

## Regulatory Information and FCC Compliance

The U.S. Federal Communications Commission (FCC) regulates interstate and international communications by radio, television, wire, satellite, and cable in all 50 states, the District of Columbia and U.S. territories. An independent U.S. government agency overseen by Congress, the commission is the United States' primary authority for communications laws, regulation and technological innovation.

(Statement from <https://www.fcc.gov/about/overview>)

**Frequently asked questions about the safety of radiofrequency (RF) and microwave emissions from transmitters and facilities regulated by the FCC can be found at this link:**  
<https://www.fcc.gov/engineering-technology/electromagnetic-compatibility-division/radio-frequency-safety/faq/rf-safety#block-menu-block-4>

For Regulatory/Compliance Information related to the devices utilized in Gower School District 62, the following links should prove helpful.
