

Vision

To develop principled students prepared for life after graduation.

Mission

Make Success Happen

Beliefs

Our philosophy encompasses the development of the "whole" child. To achieve this purpose we must guide each child personally, physically, socially, and intellectually. Each child is a unique individual who brings a variety of experiences, values, skills, needs, and learning styles to our school.

Student Progress

Objectives

- To use student portfolio data to make instructional decisions to improve student achievement.
- To focus weekly on Leader in Me strategies to develop high student expectations for themselves.

Critical Initiatives

- Teachers will meet monthly with content specialists to review student data, determine effectiveness of instruction, and develop next steps for differentiated instruction.
- Teachers and students will participate in weekly "Lead Time" to focus on Leader in Me strategies to develop personal and academic goals, monitor those goals, and develop leadership skills.

Key Measures

- STAR, Scantron, and DIBELS
- Decrease in office referrals
