

Advanced Placement®* students get tailored academic support with Paper™

Paper tutors offer assistance on the content and topics covered in over 20 Advanced Placement® (AP®) courses. Our tutors' inquiry-based approach to learning helps students sharpen their critical thinking and problem-solving skills, preparing them for different AP assessments.

1:1 tutoring

- Brainstorm key points and ideas to cover in free-response questions.
- Gain a better understanding of assignments and practice problems with tutors' guiding questions.
- Get refreshers on challenging concepts and prepare ahead of exams.

Writing support

- Submit typed practice essays to Paper's Review Center and receive holistic feedback.
- Get typed drafts reviewed in different languages, including French, Spanish, or Mandarin.

- ✦ Students are encouraged to inform tutors of their AP course enrollment during 1:1 tutoring sessions to receive tailored support.
- ✦ Likewise, Paper's Review Center tutors are trained to support students in AP humanities courses; we encourage learners to include essay prompts, rubrics, and similar material when they submit drafts for review.
