

Matching College Board Student Accounts and Registration

If a student is signed into his/her College Board account but doesn't see scores, it means that either scores are not yet available or College Board was not able to link their score report and account automatically. For security reasons, a student must verify additional information before College Board can display scores. The student will need either his/her SAT registration number or the Student ID number the student was pre-identified with by the school or district.

To match, the student will:

1. Go to <https://studentscores.collegeboard.org/viewscore>.
 2. Scroll down and click **Matching Tool**.
 3. Review the personal information.
 4. If any information is incorrect, click **Update** to revise. (Students will be prompted to re-enter their password.)
 5. If the information is correct, click **Get My Scores**.
 6. The student will have to select one of the following options:
 - a. I can supply my test information (test date and registration number*). **Note: The registration number can be found in the Roster Report of the K-12 reporting portal.*
- OR
- b. I can supply my student ID (using the student ID the student was pre-identified with)
7. Click **Get My Scores**.

There may still be cases in which a student is not able to view their scores using the steps above because the information is too different or the scores have not yet been finalized. If students cannot view their scores, they should call the College Board's Student SAT Helpline at 1-866-756-7346.
