

PRESTFELDE

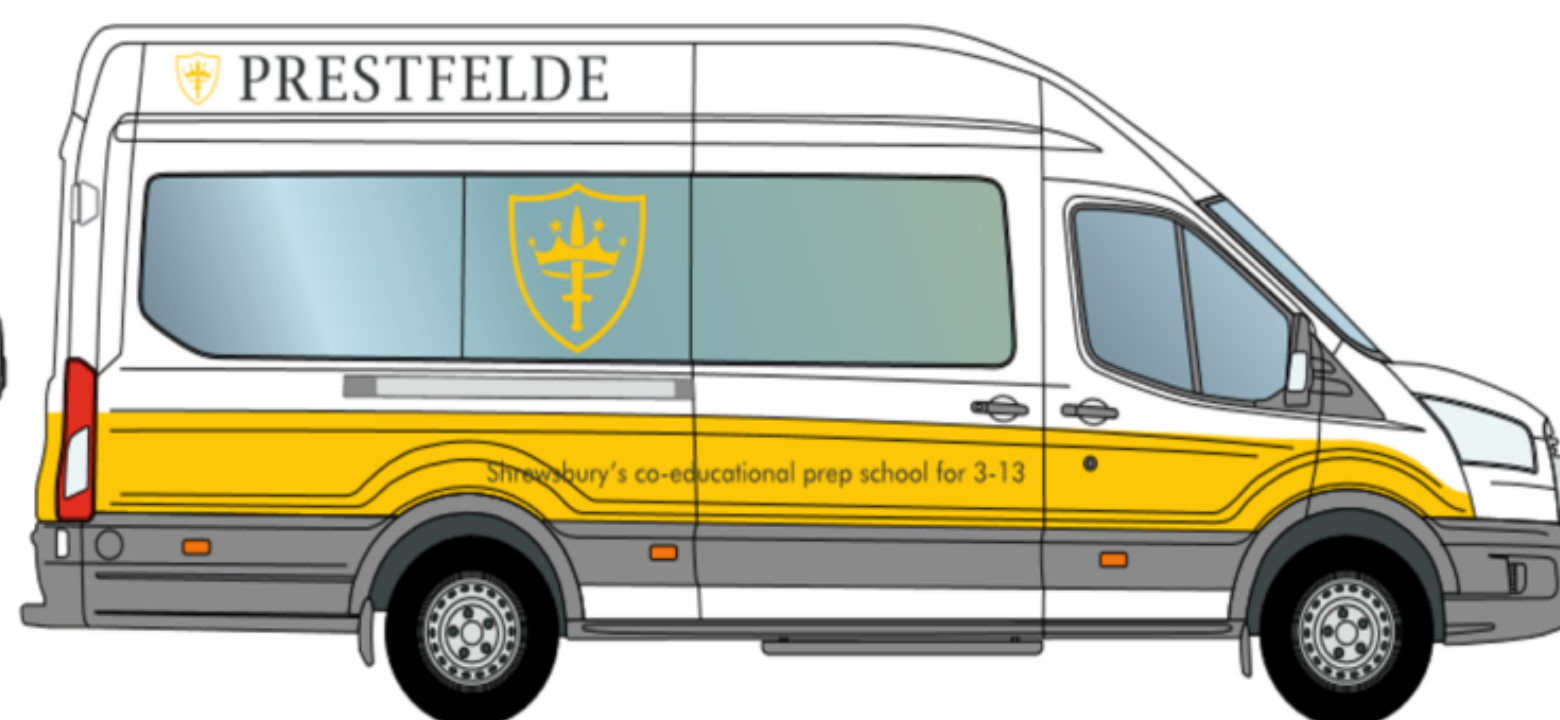

SCHOOL BUS ROUTE PLANNER

The Prestfelde School transport service offers flexibility, allowing families to book regularly in advance or on an occasional basis. We aim to help families with the day-to-day logistics of safely getting children to and from school.

We offer 4 different bus routes across Shropshire, which are assessed each academic year to ensure that we cater to the needs of all pupils and their families. If you have a specific transport request, please contact us. If there is enough interest, we will always try to accommodate need through the creation of new routes or pick-up points.

The benefits of the school bus service

- Our experienced and qualified Drivers are the best in the business! Kind, friendly and loved by the children, they will walk your child to their classroom upon arrival at school.
- By reducing the number of cars on the road, being a part of the school bus service works towards reducing Prestfelde's Carbon footprint.
- Save fuel and enjoy a more relaxed morning and/or afternoon, safe in the knowledge that your child is getting to school safely and on time.
- We run a fleet of 3 brand new buses, driven by a team of 5 Drivers, making our service safe and reliable.
- Travelling on the school bus is fun and sociable for the children. As well as meeting new friends, children will enjoy the Prestfelde care and service as soon as they step on board.
