#### Identification and Assessments

Upon enrollment in the Santa Barbara County Education Office's program, each student's primary language shall be determined through the use of a home language survey. (Education Code 52164.1; 5 CCR 11307)

Any student who is identified as having a primary language other than English as determined by the home language survey, and who has not previously been identified as an English learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be initially assessed for English proficiency using the English Language Proficiency Assessments for California (ELPAC). (Education Code 313, 52164.1; 5 CCR 11518.5)

Each year after a student is identified as an English learner and until the student is redesignated as English proficient, the summative assessment of the ELPAC shall be administered to the student during a four-month period after January 1 as determined by the California Department of Education. (Education Code 313)

Administration of the ELPAC, including the use of variations and accommodations in test administration when authorized, shall be conducted in accordance with test publisher instructions and 5 CCR 11518.5-11518.35.

The County Superintendent or designee shall notify parents/guardians of their child's results on the ELPAC within 30 calendar days following receipt of the results from the test contractor or, if the results are received from the test contractor after the last day of instruction for the school year, within 15 working days of the start of the next school year. (Education Code 52164.1; 5 CCR 11518.15)

The parent/guardian of a student participating in, or identified for participation in, a language instruction program supported by federal Title I or Title III funds shall receive notification of the assessment of the student's English proficiency. Such notice shall be provided not later than 30 calendar days after the beginning of the school year or, if the student is identified for program participation during the school year, within two weeks of the student's placement in the program. The notice shall include all of the following: (Education Code 313.2, 440; 20 USC 6312)

4. As applicable, the identification of a student as a long-term English learner or at risk of becoming a long-term English learner, as defined in Education Code 313.1, and the manner in which the program for English language development instruction will meet the educational strengths and needs of such students and help such students develop English proficiency and meet age-appropriate academic standards
5. Information about the parent/guardian's right to have the student immediately removed from a program upon the parent/guardian's request
6. Information regarding a parent/guardian's option to decline to enroll the student in the program or to choose another program or method of instruction, if available

#### Language Acquisition Programs

Whenever parents/guardians of enrolled students, and those enrolled for attendance in the next school year, request that the County Education Office establish a specific language acquisition program in accordance with Education Code 310, such requests shall be addressed through the following process: (5 CCR 11311)

1. The school shall make a written record of each request, including any request submitted verbally, that includes the date of the request, the names of the parent/guardian and student making the request, a general description of the request, and the student's grade level on the date of the request. As needed, the school shall assist the parent/guardian in clarifying the request. All requests shall be maintained for at least three years from the date of the request.
2. The school shall monitor requests on a regular basis and notify the County Superintendent or designee when the parents/guardians of at least 30 students enrolled in the school, or at least 20 students in the same grade level, request the same or a substantially similar type of language acquisition program. If the requests are for a multilingual program model, the County Education Office shall consider requests from parents/guardians of students enrolled in the school who are native English speakers in determining whether this threshold is reached.
3. If the number of parents/guardians described in item #2 is attained, the County Superintendent or designee shall:

- a. Within 10 days of reaching the threshold, notify the parents/guardians of students attending the school, the school's teachers, administrators, and the County Education Office's English learner parent advisory committee and parent advisory committee, in writing, of the requests for a language acquisition program
- b. Identify costs and resources necessary to implement any new language acquisition program, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development for the proposed program, and opportunities for parent/guardian and community engagement to support the proposed program goals
- c. Within 60 calendar days of reaching the threshold number of parents/guardians described in item #2 above, determine whether it is possible to implement the requested language acquisition program and provide written notice of the determination to parents/guardians of students attending the school, the school's teachers, and administrators
- d. If a determination is made to implement the language acquisition program, create and publish a reasonable timeline of actions necessary to implement the program. If a determination is made that it is not possible to implement the program, provide a written explanation of the reason(s) the program cannot be provided.

The County Education Office shall notify parents/guardians at the beginning of each school year or upon the student's enrollment regarding the process to request a language acquisition program, including a dual-language immersion program, for their child. The notice shall also include the following: (5 CCR 11309, 11310)

1. A description of the programs provided, including structured English immersion
2. Identification of any language to be taught in addition to English when the program includes instruction in a language other than English
3. The manner in which the program is designed using evidence-based research and includes both designated and integrated English language development
4. The manner in which the County Education Office has allocated sufficient resources to effectively implement the program, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development, and opportunities for parent/guardian and community engagement to support the program goals

5. The manner in which the program will, within a reasonable period of time, lead to language proficiency and achievement of the state-adopted content standards in English and, when the program includes instruction in another language, in that other language
6. The process to request establishment of a language acquisition program not offered at the school
7. For any dual-language immersion program offered, the specific languages to be taught. The notice also may include the program goals, methodology used, and evidence of the proposed program's effectiveness.

The County Education Office shall continue to provide additional and appropriate educational services to English learners for the purposes of overcoming language barriers until they: (5 CCR 11302)

1. Demonstrate English language proficiency comparable to that of the County Education Office's average native English language speakers
2. Recoup any academic deficits which may have been incurred in other areas of the core curriculum as a result of language barriers

English learners shall be reclassified as fluent English proficient when they are able to comprehend, speak, read, and write English well enough to receive instruction in an English language mainstream classroom and make academic progress at a level substantially equivalent to that of students of the same age or grade whose primary language is English and who are in the regular course of study. (Education Code 52164.6)

The procedures used to determine whether an English learner shall be reclassified as fluent English proficient shall include, but not be limited to: (Education Code 313, 52164.6; 5 CCR 11303)

1. Assessment of English language proficiency using an objective assessment instrument, including, but not limited to, the state's English language proficiency assessment ELPAC (Overall PL 4 only)

3. Opportunities for parent/guardian opinion, consultation and involvement during the reclassification process, including:

- a. Notice to parents/guardians of language reclassification and placement, including a description of the reclassification process and the parent/guardian's opportunity to participate
  - b. Encouragement of parent/guardian participation in the County Education Office's reclassification procedure, including seeking parent/guardian opinion and consultation during the reclassification process
4. Comparison of student's performance in basic skills against an empirically established range of performance in basic skills based on the performance of English proficient students of the same age that demonstrates whether the student is sufficiently proficient in English to participate effectively in a curriculum designed for students of the same age whose native language is English.

The County Superintendent or designee shall monitor the progress of reclassified students to ensure their correct classification and placement. (5 CCR 11304)

The County Superintendent or designee shall monitor students for at least four years following their reclassification to determine whether the student needs any additional academic support to ensure the student's language and academic success.

#### Advisory Committee

A parent/guardian advisory committee shall be established at the County Education Office level when there are more than 50 English learners in the County Education Office and at the school level when there are more than 20 English learners at the school. Parents/guardians of English learners shall constitute committee membership in at least the same percentage as English learners represent of the total number of students in the school. (Education Code 52176; 5 CCR 11308)

The County Education Office English language advisory committee shall advise the County Board on at least the following tasks: (5 CCR 11308)

When there are at least 15 percent English learners in the County Education Office, with at least 50 students who are English learners, a County Education Office English learner parent advisory committee shall be established to review and comment on the County Education Office's local control and accountability plan (LCAP). The committee shall be composed of a majority of parents/guardians of English learners. (Education Code 52063; 5 CCR 11301, 15495)

The advisory committee established pursuant to 5 CCR 11308, as described in the section "Advisory Committee" above, could serve as the LCAP English learner advisory committee if its composition includes a majority of parents/guardians of English learners.
