

# Hinsdale High School District 86

## Weekly Update

June 23, 2023

Update No. 107

The referendum renovations are in their final phase. Phase 4 is comprised of refreshing 85 classrooms at Hinsdale Central. Improvements include new flooring, lighting, paint and acoustic ceilings. Most of the classrooms are getting new furnishings.

The week of June 19-23, demolition and abatement continued. Demolition crews moved from the science wing up to the second floor, removing flooring and ceiling tiles. Meanwhile, new windows are being installed on the west side of the school.

Next steps: Wall prep and paint will begin on the first floor. Ceiling grid installation will begin in the science wing by the end of next week while demolition continues in the rest of the school.

Left: A science classroom is prepped for new paint, ceiling, and lighting.

Right: A riding scraper is used to clear large areas of tile flooring in a second floor classroom.

Left: New windows being installed on the second floor.
