students in grades 5, 8, and once in high school take the CAST, which measures student achievement of the California Next Generation Science Standards through the application of their knowledge and skills of the Science and Engineering Practices, Disciplinary Core Ideas, and Crosscutting Concepts.

California Spanish Assessment (CSA) for Reading/Language Arts

The CSA is an optional test for Spanish reading, listening, and writing mechanics. It is optional for students in grades 3-12, and is aligned with the California Common Core State Standards in Spanish.

English Language Proficiency Assessments for California (ELPAC)

Students whose IEP calls for an alternative assessment and who have a home-language other than English take the ELPAC, which identifies them as an English learner or as English fluent. It consists of 2 separate English Language Proficiency (ELP) assessments: one for the initial identification of students as English learners; and the other for the annual assessment to identify students' English language proficiency level and to measure their progress in learning English.

Parents/Guardians may submit a written request (annually) to excuse their child from any one or all of the CAASPP assessments. More information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 52060, 52066, 60119, 60604, 60615, 60640; 5 CCR 852]

Physical Fitness Test (PFT)

The main goal of the PFT is to help students in starting lifelong habits of regular physical activity. Students in grades 5, 7, and 9 take the Physical Fitness Test. [EC 52060, 60800]

Local Control Funding and Accountability

The Local Control Funding Formula (LCFF) provides money to school districts with a uniform base grant for every student, adjusted by grade level. Plus they receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 55% of the district's enrollment. More information about the LCFF is available at www.cde.ca.gov/fg/aa/lc/.

The Local Control Accountability Plan (LCAP) is a critical part of the LCFF. Each school district is required to engage parents, students, educators, employees, and the community to establish their plan. The LCAP must focus on eight areas identified as State priorities:

1. Basic Services
2. Implementation of State Standards

3. Parental Involvement
4. Pupil Achievement
5. Pupil Engagement
6. School Climate
7. Course Access
8. Other Pupil Outcomes

The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals. The plan will demonstrate how the district's budget will help achieve the goals, and annually assess how well the strategies improved outcomes. Anyone can comment about proposals or expenditures to the school board; at parent, student, community engagement meetings; at staff LCAP meetings; or to the district LCAP Advisory Committee. Complaints regarding LCAP may be filed anonymously or using the District Uniform Complaint Procedures. [EC 305, 47606.5, 47607.3, 52060-52076, 5 CCR 4600, 4622]

Homeless, Migratory, Foster, Military, and Juvenile Court Youth

Homeless, migratory, foster, military family, juvenile court youth, or youth participating in a newcomer program have special rights related to graduation and partial high school credits. They have the right to an adult to help make educational decisions. Foster and homeless youth also have special rights associated with college funding, and certain considerations in school discipline. The District Uniform Complaint Procedure may be used to file a complaint. [EC 48645.3, 48645.5, 51225.1-51225.3, 56055; 5 CCR 4622; WIC 361, 726]

Language Acquisition Programs

Language acquisition programs are designed to ensure that English learners acquire English as rapidly and effectively as possible. They provide instruction based on the state-adopted academic content standards, including English language development (ELD) standards.

The District offers a Structured English Immersion program in which nearly all instruction is in English with curriculum and presentation designed for students who are English learners. [EC 305(a)(2), 306(c)(3)]

Parents/Guardians may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. Parents/Guardians may submit written or verbal requests for the establishment of a language acquisition program in addition to the program available. Schools in which the parents/guardians of 30 pupils or more per school or 20 pupils or more in any grade request a language acquisition program are required to offer such a program

to the extent possible. Please contact the District office or your school principal for more information. [EC 306, 310; 5 CCR 11310]

Parents/Guardians have a right to opt their child(ren) out of the school district's language acquisition program or opt out of particular English learner service(s) within a language acquisition program. [20 USC 6312(e)(3)(A) (viii)]

≡ Academic Counselors

Academic counselors are trained educators possessing a valid teacher credential with a specialization in pupil personnel services. Counselors help students in grades 7-12 make decisions about their courses, extra-curricular activities, and preparation for college and/or careers. They guide students through all the steps including information about financial aid, academic requirements, and careers. Counseling related to academic and nonacademic courses, classes, electives, school-related activities, team sports, athletic competitions, and school facilities will be available to all students without regard to their gender or gender identity, the gender listed in their records, or any protected group as listed under "Complaints Regarding Discrimination, Harassment, Intimidation, Bullying, Exceptional Needs Students, Categorical Programs, Federally Funded Programs" on page 29. Most counselors are available by appointment and will meet with students and their families. The District Uniform Complaint Procedure may be used to file a complaint. [EC 221.5, 221.8, 48980, 49600, 48900, 51229; GC 11135; Title VI, Title IX; § 504; CIF 300D]

≡ District Courses

Annually the District prepares curriculum, course titles, aims, and descriptions in a prospectus. The prospectus is available at each school site and may be reproduced at cost. Parents/Guardians have the right to review all course material. [EC 49091.14, 51101; PPRA]

≡ Curriculum and Personal Beliefs

Whenever any part of the instruction in comprehensive sexual health, sexual abuse, or human trafficking prevention education conflicts with your religious training and beliefs or personal moral conviction, or those of your child, your child shall be excused from such instruction if you request an excuse in writing. No student shall be penalized, sanctioned, or disciplined for such an excuse, and shall have an

alternative education activity available. [EC 51240, 51938, 51950]

Family Life, Human Development, and Sexual Health Education

Your child will be taking classes in compliance with the California Healthy Youth Act. These will include comprehensive sexual health education, HIV education, and research findings regarding pupil health behaviors and risks. Students in grades 7-12 will gain a deeper understanding of HIV transmission, prevention, and treatment. They will also be taught about the prevalence of human trafficking and the methods traffickers employ, including social media and mobile devices. You will be notified before such instruction. Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that will be presented by a consultant or guest speaker. You have a right to request, in writing, that your child not participate in any or all activities. You may withdraw this request at any time. School districts must ensure that all participating pupils receive sexual health instruction from personnel adequately trained in appropriate courses. In this District, staff teaches these classes. During this class, students in grades 7-12 may be asked to anonymously, voluntarily, and confidentially fill out evaluation and research tools such as surveys, tests, or questionnaires measuring student attitudes toward health, sex, and risk behaviors. Copies of Education Code Sections 51933, 51934, and 51938 can be requested from the District or can be obtained online at <https://leginfo.legislature.ca.gov>. [EC 51933-51939]

Dissection of Animals

If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the information required by the class. The school will need a signed note from you indicating your child's objection. [EC 32255-32255.6]

Tests/Surveys on Personal Beliefs

You and/or your child(ren) over 18 will be notified before administration of any confidential test, questionnaire, or survey containing questions about your child's, or your personal beliefs, political practices,

mental health, anti-social, illegal, self-incriminating, demeaning behavior, critical appraisals of others close to the family, about legally confidential relationships such as ministers or doctors, income (unless to determine eligibility for receiving financial assistance), sex, family life, morality, or religion. You will be asked for written permission except for exempt surveys (in grades 7-12) that are part of sexual health programs or State surveys. Parents may opt their child(ren) out of all surveys, without penalty, including those seeking information to be used in marketing. Parents have the right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to surveys and personal information. Notice will be sent to parents prior to such test or survey. If you believe your rights have been violated, you may file a complaint with the Family Policy Compliance Office at U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920. [EC 51513, 51938, 60614; 60615; PPR; 34 CFR 98; ESEA]

≡ High School Credits and Graduation

Education code sets minimum course requirements to graduate from high school and earn a diploma. School districts may set additional requirements. The District has established guidelines for transferring credits and meeting graduation requirements. Please see the table under “High School Graduation Requirements compared to UC/CSU Requirements” on page 12.

Exceptions

Highly mobile students; students who are homeless, migratory, foster youth, of a military family, juvenile court youth, or youth participating in a newcomer program have special rights related to graduation and partial high school credits. They have the right to an adult to help make educational decisions. These students can be registered in their district of choice, but must provide proof of residency within ten (10) days. Foster and homeless youth also have special rights associated with college funding, and certain considerations in school discipline. The District Uniform Complaint Procedure may be used to file a complaint.

California High School Proficiency Exam

Students who are 16 years or older and have completed grade 10, or those meeting other requirements, may take the California High School Proficiency Exam (CHSPE). If they pass, they will earn a State Certificate of Proficiency, which is equal to a

high school diploma. Many students use the exam to start jobs or start college earlier than their expected graduation date. There may be a fee for taking the exam.

Cal Grant Application / Opt-Out

Cal Grant Awards are money provided by the State of California to assist in col-lege expenses (tuition, room and board, books and other supplies). Each stu-dent in grade 12 are considered Cal Grant applicants unless they or their par-ent/guardian opt out. Unless the parent/guardian or the 18-year-old student opt out in writing by the last Monday in September, certified Grade Point Average (GPA) data will be transmitted to the CA Student Aid Commission no later than October 1, 2023. To receive the Grant, students must apply. For more information go to www.csac.ca.gov.

≡ University Admissions

University of California/California State University Admissions

Admission to the California State Universities requires a minimum 15-unit pattern of courses for admission as a first-time freshman. Each unit is equal to a year of study in a subject area. A GPA of 2.0 (C) or higher is required for regular admission. Admittance is based on an eligibility index that combines multiple items. Transfer students are accepted.

Admission to the University of California requires completion of the 15 yearlong high school course list. These courses are also known as the “a-g” subjects. At least seven of the 15 yearlong courses must be taken in the student’s last two years of high school. A GPA of 3.0 (B) or higher is required for California residents.

Definition of Career Technical Education

A program of study that involves a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge to provide students with a pathway to postsecondary education and careers. More information is available about Career Technical Education at California Department of Education, www.cde.ca.gov/ci/ct.

Coast Unified School District offers two career technical education pathways; “Agriculture”, and “Arts, Multimedia, and Entertainment”. Beginning with the graduating class of 2016, 1.5 units of CTE and 0.5 units of online or distance learning are required for graduation.

Cuesta College Dual Enrollment Program (CUHS)

Many high school-age students are ready to do college-level work and receive college credit. In collaboration with Cuesta College, we are offering seven (7) “dual enrollment” courses; and the “get focussed, stay focussed” curriculum. This will enable students to maximize the number of college credits they receive before graduation.

For parents, it makes sense to save money by earning as much college credit as possible in the high school years.

SCHOOL RECORDS AND STUDENT ACHIEVEMENT

≡ Pupil Records

Parents, guardians, foster parents, certain caregivers, and students over 18 have the right to review, inspect, and get copies of school records within five business days of a written or oral request or before any meeting regarding an individualized education plan (IEP) or a hearing. Those records are confidential, and privacy will be maintained. Student records are provided to schools where student transfers or wants to enroll. In some instances, information about your child may be released to District staff, foster agencies, short-term residential treatment programs, after school programs, summer camps, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, and health information. The records are maintained at the school site by the Principal and Secretary. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the

records that is kept at the same location as the records. District policy or administrative regulation 5125 sets forth the criteria by which school officials and employees can look and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made for twenty five cents (25¢) per page. If you cannot afford the cost of copies, they will be provided free of charge. With the proper documentation, the records can be changed to reflect a legal change of name and/or gender of a student or a former. You also have the right to file a written request with the superintendent challenging the records if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer's expertise, a comment not based on personal observation with time and date noted, misleading information, or a violation of privacy rights. You can file a complaint about how your request was handled with the district or with United States Department of Education. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student's record. [EC 8484.1, 49060, 49062.5, 49063, 49068, 49069.3, 49070-49079.7, 51101, 56043, 56504; CC 1798.24(t); FERPA; 20 USC 1232(g); 34 CFR Part 99]

Students of Military Families

For a smoother transition, the District has established guidelines for transferring credits and meeting graduation requirements of students from military families. Also, students can be registered in their district of choice, but must provide proof of residency within 10 days. [EC 51225.1, 51225.2]

Student Data from Social Media Websites

School Districts may now adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

Regulations Regarding Pupil Achievement

The Governing Board believes good communication between parents and teachers is important in

the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student's ability, citizenship and effort. [EC 49067]

Teacher Qualifications

A provision of federal Title I requires all districts to notify parents of children in Title I schools that they have the right to request and receive timely information on the professional qualifications of classroom teachers and paraprofessionals including state qualifications, licensing for the grade level or subject taught, any waivers for qualifications, emergency provisions, college major, graduate degrees and subject, and if paraprofessionals or aides are in the classroom and what their qualifications are. [ESEA; 20 USC 6311; 34 CFR 200.48, 200.61]

Release of Directory Information

The law allows schools to release "directory information" to certain persons or organizations including military recruiters. Directory information includes student's name, address, telephone number, email address, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous school attended. Directory information does not include citizenship status, immigration status, place of birth, or any other information indicating national. You may have the district withhold any of this information by submitting a request in writing by the last Friday in September. Written notification received after the date specified will be honored, but the student's information may have been released in the interim. In the case of students with exceptional needs or who are homeless, no material can be released without parent or guardian consent. [EC 49061(c), 49070, 49073(c), 56515; FERPA; ESEA]

Response to Immigration Enforcement

The district will not release student information to third parties for immigration enforcement purposes, unless the parent/guardian consents or as required to do so by a court order or judicial subpoena.

≡ School Safety Plan

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, disasters, and criminal activity. Key elements are to be described in the School Accountability Report Card. Planned responses to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289, 51101]

STUDENT SERVICES

≡ Community Eligibility Provision (CEP)

The District participates in the CEP option available to schools as part of the National School Lunch and Breakfast. All students enrolled in our schools are eligible to receive a free healthy breakfast and lunch at no charge.

Please complete the Household Income Data Collection form, which is given to parents/guardians of newly enrolled students, and which may be included in your child's first day handouts and also may be available on the District website. This survey allows our schools to benefit from various State and Federal supplemental programs and is critical in determining the amount of funding the school receives from these supplemental programs.

All information on the survey submitted is confidential and is unlawful for the District to share without your permission. Without your assistance, our schools cannot maximize utilization of available State and Federal funds. We ask that you please complete and return the Household Income Data Collection form as soon as possible. If you have any questions or concerns, please feel free to contact the Nutrition Services Department.

≡ Student Use of Technology

The Board of Education intends that technological resources provided by the district be used in a safe and responsible manner in support of the instructional program and for the advancement of student learning. All students using these resources shall receive instruction in their proper and appropriate use.

Teachers, administrators, and/or library media specialists are expected to review the technological resources and online sites that will be used in the classroom or assigned to students in order to ensure that they are appropriate for the intended purpose and the age of the students.

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district technology, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities in accordance with this Board policy and the district's Acceptable Use Agreement.

District technology includes, but is not limited to, computers, the district's computer network including servers and wireless computer networking technology (wi-fi), the Internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through district-owned or personally owned equipment or devices.

Before a student is authorized to use district technology, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement. In that agreement, the parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures or user mistakes or negligence and shall agree to indemnify and hold harmless the district and district staff for any damages or costs incurred.

The district reserves the right to monitor student use of technology within the jurisdiction of the district without advance notice or consent. Students shall be informed that their use of district technology, including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students' personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

The Superintendent or designee may gather and maintain information pertaining directly to school safety

or student safety from the social media activity of any district student in accordance with Education Code 49073.6 and BP/AR 5125 - Student Records.

Whenever a student is found to have violated Board policy or the district's Acceptable Use Agreement, the principal or designee may cancel or limit a student's user privileges or increase supervision of the student's use of the district's equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and Board policy.

The Superintendent or designee, with input from students and appropriate staff, shall regularly review and update procedures to enhance the safety and security of students using district technology and to help ensure that the district adapts to changing technologies and circumstances.

Internet Safety

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced.

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors.

The district's Acceptable Use Agreement shall establish expectations for appropriate student conduct when using the Internet or other forms of electronic communication, including, but not limited to, prohibitions against:

1. Accessing, posting, submitting, publishing, or displaying harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs

2. Intentionally uploading, downloading, or creating computer viruses and/or maliciously attempting to harm or destroy district equipment or materials or manipulate the data of any other user, including so-called "hacking"
3. Distributing personal identification information, including the name, address, telephone number, Social Security number, or other personally identifiable information, of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting one's own personal identification information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. [BP 6163.4 November 2015; EC 49073.6, 51006, 51007, 60044; PC 313, 502, 632, 653.2; 15 USC 6501-6506; 20 USC 6751-6777; 47 USC 254; 16 CFR 312.1-312.12; 47 CFR 54.52]

≡ "Robocalls" and Text Messages Sent by Schools

The District sends automated messages for non-emergency district-wide alerts, notices and important current information. The District uses ParentSquare, a safe and secure platform for communication between the school and home. Parents, teachers and staff can easily connect from their iOS device by downloading the free mobile application, or by contacting your school office. Parents may opt out of ParentSquare by contacting your school office.

≡ School Accountability Report Card

The School Accountability Report Card is available on request, and is available annually by February 1st on the Internet at www.coastusd.org. It contains information about the district and school regarding the quality of programs and its progress toward achieving stated goals. A copy will be provided upon request. [EC 33126, 32286, 35256, 35258, 51101]

≡ Services to Students with Disabilities

If you have reason to believe your child (ages 0 through 21 years) has a disability requiring special services or accommodations, contact the school. Your

child will be evaluated to determine whether he/she is eligible for free special or modified instruction or services.

The District wants to locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. The District has policies guiding procedures for identification and referral. Students identified with special needs will receive a Free Appropriate Public Education in the least restrictive environment. [EC 48853, 56020 et seq., 56040, 56301; 5 CCR 4622; 20 USC 1412, (10)(A)(ii), 1412(a)(6)(A); 34 CFR 300.121]

≡ **Advanced Placement Examination Fees**

State funding is available to qualified low-income students to assist in paying all or part of Advanced Placement exams. [EC 48980, 52240]

≡ **Pupil Fees**

While there are limited exceptions, families and students should not have to pay fees for most items related to public education. There are four types of fees identified in Education Code:

Pupil Fees: No fees or deposits can be required or collected for items including, but not limited to, materials, supplies, equipment, uniforms (i.e. band, cheerleading, basketball), lockers, locks, books, class apparatus, musical instruments.

Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student's education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family's ability to make a donation.

Exceptions – When fees may be required: By law, there are exceptions to the prohibition against charging fees or deposits. Exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), food served to students, damage to district provided materials such as textbooks, cost of community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be

taking home, such as, material used in a career class like woodshop or sewing. The Uniform Complaint Procedure can be used regarding pupil fee compliance. A complaint may be filed with the school principal and may be filed anonymously.

HEALTH SERVICES

≡ **Information for Use in Emergencies**

For the protection of your child's health and welfare, we ask that you fill out and return the Emergency Information Card enclosed in your school registration packet. [EC 49408]

≡ **Immunizations**

Documented proof that immunizations are up-to-date is required before attending school; districts may not allow "conditional" admittance into schools. Students may not participate in a classroom setting unless they have been fully immunized against diphtheria, hepatitis b, haemophilus influenza type b, measles, mumps, pertussis (whooping cough), poliomyelitis, rubella, and tetanus. Students must be immunized for varicella (chickenpox) or provide proof from a doctor stating they have had the disease.

All new students, advancing students, or students transferring into grades 7-12 must be fully immunized, and will not be admitted without the required booster against pertussis (Tdap). The required immunizations are available through a usual source of medical care, County Health Department, a school nurse, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. There may be funds for those who cannot access services. Homeless, foster, migratory, and military youth can be enrolled without proof of immunization. [HSC 120325, 120335, 120338, 120375, 120400, 120405, 120410, 120415, 120440, 120480; EC 48216, 48852.7, 48853.5, 49403; 17 CCR 6000-6075; 42 USC 11432(C)(i)]

≡ **Exemptions**

These requirements do not apply if a form from licensed physician cites why they should not. The physician submits the standardized electronic form directly to the California Immunization Registry (CAIR)

and to the school for exemption; this is the only form the school will accept. The form will include physician information, the child's name and their school, the parent's/guardian's name, and the specific basis for and duration of the exemption.

If an outbreak of a communicable disease occurs, a non-immunized student will be excluded from school for their own safety until such a time as directed by health officials or district administration.

Forms submitted prior to January 1, 2020 and exemptions based on beliefs opposed to immunization submitted prior to January 1, 2016 are valid until the pupil enrolls in the next grade span (through preschool, grades K-6, grades 7-12). Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying your County Health Department. [HSC 120325, 120335, 120338, 120370, 120372, 120372.05; EC 48216]

≡ Physical Examinations

For each child enrolling in the District for the first time in kindergarten or first grade, the parent or guardian must present a certificate, signed by a physician, verifying that the child has received a physical examination within the last 18 months. If your child does not receive this exam, you must file a waiver with the school district stating the reasons you are unable to obtain such services. You may have your child immunized at the same time that the physical examination is conducted. [EC 49450; HSC 124085, 124100, 124105]

These services may be available to you at no cost through the Child Health and Disability Prevention Program (CHDP). For information, you may contact:

San Luis Obispo County Health Department
(805) 781-5527

www.slocounty.ca.gov/Departments/Health-Agency.aspx

If you want your child to be exempt from physical examinations at school, file a written statement annually with the school refusing such an exam. However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49451; PPRA]

Kindergarten and/or First Grade Oral Health Assessment

Many things impact a child's school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Parents or guardians must have their child's oral health assessed and have proof of the assessment by May 31 of the student's first school year (kindergarten or first grade). Assessments within the 12 months before the child enters school also meet this requirement. The assessment must be done by a licensed dentist or licensed or registered dental health professional. [EC 49452.8]

Vision, Hearing, and Scoliosis Screening

An authorized person will check your child's vision upon enrollment and in grades 2, 5, and 8 unless the student entered the District in grade 4 or 7. Hearing tests will be conducted when your child is enrolled or first enters a District school. Females in grade 7 and males in grade 8 may be screened for scoliosis (curvature of the spine). These tests may be administered unless you annually give the school a certificate from a physician or optometrist verifying prior testing, or submit a letter denying consent. [EC 44878, 49451, 49452, 49452.5, 49455]

≡ Medication

Children may take medication, which is prescribed by a physician, and get help from school personnel during the school day if:

1. The district designee has received a written statement from the physician detailing the medication name, method, amount, and time schedules by which the medication is to be taken; and
2. Parent, guardian, or caregiver annually submits a written statement asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. The statement gives permission to communicate with the health care provider or pharmacist, and acknowledges understanding of how the medication will be administered.

This includes allowing a school staff member to volunteer and be trained to identify the need for, and to administer epinephrine to a student for anaphylaxis; glucagon as prescribed for diabetes; or anti-seizure medication as prescribed to a student diagnosed with seizures, a seizure disorder, or epilepsy. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine and/or anti-seizure medication. The District will have a supply of auto-injectable epinephrine at each school site. [EC 49414, 49414.1, 49414.5, 49423, 49423.1, 49468.2, 49480]

Children may carry and self-administer a blood glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. In the case of a serious emergency, the school district will administer an epi pen or epinephrine auto-injector. The District does not allow parents to administer medical cannabis on campus. All children enrolling in kindergarten, first grade, or transferring into the district must be enrolled in a health care plan. There are several options for getting a health plan; through an

insurance agent, or low cost provider such as Medi-Cal and Covered California. The school district assumes no liability for accidents to pupils at school. [EC 32221.5, 49452.9, 49472; PPACA]

Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 49471]

Enrollment in a Health Care Plan

All children enrolling in kindergarten, first grade, or transferring into the district and their families must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered California at (800) 300-1506 or online at www.coveredca.com. ☰ Access to Mental Health Services

School-based mental health services help address barriers to learning and provide appropriate student and family support in a safe and supportive environment. Reaching out for mental health services is simple; contact your school counselor, nurse, health aide, principal, or the district office. In the community a good place to start may be to dial 211 for referrals in your area or call San Luis Obispo Co. Mental Health Services at (805) 781-4700. If you are in crisis contact this number or dial 911 immediately. [EC 49428]

Suicide Prevention

Suicide is a leading cause of death among youth, and school personnel is often in a position to recognize warning signs. The District makes an effort to reduce suicidal behavior and its impact and has developed strategies to intervene. These may include staff development, student instruction in coping skills, informing parents/guardians, methods for promoting a positive school climate, crisis intervention, and counseling (including for bereavement). Information about district programs and services and links to community and statewide resources are available on the District's website at www.coastusd.org. ≡ Schools Free of Tobacco, Alcohol, and Drugs

The Board has adopted Tobacco-Free, Drug-Free, and Alcohol-Free campus policies to promote student health and well-being. The District strives for a school environment free of these substances and has prevention and intervention programs. There may be programs through the District or in the community to support students' cessation from use of tobacco, alcohol, or drugs. ≡ Diabetes Information

Diabetes is a health condition that affects how the body turns food into energy. Most food is broken down into glucose (sugar). When sugar increases in your bloodstream, your pancreas releases insulin. Insulin acts like a key to let the sugar into your body's cells to use as energy. When there isn't enough insulin or when cells stop responding to insulin, too much sugar stays in your bloodstream. Over time, this can cause serious health problems such as heart disease, vision loss, and kidney disease. There is no cure for any type of diabetes.

Managing weight, eating healthy food, being active, and getting enough rest can really help. Taking medicine as prescribed, getting diabetes self-management education and support, and keeping health care appointments can also reduce the negative impacts of diabetes.

Type-2 diabetes is when your body can't use the insulin it makes as well as it should. It is the most common form of diabetes in adults, and is becoming more common in children, especially overweight teens. It is estimated that one in three children born in the US after the year 2000 will develop type-2 diabetes.

Type-1 diabetes is when your body simply doesn't make enough insulin. Type-1 diabetes is not preventable, but it is manageable. It is an autoimmune disease that may be caused by genetic, environmental, or other factors. It is usually first diagnosed in children or young adults, but it can occur at any age.

The first step is to visit a doctor who can determine if your child is overweight. A doctor can prescribe medication if appropriate and can order tests of a child's blood glucose to see if the child has diabetes or pre-diabetes.

Risk Factors:

It is recommended that students displaying or possibly experiencing the risk factors and warning signs below see a doctor to be screened for type-1 and/or type-2 diabetes:

Being overweight: The single greatest risk factor for Type-2 diabetes is excess weight. In the US, almost one out of every five children is overweight. Being overweight more than doubles a child's chance of developing diabetes.

Family history of diabetes: Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity: Being inactive further reduces the body's ability to respond to insulin.

Specific racial/ethnic groups: Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type-2 diabetes.

Age/Puberty: Type-1 diabetes usually occurs in the early years, and before reaching puberty. Type-2 diabetes is more likely to develop during or near puberty.

Warning Signs and Symptoms:

There are usually warning signs when a child might have diabetes. Not everyone with diabetes develops these symptoms, and not everyone who has these symptoms necessarily has diabetes. Type-2 symptoms generally develop slowly over time. Type-1 symptoms

show up quickly – in a matter of weeks or even days, and are much more severe.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular/No menstrual periods, and/or excess facial and body hair growth in girl
- High blood pressure or abnormal blood fats levels
- Nausea, vomiting, and/or stomach pain (type-1)

Parents/Guardians of children displaying warning signs should immediately consult with the student's primary care provider to determine if screening for diabetes is appropriate. Following a diabetes's diagnosis, parents/guardians should work with the primary care provider to develop a lifestyle and medical treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

Diabetes Screening Tests:

Your doctor may have your child take one or more of the following blood tests to confirm the diagnosis:

Glycated hemoglobin (A1C) test: A blood test measures the average blood sugar level over two to three months

Random (non-fasting) blood sugar test: A blood sample is taken at a random time; this test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test: A blood sample is taken after an overnight fast; a high level on two separate tests indicates diabetes.

Oral glucose tolerance test: A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid.

If the primary care provider thinks your child has type-1 diabetes, blood may also be tested for autoantibodies (substances that indicate the body is attacking itself) that are often present in type-1 diabetes but not in type-2. The child's urine might be tested for ketones (produced when the body burns fat for energy),

which may also indicate type-1 diabetes instead of type-2 diabetes.

≡ Meningitis

Meningococcal disease or Meningitis can be a life threatening infection that can be treated, but cannot always be cured. Routine vaccinations are recommended for 11-12 years olds, students entering high school and students living in college dorms. [HSC 120395-120399]

STUDENT BEHAVIOR AND SAFETY

All pupils have the right to participate fully in the educational process, free from discrimination, harassment, violence, intimidation, and bullying. Schools have an obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity and ensure safe school sites.

Students are encouraged to report anything they see or hear about that might be suspicious or dangerous to a teacher or other staff member. Any staff member that receives such a report will quickly take appropriate action, and the student's identity will remain confidential.

≡ School Rules

You have a right to review school and district rules regarding student discipline. If you wish to do so, please contact the school office. [EC 35291, 48980, 51101]

≡ Safe Place to Learn

It is State and District policy to improve student safety, connections between students and supportive adults, and connections between schools and communities. These policies prohibit discrimination, harassment, intimidation, and bullying at all school sites or at any school sponsored activity. School site staff trained in anti-bias shall be made known to students. When safe to do so, District employees must intervene immediately when they see discrimination, harassment,

intimidation or bullying. Certificated staff in grades 7-12 get information about helping LGBTQ students. Information about district programs and services and links to community and statewide resources related to: suicide prevention; sex discrimination including Title IX information; hate violence; sexual harassment including the District's Policy (also included in this booklet); harassment, intimidation, bullying; and cyber-bullying including social-media bullying are available on the District's website at www.coastusd.org and online at www.cde.ca.gov, www.wested.org/project/california-healthy-kids-survey-chks/.

The District Uniform Complaint Procedure may be used to file a complaint. Contact the District Complaint Officer(s) listed on page 29 for assistance. ≡ Digital Communication Devices

Districts may regulate the possession or use of any cellphone, smartphone, pager or electronic signaling device while pupils are on campus, while attending school-sponsored activities, or while under the supervision and control of school district employees. Students cannot be stopped from using such a device when: there is an emergency; there is a perceived threat of danger; when a teacher or administrator has said it is acceptable; or if it is part of an individualized education program (IEP). Possession or use is allowed if essential to student's health as determined by a licensed physician or surgeon. [EC 48901.5, 48901.7]

The Board of Education has adopted policies addressing reasonable search of a student's mobile communication device(s), an employee's authority to confiscate a device, and discipline for on- or off-campus use of a mobile communication device which poses a threat of danger to the safety of students, staff, district property, or substantially disrupts school activities. ≡ Electronic Listening, Video, or Recording Devices

The use by any person, including a student, of any electronic listening, video, or recording device in any classroom, at any school activity, or on school grounds without prior written consent of the teacher and the principal is prohibited. Any student in violation shall be

subject to appropriate disciplinary action. Any person other than a student that willfully violates this section shall be guilty of a misdemeanor. [EC 51512]

2. School personnel must immediately intervene if they witness an act of discrimination, harassment, intimidation or bullying, provided it is safe to do so.
3. Acts of discrimination or bullying should be brought to the attention of the principal.
4. You may make an anonymous complaint by contacting the principal. If there is sufficient corroborating information, the District will commence an investigation.
5. Complaints of bullying or discrimination will be considered confidential. However, it may be necessary to disclose certain information in order to effectively investigate.
6. Students who violate the District's policies on bullying or discrimination may be subject to discipline, including suspension and expulsion.
7. The District prohibits retaliation against individuals who make complaints of bullying or provide information related to such complaints.

≡ Safe Gun Storage

Guns are now the leading cause of death for minors in this country. Virtually every day, children are shot and injured, or sometimes killed, by firearms improperly stored. About 75 percent of shootings at schools are due to minors having access to guns at home. Over 80 percent of teens who commit suicide with a gun used one that belonged to someone in their home.

Gun ownership is a right in the US, and it comes with substantial responsibilities. It is a crime to store a loaded firearm where a child might gain

access to that firearm. Information about gun safety and the safe storage of firearms can be found at <https://oag.ca.gov/firearms/tips>. [EC 48986, 49392; PC 25100]

DISCIPLINE

≡ Civility

The District believes that every person deserves to be treated with dignity and respect in their interactions within our School Community. Civility has an impact on effective operations and on the creation of a safe and positive school climate for everyone.

While respecting every individual's right to free speech, that right does not allow for disruption of school classes, activities, meetings, or other events. Students, staff, parents, guardians, and the community are expected to be polite, courteous, respectful, and behave reasonably at all school or district activities and events. Practices that promote civil behavior include, but are not limited to, actively listening, giving full attention, not interrupting, welcoming and encouraging participation by everyone. Civility is hindered by disruptive behavior or speech, violence or the threat of violence, or harassment or bullying of any kind; these behaviors are prohibited and are subject to discipline according to law and District policies. [BP 1313 June 2021; EC 32210-32212, 44050, 44807, 44810, 44811, 48900 et seq, 48950; CC 51.7, 1708.9; GC 54954.3, 54957.9; PC 415.5, 422.6, 627.4, 627.7]

Parents are also liable for any school property loaned to the student and willfully not returned. Parents' or guardians' liability may be as much as \$23,900 in damages and another maximum of \$13,200 as adjusted annually by the California Department of Education for payment of a reward, if any. With a few exceptions, the school district may withhold the grades, diplomas, or transcripts of the student responsible until such damages are paid or the property returned or until completion of a voluntary work program in lieu of payment of money. If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities, or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child's

classroom. Civil penalties may also be enforced with fines up to \$25,000. [EC 48900.1, 48904, 51101; CC 1714.1; GC 53069.5]

This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior or written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if the possession is verified by an employee of a school district.

Searches may be announced or unannounced, and the District may use drug-sniffing dogs if available. Employees shall not conduct strip searches or body cavity searches of any student. [EC 48900-48927, 49050-49051, 49330-49334; PC 626.9, 626.10]

≡ Contraband Sniffing Dogs

In an effort to keep the school free of dangerous contraband, the Sheriff’s Department and District may use specially trained, non-aggressive dogs to sniff out and alert staff to the presence of substances prohibited by law or Board policy.

≡ Release of a Student to a Peace Officer

If a school official releases your child from school to a peace officer for the purpose of removing them from the school premises, the school official shall take immediate steps to notify you or a responsible relative of your child, except when a student has been taken into custody as a victim of suspected child abuse. In those cases, the peace officer will notify the parent or guardian. [EC 48906; PC 11165.6; WIC 305]

DISCRIMINATION, PROTECTIONS, COMPLAINTS AND PROCEDURES

The District is primarily responsible for compliance with local, state and federal laws and regulations and has procedures to address allegations of unlawful discrimination, harassment, intimidation, or bullying against any protected individual or group including actual or perceived sex, sexual orientation, gender, gender identity, gender expression, ethnic group identification, race or ethnicity, ancestry, national origin, nationality, religion, mental or physical disability, age, or on the basis of a person’s association with a person or group with one or more of these actual or perceived characteristics in any district program, or activity that receives or benefits from local, state and federal financial assistance.

≡ Nondiscrimination / Harassment

This policy shall apply to all acts constituting unlawful discrimination or harassment related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

The Board of Education desires to provide a safe school environment that allows all students equal access to and opportunities in the district’s academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student’s actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, gender expression, or genetic

information, or association with a person or group with one or more of these actual or perceived characteristics.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the district's policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the district's web site in a manner that is easily accessible to parents/guardians and students, in accordance with law and the accompanying administrative regulation.

The Superintendent or designee shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. The Superintendent or

designee shall report the findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools. [BP 5145.3 August 2020; EC 200-262.4, 48900.3, 48900.4, 48904, 48907, 48950, 48985, 49020-49023, 49060-49079, 49060-49079, 51500, 51501, 60044; CC 1714.1; GC 11135; PC 422.55, 422.6; 5 CCR 432, 4600-4670, 4900-4965; 20 USC 1681-1688; Title VI; Title VII; Title IX; 42 USC 12101-12213, 6101-6107; 28 CFR 28 CFR 35.107; § 504; 34 CFR 100.3, 104.7, 104.8, 106.8, 106.9, 110.25, 99.31]

Sexual Harassment

The Board of Education is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages students who feel that they are being or have been sexually harassed on

school grounds or at a school-sponsored or school-related activity by another student or an adult, or who have experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact their teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint is addressed through Title IX complaint procedures or uniform complaint procedures, as applicable, and shall offer supportive measures to the complainant.

The Superintendent or designee shall inform students and parents/guardians of the district's sexual harassment policy by disseminating it through parent/guardian notifications, publishing it on the district's web site, and including it in student and staff handbooks. All district staff shall be trained regarding the policy.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even when the alleged victim of the harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and action shall be

taken to respond to harassment, prevent recurrence, and address any continuing effect on students

6. Information about the district's procedures for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will implement supportive measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation

Disciplinary Actions

Upon completion of an investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Record-Keeping

In accordance with law, the Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools. DISTRICT FACILITIES

≡ Management Plan for Asbestos-Containing Material

The district has available upon request a complete and updated management plan for asbestos-containing material. [40 CFR 763.93]

≡ Lead Poison

The district website has information about lead poisoning, including risks and effects of childhood lead exposure; blood lead screening tests for children enrolled in Medi-Cal; recommendations for children not enrolled in Medi-Cal who are at high risk of lead exposure and blood lead screening tests as required. ≡ Pesticide Use

The District is providing parents the name of all pesticide products expected to be applied at school

facilities this school year. The identification includes the name and active ingredients. Only fully certified pesticides can be used on school grounds. The school's Integrated Pest Management Plan (IPM) is updated by March 31st each year. The IMP, pesticide names and active ingredients, and application dates are posted on the school and/or district website at www.coastusd.org.

Parents and guardians who wish to receive notification of pesticide applications at a particular school or facility, should provide six self addressed, stamped envelopes or an e-mail address to Don Adams, IPM Coordinator, 1350 Main Street, Cambria, CA 93428. Notice of an application and written notice of unlisted pesticide use will be given 72 hours in advance. For an emergency application, 72 hours notice will be the goal. Each area of the school where pesticide is being used will be identified by a posted warning 24 hours before (or upon application, if an emergency) through 72 hours after use.

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses, and will be applied only on non-school days and at least 24 hours prior to the start of any school day):
