- The pandemic team reviewed each item in the existing and revised plan
- Mrs. English asked if we have ESSER funds leftover that we could use towards consulting with a industrial hygienist to develop a wellness plan in case we were to find ourselves in this situation again
    - We have allocated all of our ESSER funds, but Dr. Winslow will bring up the idea of an industrial hygienist to the entire school board.
- The revised plan as reviewed will go to the School Board for approval on June 26.
