Preface

The Enterprise City Board of Education is established under authority of state law for the purpose of exercising general supervision and administration of the public schools serving school age children who reside within the city limits of the City of Enterprise, and of promoting the interests of the Enterprise City Schools and the children they serve. Those responsibilities are met, in part, by the adoption and implementation of formal policies by which the principles that guide decisionmaking are established.

Policies are generally broad statements of principle and purpose, and are intended to serve as a framework for decisionmaking and administrative action rather than as a manual for day-to-day decisionmaking and action. Policies can nevertheless establish specific substantive standards and requirements, including standards of personal and professional conduct, the violation of which may result in disciplinary sanctions or other adverse consequences. However, policies do not restrict the ability of the Board or its employees to respond reasonably and flexibly to unexpected contingencies, emergencies, and other conditions that call for a response that is tailored to unique or special circumstances.

Policies should be construed as a whole and with reference to related policies and applicable law. Although policies are adopted partly for the purpose of meeting the requirements of pertinent law, they do not establish or create a legal right, claim, entitlement, or interest to or in any title, position, assignment, duty, work location, level or rate of compensation, benefit, or term of employment.

Any provision, feature, or aspect of Board policy that does not conform to governing law should be deemed void and superseded by such law. Editorial changes that do not affect the meaning, substance, or application of a policy may be made by the Board without advance public notice and comment. In general, the Board reserves the right to adopt, revise, interpret, amend, repeal, suspend, or apply policies according to its assessment of the needs and interests of the school system, subject only to such limitations on the exercise of such prerogatives as may be imposed by law.

A majority of the whole Board will constitute a quorum for purposes of transacting Board business except as may otherwise be provided by law. Deviations from or errors in executing parliamentary procedure do not invalidate Board actions or decisions that are otherwise consistent with the intent of the Board.

In an effort to reasonably regulate the manner of recording, and the prevent disruption of the conduct of the meeting, the Board adopts the following rules applicable to recording:

- a. Small recording devices (defined as devices which may be held in the palm of a hand) may be placed upon the Board’s bench, provided that such device will not disrupt any Board business.
- b. Larger recording devices must be placed in one of the following three places:
 - 1. On the person or in the lap of the attendee.

Board members should be notified immediately that the request is being placed on the agenda. If there is a question among Board members as to whether an item is appropriate for inclusion, then the majority of the Board shall determine whether the item is to be included on the agenda at the time the of the vote to approve the agenda. Individuals or groups shall be called upon for presentations at the appropriate time. One person at a time is allowed to speak at the podium. A person shall be allowed three (3) uninterrupted minutes to make his/her presentation or two (2)

2.6 *Policy Development and Adoption*

The local board of education shall, upon the written recommendation of Superintendent, determine and establish a written educational policy for the board of education and its employees and shall prescribe rules and regulations for the conduct and management of the schools. An alteration to any policy of the Board shall be submitted in writing, presented at a meeting, and held over until the next meeting at which time the vote of a majority of Board members shall be necessary for its adoption (unless unanimous consent is given for its adoption at the same meeting at which the amendment is proposed).

Before adopting written policies, the Board shall directly or indirectly through the Superintendent, consult with the local employees' professional organization whose parent organization represents the majority of school employees statewide. 2.7 *Superintendent's Responsibilities, Qualifications, and Appointment*

2.7.1 Role, Responsibilities, Qualifications, and Term – The Superintendent serves as the chief executive officer of and secretary to the Board. The Superintendent may exercise such prerogatives and duties as are prescribed by statute, as are delegated or specified in an employment contract, or as are otherwise lawfully assigned by the Board. The Superintendent must possess the minimum qualifications for the position that are established by law and such other qualifications as may be specified by the Board. The term of the Superintendent's appointment will be established by contract and may be renewed, extended, or modified, subject to any limitations regarding the extension or renewal of the appointment as are imposed by law.

[Reference: ALA. CODE §16-12-3 (1975)]

2.7.2 Scope of Executive and Administrative Authority – In addition to specific grants of authority set forth in particular Board policies, the Superintendent is authorized to develop and implement such lawful and reasonable rules, regulations, operating procedures, administrative directives, or like measures as are directed to compliance with legal requirements or attainment of the objects of Board policy.

2.7.3 Board and Superintendent Relations – The operation of a school system is a complex undertaking. Important to success is the quality of relationship that exists between the Board and the Superintendent and his or her staff. In some cases the duties and prerogatives of each can be clearly defined; while in others, functions necessarily overlap. Often complicated questions which cannot be anticipated will arise; faith, understanding, and patience are essential to teamwork. Advance knowledge that certain codes of conduct and principles will be observed by the Superintendent and board members promotes confidence, trust, and provides for understanding and cooperation.

The Enterprise City Board of Education considers the formulation and adoption of policies as its most important function. The execution and implementation of adopted policies shall be the function of the Superintendent. Delegation by the Board of its executive powers to the Superintendent provides freedom for the Superintendent to manage the schools within the Board’s policies and frees the Board to devote its time to policy-making and judicial and evaluative functions. The Superintendent is responsible for carrying out the Board’s policies within established guidelines and for keeping the Board informed about school operations. In an effort to keep the Board informed, the Superintendent should promptly notify Board members of any happenings of an emergency nature that occur in the schools.

2.8 *Recordkeeping and Retention of Board Records*

Board records will be maintained by the Superintendent in the manner and for the length of time required by applicable law and the “Local Boards of Education Functional Analysis and Records Disposition Authority”

2.9 *Association Membership*

The Board will maintain membership in the Alabama Association of School Boards.

The Chief School Financial Officer shall work under the direct supervision of the local Superintendent of Education but shall have a fiduciary responsibility to the Enterprise City Board of Education.

The Chief School Financial Officer shall perform duties as specified by the Board as well as those duties specifically specified by state law. The Superintendent may also assign additional duties to the Chief School Financial Officer in order to provide for the efficient administration of the school system.

A budget will be developed and approved for each fiscal year, which extends from October 1st through September 30th of the following year. Preparation, presentation, submission, and approval of the budget will be undertaken and completed as provided for in state law and regulations, including providing an opportunity for public input regarding the budget. Budgets will be “balanced” such that the expenditures set forth in the budget for the fiscal year will not exceed revenues and any fund balances on hand.

The Board shall hold at least two open public hearings pertaining to its proposed annual budget. Copies of the proposed budget shall be provided to the public at each hearing on forms provided by the State Department of Education.

The Superintendent or Chief School Financial Officer will inform the Board, before the Board votes on the budget or budget amendment, if approval of the budget will prevent the establishment or maintenance of a one-month’s operating balance. A one-month’s operating balance shall be determined by dividing the General Fund expenditures and fund transfers out by 12. In determining the General Fund expenditures and fund transfers out, the proposed budget or budget amendment, shall be used.

Such statements will be submitted for publication to any newspaper in circulation in the city of Enterprise, so long as such a newspaper shall exist.

3.4 *Finance Manual Authorized*

Financial transactions will be administered in accordance with a general finance manual and any local school finance manual that may be developed by the Superintendent or the Chief School Financial Officer and approved by the Board. The finance manual(s) will establish and describe specific practices and procedures that are to be followed in connection with all phases of financial administration, including, but not limited to such matters as accounting, bookkeeping, inventory maintenance, payroll, reconciliation, fund security, receipting, disbursement, purchasing, disposal of property, banking, and investments. The practices, procedures, and requirements set forth in the manual(s) will be disseminated or made available to all employees with administrative responsibilities involving the receipt, handling, or expenditure of school or school system funds, and training should be provided by the Superintendent and the Chief School Financial Officer regarding the contents of the manual(s).

3.5 *Fund Balance Policy in Accordance with GASB Statement No. 54*

3.5.1 Governmental Funds Definitions – The following definitions will be used in reporting activity in governmental funds. The Board may or may not report all fund types in any given reporting period, based on actual circumstances and activity.

- a. The General Fund is used to account for and report all financial resources not accounted for and reported in another fund.
- b. Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.
- c. Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest, even if it is being accumulated for future years' payments. Debt Service Funds should be used to report resources if legally mandated.
- d. Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

- 3.5.2 Fund Balances – Fund balances will be reported in governmental funds under the following five categories using the definitions provided by GASB Statement No. 54:
- a. Nonspendable fund balances include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained in-tact. Examples of nonspendable fund balance reserves for which fund balance shall not be available for financing general operating expenditures include: inventories, prepaid items, and long-term receivables.
 - b. Restricted fund balances consist of amounts that are subject to externally enforceable legal restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation. Examples of restricted fund balances include: restricted grants.
 - c. Committed fund balances consist of amounts that are subject to a purpose constraint imposed by formal action of the Board before the end of the fiscal year and that require the same level of formal action to remove the constraint.
 - d. Assigned fund balances consist of amounts that are intended to be used by the school system for specific purposes. The Board authorizes the Superintendent or Chief School Financial Officer to make a determination of the assigned amounts of fund balance. Such assignments may not exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund. Assigned fund balances require the same level of authority to remove the constraint.
 - e. Unassigned fund balances include all spendable amounts not contained in the other classifications. This portion of the total fund balance in the general fund is available to finance operating expenditures.
- 3.5.3 Priority – When expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it shall be the policy of the Board to consider restricted amounts to have been reduced first. When an expenditure is incurred for the purposes for which amounts in any of the unrestricted fund balance classifications could be used, it shall be the policy of the Board that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts.
- 3.5.4 Review and Reporting – The Board of Education along with the Superintendent and Chief School Financial Officer will periodically review all restricted, committed, and assigned fund balances. The Chief School Financial Officer will prepare and submit an annual report of all restricted, committed and assigned funds for the Board of Education.

The certified public accounting firm employed by the Board to audit the Board's finances shall also perform a yearly legal compliance audit in accordance with state law. The findings of audits conducted pursuant to this section shall be presented to the Board in a board meeting.

If the compliance audit results in adverse findings, the adverse findings shall be noted in the audit report, and shall be reported to the Board and to the State Superintendent of Education. If the adverse findings involve misappropriation or theft, such findings shall also be reported to the district attorney and the Attorney General. Such adverse findings shall, upon request, be provided to any member of the public.

Notification to the employee will consist of a letter mailed or delivered to the employee’s last known address. The notice will specify the amount owed, the method by which the amount was calculated, a proposed schedule of repayment, an opportunity for the employee to review or examine any documents or other evidence supporting the claimed overpayment, and an opportunity for the employee to object in person or in writing to the amount or manner of the proposed withholding to provide an alternative plan of repayment. Unless the Board’s ability to recover funds in question could be jeopardized by doing so, the Board will arrange a reasonable schedule of repayment so as to avoid undue hardship to the employee.

3.11.2 Retention and Recovery Authorized – If no objection to the proposed withholding is received within a reasonable time (to be specified in the notification letter), monies may be retained in the manner and to the extent described in the notification. If the employee objects to the proposed withholding, the Superintendent or his designee may, upon consideration of the objection and information and argument (if any) submitted in connection therewith, take such action as may be warranted under the circumstances and inform the employee in writing of the decision. If the employee is dissatisfied, he may contest the decision through the Board’s complaint procedure. Monies may be withheld by the Board pending completion of the grievance process, provided that, should the Board later pay over to the employee monies that have been retained under authority of this policy, such payment(s) will reflect all appropriate deductions and will include accrued interest from the date of withholding at the rate specified by the then-effective rate applicable to interest on unpaid judgments under Alabama law. If, after exhausting reasonable efforts to do so, the Board is unable to contact the employee in the first instance, the Board may retain or withhold from compensation or other payments due the employee an amount sufficient to

satisfy the indebtedness; provided that any such retention or withholding will be subject to review and reconsideration at the request of the employee.

- a. The committee composition and procedures used by such committee will follow Alabama statutes and guidelines.
- b. The proposed budget will be consistent with the plans developed for the school and the Enterprise City School System.
- c. The proposed budget will be submitted for approval by the teachers at each school prior to the close of the current school year.

All funds must be spent on classroom instructional support purposes consistent with system and state rules; funds may be spent on instructional and electrical equipment used in the classroom with students.

Funds should be made available to each teacher before December 1 each year. Unused funds will revert to the state and/or system.

The Superintendent and the CSFO shall establish a timeline by which purchases must be finalized each year in order to ensure timely and efficient accounting for all funds prior to the close of the fiscal year.

3.21 *Income from School Activities*

All income from school activities and concession sales shall be deposited in the appropriate account and shall be disbursed in accordance with Board Policy, accreditation standards, and State Department of Education regulations.

3.22 *OMB Part 200*

Federal funds subject to the requirements of the Office of Management and Budget's Uniform Administrative Requirements, Cost Principles and Audit Requirements—Part 200 ("Part 200") will be subject to the following policies:

- 3.22.1 Cash Management for Federal Funds –The Board will minimize the time between the receipt of federal funds from the United States Treasury, the Alabama Department of Education, or other pass-through entity, and the disbursement of those federal funds. Federal funds will only be requested to meet immediate cash needs for reimbursement not covered by prior receipts and anticipated disbursements that are generally fixed, such as monthly program salaries and benefits. Disbursements will be made within twenty business days after receipt of funds.

The Chief School Financial Officer will maintain financial records that account for the receipt, obligation, and expenditure of each federal program fund. Cash balances for each federal program fund and for the aggregate of all federal program funds will be monitored by the Chief School Financial Officer or designee.

Board procedures to minimize the cash balances in federal program funds are expected to prevent the aggregate cash balances of federal program funds from earning \$500 or more for the fiscal year if maintained in interest-bearing accounts. The federal program funds, with the exception of Child Nutrition Program funds, will not be maintained in an interest-bearing bank account if the Chief Financial Officer determines that banking requirements for minimum or average balances are so high that an interest-bearing account would not be feasible. Federal program funds will be maintained in insured checking accounts that are subject to the state requirements for public deposits under the SAFE program.

3.22.2 Determination of Allowable Costs –

- a. Before instituting a financial transaction that will require the expenditure of federal funds the federal program director and the Chief School Financial Officer or designee will determine that the proposed transaction meets the requirements for allowable costs for the federal program. Actions to determine allowable costs will assure that:
1. The proposed expenditure is included in the federal program budget;
 2. The proposed expenditure is reasonable and necessary for the federal program;
 3. The proposed expenditure is consistent with procedures for financial transactions of the board including:
 - A. Purchase order approval procedures;
 - B. Contract review and approval procedures;
 - C. Applicable competitive purchasing procedures; and
 - D. Documentation supports allowability of transaction.

- b. Before payments are made from federal funds the federal program director and the Chief School Financial Officer or designee will determine that the federal program expenditure complies with generally accepted accounting principles and complies with state, local, and federal laws, rules and regulations.

3.22.3 Travel Policy – Travel costs are the expenses for transportation, lodging, subsistence, and related items incurred by board employee who are in travel status on official business of the board. The board’s travel policy provides for reimbursement and payments for travel costs of employees paid from federal funds that are consistent with the travel costs for board employees paid from state or local funds.

3.22.4 Conflict of Interest Policy – Generally, a conflict of interest exists when a board member, board employee, or agent of the board participates in a matter that is likely to have a direct effect on his or her personal and financial interests. A financial interest may include, but not limited to, stock ownership, partnership, trustee relationship, employment, potential employment, or a business relationship with an applicant, vendor, or entity. A board member, board employee, or agent of the board may not participate in his or her official capacity in a matter that is likely to have a direct and predictable effect on his or her financial interests.

A board member, board employee, or agent of the board will abide by the Federal and state laws and regulations that address conflict of interest standards. In general, the Federal rules provide that:

No employee, officer, or agent of the board shall participate in selection, or in the award or administration of a contract supported by Federal funds if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs, or is about to employ any of the parties indicated herein, has a financial or other interest in a tangible personal benefit from the firm considered for a contract. The board’s officers, employees, or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subcontractors.

The board’s conflict of interest policies include adherence to the Alabama Ethics Law, as it may be amended from time to time, which defines conflict of interest as:

A conflict on the part of a public official or public employee between his or her private interests and the official responsibilities inherent in an office of public trust. A conflict of interest involves any action, inaction, or decision by a public official or public employee in the discharge of his or her official duties which would materially affect his or her financial interest or those of his or her family members or any business with which the person is associated in a manner different from the manner it affects the other members of the class to which he or she belongs.

A board member, board employee, or agent of the board may not review applications, proposals, or participate in the evaluation or selection process where his or her participation in the review process would create the appearance that he or she is: (a) giving preferential treatment; (b) losing independence and impartiality; (c) making decisions outside official and appropriate channels; or (d) harming the public's confidence in the integrity of the board.

Situations and circumstances presenting an actual conflict of interest or the appearance of a conflict of interest should be brought to the immediate attention of the Superintendent. A board employee, board members, or agent of the board who has knowledge of a possible conflict of interest should identify the conflict and notify the Superintendent. The Superintendent will document his or her actions related to the reported conflict of interest. Resolution can consist of disqualification, recusal, waiver, or other appropriate measures. Appropriate measures may include reporting a conflict of interest to the State Ethics Commission, the Alabama State Board of Education, or the appropriate federal agency.

3.22.5 Procurement Policy – The board will follow state laws for the procurement of property and services. The primary state procurement laws for Alabama school board are: Alabama Competitive Bid Laws (Chapter 13B of Title 16, Code of Alabama 1975); Joint Information Technology Purchasing Agreement (Chapter 13B of Title 16, Code of Alabama 1975); and Public Works Law (Title 39, Code of Alabama 1975).

To the extent allowed by state laws, the board will utilize state, local, regional, and national purchasing agreements where appropriate for the procurement or use of goods and services. All procurement transactions are subject to the board's Conflict of Interest Policy and the procurement decisions of the board will:

- a. Avoid acquisition of unnecessary or duplicative goods and services;
- b. Use the most economical and efficient approach for acquisitions;
- c. Award acquisitions contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the proposed procurement;
- d. Consider contractor integrity, compliance with public policy, record of past performance, and financial and technical resources prior to awarding procurement contracts;
- e. Maintain records sufficient to document the history of the procurement; and,
- f. Conduct procurement transactions in a manner that provides full and open competition.

Procurement transactions for federal programs and child nutrition programs that are not subject to the state procurement laws, but exceed the aggregate amount of

the federal micro-purchase threshold, will be obtained by utilizing price or rate quotes from two or more qualified sources. State procurement laws include requirements that comply with the other Uniform Administrative Requirements for procurement of property and services.

The board will request proposals for those professional service contracts (excluding architectural and engineering services) that are exempt under state procurement laws if the contracts exceed \$250,000 and will be paid from federal or child nutrition program funds. The board will utilize a team of three or more qualified individuals to conduct a technical evaluation of proposals received and for selecting recipients. As a part of the evaluation, the individuals on the evaluation team will sign an assurance that each of the individuals is in compliance with the board's conflict of interest policy.

IV. General Administration

4.1 *Security / Access to Schools*

- 4.1.1 Security Measures Authorized – The Superintendent, principals, and facility administrators are authorized to take reasonable and lawful measures to protect against personal injury, trespass, vandalism, theft, and like threats to personal safety, property damage, and financial loss to or on Board property or at school functions and activities. To that end, the Superintendent, principals, and facility administrators are authorized to implement building-level requirements and procedures governing access to Board owned or controlled buildings, grounds, property, events, and activities by school and non-school personnel, including family members and relatives, vendors, attorneys, and other visitors, and to adopt “check-in” and “check-out” requirements and procedures for students and employees.
- 4.1.3 Adult Sex Offenders – Adult sex offenders who have been convicted of a sex offense involving a minor must:

For the purposes of this policy, a K-12 school activity is an activity sponsored by a school in which students in grades K-12 are the primary intended participants or for whom students in grades K-12 are the primary intended audience including, but not limited to, school instructional time, after school care, after school tutoring, athletic events, field trips, school plays, or assemblies.

Adult sex offenders have a duty to comply with this policy, which shall not be construed to impose an affirmative duty of any kind on the school principal, his

4.2.2 Prohibition on the Possession of Weapons – The possession of a deadly weapon or dangerous instrument in a school building, on school grounds, on school property, on school buses, or at school-sponsored functions is prohibited except for authorized law enforcement personnel. high rate of speed, any device so classified under state or federal law, and any device either used or intended to be used in such manner as to inflict bodily harm, provided that the terms “deadly weapon” and “dangerous instruments” will exclude, to the extent permitted by law, devices and equipment that are used for the purpose of and in connection with school or Board sanctioned educational, team, or competitive activities.

to all notification, referral, suspension, placement, re-admission, and other provisions set forth in ALA. CODE §16-1-24.1 and 24.3 (1975).

4.3 Accreditation

The Board will implement and adhere to such accreditation policies, principles, standards, and procedures as may be established or required by the Southern Association of Colleges and Schools Council on Accreditation and School Improvement (“SACS CASI”) accreditation division of AdvancED as a condition to receiving or maintaining accreditation.

4.4 Use of Board Property

4.4.1 Equipment, Supplies, Materials, Vehicles – Equipment, supplies, materials, vehicles, and other movable or consumable property owned by or under lease to the Board may not be used by or made available to persons or entities for private or personal use, benefit, or consumption, or for any non-Board related use or purpose. Such property may not be removed from Board premises except as necessary to serve a school or Board-related function or purpose, and with the knowledge and approval of the Superintendent.

4.4.1 Use of Board Facilities – Schools and other Board owned or controlled facilities may be made available for use by sanctioned or generally recognized school support organizations if the use of the facility will not disrupt school operations or be inconsistent with the purpose and mission of the school system, and if adequate advance provision is made for security, supervision, maintenance, damage prevention, post-event clean-up, liability insurance, and other risk management measures appropriate to the proposed use. Use of Board facilities for non-school organizations may be approved if the foregoing conditions are satisfied and a rental contract (or the equivalent thereof) that includes a reasonable fee or rental charge and other appropriate terms and conditions is approved by the Board.

4.4.2 Advertising – Board property will not be used for commercial advertising except upon such terms and conditions as may be expressly approved by the Board.

4.5 Renovations or Upgrade to Board Facilities

Any major work performed to renovate or upgrade Board facilities must be Board approved, notwithstanding the source of the labor or funds.

4.6 Naming Board Facilities

No facility, property, building, or part thereof, under the control of the Board will be named after or for any living person or for any person who has been deceased for fewer than five (5) years.

4.7 Complaints and Grievances

4.7.1 General Complaints (Grievances) – Subject to the limitations set forth below and elsewhere in this policy manual, any employee or member of the public may

present to the Board a concern, complaint, grievance, or request for corrective action regarding any aspect of school system operations. Before requesting corrective action or relief from the Superintendent or the Board, persons with such complaints, grievances, or requests should present them for resolution to the employee, supervisor, or administrator at the lowest administrative level who has the authority and ability to address the problem or to implement the requested action. The Superintendent is authorized to develop specific procedures that will provide for fair consideration and orderly review of complaints and grievances. Such procedures may not unreasonably burden or delay the presentation or processing of such matters, and will be subject to Board review, modification, and approval.

- 4.7.2 Limitations Regarding Availability and Application of General Complaint/Grievance Policy – The general complaint/grievance policy and any procedures adopted thereunder do not apply to specific complaint or grievance policies and procedures that are established by Board policy or law for application to special factual or legal circumstances (e.g., sexual harassment grievance procedures; review of personnel matters under the Students First Act; “due process” hearings provided under the Individuals with Disabilities Education Act). In such instances, the specific statutory, regulatory, or policy-based process is the applicable procedure. The general complaint/grievance procedures that are authorized under the terms of this policy may not be invoked for the purpose of challenging or seeking review or reconsideration of adverse personnel decisions that have received final Board approval. A grievance may be based on an alleged misapplication of Board policies, regulations, or procedures, but may not be used to challenge the Board’s exercise of its discretion to adopt, approve, modify, or repeal a policy, regulation, or procedure or on its failure to exercise such discretion (e.g., adoption of a school calendar, compensation policies, etc.).
- 4.7.3 Student Complaints and Grievances – Complaints, grievances, and requests for corrective action may be brought to the attention of the Board by or on behalf of students with respect to academic, athletic, extracurricular, or other non-disciplinary matters, issues, and concerns only after reasonable efforts to resolve the matter at the school and administrative levels have been exhausted. The Superintendent is authorized to develop specific procedures that will provide for fair consideration and orderly review of such complaints and grievances. Such procedures will not unreasonably burden or delay the presentation or processing of the complaint or grievance and will be subject to review and approval by the Board. Administrative judgments concerning academic or curricular matters or participation in extracurricular activities may be set aside by the Board only upon a showing that the action or decision in question is arbitrary and capricious, fundamentally unfair, or that it violates Board policy or the student’s legal rights.
- 4.7.4 Student Disciplinary Matters – The Board may consider appeals of student disciplinary decisions or actions in accordance with standards and procedures specified in the Code of Student Conduct.
- 4.7.5 Public Complaints – Nothing in this policy shall be construed to deny any member of the public the right to petition the Board for consideration or action

regarding any matter of public concern falling within the statutory jurisdiction of the Board, provided that the person can demonstrate that he or she is impacted by the alleged violation to a greater extent than the impact on the public at large. Pursuant to Section 2.5.8 of this policy, individuals or groups desiring to appear before the Board shall submit a request by completing the “Request to Appear” form obtained at the Board office.

4.7.6 Americans with Disabilities Act Complaint Procedure

- a. *Complaint Criteria* – Persons who believe that they have been discriminated against on the basis of disability in the provision of services, activities, programs, or benefits covered by Title II of the Americans with Disabilities Act may file a written complaint with the ADA Coordinator.
- b. *Complaint Form* – The complaint should be in writing and contain information about the alleged discrimination including the name, address, phone number of complaining party and location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint, will be made available for persons with disabilities upon request.
- c. *Complaint Process* – The complaint should be submitted to the ADA Coordinator as soon as possible, but no later than thirty (30) days after the alleged violation. The ADA Coordinator will meet with the complaining party to discuss the complaint and possible resolutions. Within fifteen (15) calendar days of the meeting, the ADA Coordinator will respond in writing, and where appropriate, in a format accessible to the complaining party, such as large print, Braille, or audio tape. The response will explain the position of the Board and offer options for substantive resolution of the complaint.
- d. *Appeal Procedure* – If the response by the ADA Coordinator does not satisfactorily resolve the issue, the complaining party may appeal the decision within fifteen (15) calendar days after receipt of the response to the Superintendent. Within fifteen (15) calendar days, the Superintendent will respond in writing, and where appropriate, in a format accessible to the complainant, with a final resolution of the complaint.
- e. *Records Retention* – All written complaints received by the ADA Coordinator, appeals to the Superintendent, and records relating thereto will be retained by the Board for at least three (3) years.
- f. *Additional Procedures Authorized* – The Superintendent is authorized to develop such procedures as are necessary to implement this policy.

[Reference: 42 U.S.C.A. §12131, *et seq.*]

4.8 Risk Management

The Board may obtain such liability and other forms of insurance or enter into such risk management agreements, pools, cooperatives, and like arrangements, agreements, or undertakings as it deems necessary and appropriate to meet legal requirements or to protect the Board, its employees, or its property from risk of loss.

4.9 Emergency Closing of Schools

4.9.1 Authority of Superintendent to Close Schools – The Superintendent is authorized to close schools if such action is warranted by weather conditions or other circumstances that pose a risk to the safety and welfare of students and employees, or that render meaningful instruction impossible (e.g., loss of power or other utility services).

4.9.2 Make-Up Dates – To the extent not provided for in the school calendar, any days lost by reasons of an emergency closing will be made up and a revised school calendar approved, if necessary, to reflect any extension or adjustment of the school year required by such action, unless approval to waive the days is obtained in accordance with state law.

4.10 Internet Safety and Use of Technology

4.10.1 Access to Technology Resources – The Board permits restricted and conditional access to and use of its technology resources, including but not limited to computers, the “Internet,” network storage areas, and electronic mail. Such access and use is restricted to employees, students, and other persons who are engaged in *bona fide* educational and administrative activities that serve and are consistent with identified educational objectives or authorized support functions, and who, by signing an “Acceptable Use Agreement,” agree to abide by all Board policies, rules, and regulations regarding technology use. The Acceptable Use Agreement will be developed by the Superintendent for approval by the Board.

4.10.2 Restriction or Loss of Technology Privileges – Persons who violate any Board policy, rule, or regulation regarding technology use may be denied use of the Board’s technology resources and may be subject to additional disciplinary action.

4.10.3 Ownership of Technology Resources and Data – All technology resources, including network and Internet resources, e-mail systems, and computers or other access devices owned, leased, or maintained by the Board are the sole property of the Board. Board personnel may, at any time and without prior notice, access, search, examine, inspect, collect, or retrieve information of any kind from the Board’s technology resources, including computer or related equipment, files, and data, to determine if a user is in violation of any of the Board’s policies, rules, and regulations regarding access to and use of technology resources, for or in connection with any other matter or reason related to the safe and efficient operation or administration of the school system, or for any other reason not prohibited by law. Users of school system technology resources have no personal

right of privacy or confidentiality with respect to the use or content of such resources.

4.10.4 Adoption of Rules and Regulations – The Superintendent is authorized to develop for Board approval additional or more specific rules and regulations regarding access to and use of its technology resources and to require adherence to such rules and regulations through such means as the “Acceptable Use Agreement” and application of appropriate disciplinary policies and procedures. Such rules and regulations will address or provide:

- a. Measures to block or filter Internet access to pictures that are obscene, that constitute child pornography, or that are harmful to minors;
- b. Restriction of access by minors to inappropriate material on the Internet;
- c. The safety and security of minors when they are using electronic mail, chat rooms, and other forms of direct electronic communications;
- d. Prevention of “hacking” and other forms of unauthorized use of or access to computer or Internet files, sites, databases or equipment; and
- e. Unauthorized disclosure, use, and dissemination of personal information regarding minors;
- f. Restriction of minors’ access to harmful material; and
- g. Educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

4.10.5 Limitation on Liability – The Board makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the Board’s technology resources will be error-free or without defect. The Board will not be responsible for any damage users may suffer, including but not limited to loss of data or interruption of service.

[Reference: 47 U.S.C. §254(h) and (l)]

4.11 *Data Governance and Use*

The Superintendent is authorized to establish procedures governing the storage, use, and sharing of data maintained electronically by the school system. Such procedures shall comply with applicable state and federal law and shall include provisions for data security (including physical security measures), access controls, quality control, and data exchange and reporting (including external data requests, and third party data use). Nothing in this policy or in any procedures authorized hereunder creates or expands any entitlement to confidentiality of records beyond that which is established by law or specific Board policy.

Any unauthorized access, use, transfer, or distribution of Board data by any employee, student, or any other individual may result in disciplinary action (up to and including termination for employees) and other legal action.

4.12 *Distribution of Literature and Materials to Students and Employees*

Literature or materials which originate from out-of-school sources shall be approved by the Superintendent or designee prior to distribution to Enterprise City School System students.

The principal shall prohibit all forms of canvassing or soliciting of teachers or students on Enterprise City School System premises during school hours except as otherwise approved by the Superintendent. No literature or materials from out-of-school sources shall be distributed to students or employees without the approval of the Superintendent or designee. Student or school surveys by outside groups or organizations require the approval of the Superintendent or designee.

4.13 *Political Activity*

Board employees may participate in political activities to the full extent permitted by the United States Constitution and federal and state laws securing the right to engage in such activities, subject to the following restrictions:

- a. Employees may not appropriate Board property or resources for use in political campaigns, and may not engage in partisan political activities (including but not limited to the distribution of campaign material or literature) during regular school or duty hours or at Board sponsored or sanctioned events, functions, or at activities at which the employee is on duty or assigned official responsibilities;
- b. Employees may not represent their political beliefs or positions on political matters to be those of the Board or other Board officials, or to falsely assert or imply that their political activities or positions are endorsed by or undertaken in the name of the Board or other Board officials;
- c. In order to avoid disruption to the classroom and the school, employees may not wear or display political buttons, clothing, or banners during regular school or duty hours or at Board sponsored or sanctioned events, functions, or at activities at which the employee is on duty or assigned official responsibilities.
- d. In order to avoid obstructing the parking lot or otherwise disrupting school activities, employees may not place large signs or billboards in or on personal vehicles in the school parking lot;
- e. Candidates and representatives of candidates for political office may not be invited or allowed to address student groups except when 1) such candidates are participating in a forum or like format that is designed to provide all candidates the opportunity to participate; or 2) the candidate is a current public official invited to address student groups for non-campaign related purposes. Such forums may be conducted only for appropriate age groups, and with the advance approval of the school principal and the Superintendent;

- f. Political signs may not be placed on schools or school board property; and
- g. Campaign literature and other material may not be distributed on Board property during the regular school or work day and may not be distributed at school or Board sponsored events or activities in a manner that impedes the normal and safe movement of pedestrian or vehicular traffic, that creates any other safety hazard or risk, or that disturbs or disrupts the function, activity, or event.

Notwithstanding these restrictions, any common area that is available for use by the general public may be used for political purposes as long as such area is available to all candidates on an equal basis and such activity does not disrupt the normal business of the property.

Additionally, if the board determines that promotion of a ballot initiative (e.g. tax referendum) furthers the purpose and mission of the school system or serves a public purpose, the board may use public funds, not otherwise restricted, and other public property to seek support for the ballot initiative.

4.14 *Automatic External Defibrillator (AED)*

An automated external defibrillator (AED) is used to treat victims who experience sudden cardiac arrest (SCA). It is only applied to victims who are unconscious, not breathing and showing no signs of circulation, such as normal breathing, coughing, or movement. The AED will analyze the heart rhythm and advise the operator if a shock-able rhythm is detected. If a shock-able rhythm is detected, the AED will charge to the appropriate energy level and advise the operator to deliver a shock.

- a. An AED will be maintained on the premises of each school in the Enterprise City School System. The AED shall be used in emergency situations warranting its use by individuals specifically trained in the use of the device. Such supplemental duties are not considered to be a part of a teaching contract or appointment, and no tenure, continuing service status, non-probationary status, or contractual right to continued employment or compensation for such supplemental assignment will be recognized or implied in the absence of a separate written contract of employment providing for such rights.

5.5 Professional Development

The Superintendent will develop and implement an ongoing program of professional training and development that is designed to enhance the competencies of professional and support staff. Employee attendance and participation in such training institutes, workshops, seminars, and programs may be made mandatory by the Superintendent. Employees shall not solicit any gift, directly or indirectly, or participate in the collection of any donations toward any gift to be given to or received by the employee.

Employees may accept gifts from students or other members of the public if the gifts are in accordance with the Alabama Ethics law or other pertinent state laws.

Employees may accept gifts or gift cards purchased from pooled donations within a class, team, or other school organization for the employee's personal use provided that the

amount that each person gives does not exceed twenty-five dollars (\$25.00) and that the contribution to the pool does not result in the donor's exceeding the aggregate amount of allowable gifts for that year.

This policy shall not be deemed to prohibit gifts of items or supplies that may be used by teachers or support staff in performing their functions for the system (notebooks, school or classroom supplies, etc.) or to prohibit the giving or receipt of gift cards for the purpose of purchasing such items or supplies. However, employment evaluations are intended to enhance the overall quality of the school system's instructional program and are not intended to confer, constitute, or give rise to

any individual right, entitlement, or enforceable expectation of continued employment or advancement. Accordingly, except as may be specifically provided otherwise in state law applicable to “contract principals,” employees do not acquire any employment right or right of legal action based on any actual or alleged failure on the part of the Board or the evaluator to follow specific evaluation policies, regulations, or procedures.

- 5.8.4 Special Evaluation Situations – The Superintendent, the Chief School Financial Officer, and other employees who serve in positions of special trust or sensitivity may be evaluated by such means as may be permitted by law or applicable regulation or as agreed to in an employment contract

In extenuating circumstances, the superintendent may allow an employee to take unpaid leave.

Employees who are approved for paid leave or absences will be paid at the regular daily rate of pay; however, a day of paid leave or absence will not be counted as a day worked for the purposes of computing overtime under the Fair Labor Standards Act. Pay will be reduced on a *pro rata* basis for leaves or absences not covered by sick, vacation, personal, or other appropriate form of paid leave. The continuation of benefits during an approved absence is subject to the provisions of the particular benefit policy or plan.

An employee who is injured on the job may file a request for unreimbursed medical expenses and costs with the State Board of Adjustment. The Board will provide such reasonable assistance to the employee in filing the Board of Adjustment claim as is required by law, but assumes and will have no responsibility or liability for processing the claim or directly reimbursing the employee any unreimbursed medical expenses and costs. Any employee who takes leave under these provisions will be entitled to be restored to the original position held when the leave commenced or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.
- 5.11.11 Maintenance and Benefits – Benefits accrued by the employee before leave is taken are not lost when approved FMLA leave is taken. Employees who are on approved FMLA leave will remain eligible to participate in benefit programs in which the employee was enrolled at the time of the leave, provided that the employee will continue to be responsible for payment of employee’s portion of any cost, premium, or like payment that is required to maintain eligibility for the coverage or benefit. An employee that does not return to work after FMLA leave, will be required to reimburse the Board for the cost of benefits coverage extended to the employee during the leave, unless the reason for the employee’s failure to return to work is (i) a continuing serious health condition suffered by either the employee or a family member, or (ii) other circumstances beyond the employee’s control.
- 5.11.12 Instructional Employees – Medical leave taken by eligible instructional employees is subject to further limitations and provisions established by the FMLA. The Superintendent or his designee is authorized to develop additional information and guidelines concerning Instructional Employees.

5.12 *Sick Leave Bank*

A “Sick Leave Bank” plan for full-time certified and classified employees is hereby established in accordance with applicable provisions of state law. A Sick Leave Bank Committee will be established to oversee the operations of the Sick Leave Bank in accordance with state law and the following provisions:

Board Representative – The Member representing the Board will be appointed by the Superintendent, subject to Board approval.

Participant Representatives – The participant representatives will be selected by the sick leave bank members.

- b. *Procedures for Selecting Employee Representatives on Committee*

1. *Nomination* – Before each election of participant representatives, the Board will hold an open nomination period. Any employee who is eligible to participate in the sick leave bank may be nominated for one of the participant representative positions. Nominations must be written and must be received in the Personnel Department by the deadline specified in a notice to be provided by the Superintendent or his/her designee through Board publications and other means of communication that are generally used for such purposes.
2. *Voting* – Each eligible nominee will be placed on the Sick Leave Bank Committee ballot. Voting will take place by ballot at Board facilities at the time specified or as may otherwise be provided by the Board. Supervision of voting will be by local facility personnel. Voting members will be required to verify their ballot by signing the Board’s voter record. Votes will be forwarded to the Personnel Department for final tabulation. The four candidates receiving the highest number of votes will serve as participant representatives on the Sick Leave Bank Committee.

- c. *Term of Committee Members* – Sick Leave Bank Committee members will serve for a term of one year and may not serve for more than five years.

- f. *Sick Leave Bank Committee Duties* – The Sick Leave Bank Committee will develop proposed rules and regulations for the Sick Leave Bank, to be submitted to participating members for approval. At a minimum, said rules and regulations must include those terms and provisions that are required by statute. - g. *Employee Participation* – Participation in the Sick Leave Bank is voluntary and open to all full-time employees and part-time employees as specified in the personnel handbook of the Board. 5.13 *Administrative Leave*

The Superintendent is authorized to place an employee on administrative leave upon a determination that the best interests of the school system would be served by such action. Administrative leave relieves the employee of regular work responsibilities pending resolution of the matters or circumstances that gave rise to the leave. Administrative leave is not disciplinary in nature or purpose and does not affect the employee’s compensation, benefits, tenure, or nonprobationary status. Administrative leave may be accompanied by such additional restrictions or conditions as may reasonably be imposed by the Superintendent under the circumstances (e.g., limitation on access to school property). The status of employees who are on administrative leave will be reviewed and reported to the Board periodically or as otherwise may be directed by the Board.

5.14 *Equal Employment Opportunity*

5.14.1 Unlawful Discrimination Prohibited – The Board is an equal opportunity employer. Personnel actions and decisions will be made without regard to factors or considerations prohibited by federal or state law (as such laws may from time to time be amended), including but not limited to race, gender, age, disability, national origin, citizenship, and religious preference.

5.14.2 Implementing Regulations Authorized – The Superintendent is authorized and directed to implement such rules, regulations, procedures, and directives as necessary and appropriate to implement and enforce this policy and any law prohibiting discrimination in the workplace, including the designation of one or more complaint/grievance investigators, officials, or coordinators, the development of complaint or grievance procedures for responding to allegations of unlawful discrimination, the provision of training or dissemination of instructional materials and advisories to appropriate staff members, and the administration of corrective or remedial action in response to violations of the law and of this policy.

5.15 *Sexual Harassment*

The Board strictly prohibits unlawful discrimination in all of its programs, offices, departments, facilities, and functions. Sexual harassment, as defined by law, is a form of unlawful discrimination and will not be tolerated from employees or other persons associated with the Board.

5.15.1 Definition of Sexual Harassment – Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature when:

- a. Submission to such conduct or communication is made a term or condition, either explicitly or implicitly, of employment or other employment benefits provided by the Board;
- b. Submission to or rejection of such conduct by an individual is used as the basis for decisions affecting the individual's employment, or other benefits provided by the Board; or
- c. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

5.15.2 Examples of Prohibited Conduct – The following are examples of conduct that may constitute sexual harassment, depending on individual circumstances:

- a. Verbal harassment or abuse of a sexual nature, including graphic or derogatory comments, the display of sexually suggestive objects or pictures, and sexual propositions;
- b. Repeated unwelcomed solicitation of sexual activity or sexual contact;
- c. Unwelcomed, inappropriate sexual touching;
- d. Demands for sexual favors accompanied by implied or overt promises of preferential treatment or threats with regard to an individual's employment status.

5.15.3 Employee Complaint Resolution Procedure

- a. *Reporting* – Any employee with reason to believe that he or she has been or is being subjected to any form of sexual harassment should report the matter immediately. Under no circumstances will an employee be required to present the complaint to the person who is the subject of the complaint.
- b. *Informal Complaint* – An employee may choose to submit a sexual harassment complaint to a supervisor for investigation and resolution at the departmental or local level without resorting to formal complaint procedures. If the supervisor is the subject of the complaint, the complaint

may be submitted to the Superintendent for resolution. If the complaint is not resolved informally to the satisfaction of the complaining employee, the employee must contact the Superintendent to initiate formal complaint procedures.

5.15.4 Formal Complaint Procedure

- a. *Persons Responsible for Receiving and Investigating Formal Complaints* – The Superintendent is responsible for receiving and investigating formal complaints regarding sexual harassment. The Director of Human Resources is an additional official to which formal complaints can be reported. If the Superintendent is unavailable or is the subject of the complaint, the alternate should be contacted regarding the formal complaint.
- b. *Complaint form, contents* – Formal complaints should be made in writing, signed by the complainant, and fully describe the circumstances surrounding the alleged harassment. Harassment complaints that cannot be made in writing should be memorialized by the Superintendent or designated alternate official.
- c. *Investigation* – The Superintendent will promptly investigate the complaint, review the results of any investigation with legal counsel or other appropriate officials, make any findings that are supported by the investigation, and recommend appropriate action based on these findings. The complainant will be informed of any action that is taken as a result of the investigation.
- d. *Review by the Superintendent and the Board* – A complaining party who is not satisfied with the investigation or resolution of the complaint may request that the Superintendent take additional or different action or present the complaint to the Board for its review and action. In such case, the Board will render a final decision as soon as practicable.

5.15.5 Confidentiality – To the extent possible, reports of sexual harassment will be kept confidential; however, complete confidentiality cannot be guaranteed.

5.15.6 Retaliation Prohibited – No retaliation or adverse action may be imposed as a result of a good faith complaint or report of sexual harassment. False accusations that are made in bad faith or for improper reasons may result in disciplinary action.

5.15.7 Penalties for Violation – Any employee who violates the terms of this policy or who impedes or unreasonably refuses to cooperate with a Board investigation regarding allegations of sexual harassment will be subject to appropriate disciplinary action, up to and including termination.

5.16 *Reduction-In-Force*

5.16.1 Definition and Scope –

- a. This policy applies to reductions-in-force that are implemented by “layoffs” as contemplated by Ala. Code §16-1-33 (1975).
- b. A reduction-in-force may be declared by the Board of Education and layoffs approved thereunder if the Board determines that decreased student enrollment or a shortage of revenues requires a reduction in the work force (beyond normal attrition) in order to maintain effective provision of educational services or to meet the Board’s financial, legal, or operational obligations.
- c. A “layoff” within the meaning of this policy is an unavoidable reduction in the workforce beyond normal attrition due to decreased enrollment or shortage of revenues. As provided in Section 6(h)(3) of the Students First Act, Ala. Act 2011-270, layoffs based on such reasons are not subject to challenge or review under said Act. Employees who are laid off under authority of this policy are eligible for recall to employment as conditionally provided in this policy. The term “layoff” does not include or apply to the expiration of temporary, occasional, or “at-will” appointments or to decisions not to renew or extend employment beyond the expiration of annual or other specified terms of appointment.

5.16.2 Criteria for Implementing Layoffs.

- a. The order, priority, rank, or selection of individual employees who are to be laid off under authority of this policy shall be determined on the basis of objective criteria. However, nothing herein shall be deemed or construed to limit or abridge the Board’s legislative discretion to identify areas, departments, groupings, or classifications for reductions (layoffs). (For example, the Board is not required to justify by objective criteria or otherwise a decision to implement layoffs in non-instructional categories or employees before doing so with instructional staff).
- b. The criterion or criteria on which the layoffs are to be based shall be announced or otherwise made known by the Board to employees affected by the layoff no later than the date notice of the layoff is provided to the employees.
- c. “Objective criteria” within the meaning of this policy may include any lawful selection standard (or combination of standards) that is verifiable, calculable, measurable, or otherwise determinable by means or methods other than the personal or subjective judgments or opinions of the person(s) applying the criteria, and that would be expected to produce the same result if applied to the same employees or group of employees by different persons. For purposes of this policy, objective criteria may include, but are not limited to:

- i. Seniority, longevity, or time in service that will be more specifically described in the notice of layoff that is provided to affected employees;
- ii. Years of experience;
- iii. Degrees, certification, or licensure;
- iv. Specialized training and experience with particular educational programs or initiatives including but not limited to the Alabama Reading Initiative (ARI) and/or the Alabama Math, Science and Technology Initiative (AMSTI);
- v. Job classification;
- vi. Any requirements that may be imposed by state or federal law or court order;
- vii. Written or otherwise documented performance evaluations that can be fairly, accurately, and objectively compared to other similarly situated employees for the purpose of ordering or ranking, provided that such evaluations predate the RIF announcement or declaration by not less than thirty days

5.16.3 Recall. Employees who have been laid off under the terms of this policy will be given priority in filling positions as enrollment or financial circumstances warrant, provided that:

- a. The nature of and qualifications for the position have not materially changed;
- b. The laid-off employee remains properly qualified, licensed, or certified; and
- c. The laid-off employee confirms in writing his or her availability for and interest in re-employment to the Board's Director of Human Resources in accordance with any directives that may be contained in or transmitted in conjunction with the notice of layoff.

Circumstances permitting, and to the extent practicable, the selection of employees for recall will be based on the criteria that were applied to the layoffs themselves if there are more employees eligible for recall than positions available to fill. When layoffs occur over a period of time, the Board will take relative length of separation from service into consideration in assigning recall priority, other factors being equal. In no case will any right to be recalled to employment extend beyond one year from the effective date of the employee's layoff. Recalled employees will retain credit for the tenure, years of service, and the pay and benefit status they held on the effective date of their layoff. No pay, benefits, status, or additional rights will accrue or be credited to the recalled employee for the time he or she has been laid off.

5.16.4 Notice. Notification of layoff and recall shall be by United States certified or registered mail, hand delivery, or such other means as are reasonable under the circumstances. Notice sent by certified mail will be deemed delivered two days after the date of the certified mail. Upon delivery of notification of recall, a laid-off employee shall respond affirmatively to the notice of recall in accordance with such specific directions or instructions as may be contained therein. Any laid-off employee who does not so respond or who otherwise declines an offer of re-employment by the Board will be deemed to have waived any right to be recalled under the terms of this policy.

5.16.5 Reservation of Board Authority. Nothing in this policy will be deemed or construed to restrict or impair the authority of the Board to reorganize, consolidate, eliminate, reallocate, or otherwise modify the nature and configuration of its workforce in accordance with Alabama law.

5.17 *Drug-Free Workplace*

5.17.1 General – It is the policy of the Enterprise City Board of Education that the use of alcohol and other drugs and the unlawful manufacture, distribution, dispensation, possession, or use of illicit or illegal drugs is prohibited. Any employee violating this policy will be subject to disciplinary actions, up to and including termination of employment and referral to the appropriate authorities for prosecution. This policy has been adopted in accordance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989. Nothing in this policy should be construed as precluding the Board from adopting additional or alternative programs, procedures, and penalties in order to achieve the goal of a drug- and alcohol-free public school system.

5.17.2 Standards of Conduct –

- a. The possession, use, transfer, sale, or distribution of alcoholic beverages by any employee while on the job or on school premises or off campus in connection with or affecting any school related activity is strictly prohibited. Violation of this policy will result in disciplinary actions up to and including termination of employment and referral to the appropriate authorities for prosecution.
- b. The Board does not differentiate between drug users or sellers. The unauthorized manufacture, possession, use, transfer, sale, or distribution of controlled substances is strictly prohibited. Any employee who violates this prohibition while on the job or off will be subject to disciplinary action, up to and including termination of employment and referral to the appropriate federal, state, or local law enforcement agencies for investigation and prosecution.
- c. The term “controlled substance” means any drug listed in 21 U.S.C. Section 812 and other federal regulations. Generally, these are drugs which have a potential for abuse. Such drugs include, but are not

limited to, heroin, marijuana, cocaine (including “crack”), methamphetamine (“ice”), LSD, and PCP.

- d. The Board reserves the right to require that sobriety or drug tests or screenings be performed whenever a school official observes or is made aware of circumstances that provide reasonable suspicion or belief that the employee has used alcohol, illegal drugs, or other substances in violation of the Board’s substance abuse policies. All such testing or screening will be performed in accordance with local, state, and federal laws and procedures that are developed by the Superintendent for approval by the Board.
- e. See Policy 5.20 Self Reporting Arrest or Conviction
- f. The Superintendent must notify the State Department of Education within ten (10) days after receiving notice from the employee or otherwise receiving actual notice of a conviction of a violation of any federal or state criminal drug statute.
- g. In cases where employees seek help regarding alcohol and other drug-related problems, the costs for these services are the responsibility of the employee. Seeking professional help should not be construed as an avenue for avoiding the disciplinary sanctions described nor for avoiding compliance with job performance standards.

5.17.3 Confirmation – Every school system employee will be responsible for completing a form annually confirming receipt of drug-free workplace policy information.

5.18 *Drug and Alcohol Testing of Safety Sensitive Employees*

5.18.1 Scope – The Board will conduct employee drug and alcohol testing for employees in safety sensitive positions as required by and in accordance with federal law. Testing will be required for all employees holding a commercial drivers’ license (CDL) or who occupy a safety sensitive position as designated by the Board (“covered employees”).

5.18.2 Prohibited Alcohol and Controlled Substance-Related Conduct – In addition to activities identified in other policies, rules, and procedures, Board employees are prohibited from the following:

- f. Consuming alcohol or being under the influence of alcohol within eight (8) hours of going on duty, operating, or having physical control of a vehicle;
- g. Reporting for duty or remaining on duty when using any controlled substance, except when instructed by a physician who has advised the driver and the Board that the substance does not adversely impact the performance of any safety-sensitive duty;
- h. Reporting for duty, remaining on duty, or performing safety sensitive functions with controlled substances in the employee's system.

In the event of a violation of this policy, the employee shall be removed immediately from safety-sensitive duties and shall be subject to such further actions, including disciplinary action up to and including termination, as deemed appropriate by the Superintendent and the Board.

5.18.3 Testing Program Authorized – The Superintendent is directed to establish a testing program whereby all covered employees will be tested for the presence of alcohol and controlled substances. The following tests may be conducted:

- a. *Pre-employment Testing* – Prior to the first time a covered employee performs a safety-sensitive function for the Board, the employee must undergo testing for alcohol and controlled substances.
- b. *Post-accident Testing* – Each surviving driver of an accident, as defined by the FHWA, will be tested for alcohol and controlled substances. In addition, covered employees who are involved in an accident involving injury to a person, or property damage in excess of five hundred dollars (\$500.00) will be subject to post-accident testing.
- c. *Random Testing* – The Board will conduct unannounced random alcohol and controlled substance testing of its covered employees.
- d. *Reasonable Suspicion Testing* – A covered employee must submit to alcohol or controlled substance testing whenever there is reasonable suspicion of alcohol misuse or the use of controlled substances based on specific, contemporaneous, and articulable observations concerning the appearance, behavior, speech, or bodily odors of the employee.
- e. *Return-to-Duty Testing* – A covered employee must submit to return-to-work alcohol and/or controlled substance test before being permitted to

return to work following a positive alcohol or controlled substance test or other violation of this policy or federal regulations.

- f. *Follow-up Testing* – Any employee who continues performing safety-sensitive functions for the Board, following a determination that the employee requires assistance in resolving problems associated with alcohol misuse or the use of controlled substances, shall be subject to unannounced follow-up alcohol or controlled substance testing as directed by the Board’s substance abuse professional (SAP).

This prohibition does not apply to the routine transmission of administrative and personnel files.

In addition, this prohibition does not apply if the information giving rise to probable cause has been properly reported to a law enforcement agency with jurisdiction over the alleged misconduct, and has been reported to any other authorities as required by local, state or federal law, and at least one of the following conditions applies:

In addition, a student who started Grade 1 in another state, according to that state’s entrance code, and is not six years old by the date set by the State guidelines, is considered a transfer and admitted to school to continue in Grade 1. Applications for new non-resident students for each grade will be reviewed in the order they are received until the allotment of successful applicants has been accepted.

A non-resident enrollment application may be denied because a school, grade, or program(s) lacks space, staff, support services, facilities, or equipment, taking in-district enrollment projections into consideration, or because the student:

- 1) does not meet the established eligibility criteria for participation in a particular program, including age requirements, course prerequisites, and required levels of academic performance;

Unless otherwise deemed necessary for the best interest of the student, homeless students will continue in the school they attended before becoming homeless for the duration of their homelessness, or for the remainder of the academic year if the student becomes permanently housed during an academic year. Otherwise, a homeless student may be enrolled in any school in the system that non-homeless students who live in the attendance area in which the student is living are eligible to attend.

- (ii) *Dispute Resolution.* When a dispute arises regarding school placement, the system will immediately enroll the homeless student in the school in which enrollment is sought by the parent, guardian, or unaccompanied youth, pending resolution of the dispute. A social security number may also be requested, but such request is voluntary and is not a requirement of enrollment.

In addition, students may also be required to submit other registration materials as school officials may reasonably require including, but not limited to, a certificate of immunization or an exemption as prescribed by the Department of Public Health and signed by a private physician or

appropriate health department official. The Superintendent may accept alternate forms of evidence or modify otherwise applicable requirements as necessary and appropriate to accommodate homeless, migrant, immigrant, students in foster care, or English Learners.

- Personal illness
- Hospitalization
- Emergency
- Death in immediate family
- Court subpoena
- Religious holidays
- Absences approved by the principal

Documentation supporting an excused absence must be submitted in a timely manner or the absence will be deemed to be unexcused. Excessive unexcused absences may result in referral of the matter to juvenile or other appropriate legal authorities for investigation.

6.1.5 Truancy – Parents or guardians are required to ensure that students under their care, custody or control attend school regularly. Habitual or excessive absence from school may require Board officials to refer the matter to juvenile authorities or to initiate truancy proceedings.

Transfer requests must be submitted in writing and must include detailed reasons for the request. The Superintendent may approve or deny a transfer request in light of the stated reasons for the request, the capacity and resources of the schools, the student’s record (including behavior, grades, attendance, and other factors), and the best interests of the student and of the school system. The existence or availability of a transfer process does not create or give rise to any right to attend a particular school, and school assignment remains wholly with the discretion of the Board.

Prior to the student’s participation in practice or competition, the head coach of the team must obtain and keep on file a copy of the information worksheet signed by the team member and his or her parent or guardian.
- c. Develop a program designed to educate coaches on how to learn to recognize the symptoms of a concussion and how to seek proper medical treatment for a person suspected of having a concussion. The training shall be provided by qualified medical personnel or persons with special expertise in recognizing and responding to concussions and brain injuries, and shall be offered to every coach prior to the beginning of practice for the athletic team that he or she coaches.

- d. Promulgate or otherwise inform coaches of the statutory requirement that a youth athlete must be removed “from participation and may not return to play the day of the injury and until the athlete is evaluated by a licensed physician and receives written clearance to return to play from a licensed physician.”

The Board may use information and forms prepared by the Alabama High School Athletic Association as they may be revised from time to time, but nothing in any such materials should be interpreted or otherwise understood to create a duty or standard of care on the part of any person charged with its implementation.

- b. The principal shall not allow advertisements of intoxicants or tobacco products or other products which would be inappropriate for the intended audience.

6.8 *Equal Educational Opportunities*

No student will be unlawfully excluded from participation in, be denied the benefits of, or subjected to discrimination in any program or activity offered or sponsored by the Board on the basis of race, ethnicity, color, disability, creed, national origin, sex, immigrant or migrant status, non-English speaking ability, or homeless status.

6.9 *Title IX*

6.9.1 Prohibition – In accordance with Title IX (20 U.S.C. §1681, *et seq.*), the Board strictly prohibits discrimination on the basis of sex or gender in its programs or activities, including sexual harassment, as defined by law and Board policy. Sexual harassment complaints should be filed and reviewed under the Board’s student sexual harassment policy. All other complaints under Title IX will be filed and reviewed according to the Board’s general complaint and grievance procedures.

6.9.2 Title IX Coordinator – The Superintendent is authorized and directed to designate a Title IX Coordinator, whose duties will include but not be limited to receiving and responding to Title IX inquiries and complaints.

6.10 *Voluntary Religious Expression*

The Board does not discriminate against students or their parents or guardians on the basis of their religious viewpoints or their expression of such viewpoints. Such views and expressions are treated in the same manner as nonreligious viewpoints, activities, or expressions.

Students may express their religious beliefs in all phases of their schoolwork without penalty or reward based upon the religious nature or content of such expression. Schoolwork is evaluated according to the academic standards and pedagogical objectives that otherwise apply to the work or activity in question. These standards and objectives included but are not limited to acquisition and/or mastery of factual information; development of analytical, problem solving, learning, critical thinking, communication, organizational, and social skills; college preparatory and career readiness training; proficiency in and appreciation of the performing arts; and the development of personal skills that are designed to facilitate attainment of the foregoing objectives, future academic success, and employability. The scholastic work of the system's students will be evaluated in light of the foregoing standards and objectives, academic and curricular guidelines and criteria established or approved by the State or Enterprise City Boards of Education, and determined by evaluation, achievement, assessment, and testing materials, instruments, methods, and measures that have been generally recognized as appropriate for such purposes within the educational community and applied successfully in public school settings.

Students may organize and participate in religious activities before, during, and after school and have access to school facilities to the same extent students are permitted to organize and participate in other noncurricular activities to the extent that such access to or use of Board facilities does not constitute a constitutionally impermissible endorsement or sponsorship of the organization or violate any right established by or imposed by either the Alabama or United States Constitutions.

6.11 *Student Sexual Harassment*

6.11.1 Sexual Harassment Prohibited – Sexual harassment in any form that is directed toward students is prohibited. Persons who violate the policy will be subject to the full range of disciplinary consequences up to and including termination (for employees) and expulsion (for students) as dictated by the nature and severity of the violation and other relevant considerations. If appropriate, the circumstances constituting the violation may be reported to law enforcement agencies or child welfare agencies for further investigation and action.

6.11.2 Definition – For purposes of this policy, sexual harassment means unwelcome sexual advances, requests for sexual favors, other physical or verbal conduct or communications of a sexual nature, and any other gender-based harassment, whether initiated by students, school employees, or third parties, when:

- a. Submission to the conduct is made explicitly or implicitly a term or condition of the student's education, including any aspect of the student's participation in school-sponsored activities, or any other aspect of the student's education;

- b. Submission to or rejection of the conduct is used as the basis for decisions affecting the student’s academic performance, participation in school-sponsored activities, or any other aspect of the student’s education;

- d. Demands for sexual favors accompanied by implied or overt promises of preferential treatment or threats with regard to the student’s educational status.

6.11.3 Sexual Harassment Complaint Procedures Authorized – The Superintendent is authorized and directed to establish, implement and revise more detailed sexual harassment complaint procedures that are designed to provide students who believe that they are victims of unlawful sexual harassment with a thorough, discreet, and prompt internal procedure for investigating and resolving sexual harassment complaints. The procedures will be drafted so as to facilitate the gathering of relevant facts and evidence, permit timely assessment of the merits of the complaint, provide an opportunity for informal resolution of complaint where appropriate, eliminate any harassment that is established by the investigation, and prevent any retaliation based upon the filing of the complaint. The procedures will reflect due regard for the legal rights and interests of all persons involved in the complaint, and will be drafted, explained, and implemented so as to be understandable and accessible to all student population groups and ages.

6.11.4 Initial Confrontation of Accused Harasser Not Required – A student who invokes the harassment complaint procedure will not be required to present the complaint to the accused or suspected harasser for resolution. Students will be permitted to report allegations of suspected harassment to any appropriate Board administrator, teacher, counselor, or employee, and such persons have a duty to promptly refer such allegations to the Superintendent or to take such action as may be required by the procedures established under “Sexual Harassment Complaint Procedures Authorized” (6.11.3) above. In no case will any employee who is the subject of a complaint be permitted to conduct, review, or otherwise exercise decisionmaking responsibility in connection with the processing of the complaint.

6.11.5 Notice of Policy to be Promulgated – The Superintendent will promulgate and disseminate this policy and the complaint procedures to the schools and will take such other steps and measures as may be reasonably available and expedient for informing the school community of the conduct prohibited by this policy and the recourse available to students who believe that they have been subjected to sexual harassment.

6.12 *Protection of Pupil Rights Amendment*

6.12.1 Consent – The Board will obtain parental consent before students are required to participate in a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):

- g. Religious practices, affiliations, or beliefs of the student or parent(s); or
- h. Income, other than as required by law to determine program eligibility.

6.12.2 Notice and Option to Opt Out – Parents will be provided notice and an opportunity to opt a student out of any of the following:

- a. Any survey that is designated to obtain protected information from a student, regardless of the source of funding;
- b. Any non-emergency, invasive physical exam or screening that is required as a condition of attendance, that is administered by the school or its agent, and that is not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law; and
- c. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or for the purpose of selling or otherwise distributing the information to others.

6.12.3 Inspection – Parents will be allowed to inspect, upon request and before administration or use, the following:

The Board will directly notify parents of these policies and procedures at the beginning of each school year and after any substantive changes are approved.

Except where the context requires otherwise, the term “educational records” has the meaning given in 20 U.S.C. 1232g(a)(4). Copies of such records may likewise be provided to the extent required and under circumstances specified by applicable law or regulation. 6.14 *Student Health Services*

The Board may offer limited student health services that are designed to address medical issues that may arise during the school day or to assist with special or chronic health problems. In cases of acute or contagious illnesses, parents or guardians may be notified and required to pick up the student. If a parent or guardian is not available, the administrator or school nurse may contact the Department of Public Health. School officials are authorized to take reasonable and appropriate steps to provide or arrange for the provision of emergency medical services to students who require immediate medical attention. In case of illness or accidental injury not requiring immediate medical attention, standard first aid procedures may be followed. The Superintendent is authorized to develop and promulgate procedures, rules, and regulations for approval by the Board concerning the taking, administration, and handling of medication at school, protocols for blood borne pathogens, immunizations, contagious and other communicable diseases, and other areas related to health services consistent with state law and appropriate health standards. Such procedures, rules and regulations may be compiled or integrated into a Health Services Handbook.

6.15 *Student Conduct*

The Superintendent will prepare and present to the Board for adoption and periodic revision a Code of Student Conduct (“CSC”), with input from teachers, school personnel, students, parents and guardians, and other members of the education community and, as appropriate, the community at large. The CSC will comprehensively describe the rules and standards of conduct and discipline that will be maintained and enforced within Enterprise City Schools. The CSC will set forth the specific grounds for disciplinary action, the penalties, sanctions, or consequences that may be imposed for a violation of the CSC, the methods and procedures by which violations of the CSC will be determined, and any appeal or review procedures that are available to students. The CSC will incorporate applicable statutory and regulatory requirements, and the hearing and appeal procedures specified in the CSC will conform to applicable statutory and constitutional standards and requirements. The CSC may be incorporated in a student handbook and will be made available to all teachers, school personnel, students, parents and guardians at the beginning of each school year. The CSC will be deemed an extension of Board policy and will have the force and effect thereof.

6.16 *Searches (Students)*

- a. *Board Property* – All school system property, facilities, and grounds may be entered, inspected, and searched for any lawful purpose by Board officials or their designees at any time, without prior notice and to the fullest extent permitted by law. The right to enter, inspect, and search includes and extends to (but is not limited to) Board owned or controlled offices, desks, file cabinets, lockers, computers, files, documents, data, and devices however and wherever kept, stored, or maintained.
- b. *Personal Property* – Personal property, including but not limited to vehicles, purses, wallets, gym bags, book bags, cell phones, computers, and “personal

digital assistant” (PDA) devices may be searched by authorized school officials, including school principals or their designees, when reasonable suspicion exists that the property contains prohibited materials, illegal substances, weapons, or other items that are reasonably deemed to present a risk or threat to the safety or welfare of the school community.

- c. *Personal Searches* – Students may be searched whenever reasonable suspicion exists that the student possesses prohibited materials, illegal substances, weapons, or other items that are reasonably deemed to present a risk or threat to the safety and welfare of the school community. Student searches must be conducted by a school administrator in the presence of another certified school employee and may include a private pat down of the student, a search of personal items and clothing, or a more thorough search upon specific approval of the Superintendent. Personal searches will be conducted with due regard for the age and gender of the student. Searches that require physical contact between the school official and the student, removal of clothing, or examination of the student in a way that would implicate privacy concerns must be conducted and witnessed by officials of the same gender as the student and in a way that preserves the dignity of the student to the extent practicable under the circumstances. Refusal to submit to a search or to cooperate in a search as provided in this policy may be grounds for disciplinary action.
- d. *Use of Recovered Items* – Property, material, substances, information, or records that are obtained, discovered, or recovered as a result of a search may be retained and used for any lawful purpose.

6.17 *Corporal Punishment*

The Board allows reasonable corporal punishment of students under the following terms and conditions: as a disciplinary measure, with due regard for the age and physical condition of the student, without excessive force that would produce extended mental anguish upon a student. Corporal punishment will be administered by system administrators in the presence of another adult professional school system employee. Corporal punishment should not be administered in the presence of another student. The Superintendent is authorized to develop and implement procedures for administering and documenting corporal punishment, consistent with the terms of this policy. Parent/guardian must be contacted for approval prior to administering corporal punishment. Parents may also opt out of corporal punishment as a form of discipline.

[Reference: ALA. CODE §16-28A-2 (1975)]

[Reference: ALA. ADMIN. CODE §§290-3-1-.01, 290-3-1-.02]

6.19 *Student Suspension (including Students with Disabilities)*

In order to maintain order, minimize the risk of potential personal injury, property damage or disruption, or to permit an orderly investigation and evaluation of a suspected violation of school or school system rules, standards, or policies, principals may temporarily suspend a student pending a conference with the parent or guardian of the student and a final disciplinary decision. Suspension may also be imposed as a disciplinary measure as provided in the Code of Student Conduct. Suspensions will be counted as excused absences. Make up work will be permitted for such absences unless permitting such work under the circumstances would be impractical or impossible, would serve no purpose, would place school personnel at risk of harm, or would be unreasonable in light of the grounds for the suspension. Suspension of students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act (“IDEA”) and its implementing regulations.

6.20 *Student Expulsion (including Students with Disabilities)*

Students may be expelled from school for offenses serious enough to warrant such action as provided in Code of Student Conduct or other Board disciplinary policies. Students who are recommended for expulsion may be suspended until such time as the Board meets to consider the recommendation for expulsion. Reasonable notice of the proposed action, the reasons therefore, and an opportunity to be heard will be afforded to the student and the student’s parent or guardian prior to a final decision by the Board regarding expulsion. The Superintendent will notify the student or the student’s parent or guardian, in writing, of any action taken by the Board. The term of an expulsion may extend to the maximum permitted by law. The Board may impose such reasonable limitations on the student’s right to re-enroll in the school system following expiration of expulsion as may be permitted by law. A student who withdraws from school prior to the Board’s consideration of a proposed expulsion may not re-enroll in the school system until the Board holds a hearing or other appropriate proceedings regarding the recommended expulsion. Expulsion of students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act (“IDEA”) and its implementing regulations.

6.21 *Electronic Communication Devices*

Pursuant to Alabama Code Section 16-1-27, the Enterprise City School System has developed this policy to ensure the proper use of student mobile devices.

The Enterprise City School System recognizes the student use of all electronic devices, including cellular phones and other mobile devices for instructional purposes at all schools during the school day at the discretion and/or direction of school system staff. Students involved in before or after school academic programs shall observe school hour rules during these programs.

Student use of cellular phones/electronic communication devices shall be allowed on school buses on regular routes before and after school provided they are not causing any disruption. Photos may not be taken on the bus utilizing camera phones or other type imaging products due to student confidentiality regulations and safety concerns.

Violations on regular bus routes shall be referred by the bus driver to the principal or assistant principal of the school that the student attends.

Student use of cellular phones/electronic communication devices for field trips, sporting events, extracurricular activities, etc. during school hours or before or after school hours will be at the discretion of the principal and sponsor/coach

The school/school system is not responsible for the loss, damage, or theft of any electronic device brought to school or to a school event. School officials may read, examine, or inspect the contents of any such device upon reasonable suspicion that the device contains evidence of an actual or suspected violation of the law, of Board policy, of the code of student conduct, or of other school rules, provided that the nature and extent of such examination shall be reasonably related and limited to the suspected violation.

Violators of this policy shall be subject to disciplinary action. Specific disciplinary consequences shall be stated in student handbooks provided to students at each school.

6.22 Drivers' License

6.22.1 Drivers' License – Unless exempted from the requirement by Board policy, a person under the age of 19 years may not under state law obtain a driver's license or a learner's permit without being enrolled in school or meeting alternative criteria established by law. Additionally, a driver's license may be suspended or revoked if a student withdraws or fails to attend school. Students may be exempted or excused from otherwise applicable statutory requirements if their withdrawal or nonattendance is caused by circumstances beyond the control of the student. Circumstances beyond the control of the student may be found with respect to:

- a. Students who are mentally or physically unable to attend school;
- b. Students who are regularly and legally employed in compliance with the provisions of the Child Labor Law; and
- c. Students who, because of the lack of public transportation, are compelled to walk more than two miles to attend a public school.

Students who are denied a driver's license by virtue of their nonenrollment may appeal a decision affecting the student's eligibility for a driver's license to the Superintendent. The appeal should be in writing and filed with the school principal within 15 days of the decision from which the appeal is taken, and should set forth the reasons on which the appeal is based. An appeal should be promptly forwarded to the Superintendent for review and final decision.

6.22.2 Administrative Procedures Authorized – The Superintendent is authorized to develop procedures to implement the provisions of this policy and to comply fully with state law.

[Reference: ALA. CODE §16-28-40, *et seq.* (1975)]

6.23 *Student Parking Privileges – Substance Abuse Policy*

In order to promote the safety and welfare of students and others who work on or visit school campuses, to encourage the development of safe and responsible driving practices, and to serve the general purposes of maintaining a drug and alcohol free school environment, students will be granted the privilege of driving and parking on school property only if they are free of the effects of alcohol or other illegal or controlled substances. Accordingly, any student who desires to drive a vehicle on school property or park on school property may be required to submit to periodically or randomly administered sobriety or drug tests as a condition to issuance of a permit authorizing the operation or parking of a motor vehicle on school grounds. Principals may impose reasonable additional conditions or requirements for the privilege of driving or parking a vehicle on school property including, for example, conditions relating to maintenance of academic and attendance standards and the payment of fees. Principals may also establish priorities for issuance and assignment of parking permits. The Board reserves the right to require that sobriety or drug tests or screenings be passed as a condition to maintaining parking or vehicle permits, or privileges relating to use of a motor vehicle. Such testing or screening may also be performed whenever a school official observes or is made aware of circumstances that provide reasonable suspicion or belief that the student has used alcohol, illegal drugs, or other substances in violation of the Board’s substance abuse policies. All such testing or screening will be performed in accordance with local, state and federal laws and procedures that are developed by the Superintendent for approval by the Board.

6.24 *Student Competitive Extracurricular Activity Substance Abuse Policy*

In order to promote the safety and welfare of students who participate in competitive extracurricular activities, to insure that such participation is neither impaired nor any risk of injury exacerbated, to provide incentives to students to maintain safe and healthful practices, and to promote a school environment that is free of alcohol and illegal drugs or controlled substances, the Board reserves the right to require any student who participates in extracurricular competitive programs or activities to submit to sobriety tests or screening for illegal drugs or controlled substances prior to, during, or following a competitive event, practice, competition, or at any other time while the student is under the supervision of the school system. Such testing or screening may also be performed whenever a school official observes or is made aware of circumstances that provide reasonable suspicion or belief that the student has used alcohol, illegal drugs, or other substances in violation of the Board’s substance abuse policies. All such testing or screening will be performed in accordance with local, state and federal laws, and procedures that are developed by the Superintendent for approval by the Board.
