

## School Bus Safety Reminders:

Fall is coming fast, now is the time to prepare for loading students on the buses on the dark mornings.

- Use reflective tape on your child's backpack, jackets, or shoes. Use small lights that can be attached to bags and clothing, these can be switched off when not in use. This will make it easier for not only the bus driver to see them, but other drivers on the roadway too.
- Remind your child to stand at least 10 feet from the side of the roadway.
- Children, when boarding the bus, should always remove their ear buds and headphones, so they can hear an approaching vehicle or the bus driver's horn in case someone passes the buses red stoplights.
