

Xello Work-Based Learning Network

How to translate Xello into Spanish

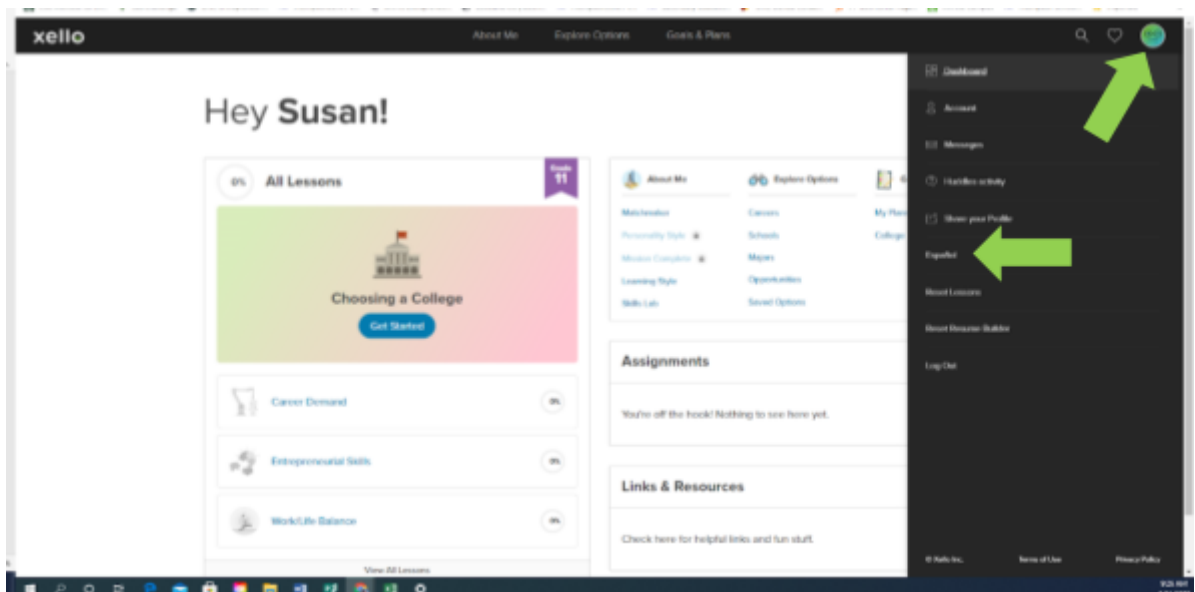

1. Log into to Xello

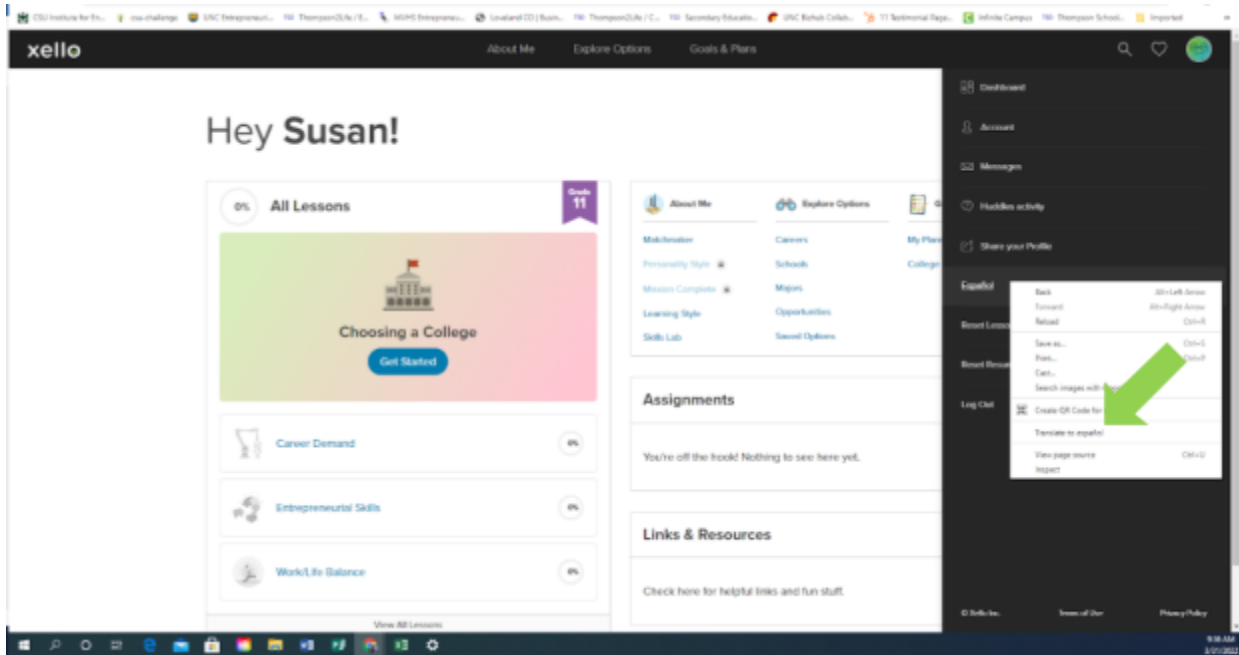

- Log in to Clever at clever.com/in/Thompson. Click on **Log in with Google** and use your TSD student credentials.
- Under the College and Career section, **click on the tile that says XELLO**. It may be green or dark grey.
- You should now see your Xello Student Dashboard

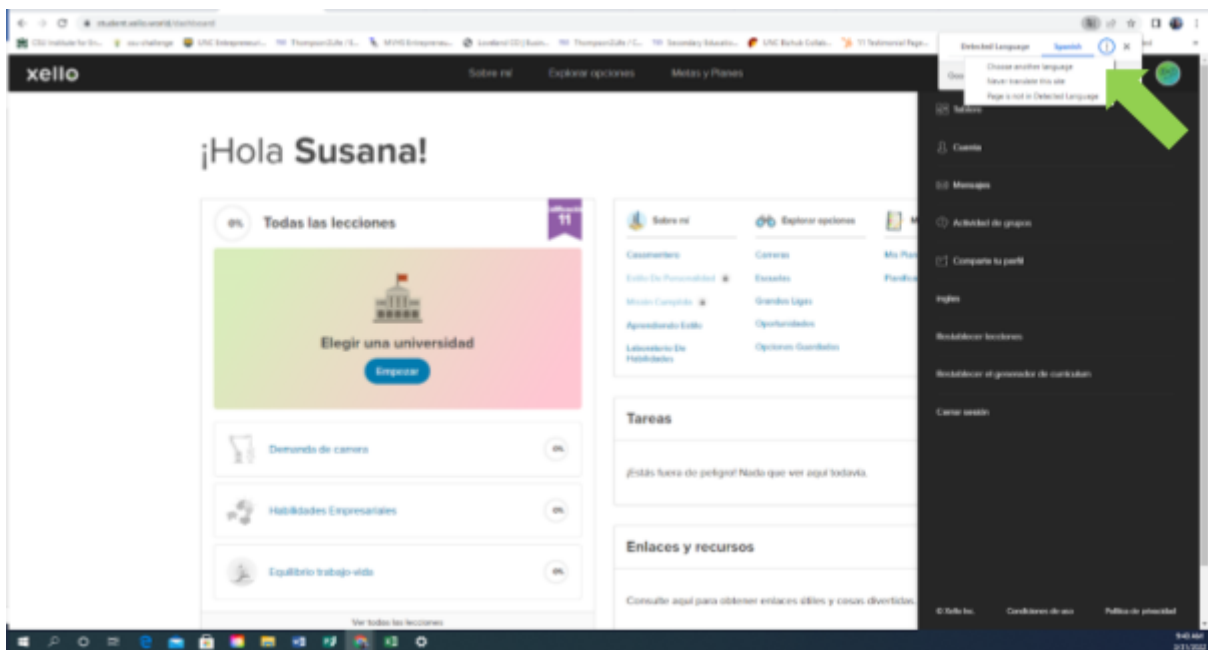

2. Change the language setting from English to Spanish

- In the upper right corner of your dashboard, click on the green avatar or profile picture.
- From the menu that appears, click on Español (or the name of the language that appears there).

- c) From the window that appears in the upper right corner, **click on the 3 vertical dots** and then click **“Choose another language”**

d) Select the language and click Done.
