Independent Auditors' Report

To the Board of Trustees Maypearl Independent School District P. O. Drawer 40 Maypearl, Texas 76064

Report on the Audit of the Financial Statements

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Maypearl Independent School District ("the District") as of and for the year ended August 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

FAX: (903) 874-1413

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Maypearl Independent School District as of August 31, 2021, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Change in Accounting Principle

As described in Note A to the financial statements, in 2021, Maypearl Independent School District adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 84, *Fiduciary Activities*. Our opinion is not modified with respect to this matter.

As described in Note A to the financial statements, in 2021, Maypearl Independent School District adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 90, *Majority Equity Interests - an amendment of GASB Statements No. 14 and No. 61.* Our opinion is not modified with respect to this matter.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information, schedule of the District's proportionate share of the net pension liability and schedule of District pension contributions, and schedule of the District's proportionate share of the net OPEB liability and schedule of District OPEB contributions identified as Required Supplementary Information in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Maypearl Independent School District's basic financial statements. The introductory section is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements. The accompanying other supplementary information is presented for purposes of additional analysis and is also not a required part of the basic financial statements.

The other supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 18, 2021 on our consideration of Maypearl Independent School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Maypearl Independent School District's internal control over financial reporting and compliance.

Respectfully submitted,

Anderson, Marx & Bohl, P.C.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Maypearl Independent School District's annual financial report presents our discussion and analysis of the District's financial performance during the year ended August 31, 2021. Please read it in conjunction with the District's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's total combined net position on financial statement exhibit A-1 was \$9,629,591 on August 31, 2021.
- During the year, the District's primary government expenses on financial statement exhibit B-1 were \$1,413,858 less than the \$15,035,273 generated in taxes and other revenues for governmental activities.
- The total cost of the District's programs on financial statement exhibit C-2 increased \$207,064 from last year.
 An Increase in principal payments on long-term debt primarily accounted for this increase.
- The general fund reported a fund balance this year on financial statement exhibit C-1 of \$5,150,642. The District began the current year with a fund balance in the amount of \$4,623,003.

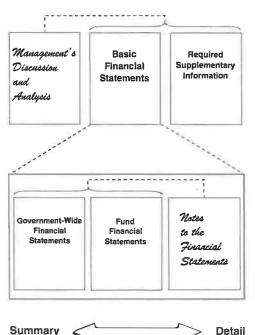

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the government, reporting the District's operations in more detail than the government-wide statements.
- The governmental funds statements tell how general government services were financed in the short term as well as what remains for future spending.
- Fiduciary fund statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and related to one another.

Figure A-1, Required Components of the District's Annual Financial Report

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. The two government-wide statements report the District's net position and how it has changed. Net position—the difference between the District's assets and liabilities—is one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net position is an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District, one needs to consider additional nonfinancial factors such as changes in the District's tax base.

The government-wide financial statements of the District include the *Governmental activities*. Most of the District's basic services are included here, such as instruction, extracurricular activities, curriculum and staff development, health services and general administration. Property taxes and grants finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant *funds*—not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and by bond covenants.
- The Board of Trustees establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The District has the following kinds of funds:

- Governmental funds—Most of the District's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explain the relationship (or differences) between them.
- Fiduciary funds—The District is the trustee, or fiduciary, for certain funds. It is also responsible for other
 assets that—because of a trust arrangement—can be used only for the trust beneficiaries. The District is
 responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of
 the District's fiduciary activities are reported in a separate statement of fiduciary net position and a statement
 of changes in fiduciary net position. We exclude these activities from the District's government-wide financial
 statements because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net position. The District's combined net position was \$9.6 million on August 31, 2021. (See Table A-1).

Table A-1Maypearl Independent School District's Net Position (In million dollars)

(111	minion donardy

Net Position: Net investment in capital assets Restricted Unrestricted Total Net Position	10.6 1.1 (2.1) \$9.6	9.4 1.3 (2.5) \$8.2	13 -15 16 17

The District has \$1,147,414 in restricted net position that represents proceeds from debt service of \$952,735, state and federal programs of \$141,655, and \$53,024 of funds for campus activities. These proceeds when spent are restricted for the above purposes. The \$(2,143,538) of unrestricted net position represents a deficit of resources to be available to fund the programs of the District next year.

Changes in net position. The District's total revenues were \$15,035,273. A significant portion, 36 percent, of the District's revenue comes from taxes. (See Table A-2.) 50 percent comes from state aid – formula grants, while less than 1 percent relates to charges for services.

The total cost of all programs and services was \$13,621,415; 86 percent of these costs are for governmental activities associated with instructional and student services.

Governmental Activities

 Property tax rates decreased. However, due to increased valuations, tax revenues increased by \$588,684 or 12%.

Table A-3 presents the cost of each of the District's largest functions as well as each function's net cost (total cost less fees generated by the activities and intergovernmental aid). The net cost reflects what was funded by state revenues as well as local tax dollars.

- The cost of all governmental activities this year was \$13.6 million.
- However, the amount that our taxpayers paid for these activities through property taxes was only \$5.5 million.
- · Some of the cost was paid by those who directly benefited from the programs \$.12 million, or
- By grants and contributions \$1.8 million.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

Revenues from governmental fund types totaled \$14.9 million, while the previous year it was \$13.8 million. The increase in local revenues is mainly a result of increased tax collections. The increase in state revenues is a result of student population changes and state funding formulas. The change in federal revenues is based on federal programs distributed through other agencies.

General Fund Budgetary Highlights

Over the course of the year, the District revised its budget one time. Actual expenditures were \$396,361 below final budget amounts in the General Fund.

On the other hand, resources available were \$524,517 above the final budgeted amount as state revenues were more than anticipated.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of 2021, the District had invested \$39,064,787 in a broad range of capital assets, including land, equipment, buildings, and vehicles. (See Table A-4.) This amount represents a net increase (including additions and deductions) of \$810,077 or 2 percent over last year.

Table A-4
District's Capital Assets
(In millions of dollars)

	• • • • • • • • • • • • • • • • • • • •	nmental vities 2020	Total Percentage Change 2021-2020

Net capital assets	23,408	23.683	-1

The District's fiscal year 2022 capital budget projects no major spending. More detailed information about the District's capital assets is presented in the notes to the financial statements.

Long Term Debt

At year-end, the District had \$19,232,925 in bonds, pension and OPEB liability, and notes outstanding as shown in Table A-5. More detailed information about the District's debt is presented in the notes to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- Appraised value used for the 2022 budget preparation is \$461,873,958, a decrease of 2.8% from 2021.
- General operating fund spending per student decreased in the 2022 budget from \$11,474 to \$11,251. This is a 1.9% decrease.
- The District's 2022 refined average daily attendance is expected to be 1,080, a slight decrease from 2021.

These indicators were considered when adopting the general fund budget for 2022. Amounts available for appropriation in the general fund budget are \$12,151,371, a decrease of 2.1 percent from the final 2021 budget.

If these estimates are realized, the District's budgetary general fund fund balance is not expected to change appreciably by the close of 2022. However, the COVID-19 pandemic continues to negatively impact economic activity nationwide. The economic effects are still unknown but could potentially affect future revenues.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Maypearl Independent School District's Business Services Department at P. O. Box 40, Maypearl, Texas 76064 or phone number 972-435-1000.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

A. Summary of Significant Accounting Policies

The basic financial statements of Maypearl Independent School District (the "District") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") applicable to governmental units in conjunction with the Texas Education Agency's Financial Accountability System Resource Guide ("Resource Guide"). The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

Reporting Entity

The Board of School Trustees ("Board"), a seven-member group, has governance responsibilities over all activities related to public elementary and secondary education within the jurisdiction of the District. The Board is elected by the public and has the exclusive power and duty to govern and oversee the management of the public schools of the District. All powers and duties not specifically delegated by statute to the Texas Education Agency ("TEA") or to the State Board of Education are reserved for the Board, and the TEA may not substitute its judgment for the lawful exercise of those powers and duties by the Board. The District receives funding from local, state and federal government sources and must comply with the requirements of those funding entities. However, the District is not included in any other governmental reporting entity and there are no component units included within the District's reporting entity.

2. Basis of Presentation, Basis of Accounting

a. Basis of Presentation

Government-wide Financial Statements: The statement of net position and the statement of activities include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The District does not allocate indirect expenses in the statement of activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the District's funds, with separate statements presented for each fund category. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

General Fund: This is the District's primary operating fund. It accounts for all financial resources of the District except those required to be accounted for in another fund.

Debt Service Fund: This fund accounts for the collection of dedicated revenues for payment on bonded debt.

In addition, the District reports the following fund types:

Private-Purpose Trust Funds: These funds are used to report trust arrangements under which principal and income benefit individuals, private organizations, or other governments not reported in other fiduciary fund types.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

Custodial Funds: These funds are used to report student activity funds and other resources held in a purely custodial capacity (assets equal liabilities). Custodial funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

Fiduciary funds are reported in the fiduciary fund financial statements. However, because their assets are held in a trustee or agent capacity and are therefore not available to support District programs, these funds are not included in the government-wide statements.

b. Measurement Focus, Basis of Accounting

Government-wide and Fiduciary Fund Financial Statements: These financial statements are reported using the economic resources measurement focus. They are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District does not consider revenues collected after its year-end to be available in the current period. Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

When the District incurs an expenditure or expense for which both restricted and unrestricted resources may be used, it is the District's policy to use restricted resources first, then unrestricted resources.

3. Financial Statement Amounts

a. Property Taxes

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available when they become due or past due and receivable within the current period.

Allowances for uncollectible tax receivables within the General and Debt Service Funds are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. There is an allowance for uncollectible taxes of \$21,558 as of August 31, 2021.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

b. Inventories and Prepaid Items

The District records purchases of supplies as expenditures, utilizing the purchase method of accounting for inventory in accordance with the Resource Guide.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

c. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated acquisition value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. A capitalization threshold of \$5,000 is used.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Buildings	50
Building Improvements	20
Vehicles	5-10
Equipment	3-15

d. Deferred Outflows and Inflows of Resources

In addition to assets, the statements of financial position (the government-wide Statement of Net Position and governmental funds balance sheet) will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deterred outflows of resources, represents a consumption of net position and/or fund balance that applies to one or more future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statements of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to one or more future periods and so will not be recognized as an inflow of resources (revenue) until that time.

e. Receivable and Payable Balances

The District believes that sufficient detail of receivable and payable balances is provided in the financial statements to avoid the obscuring of significant components by aggregation. Therefore, no disclosure is provided which disaggregates those balances.

There are no significant receivables which are not scheduled for collection within one year of year end.

f. Interfund Activity

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the government-wide statement of activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net position.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

g. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of certain assets, liabilities, revenues, and expenditures, expenses, and other disclosures. Accordingly, actual results could differ from those estimates.

h. Data Control Codes

Data Control Codes appear in the rows and above the columns of certain financial statements. The TEA requires the display of these codes in the financial statements filed with TEA in order to ensure accuracy in building a statewide database for policy development and funding plans.

i. Fund Balances - Governmental Funds

Fund balances of the governmental funds are classified as follows:

Nonspendable Fund Balance - represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaid insurance) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

Restricted Fund Balance - represents amounts that are constrained by external parties, constitutional provisions or enabling legislation.

Committed Fund Balance - represents amounts that can only be used for a specific purpose because of a formal action by the District's Board of Trustees. Committed amounts cannot be used for any other purpose unless the Board of Trustees removes those constraints by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the Board of Trustees. Commitments are typically done through adoption and amendment of the budget. Committed fund balance amounts differ from restricted balances in that the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned Fund Balance - represents amounts which the District intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the Board of Trustees or by an official or body to which the Board of Trustees delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the general fund convey that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the District itself.

Unassigned Fund Balance - represents amounts which are unconstrained in that they may be spent for any purpose. Only the general fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed or assigned.

i. Net Position Flow Assumption

Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

k. Fund Balance Flow Assumptions

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

4. Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS' fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

5. Other Post-Employment Benefits

The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to / deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

6. Implementation of New Standards

GASB Statement No. 84, Fiduciary Activities

This statement establishes standards of accounting and financial reporting by establishing specific criteria for identifying activities that should be reported as fiduciary activities and clarifying whether and how business-type activities should report their fiduciary activities. The focus of the criteria generally is on whether a government is controlling the assets of the fiduciary activity and the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

GASB Statement No. 90, Majority Equity Interests - an amendment of GASB Statements No. 14 and No. 61

The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. This Statement also establishes that ownership of a majority equity interest in a legally separate organization results in the government being financially accountable for the legally separate organization and, therefore, the government should report that organization as a component unit.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

GASB Statement No. 92, Omnibus 2020

Although the effective date for the majority of GASB Statement No. 92, Omnibus 2020 has been postponed by GASB Statement No. 95 for one year, the District has adopted paragraph 11 of Statement 92 with respect to reinsurance recoveries. Paragraph 11 states that "amounts that (a) are recoverable from reinsurers or excess insurers and (b) relate to paid claims and claim adjustment expenses may be reported as reductions of expenses but are not required to be. The District has also adopted paragraph 13 of Statement 92 in regards to changing uses o f the terms derivative and derivatives in existing derivative instrument and derivative instruments, respectively. The provisions in paragraphs and 13 were excluded from the scope of Statement 95 because paragraph 11 retains the reporting option, and thus only clarifies that an option exists, and paragraph 13 imposes no burden on the District. As such, this statement does not impact the District.

GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans - an Amendment of GASB Statements No. 14 and No. 84, and a Supersession of GASB Statement No. 32.

The District has adopted paragraphs 4 and 5 of GASB Statement No. 92. Paragraph 4 states that for purposes of determining whether a primary government is financially accountable for a potential component unit, except for a potential component unit that is a defined contribution pension plan, a defined contribution OPEB plan, or an other employee benefit plan (for example, certain Section 457 plans), if the primary government performs the duties that a governing board typically would perform, the absence of a governing board should be treated the same as the appointment of a voting majority of a governing board. Paragraph 5 states that the financial burden criterion in paragraph 7 of Statement 84 is applicable to only defined benefit pension plans and defined benefit OPEB plans that are administered through trusts that meet the criteria in paragraph 3 of Statement No. 67, Financial Reporting for Pension Plans, or paragraph 3 of Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, respectively. The requirements in paragraphs 6 - 9 of this Statement are effective for fiscal years beginning after June 15, 2021. All other requirements of this Statement are effective for reporting periods beginning after June 15, 2021.

7. Future Implementation of New Standards

In order to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic, GASB Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance is currently in effect to postpone the effective dates of certain provisions in Statements that first became effective or are scheduled to become effective for periods beginning after June 15, 2018 and later.

The effective dates for the following pronouncements are postponed by one year:

Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period

Statement No. 91, Conduit Debt Obligations

Statement No. 92, Omnibus 2020

Statement No. 93, Replacement of Interbank Offered Rates

The effective dates for the following pronouncements are postponed by 18 months:

Statement No. 87, Leases

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

B. Compliance and Accountability

1. Finance-Related Legal and Contractual Provisions

In accordance with GASB Statement No. 38, "Certain Financial Statement Note Disclosures," violations of finance-related legal and contractual provisions, if any, are reported below, along with actions taken to address such violations:

Violation

Action Taken

None reported

Not applicable

Deficit Fund Balance or Fund Net Position of Individual Funds

Following are funds having deficit fund balances or fund net position at year end, if any, along with remarks which address such deficits:

Deficit

Fund Name

Remarks

None reported

Amount Not applicable

Not applicable

C. Deposits and Investments

The District's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the District's agent bank approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

1. Cash Deposits:

At August 31, 2021, the carrying amount of the District's deposits (cash, certificates of deposit, and interest-bearing savings accounts included in temporary investments) was \$6,658,771 and the bank balance was \$6,756,364 at August 31, 2021. Certificates of deposits and money market accounts of \$1,048,324, reported as investments, are included in this amount. The District's cash deposits at August 31, 2021 and during the year ended August 31, 2021, were entirely covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name.

2. Investments:

The District is required by Government Code Chapter 2256, The Public Funds Investment Act, to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit.

The Public Funds Investment Act ("Act") requires an annual audit of investment practices. Audit procedures in this area conducted as a part of the audit of the basic financial statements disclosed that in the areas of investment practices, management reports and establishment of appropriate policies, the District adhered to the requirements of the Act. Additionally, investment practices of the District were in accordance with local policies.

The Act determines the types of investments which are allowable for the District. These include, with certain restrictions, 1) obligations of the U.S. Treasury, U.S. agencies, and the State of Texas, 2) certificates of deposit, 3) certain municipal securities, 4) securities lending program, 5) repurchase agreements, 6) bankers acceptances, 7) mutual funds, 8) investment pools, 9) guaranteed investment contracts, and 10) commercial paper.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

The District's investments at August 31, 2021 are shown below.

Investment or Investment Type	<u>Maturity</u>	Fair Value
Lone Star Investments	N/A	\$ 4,474
Certificates of Deposit	< 3 years	129,327
Bank Money Market Investment Account	N/A	918,997
Total Investments		\$ 1,052,798

3. Analysis of Specific Deposit and Investment Risks

GASB Statement No. 40 requires a determination as to whether the District was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year end, the District was not significantly exposed to credit risk.

At August 31, 2021, the District's investments, other than those which are obligations of or guaranteed by the U.S. Government, have no credit risk.

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the District's name.

At year end, the District was not exposed to custodial credit risk.

c. Concentration of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the District was not exposed to concentration of credit risk.

d. Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. At year end, the District was not exposed to interest rate risk.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District was not exposed to foreign currency risk.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

Investment Accounting Policy

The District's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

Public Funds Investment Pools

Public funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the "Act"), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAA-m or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio within one half of one percent of the value of its shares.

The District's investments in Pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

Lone Star

The Lone Star Investment Pool (Lone Star) is a public funds investment pool created pursuant to the Interlocal Cooperation Act, Texas Government Code, Chapter 791, and the Public Funds Investment Act, Texas Government Code, Chapter 2256. Lone Star is administered by First Public, a subsidiary of the Texas Association of School Boards (TASB), with Standish and American Beacon Advisors managing the investment and reinvestment of Lone Star's assets. State Street Bank provides custody and valuation services to Lone Star. All of the board of trustees' eleven members are Lone Star participants by either being employees or elected officials of a participant. Lone Star has established an advisory board composed of both pool members and non-members. Lone Star is rated AAA by Standard and Poor's and operated in a manner consistent with the the SEC's Rule 2a7 of the Investment Company Act of 1940. The District is invested in the Government Overnight Fund of Lone Star which seeks to maintain a net asset value of one dollar. Lone Star has 3 different funds: Government Overnight, Corporate Overnight Plus. Government Overnight, Corporate Overnight Plus maintain a net asset value of one dollar.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

D. Capital Assets

Capital asset activity for the year ended August 31, 2021, was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances

Accretion on Capital App Bond	1,362,525	91,960	175	1,454,485	200
Net OPEB Liability *	4,631,216	(1,016,634)	70,854	3,543,728	
Net Pension Liability *	2,832,834	361,015	228,450	2,965,399	
Total governmental activities \$	21,739,976 \$	(308,185) \$	2,198,866 \$	19,232,925 \$	627,911

Z The next paydown on the Capital Appreciation Bond's balance occurs in 2022.

The funds typically used to liquidate other long-term liabilities in the past are as follows:

Liability	Activity Type	Fund
Net Pension Liability *	Governmental	General Fund
Net OPEB Liability*	Governmental	General Fund

General Obligation Bonds

General obligation school building bonds payable at August 31, 2021, with their outstanding balance are comprised of the following individual issues.

The District issued \$7,224,000 of Unlimited Tax School Refunding Bonds, Series 2012 during the year ended August 31, 2013 for the purposes of lowering interest rates. Interest rates vary from 2.625% to 3.0% with installments varying from \$209,321 to \$898,006. The total balance on this issue at August 31, 2021 is \$6,507,677 with \$12,677 considered capital appreciation bonds.

The District issued \$719,995 of Unlimited Tax School Refunding Bonds, Series 2012A during the year ended August 31, 2013 for the purposes of lowering interest rates. Interest rates vary from 1.0% to 3.0% with installments varying from \$35,727 to \$93,150. The total balance on this issue at August 31, 2021 is \$235,000.

The District issued \$1,367,099 of Unlimited Tax School Refunding Bonds, Series 2013 during the year ended August 31, 2013 for the purposes of lowering interest rates. Interest rates are approximately 2.0% with installments varying from \$24,738 to \$454,500. The total balance on this issue at August 31, 2021 is \$0.

^{*} Other long-term liabilities

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

The District issued \$1,539,999 of Unlimited Tax School Refunding Bonds, Series 2013A during the year ended August 31, 2013 for the purposes of lowering interest rates. Interest rates vary from 1.5% to 4.0% with installments varying from \$31,841 to \$185,700. The total balance on this issue at August 31, 2021 is \$1,065,000.

The District issued \$2,580,000 of Unlimited Tax School Refunding Bonds, Series 2014 during the year ended August 31, 2015 for the purposes of lowering interest rates. Interest rates vary from 2.0% to 4.0% with installments varying from \$110,686 to \$306,620. The total balance on this issue at August 31, 2021 is \$1,710,000.

Qualified School Construction Bond

The District issued \$2,000,000 of Qualified School Construction Maintenance Tax Note Bonds during the year ended August 31, 2010 for the purposes of construction. Interest rate is fixed at .94% with installments varying from \$115,000 to \$130,000. The total balance on this issue at August 31, 2021 is \$525,000 with a final maturity date of 2025.

Tax Maintenance Notes

The District issued \$1,490,000 of Maintenance Tax Notes, Series 2013 during the year ended August 31, 2013 for the purposes of construction. Interest rates vary from 1.0% to 3.5% with installments varying from \$122,100 to \$127,050. The total balance on this issue at August 31, 2021 is \$770,000 with a final maturity date of 2028.

Bank Notes from Direct Borrowings and Direct Placements

The District issued a \$135,320 bank note during the year ended August 31, 2018 for the purpose of purchasing laptop computers. The interest rate is 4.0% with installments of \$45,601 for three years. The laptop computers serve as collateral. The total balance on this issue at August 31, 2021 is \$0.

The District issued a \$515,322 bank note during the year ended August 31, 2020 for the purpose of purchasing five new buses. The interest rate is 3.75% with installments of \$185,017 for three years. The buses serve as collateral. The total balance on this issue at August 31, 2021 is \$0, after a principal payment of \$206,934 was applied and the balance of \$308,388 was refinanced.

The District issued a \$308,388 bank note during the year ended August 31, 2021 for the purpose of refinancing the bus note taken out in 2020. The interest rate is 3.75% with installments of \$107,702 for three years. The total balance on this issue at August 31, 2021 is \$201,162 and the buses serve as collateral on the loan. In the event of default, the note balance becomes immediately due and payable.

The District issued a \$255,474 bank note during the year ended August 31, 2021 for the purpose of a campus wide LED retrofit. The interest rate is 2.95% with installments of \$29,873 for 10 years. The retrofits serve as collateral. The total balance on this issue at August 31, 2021 is \$255,474 with a final maturity date of 2031. In the event of default, the note balance becomes immediately due and payable.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

2. Debt Service Requirements

Debt service requirements on long-term debt at August 31, 2021, are as follows:

	Governmental Activities - Bonds					
Year Ending 2021,		Principal		Interest		Total

G. Risk Management

The District is exposed to various risks of loss related to torts, theft, damage or destruction of assets, errors and omissions, injuries to employees, and natural disasters. During fiscal year 2021, the District purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

H. Pension Plan

1. Plan Description

The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67, and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

2. Pension Plan Fiduciary Net Position

Detail information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at https://www.trs.texas.gov/TRS%20Documents/cafr_2020.pdf, selecting About TRS then Publications then Financial Reports or by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698.

3. Benefits Provided

TRS provides retirement, disability, and death benefits. Membership in the Plan includes all employees of public, state- supported eduational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempt from membership under Texas Government Code, Title 8, Section 822.002.

State law requires the plan to be actuarially sound in order for the legislature to consider a benefit enhancement, such as a supplemental payment to the retirees.

In May, 2019, the 86th Texas Legislature approved the TRS Pension Reform Bill (Senate Bill 12) that provides for gradual contribution increases from the state, participating employers and active employees to make the pension fund actuarially sound. These increases immediately made the pension fund actuarially sound and the legislature approved funding for a 13th check.

All eligible members retired as of December 31, 2018 received an extra annuity check in September 2019 in either the matching amount of their monthly annuity payment or \$2,000, whichever was less.

4. Contributions

Contribution requirements are established or amended pursuant to the following state laws:

- Article 16, Section 67 of the Texas Constitution requires the legislature to establish a member contribution rate of not less than 6 percent of the member's annual compensation and a state contribution rate of not less than 6 percent and not more than 10 percent of the aggregate annual compensation paid to members of the System during the fiscal year.
- Government Code section 821.006 prohibits benefit improvements if it increases the amortization period of TRS' unfunded actuarial liability to greater than 31 years or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in this manner are determined by the System's actuary.

Contributors to the plan include active members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies Including TRS. In each respect- ive role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

	Contribution Hates		
	2	2020	2021
Member		7.7%	7.7%
Non-Employer Contributing Entity (State)		7.5%	7.5%
Employers		7.5%	7.5%
District's 2021 Employer Contributions	\$	222,148	
District's 2021 Member Contributions	\$	566,181	
2020 NECE On-Behalf Contributions (state	e) \$	423,611	

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

As the non-employer contributing entity, the State of Texas contributes to the retirement system the current current employer contribution rate times the aggregate annual compensation of all members of the Plan during the fiscal year, reduced by the employer contributions described below.

All participating employers and the State of Texas, as the employer for senior universities and medical schools, are required to pay the employer contribution rate in the following situations:

- --- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- --- When any part or all of an employee's salary is paid by federal, private, local or non-educational and general funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50 percent of the state contribution rate for certain instructional or administrative employees and 100 percent of the state contribution rate for all other employees.
- When the employing district is a public or charter school, the employer shall contribute 1.5% of covered payroll to the pension fund beginning in fiscal year 2020. This contribution rate called the Public Education Employer Contribution will replace the Non(OASDI) surcharge that was in effect in fiscal year 2019.

Employers are also required to pay surcharges in the following cases:

- When employing a retiree of TRS, the employer shall pay an amount equal to the member contribution and the state contribution as an employment after retirement surcharge.
- --- All public schools, charter schools and regional education service centers must contribute 1.5 percent of the member's salary beginning in fiscal year 2020, gradually increasing to 2 percent in fiscal year 2025.

5. Actuarial Assumptions

The total pension liability in the August 31, 2020 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date August 31, 2019 rolled forward to

August 31, 2020

Actuarial Cost Method Individual Entry Age Normal

Asset Valuation Method
Single Discount Rate
Cong-term expected Investment Rate of Return
Municipal Bond Rate as of August 2020
Last year ending August 31 in Projection Period
Inflation
Market Value
7.25%
2.35%
2.33%
2.33%
2.33%

Salary Increases including inflation 3.05% to 9.05%

Ad hoc post-employment benefit changes None

The actuarial assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2019. For a full description of these assumptions, please see the actuarial valuation report dated November 14, 2019.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

The long-term rate of return on pension plan investments is 7.25%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2020 are summarized below:

Asset Class	Target Allocation *	Long-Term Expected Geometric Real Rate of Return **	Expected Contribution to Long-Term Portfolio Returns
Global Equity			
USA	18.0%	3.9%	0.99%
Non-U.S. Developed	13.0	5.1	0.92
Emerging Markets	9.0	5.6	0.83
Private Equity	14.0	6.7	1.41
Stable Value			
Government Bonds	16.0%	(0.7)%	(0.05)%
Absolute Return (Incl. Credit Sensitive Investments)	38.5	1.8	343
Stable Value Hedge Funds	0.0%	0.0%	0.11
Real Return			
Real Estate	15.0%	'4.6%	1.02%
Energy, Natural Resources & Infrastructure	'6.0	'6.0	0.42
Commodities	## E	8.0	1#.F
Risk Parity			
Risk Parity	8.0%	'3.0%	0.30%
Asset Allocation Leverage			
Cash	1.0%	2.5%	
Volatility Drag ***		2.7%	(0.67)%
Expected Return	100.0%		7.33%

- * Target allocations are based on the FY2020 policy model.
- ** Capital Market Assumptions come from Aon Hewitt (as of 08/31/2020)
- *** The volatility drag results from the conversion between arithmetic and geometric mean returns.

7. Discount Rate

A single discount rate of 7.25% was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.25%. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the legislature during the 2019 legislative session. It is assumed that future employer and state contributions will be 8.50% of payroll in fiscal year 2020 gradually increasing to 9.55% of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

8. Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (7.25%) in measuring the Net Pension Liability.

	1% Decrease in Discount Rate 6.25%	Discount Rate 7.25%	1% Increase in Discount Rate 8.25%
District's proportionate			
share of the net pension liability:	\$ 4,572,592	\$ 2,965,399	\$ 1,659,590

9. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.

At August 31, 2021, the District reported a liability of \$2,965,399 for its proportionate share of the TRS' net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$ 2,965,399
State's proportionate share that is associated with District	5,498,693
Total	\$ 8,464,092

The net pension liability was measured as of August 31, 2019 and rolled forward to August 31, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2019 through August 31, 2020.

At August 31, 2020 the employer's proportion of the collective net pension liability was 0.0055368029% which was an increase (decrease) of 0.0000872763% from its proportion measured as of August 31, 2019.

- 10. Change of Assumptions Since the Prior Measurement Date -
 - There were no changes in assumptions since the prior measurement date.

For the year ended August 31, 2021, the District recognized pension expense of \$1,183,247 and revenue of \$661,371 for support provided by the State.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

At August 31, 2021, the District reported its proportionate share of the TRS' deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	•	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$	5,415 \$	82,756
Changes in actuarial assumptions		688,078	292,566
Difference between projected and actual investment earnings		60,032	
Changes in proportion and difference between the District's contributions and the proportionate share of contributions		267,808	1,869
Contributions paid to TRS subsequent to the measurement date		222,148	
Total	\$	1,243,481_\$	377,191

The net amounts of the District's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

		Pension	
Year Ended	Expense		
August 31		Amount	
2022	\$	172,845	
2023	\$	203,435	
2024	\$	189,372	
2025	\$	88,791	
2026	\$	(11,422)	
Thereafter	\$	1,121	

I. Defined Other Post-Employment Benefit Plans

1. Plan Description

The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined Other Post-Employment Benefit (OPEB) plan that has a special funding situation. The plan is administered through a trust by the Teacher Retirement System of Texas (TRS) Board of Trustees. It is established and administered in accordance with the Texas Insurance Code, Chapter 1575.

2. OPEB Plan Fiduciary Net Position

Detail information about the TRS-Care's fiduciary net position is available in the separately-issued TRS Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at https://www.trs.texas.gov/TRS%20Documents/cafr_2020.pdf, selecting About TRS then Publications then Financial Reports or by writing to TRS at 1000 Red River Street, Austin, TX 78701-2698.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

3. Benefits Provided

TRS-Care provides health insurance coverage to retirees from public schools, charter schools, regional service centers, and other educational districts who are members of the TRS pension system. Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. For more information on TRS-Care eligibility and detailed information on TRS-Care, please refer to the Benefits section.

The General Appropriations Act passed by the 86th Legislature included funding to maintain TRS-Care premiums at their current level through 2021. The 86th legislature also passed Senate Bill 1682 which requires TRS to establish a contingency reserve in the TRS-Care fund equal to 60 days of expenditures. This amount is estimated at \$277,490,586 as of August 31, 2020.

4. Contributions

Contribution rates for the TRS-Care plan are established in State Statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions; and contributions from the state, active employees, and participating employers are based on active employee compensation. The TRS board does not have the authority to set or amend contribution rates.

At the inception of the plan, funding was projected to last 10 years through fiscal year 1995. The original funding was sufficient to maintain the solvency of the fund through fiscal year 2000. Since that time, appropriations and contributions have been established to fund the benefits for each successive biennium.

Section 1575.202 of the Texas Insurance Code esablishes the State's contribution rate which is 1.25 percent of the employee's salary. Section 1575.203 establishes the active employee's rate which is 0.65% of salary. Section 1575.204 establishes a public school contribution rate of not less than 0.25 percent or not more than 0.75 percent of the salary of each active employee of the employer. The actual public school contribution rate is prescribed by the Legislature in the General Appropriations Act, which is 0.75 percent of each active employee's pay for fiscal year 2020. The following table shows contributions to the TRS-Care plan by type of contributor.

Contribution Rates			
	Rate		Amount
Active Employee	0.65%	\$	243,532,120
Non-Employer Contributing Entity (State)	1.25%		435,768,774
Employers	0.75%		280,997,853
Federal/Private Funding *	1.25%	-	32,562,226
Total * Contributions paid from federal funds and private grants are remitted by the employer and paid at the State rate.		\$	992,860,973

District's 2021 Employer Contributions	\$ 67,542
District's 2021 Member Contributions	\$ 47,794
2020 NECE On-Behalf Contributions (state)	\$ 95,209

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

All employers whose employees are covered by the TRS pension plan are also required to pay a surcharge of \$535 per month when employing a retiree of the TRS. The TRS-Care surcharges for fiscal year 2020 totaled \$11,413,512.

A supplemental appropriation was authorized by Senate Bill 1264 of the 86th Texas Legislature to provide \$2,208,137 for fiscal year 2020 and \$3,312,206 for fiscal year 2021, for consumer protections against medical and health care billing by certain out-of-network providers. Funding will be in fiscal year 2021.

The premium rates for retirees are reflected in the following table.

TRS-Care Mo	nthly Premium Rates		
	Medicare	Non-Medicare	
Retiree or Surviving Spouse	\$ 135	\$ 200	
Retiree and Spouse	529	689	
Retiree or Surviving Spouse and Children	468	408	
Retiree and Family	1,020	999	

5. Actuarial Assumptions

The actuarial valuation was performed as of August 31, 2019. Update precedures were used to roll forward the Total OPEB Liability to August 31, 2020.

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. All of the demographic assumptions, including rates of retirement, termination, and disability, and most of the economic assumptions, including general inflation and salary increases, used in the OPEB valuation were identical to those used in the respective TRS pension valuation. The demographic assumptions were developed in the experience study performed for TRS for the period ending August 31, 2017.

The following assumptions used for members of TRS-Care are identical to the assumptions employed in the August 31, 2020 TRS annual pension actuarial valuation:

Rates of Mortality General Inflation
Rates of Retirement Wage Inflation
Rates of Termination Salary Increases
Rates of Disability

Additional Actuarial Methods and Assumptions:

Valuation Date	August 31, 2019 rolled forward to August 31, 2020
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Single Discount Rate	2.33% as of August 31, 2020
Aging Factors	Based on plan specific experience
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claims costs.
Salary Increases	3.05% to 9.05%, including inflation
Election Rates	Normal Retirement: 65% participation prior to age 65 and 45% participation after age 65. *
Ad Hoc Post-Employment Benefit Changes	None

^{* 25%} of pre-65 retirees are assumed to discontinue coverage at age 65.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

6. Discount Rate

A single discount rate of 2.33 percent was used to measure the total OPEB liability. This was a decrease of .30 percent in the discount rate since the previous year. Since the plan is a pay-as-you-go plan, the single discount rate is equal to the prevailing municipal bond rate.

7. Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used in measuring the net OPEB liability.

	1% Decrease in	Current Single	1% Increase in
	Discount Rate	Discount Rate	Discount Rate
	(1.33%)	(2.33%)	(3.33%)
District's proportionate share of net OPEB liability	\$ 4,252,465	\$ 3,543,728	\$ 2,983,927

8. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At August 31, 2021, the District reported a liability of \$3,543,728 for its proportionate share of the TRS' Net OPEB liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the collective net OPEB liability	\$	3,543,728
State's proportionate share that is associated with the District	_	4,761,920
Total	\$	8,305,648

The Net OPEB liability was measured as of August 31, 2019 and rolled forward to August 31, 2020 and the Total OPEB Liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of that date. The District's proportion of the Net OPEB Liability was based on the District's contributions to OPEB relative to the contributions of all employers to the plan for the period September 1, 2019 thru August 31, 2020.

At August 31, 2020 the District's proportion of the collective net OPEB liability was 0.0093220377%, which was an increase (decrease) of (0.0004709352)% from its proportion measured as of August 31, 2019.

The following schedule shows the impact of the Net OPEB Liability if a healthcare trend rate that is 1% less than and 1% greater than the assumed 8.5% rate is used.

	1% Decrease in	Current Single	1% Increase in
	Healthcare Trend	Healthcare Trend	Healthcare Trend
	Rate (7.5%)	Rate (8.5%)	Rate (9.5%)
District's proportionate share of net OPEB liability	\$ 2,894,771	\$ 3,543,728	\$ 4,408,045

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

9. Change of Assumptions Since the Prior Measurement Date

The following assumptions, methods and plan changes which are specific to TRS-Care were updated from the prior year's report:

- --- The discount rate was changed from 2.63% as of August 31, 2019 to 2.33% as of August 31, 2020. This change increased the Total OPEB Liability.
- --- The participation rate for post-65 retirees was lowered from 50 percent to 40 percent. This change lowered the Total
- The ultimate health care trend assumption was lowered from 4.50 percent to 4.25 percent as a result of Congress' repeal of the excise (Cadillac) tax on high-cost employer health plans in December 2019. This change lowered the Total OPEB Liability.

For the year ended August 31, 2021, the District recognized OPEB expense of \$(18,773) and revenue of \$(33,065) for support provided by the State.

At August 31, 2021, the District reported its proportionate share of the TRS' deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 185,548 \$	1,621,791
Changes in actuarial assumptions	218,574	973,126
Differences between projected and actual investment earnings	1,152	327 T
Changes in proportion and difference between the District's contributions and the proportionate share of contributions	623,995	263,321
Contributions paid to TRS subsequent to the measurement date	67,542	
Total	\$ 1,096,811 \$	2,858,238

The net amounts of the District's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended August 31,	OPEB Expense	e Amount
2022	\$	(300,781)
2023	\$	(300,935)
2024	\$	(301,025)
2025	\$	(301,002)
2026	\$	(206,347)
Thereafter	\$	(418,878)

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

10. Medicare Part D Subsidies

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, which was effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. For the fiscal years ended August 31, 2021, 2020 and 2019, subsidy payments received by TRS-Care on behalf of the District was \$32,967, \$33,788 and \$23,222.

J. Employee Health Care Coverage

During the year ended August 31, 2021, employees of the District were covered by a health insurance plan (the Plan). The District paid premiums of \$300 per month per employee to the Plan. Employees, at their option, authorized payroll withholdings to pay premiums for dependents. All premiums were paid to a third party administrator, acting on behalf of the licensed insurer. The Plan was authorized by Article 3.51-2, Texas Insurance Code and was documented by contractual agreement.

The contract between the District and the third party administrator is renewable September 1, 2021, and terms of coverage and premium costs are included in the contractual provisions.

Latest financial statements for the TRS Care are available for the year ended December 31, 2020, have been filed with the Texas State Board of Insurance, Austin, Texas, and are public records.

K. Commitments and Contingencies

1. Contingencies

The District participates in grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying basic financial statements for such contingencies.

2. Litigation

No reportable litigation was pending against the District at August 31, 2021.

L. Prior Period Adjustment

On Schedule E-2 there is a prior period adjustment of \$75,896 in the Private-purpose trust funds and \$55,696 in the custodial funds. On Schedule C-2, there is a prior period adjustment of \$43,415. Based on GASB No. 84, \$175,007 was reclassed from the prior year fiduciary fund liability Due to Student Groups, with \$43,415 moving to Net Fund Balance for Campus Activity Funds and \$75,896 moving to the Private-purpose Trust Fund. The remaining \$55,696 was reclassed to Restricted Fund Balance in the Student Activity Fund.

M. Budget Overages

The District exceeded its budget in food service by \$2,023 or less than 1%.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2021

N. Self Funded Workman's Compensation Insurance

On September 1, 1991 the District joined a self-funded workers compensation plan known as East Texas Educational Insurance Association along with other Texas School Districts. The District pays an administrative fee based on total payroll costs multiplied by an experience modifier. The service agreement provides that the association will be self-sustaining through member premiums. Excess worker's compensation insurance is carried by Midwest Employers Casualty Co.. The specific retention is \$225,000, aggregate limit \$5,000,000. Liabilities are reported when it is probable that a loss has been incurred and the amount of that loss can be reasonably estimated.

Statement of Change in Liability	2021	2020
Unpaid (overpayment) claims at September 1	\$ 65,397 \$	62,272
Net claims incurred or (adjusted) during the year	68,172	13,044
Payments of claims during the year	(52,264)	(9,919)
Unpaid claims at August 31	\$ 81,305 \$	65,397

The above amount less \$3,015 in cash, \$78,290, is reflected as a liability on the financial statements as of August 31, 2021.

O. Accumulated Unpaid Vacation and Personal Leave Benefits

At August 31, 2021, the District had no liability for accrued sick leave or vacation leave.

District employees accumulate personal leave at the rate of 5 days per year with no accumulation limit.

The District has non vested sick and personal leave benefits at August 31, 2021 which are not recorded on the financial statements in the amount of \$640,874. These benefits are recorded as expenditures as used.

P. COVID - 19

The COVID-19 pandemic continues to negatively impact economic activity nationwide. The overall economic effects are still unknown but could potentially have a material effect on the District in the future.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED AUGUST 31, 2021

Budget

The official budget was prepared for adoption for the General Fund, the National School Breakfast and Lunch Program, and the Debt Service Fund. The budget was prepared in accordance with accounting practices generally accepted in the United States of America. The following procedures are followed in establishing the budgetary data.:

- a. Prior to August 21 of the preceding fiscal year, the District prepares a budget for the next succeeding fiscal year. The operating budget includes proposed expenditures and the means of financing them.
- b. A meeting of the Board is then called for the purpose of adopting the proposed budget after ten days' public notice of the meeting has been given.
- c. Prior to the beginning of the fiscal year, the budget is legally enacted through passage of a resolution by the board.

Once a budget is approved, it can be amended at function and fund level only by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings.

Each amendment must have Board approval. Such amendments are made before the fact, are reflected in the official minutes of the Board and are not made after fiscal year end as required by law.

Each amendment is controlled by the budget coordinator at the revenue and expenditure function/object level. Budgeted amounts are as amended by the Board. All budget appropriations lapse at year end.

Encumbrances for goods or purchased services are documented by purchase orders or contracts. Under Texas law, appropriations lapse at August 31, and encumbrances outstanding at that time are to be either cancelled or appropriately provided for in the subsequent year's budget. There were no end-of-year outstanding encumbrances that were provided for in the subsequent year's budget.

Defined Benefit Pension Plan

Changes of benefit terms

See note H for changes of benefit terms that affected measurement of the total pension liability during the measurement period.

Changes of assumptions

See note H for changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

Other Post-Employment Benefit Plan

Changes of benefit terms

See note I for changes of benefit terms that affected measurement of the total OPEB liability during the measurement period.

Changes of assumptions

See note I for changes of assumptions or other inputs that affected measurement of the total OPEB liability during the measurement period.

Other Supplementary Information
This section includes financial information and disclosures not required by the Governmental Accounting Standards Board and not considered a part of the basic financial statements. It may, however, include information which is required by other entities.

Independent Auditors' Report on Internal Control over Financial Reporting and On Compliance and Other Matters Based on an Audit of Financial Statements

Performed In Accordance With Government Auditing Standards

Board of Trustees Maypearl Independent School District P. O. Drawer 40 Maypearl, Texas. 76064

Members of the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Maypearl Independent School District, as of and for the year ended August 31, 2021, and the related notes to the financial statements, which collectively comprise Maypearl Independent School District's basic financial statements, and have issued our report thereon dated October 18, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Maypearl Independent School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Maypearl Independent School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Maypearl Independent School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Maypearl Independent School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Independent Auditors' Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

Board of Trustees Maypearl Independent School District P.O. Drawer 40 Maypearl, Texas 76064

Members of the Board of Trustees:

Report on Compliance for Each Major Federal Program

www.anderson-cpa.com

We have audited the Maypearl Independent School District's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the Maypearl Independent School District's major federal programs for the year ended August 31, 2021. Maypearl Independent School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Maypearl Independent School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America: the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Maypearl Independent School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Maypearl Independent School District's compliance.

> FAX: (903) 874-1413 PHONE: (903) 872-2571

Opinion on Each Major Federal Program

In our opinion, the Maypearl Independent School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2021.

Report on Internal Control Over Compliance

Management of the Maypearl Independent School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Maypearl Independent School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Maypearl Independent School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

Anderson, Marx & Bohl, P.C.

The accompanying notes are an integral part of this schedule.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED AUGUST 31, 2021

Basis of Presentation

The accompanying schedule of expenditures of federal awards ("the Schedule") includes the federal grant activity of Maypearl Independent School District. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Therefore, some amounts may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. These expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule, if any, represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Maypearl Independent School District has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Reconciliation of Schedule of Expenditures of Federal Awards to Exhibit C-2:

Total Expenditures of Federal Awards per Exhibit K-1	\$ 1,004,643
SHARS Program	110,718
ESSER II Funds Expended in Current Year but Award	
not Issued until Fiscal Year 2022	28,585
ESSER III Funds Expended in Current Year but Award	
not Issued until Fiscal Year 2022	86,480
Total per Exhibit C-2	\$ 1,230,426

SCHEDULE OF REQUIRED RESPONSES TO SELECTED SCHOOL FIRST INDICATORS AS OF AUGUST 31, 2021

Data Control Codes		F	Responses
SF1	Was there an unmodified opinion in the Annual Financial Report on the financial statements as a whole?		Yes
SF2	Were there any disclosures in the Annual Financial Report and/or other sources of information concerning nonpayment of any terms of any debt agreement at fiscal year-end?		No
SF3	Did the school district make timely payments to the Teacher Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies? (If the school district was issued a warrant hold and the warrant hold was not cleared within 30 days from the date the warranty hold was issued, the school district is considered to not have made timely payments.)		Yes
	Payments to the TRS and TWC are considered timely if a warrant hold that was issued in connection to the untimely payment was cleared within 30 daysfrom the date the warrant hold was issued.		
	Payments to the IRS are considered timely if a penalty or delinquent payment notice was cleared within 30 days from the date the notice was issued.		
SF4	Was the school district issued a warrant hold? Even if the issue surrounding the initial warrant hold was resolved and cleared within 30 days, the school district is considered to have been issued a warrant hold.		No
SF5	Did the Annual Financial Report disclose any instances of material weaknesses in internal controls over financial reporting and compliance for local, state or federal funds?		No
SF6	Was there any disclosure in the Annual Financial Report of material noncompliance for grants, contracts and laws related to local, state, or federal funds?		No
SF7	Did the school district post the required financial information on its website in accordance with Government Code, Local Government code, Texas Education Code, Texas Administrative Code and other statues, laws and rules that were in effect at the school district's fiscal year-end?		Yes
SF8	Did the school board members discuss the school district's property values at a board meeting within 120 days before the school district adopted its budget?		Yes
SF9	Total accumulated accretion on CABs included in government-wide financial statements at fiscal year-end	\$	1,454,485
