Preface

The Hoover City Board of Education is established under authority of state law for the purpose of exercising general supervision and administration of the public schools serving school age children who reside within the city limits of the City of Hoover and of promoting the interests of the Hoover City Schools and the children they serve. Those responsibilities are met in part, by the adoption and implementation of formal policies by which the principles that guide decision-making are established.

Policies are generally broad statements of principle and purpose and are intended to serve as a framework for decision-making and administrative action rather than as a manual for day-to-day decision-making and action. Policies can nevertheless establish specific substantive standards and requirements, including standards of personal and professional conduct, the violation of which may result in disciplinary sanctions or other adverse consequences. However, policies do not restrict the ability of the Board or its employees to respond reasonably and flexibly to unexpected contingencies, emergencies, and other conditions that call for a response that is tailored to unique or special circumstances.

Policies should be construed as a whole and with reference to related policies and applicable law. Although policies are adopted partly for the purpose of meeting the requirements of pertinent law, they do not establish or create a legal right, claim, entitlement, or interest to or in any title, position, assignment, duty, work location, level or rate of compensation, benefit, or term of employment.

Any provision, feature, or aspect of Board policy that does not conform to governing law should be deemed void and superseded by such law. Editorial changes that do not affect the meaning, substance, or application of a policy may be made by the Board without advance public notice and comment. In general, the Board reserves the right to adopt, revise, interpret, amend, repeal, suspend, or apply policies according to its assessment of the needs and interests of the school system, subject only to such limitations on the exercise of such prerogatives as may be imposed by law.

I. Governing Principles

The Hoover City Board of Education promotes a 'Spirit of Excellence.' Through a well-balanced curriculum administered by an encouraging, professional staff committed to excellence, the Board and the schools within the Hoover City School System strive for all students to develop to their potential academically, emotionally, physically, and socially.

The Board is committed to programs that result in educational excellence for each student. The Board believes in providing each student with multiple opportunities to learn and experience success. Through these opportunities and experiences, it is our intent to assist each student in discovering and developing that student's unique talents and gifts. Additionally, Hoover City Schools is committed to the fair and equitable distribution of its resources (funds, teachers, administrators, auxiliary personnel, curriculum materials, instructional supplies, etc.) among its schools. Planning for allocations to individual schools shall be based upon grade level, student number, space, identified needs, and other school assessment data.

At all times, schools will strive to provide an atmosphere of effective teaching, learning, and growth.

Mission: In a safe, caring atmosphere of teaching and learning, the Hoover City Schools provide each student with opportunities to develop exemplary character and achieve personal excellence through a rigorous and relevant curriculum.

Vision: All students are lifelong learners prepared to contribute positively to a rapidly changing world.

Beliefs: We believe that....

- all students are capable of attaining the instructional goals of the school;
- we in the schools, along with parents and community, share responsibility for the success of the students;
- success is enhanced by a positive self-concept which influences learning and behavior;
- learning is enhanced when the curriculum is preplanned, organized around specific learning outcomes, and aligned to instruction;
- learning conditions are enhanced in each school when the instructional staff is organized to provide for appropriate instruction;
- learning is enhanced when a systematic process of instruction is used in all classrooms, engaging each student until appropriate learning outcomes are attained;
- schools can maximize learning outcomes for all students;

- success is enhanced when students exhibit self-control and respect for others;
- diversity in classrooms is a cause for celebration;
- students learn in different ways and should be provided with a variety of challenging and engaging instructional approaches to support learning;
- students need access to a variety of technology tools to support their learning;
- success is enhanced when school programs assist students in the development of high moral and ethical standards along with good character and citizenship; and
- success is enhanced when the Board of Education and all employees of the schools model appropriate moral and ethical standards, good character, and good citizenship.

In cooperation with parents and community, our students will develop into successful, mature, lifelong learners.

II. School Board Operations

2.1 Board Composition and Organization

- 2.1.1 Composition: The Hoover City Board of Education is composed of five (5) members who are appointed to five year staggered terms by the Hoover City Council in accordance with state law. Reference: ALA. CODE 16-11-2, 3 (1975)
- 2.1.2 Officers: The Board will elect from its members a president and vice-president at the annual meeting of the Board held in May of each year. The Superintendent will serve as both the Board's chief executive officer and secretary. If the Superintendent's position is vacant, the Board may appoint one of its members to act as secretary until such time as the Superintendent's position is filled. Reference: ALA. CODE 16-11-5, 16-12-3 (1975)
- 2.1.3 Committees: The Board may divide itself into standing or special committees for the purpose of more efficiently conducting Board business, but no recommendation or action of any committee will bind the Board with the affirmative vote of a majority of the whole Board. Reference: ALA. CODE 16-11-5, 9 (1975)

2.2 Duties and Authority of Board Members

The primary responsibility of the Board is to establish, review and revise policy for the schools located within the City of Hoover, Alabama, rather than to exercise day-to-day administrative functions. Board authority will only be exercised collectively through action taken in accordance with applicable statutory and parliamentary procedures. Individual Board members have no authority to bind the Board or to act on behalf of the Board except when authorized to do so by official action of the Board. The Board shall periodically undertake a formal evaluation of its effectiveness through one or more means that are appropriate to that purpose.

2.3 Board Member Compensation

Board members may be compensated for their services and reimbursed for expenses incurred in the performance of their official duties as authorized by law. Approval of such compensation or any modification thereof shall be by separate Board action.

2.4 Board Member Training

Board members will participate in orientation and ongoing training provided by the Alabama Association of School Boards or approved in advance through an application process administered by AASB to develop and enhance their knowledge and effectiveness as Board members and to improve Board governance and operations in accordance with the requirements of state law. Reference: ALA. CODE 16-1-41.1 (e) (1975)

2.5 Board Meetings

- 2.5.1 General Provisions: The Board will hold regular and specially called meetings in accordance with applicable statutory requirements and as dictated by the needs of the school system. All meetings of the Board will be open to the public except as may otherwise be required or permitted by law. Reference: ALA. CODE 36-25A-1, *et seq.* (1975)
- 2.5.2 Time and Place: The times and places for regularly scheduled meetings will be established by the Board at the annual meeting held in May of each year, provided that the Board may modify its meeting schedule in the exercise of its sound discretion. Public notice of the dates, times, and places of meetings of the Board will be given in the manner prescribed by law. Board members will be given such advance notice of specially called meetings as is practicable under the circumstances. Reference: ALA. CODE 16-11-5, 36-25A-1 *et seq.* (1975)
- 2.5.3 Special (Called) Meetings: Special meetings shall be called by the president (or chairperson) of the board, upon the written request (which may be conveyed by electronic mail) of a majority of the members of the board to the president, or by the superintendent. Notice of the call or request shall be simultaneously conveyed to all board members and to the superintendent, together with a statement of the reason for the call or request and the matters to be addressed at the meeting. The meeting shall be set as soon as is practicable, taking into account the reasonable availability of board members and the superintendent, the urgency of the matters to be addressed, and the necessity to provide public notice of the meeting as provided by law.
- 2.5.4 Rules of Order: Board meetings will be conducted in accordance with the most recently revised edition of *Robert's Rules of Order*, provided that strict adherence to the formalities of the Rules of Order may be reasonably relaxed in order to facilitate conduct of board business. A majority of the whole board will constitute a quorum for purposes of transacting board business except as may otherwise be provided by law. Deviations from or errors in executing parliamentary procedures do not invalidate board actions or decisions that are otherwise consistent with the intent of the board.
- 2.5.5 Public Participation: The Board may adopt as an adjunct to its *Rules of Order* procedures designed to permit public input respecting matters coming before the Board for deliberation or action or matters generally affecting the operation and administration of Hoover City Schools. It may also include an opportunity for public comment on a board-approved meeting agenda.

Any individual addressing the Board pursuant to this policy shall stand and give his or her name and the group name, if any, that he or she represents. The presentation should be as brief as possible, and in no event shall such address

exceed three minutes. Speakers may make statements about their particular concern with school operations and programs and shall observe appropriate decorum in doing so. The Board will not hear (1) comments regarding individual students or (2) comments regarding school personnel or person(s) connected with the school system that are unrelated to the performance of their duties, not tied to official business of the board, or are merely an attack on someone's good name and character rather than their conduct or a position they have taken.

The Board President may terminate any comments that do not conform to the criteria specified above, or for other good cause.

2.5.6 Hybrid Meetings:

- a. *Hybrid Meeting if Board Currently Has Members from Two or More Counties* – A board member is authorized to participate in a board meeting electronically if the Board is comprised of members from two or more counties and a quorum of board members is physically present at the board meeting subject to the following conditions:

5. Determination of Method for Electronic Access – The Superintendent or designee will determine the appropriate means of providing electronic access to the board member considering the location of the meeting, the technology available to the board member, and the time available to arrange for electronic access.
6. Public Access – Instructions regarding how the public can access the meeting electronically may vary depending on the method of access chosen and will be included in the notice of the meeting if such information is available at the time the meeting is noticed. If the information is unavailable at that time, it will be posted in the same manner the physical location of the meeting was originally noticed as soon as practicable.
7. Method of Voting – Votes taken during a meeting where a board member is participating electronically under this policy will be taken as a roll call vote that allows each participant to vote individually in a manner audible to all persons participating or present at the physical location of the meeting.

A board member participating in a hybrid meeting may not claim any form of reimbursement for expenses relating to that meeting, including mileage.

Nothing herein should be construed to create requirements to hold hybrid meetings beyond the requirements specifically required by law.

The Board recognizes that the establishment and maintenance of adequate fund balances are necessary to avoid disruption in the educational programs in the schools. The Superintendent or Chief School Financial Officer will inform the Board before the Board votes on a budget or budget amendment that will prevent the establishment or maintenance of a one month's operating balance. A one month's operating balance shall be determined by dividing the General Fund expenditures and fund transfers out by 12.

All such expenditures shall be reported monthly to the Board of Education in the manner prescribed by 16-13A-8 of the Code of Alabama (1975).

In the event an employee does not complete the term of his/her appointment, compensation will be prorated to reflect the number of days actually worked, subject to appropriate adjustments, credits, and allowances for available leave. Personnel will be paid in accordance with customary payroll procedures, which may be modified from time to time as the needs of the system require. No employee is entitled to compensation except for work performed by the employee in accordance with the applicable terms of appointment. Compensation may be withheld pending the employee's timely, accurate, and complete submission of all required records, data, and reports to the extent permitted by law.

3.9.2 Salary Deductions:

- a. Mandatory salary deductions will be made in accordance with applicable law.
- b. Deductions for membership dues will be made for organizations with at least 20% of Board employees as active members, as established by membership lists provided to the Board by the organization if such deductions are allowed under state law and the organization has timely provided to the Board all certifications and expenditure reports required by law. Such membership lists will be corrected, updated, and returned to the organization no later than November 10 of each school year. Deductions will be based on the membership lists unless an employee revokes authorization for such deductions by providing

written notice to the Board on or before September 15th of each school year. Deductions will remain constant during the school year, except by the authorization of the Superintendent.

- c. The Board may offer additional insurance or benefits to employees to be paid through voluntary salary deduction in accordance with state law and the Board's financial practices and procedures.

The Board will not create a new voluntary deduction unless at least 20% of its employees request the deduction.
- e. Employees are required to complete and submit all forms and provide such information as may be required to administer a salary deduction.
- f. The Board will not be liable for any good faith error made in implementing a salary deduction that has been authorized by the employee. All non-exempt employees who work more than forty (40) hours in a workweek will be paid overtime. Employees must accurately report all time worked for the Board. Non-exempt employees are not authorized to work more than forty (40) hours in a workweek without specific direction or authorization to do so by the Superintendent, the employee's supervisor, or the supervising school principal.

3.9.4 Compensatory Time: Non-exempt employees who work more than forty (40) hours in a work week may, upon agreement between the employee and the Board, be paid overtime in the form of compensatory time as outlined in the school system's FLSA Manual. The Board reserves the right to require an employee to use compensatory time and may "pay down" any compensatory time balance at its discretion.

3.9.5 Salaries and Pay Rates: Board employees will be compensated at rates of pay that are approved by the Board. When required, such salary or compensation rates will be included in a schedule to be developed and adopted by the Board in

3.11 Expense Reimbursement

Board members and employees will be reimbursed for reasonable travel and subsistence expenses incurred in connection with official Board business. Reimbursement will be in accordance with approved rates and such procedures and standards for submitting and documenting such expenditures as may be developed by the Chief School Financial Officer or provided in the Finance Procedural Manual.

Funds held in school accounts, regardless of the funding source, will be maintained and accounted for in accordance with the System's Finance Procedural Manual, Local School Finance Manual, and such procedures, rules and regulations as may be developed by the Chief School Financial Officer or the Superintendent. 3.14.1 General Authority: Subject to the provisions of 3.6.2 ("Expenditures") & 3.6.4 ("Consultants") above, the president of the Board, or, in the absence of the president, the vice-president, will have authority to execute contracts on behalf of the Board upon approval of the contract by the Board. The Board may also authorize the Superintendent to execute a contract on behalf of the Board as its chief executive officer.

3.14.2 Limitation on Authority to Bind the Board: The Superintendent, principals, and other administrators will have authority to enter into agreements with third parties when such agreements are made in accordance with Board policy,

All books, records, and official documents pertaining to the management of such organizations will be maintained at the local school and will be subject to examination and audit. The use of funds collected, generated, or held by such organizations will be determined in accordance with the constitution, charter, or by-laws of the organization and subject to approval of the principal.
- 3.15.2 Other Affiliated Organizations: Other organizations that are affiliated with local schools are permitted to operate or raise funds on Board property or at Board sanctioned events only in conformity with Board and State Department of Education policies, procedures, and standards concerning the fiscal management of such organizations.
- 3.15.3 Extracurricular Camps, Tournaments, and Jamborees: Extracurricular camps, tournaments, jamborees, and other similar activities for academic and athletic programs are permitted to operate or raise funds on Board property only in conformity with procedures and standards developed by the Superintendent. 3.16 School Fundraising Activities and Crowdfunding

- d. The activity will be conducted in conformity with the procedures outlined in the Local School Finance Manual and any other applicable procedures of the system.

3.17 Office of Management and Budget’s Uniform Administrative Requirements, Cost Principles, and Audit Requirements (OMB) - Part 200

Federal Funds subject to the requirements of the Office of Management and Budget’s Uniform Administrative Requirements, Cost Principles and Audit Requirements – Part 200 (“Part 200”) will be subject to the following policies:

A. Cash Management for Federal Funds

The Board will minimize the time between the receipt of federal funds from the United States Treasury, the Alabama Department of Education, or other pass-through entity, and the disbursement of those federal funds. Federal funds will only be requested to meet immediate cash needs for reimbursement not covered by prior receipts and anticipated disbursements that are generally fixed, such as monthly program salaries and benefits.

The Chief School Financial Officer will maintain financial records that account for the receipt, obligation, and expenditure of each federal program fund. Cash balances for each federal program fund and for the aggregate of all federal program funds will be monitored by the Chief School Financial Officer or designee.

Board procedures to minimize the cash balances in federal program funds are expected to prevent the aggregate cash balances of federal program funds from earning \$500 or more for the fiscal year if maintained in interest-bearing accounts. The federal program funds, with the exception of Child Nutrition Program funds, will not be maintained in an interest-bearing bank account if the Chief School Financial Officer determines that banking requirements for minimum or average balances are so high that an interest-bearing account would not be feasible. Federal program funds will be maintained in insured checking accounts that are subject to the state requirements for public deposits under the SAFE program.

B. Determination of Allowable Costs

1. Before instituting a financial transaction that will require the expenditure of federal funds the federal program director and the Chief School Financial Officer or designee will determine that the proposed transaction meets the requirements for allowable costs for the federal program. Actions to determine allowable costs will assure that:
 - a. The proposed expenditure is included in the federal program budget;

- b. The proposed expenditure is reasonable and necessary for the federal program;
 - c. The proposed expenditure is consistent with procedures for financial transactions of the board including:
 1. Purchase order approval procedures;
 2. Contract review and approval procedures;
 3. Applicable competitive purchasing procedures; and
 4. Documentation supports allowability of transaction.
2. Before payments are made from federal funds the federal program director and the Chief School Financial Officer or designee will determine that the federal program expenditure complies with generally accepted accounting principles and complies with state, local, and federal laws, rules, and regulations.

C. Travel Policy

Travel costs are the expenses for transportation, lodging, subsistence, and related items incurred by board employees who are in travel status on official business of the board. The board's travel policy provides for reimbursement and payments for travel costs of employees paid from federal funds that are consistent with the travel costs for board employees paid from state or local funds.

D. Conflict of Interest Policy

Generally, a conflict of interest exists when a board member, board employee, or agent of the board participates in a matter that is likely to have a direct effect on his or her personal and financial interests. A financial interest may include, but is not limited to, stock ownership, partnership, trustee relationship, employment, potential employment, or a business relationship with an applicant, vendor, or entity. A board member, board employee, or agent of the board may not participate in his or her official capacity in a matter that is likely to have direct and predictable effects on his or her financial interests.

A board member, board employee, or agent of the board will abide by the Federal and state laws and regulations that address conflict of interest standards. In general, the Federal rules provide that:

No employee, officer, or agent of the board shall participate in selection, or in the award or administration of a contract supported by Federal funds if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs, or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from the firm considered for a contract. The board's officers, employees, or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subcontractors.

The board's conflict of interest policies include adherence to the Alabama Ethics Law, as it may be amended from time to time, which defines conflict of interest as:

A conflict on the part of a public official or public employee between his or her private interests and the official responsibilities inherent in an office of public trust. A conflict of interest involves any action, inaction, or decision by a public official or public employee in the discharge of his or her official duties which would materially affect his or her financial interest or those of his or her family members or any business with which the person is associated in a manner different from the manner it affects the other members of the class to which he or she belongs.

A board member, board employee, or agent of the board may not review applications, proposals, or participate in the evaluation or selection process where his or her participation in the review process would create the appearance that he or she is: (a) giving preferential treatment; (b) losing independence and impartiality; (c) making decisions outside official and appropriate channels; or (d) harming the public's confidence in the integrity of the board.

Situations and circumstances presenting an actual conflict of interest or the appearance of a conflict of interest should be brought to the immediate attention of the Superintendent. A board employee, board member, or agent of the board who has knowledge of a possible conflict of interest should identify the conflict and notify the Superintendent. The Superintendent will document his or her actions related to the reported conflict of interest. Resolution can consist of disqualification, recusal, waiver, or other appropriate measures. Appropriate measures may include reporting a conflict of interest to the State Ethics Commission, the Alabama State Board of Education, or the appropriate federal agency.

E. Procurement Policy

The board will follow state laws for the procurement of property and services. The primary state procurement laws for Alabama school boards are: *Alabama Competitive Bid Laws (Chapter 13B of Title 16, Code of Alabama 1975)*; *Joint Information Technology Purchasing Agreement (Chapter 13B of Title 16, Code of Alabama 1975)*; and, *Public Works Law (Title 39, Code of Alabama 1975)*.

To the extent allowed by state laws, the board will utilize state, local, regional, and national purchasing agreements where appropriate for the procurement or use of goods and services. All procurement transactions are subject to the board's *Conflict of Interest Policy* and the procurement decisions of the board will:

1. Avoid acquisition of unnecessary or duplicative goods and services;
2. Use the most economical and efficient approach for acquisitions;
3. Award acquisition contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the proposed procurement;

4. Consider contractor integrity, compliance with public policy, record of past performance, and financial and technical resources prior to awarding procurement contracts;
5. Maintain records sufficient to document the history of the procurement; and,
6. Conduct procurement transactions in a manner that provides full and open competition.

Procurement transactions for federal programs and child nutrition programs that are not subject to the state procurement laws, but exceed the aggregate amount of the federal micro-purchase threshold, will be obtained by utilizing price or rate quotes from two or more qualified sources. State procurement laws include requirements that comply with the other Uniform Administrative Requirements for procurement of property and services.

The board will request proposals for those professional service contracts (excluding architectural and engineering services) that are exempt under state procurement laws if the contracts exceed \$250,000 and will be paid from federal or child nutrition program funds. The board will utilize a team of three or more qualified individuals to conduct a technical evaluation of proposals received and for selecting recipients. As a part of the evaluation, the individuals on the evaluation team will sign an assurance that each of the individuals is in compliance with the board's conflict of interest policy.

3.18 Classroom Instructional Support

The Superintendent shall develop procedures by which state allotments for classroom instructional support are made available for use by classroom instructors in the manner and for the purposes authorized by statute and corresponding state regulations. Reference: ALA CODE 16-1-8.1 (b) (7).

- 4.1.2 Access Restrictions Authorized: The Superintendent, principals, and facility administrators are authorized to regulate and restrict access to Board schools, buildings, and facilities in order to maintain appropriate security, minimize disruption and distraction within the learning environment, or to avoid a potential risk of harm to a student or employee. Adult sex offenders have a duty to comply with this policy, and it shall not be construed as imposing an affirmative duty of any kind on the school principal, designee, or any other employee, agent, or representative of the school or school system. Reference: ALA. CODE 15-20a-17

4.1.5 Disruptive Visitors: Visitors with a legitimate reason for being on school property may enter and remain on school campuses and Board facilities in accordance with limitations and requirements that are designed to preserve security and maintain an orderly educational environment. Visitors are required to observe appropriate decorum at all times and to respect administrative requirements and restrictions regarding their activities and interaction with faculty, staff, and students while on Board property. School officials are authorized to revoke permission to be on school property to noncompliant visitors; to limit, condition, or prohibit their future access to school property as deemed necessary to ensure safety and order; and to enlist the assistance of law enforcement agencies if and as necessary to accomplish these objectives.

4.1.6 Administrative Discretion Retained: Nothing in any Board or Board authorized policy, procedure, or directive that is designed to maintain or enhance school or school system safety and security shall be administered, enforced, or construed to limit or impair the exercise of any employee's lawful discretion or judgment in

4.4 Use of Board Property

4.4.1 Equipment, Supplies, Material, Vehicles: Equipment, supplies, materials, vehicles, and other movable or consumable property owned by or under lease to the Board may not be used by or made available to persons or entities for private or personal use, benefit, or consumption, or for any non-Board related use or purpose. Such property may not be removed from Board premises except as necessary to serve a school or Board-related function or purpose, and with the knowledge and approval of the appropriate supervisor, administrator, or the Superintendent.

4.4.2 Incidental Use of Communication Devices: The foregoing restrictions will not be deemed to prohibit Board employees from using Board owned, leased, or furnished equipment or communication devices for limited use, subject to the following conditions and limitations:

- a. The nature, content, or subject matter of the use is not unlawful or otherwise in violation of Board policy;
- b. The nature and substance of the use is suitable for and appropriate to the public school setting;
- c. The personal use of Board owned, leased or provided equipment has so little value that accounting for it would be unreasonable or administratively impracticable.

The accommodations hereby authorized do not repeal or modify any restrictions, requirements, or limitations applicable to the use of computer, electronic, or communication equipment or devices that are established elsewhere in board policy, procedure, or regulation, and nothing herein shall be construed to establish any right or expectation of privacy or confidentiality in or relating to the personal use of board owned or furnished equipment or device. The authorization hereby conferred is a limited and conditional privilege that is granted for the convenience of employees. It is subject to revocation generally or in individual cases upon a showing or suspicion of its violation or abuse.

4.4.3 Use of Board Facilities: Schools and other Board-owned or controlled facilities may be made available for use by sanctioned or generally recognized school support organizations if the use of the facility will not disrupt school operations or be inconsistent with the purpose and mission of the school system, and if

adequate advance provision is made for security, supervision, maintenance, damage prevention, post-event clean-up, liability insurance, and other risk management measures appropriate to the proposed use. Use of Board facilities for non-school organizations may be approved if the foregoing conditions are satisfied and a rental contract (or the equivalent thereof) that includes a reasonable fee or rental charge and other appropriate terms and conditions is approved by the Superintendent or designee.

4.5 Naming Board Facilities

No facility, property, building, or part thereof under the control of the Board will be named after any person or entity without Board approval.

4.6 Complaints and Grievances

4.6.1 General Complaints (Grievances): Subject to the limitations set forth below and elsewhere in this policy manual, any employee or member of the public may present to the Board a concern, complaint, grievance, or request for corrective action regarding any aspect of school system operations. A member of the public who files a grievance must demonstrate that he or she is impacted by the alleged violation to a greater extent than the impact on the public at large.

Before requesting corrective action or relief from the Superintendent or the Board, persons with such complaints, grievances, or requests should present them for resolution to the employee, supervisor, or administrator at the lowest administrative level with the authority and ability to address the problem or to implement the requested action. The Superintendent is authorized to develop specific procedures that will provide for fair consideration and orderly review of complaints and grievances. Such procedures may not unreasonably burden or delay the presentation or processing of such matters, and will be subject to Board review, modification, and approval.

4.6.2 Limitations Regarding Availability and Application of General Complaint/Grievance Policy: The general complaint/grievance policy and any procedures adopted thereunder do not apply to specific complaint or grievance policies and procedures established by Board policy or law for application to special factual or legal circumstances (e.g., sexual harassment grievance procedures; review of personnel matters under the Students First Act; “due process” hearings provided under the Individuals with Disabilities Education Act). In such instances, the specific statutory, regulatory, or policy-based process is the applicable procedure. The general complaint/grievance procedures authorized under the terms of this policy may not be invoked to challenge or seek review or reconsideration of adverse personnel decisions that have received final Board approval. A grievance may be based on an alleged misapplication of Board policies, regulations, or procedures, but may not be used to challenge the Board’s exercise of its discretion to adopt, approve, modify, or repeal a policy,

regulation, or procedure or on its failure to exercise such discretion (e.g., adoption of a school calendar, compensation policies, etc.). Grievances may not be used to bypass or deviate from statutorily mandated prerequisites to approval of board action, including but not limited to, the recommendation of the Superintendent.

- 4.6.3 Student Complaints and Grievances: Complaints, grievances, and requests for corrective action may be brought to the attention of the Board by or on behalf of students regarding academic, athletic extracurricular, or other non-disciplinary matters, issues, and concerns only after reasonable efforts to resolve the matter at the school and administrative levels have been exhausted. The Superintendent is authorized to develop specific procedures that will provide for fair consideration and orderly review of such complaints and grievances. Such procedures will not unreasonably burden or delay the presentation or processing of the complaint or grievance and will be subject to review and approval by the Board. Administrative judgements concerning academic or curricular matters or participation in extracurricular activities may be set aside by the Board only upon a showing that the action or decision in question is arbitrary and capricious, fundamentally unfair, or that it violates Board policy or the student's legal rights.
- 4.6.4 Student Disciplinary Matters: The Board may consider appeals of student disciplinary decisions or actions in accordance with standards and procedures specified in the Code of Student Conduct.
- 4.6.5 Americans with Disabilities Act Complaint Procedure
- a. *Complaint Criteria* – Persons who believe that they have been discriminated against on the basis of disability in the provision of services, activities, programs, or benefits covered by Title II of the Americans with Disabilities Act may file a written complaint with the Director of Human Resources.
 - b. *Complaint Form* – The complaint should be in writing and contain information about the alleged discrimination including the name, address, phone number of complaining party and location, date, and description of the problem. Alternative means of filing complaints will be made available for persons with disabilities upon request. A copy of the ADA Complaint Form can be obtained from the Department of Human Resources.
 - c. *Complaint Process* – The complaint should be submitted to the Director of Human Resources as soon as possible, but no later than thirty (30) days after the alleged violation. The Director of Human Resources will meet with the complaining party to discuss the complaint and possible resolutions. Within fifteen (15) calendar days of the meeting, the Director of Human Resources will respond in writing, and where appropriate, in a format accessible to the complaining party. The response will explain the position of the Director of

Human Resources and offer options for substantive resolution of the complaint.

- d. *Appeal Procedure* – If the response by the Director of Human Resources does not satisfactorily resolve the issue, the complaining party may appeal the decision within fifteen (15) calendar days after receipt of the response to the Superintendent. Within fifteen (15) calendar days, the Superintendent will respond in writing, and where appropriate, in a format accessible to the complainant, with a final resolution of the complaint.
- e. *Records Retention* – All written complaints received by the Director of Human Resources, appeals to the Superintendent, and records relating thereto will be retained by the Board as required by law. Reference: 42 U.S.C.A. 12131, *et seq.*

4.6.6 Public Complaints: Nothing in this policy shall be construed to deny any member of the public the right to petition the board for consideration or action regarding any matter of public concern falling within the statutory jurisdiction of the Board, provided that the person can demonstrate that he or she is impacted by the alleged violation to a greater extent than the impact on the public at large.

4.7 Risk Management

The Board may obtain such liability and other forms of insurance or enter into such risk management agreements, pools, cooperatives, and like arrangements, agreements, or undertakings as it deems necessary and appropriate to meet legal requirements or to protect the Board, its employees, or its property from risk of loss.

4.8 Emergency Closing of Schools

- 4.8.1 Authority of Superintendent to Close Schools: The Superintendent is authorized to close schools if such action is warranted by weather conditions or other circumstances that pose a risk to the safety and welfare of students and employees, or that render meaningful instruction impossible (e.g., loss of power or other utility services).
- 4.8.2 Make-Up Dates: To the extent not provided for in the school calendar, any days lost by reasons of an emergency closing will be made up and a revised school calendar approved, if necessary, to reflect any extension or adjustment of the school year required by such action *unless approval to waive the days is obtained in accordance with state law.*

4.9 Internet Safety and Use of Technology

- 4.9.1 Access to Technology Resources: The Board permits restricted and conditional access to and use of its technology resources, including but not limited to computers, the “Internet,” network storage areas, and electronic mail. Such access and use is restricted to employees, students, and other persons who are engaged in *bona fide* educational and administrative activities that serve and are consistent with identified educational objective or authorized support functions, and who, by signing an “Acceptable Use Agreement,” agree to abide by all Board

policies, rules, and regulations regarding technology use. The Acceptable Use Agreement will be developed by the Superintendent for approval by the Board.

- 4.9.2 Restriction or Loss of Technology Privileges: Persons who violate any Board policy, rule, or regulation regarding technology use may be denied use of the Board's technology resources and may be subject to additional disciplinary action.
- 4.9.3 Ownership of Technology Resources and Data: All technology resources, including network and Internet resources, e-mail systems, and computers or other access devices owned, leased, or maintained by the Board are the sole property of the Board. Board personnel may, at any time and without prior notice, access, search, examine, inspect, collect or retrieve information of any kind from the Board's technology resources, including computer or related equipment, files, and data, to determine if a user is in violation of any of the Board's policies, rules, and regulations regarding access to and use of technology resources, for or in connection with any other matter or reason related to the safe and efficient operation or administration of the school system, or for any other reason not prohibited by law. Users of school system technology resources have no personal right of privacy or confidentiality with respect to the use or content of such resources.
- 4.9.4 Adoption of Rules and Regulations: The Superintendent is authorized to develop for Board approval additional or more specific rules and regulations regarding access to and use of its technology resources and to require adherence to such rules and regulations through such means as the "Acceptable Use Agreement" and application of appropriate disciplinary policies and procedures. Such rules and regulations will address or provide:
- a. Measure to block or filter Internet access to pictures that are obscene, that constitute child pornography, or that are harmful to minors;
 - b. Restriction of access by minors to inappropriate material on the Internet;
 - c. The safety and security of minors when they are using electronic mail, chat rooms, and other forms of direct electronic communications;
 - d. Prevention of "hacking" and other forms of unauthorized use of or access to computer or Internet files, sites, databases or equipment;
 - e. Unauthorized disclosure, use, and dissemination of personal information regarding minors;
 - f. Restriction of minors' access to harmful material; and

- g. Educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response.

4.9.5 Limitations on Liability: The Board makes no warranties of any kind; either expressed or implied that the functions or the services provided by or through the Board's technology resources will be error-free or without defect. The Board will not be responsible for any damage users may suffer, including, but not limited to loss of data or interruption of service. Reference: 47 U.S.C. 254 (h) and (l)

4.10 Political Activity

Board employees may participate in political activities to the full extent permitted by the United States Constitution and federal and state laws securing the right to engage in such activities, subject to the following restriction:

- A. Employees may not appropriate Board property or resources for use in political campaigns, and may not engage in partisan political activities (including, but not limited to, the distribution of campaign material or literature) during regular school or duty hours or at Board sponsored or sanctioned events, functions, or at activities at which the employee is on duty or assigned official responsibilities;
- B. Employees may not represent their political beliefs or positions on political matters to be those of the Board or other Board officials, or to falsely assert or imply that their political activities or positions are endorsed by or undertaken in the name of the Board or other Board officials;
- C. In order to avoid disruption to the classroom and the school, employees may not wear or display political buttons, clothing, or banners during regular school or duty hours or at Board sponsored or sanctioned events, functions, or at activities at which the employee is on duty or assigned official responsibilities;
- D. In order to avoid obstructing the parking lot or otherwise disrupting school activities, employees may not place large signs or billboards in or on personal vehicles in the school parking lot;
- E. Candidates and representatives of candidates for political office may not be invited or allowed to address student groups except when 1) such candidates are participating in a forum or like format that is designed to provide all candidates the opportunity to participate; or 2) the candidate is a current public official invited to address student groups for non-campaign related purposes. Such forums may be conducted

only for appropriate age groups, and with the advance approval of the school principal and the Superintendent; and

- F. Political signs may not be placed on schools or school board property.
- G. Campaign literature and other material may not be distributed on Board property during the regular school or workday and may not be distributed at school or Board sponsored events or activities in a manner that impedes the normal and safe movement of pedestrian or vehicular traffic, that creates any other safety hazard or risk, or that disturbs or disrupts the function, activity, or event.

Notwithstanding these restrictions, any common area that is available for use by the general public may be used for political purposes as long as such area is available to all candidates on an equal basis and such activity does not disrupt the normal business of the property.

4.11 Data Governance and Use

The Superintendent is authorized to establish procedures governing the storage, use, and sharing of data maintained electronically by the school system. Such procedures shall comply with applicable state and federal law and shall include provision for data security (including physical security measures), access controls, quality control, and data exchange and reporting (including external data requests, and third party data use). Nothing in this policy or in any procedures authorized hereunder creates or expands any entitlement to confidentiality of records beyond that which is established by law or specific Board policy.

Any unauthorized access, use, transfer, or distribution of Board data by any employee, student, or any other individual may result in disciplinary action (up to and including termination for employees) and other legal action.

4.12 Automatic External Defibrillator (AED)

The Superintendent is authorized to develop procedures regarding the use of AEDs.

4.13 Title IX

4.13.1 Prohibition: In accordance with Title IX (20 U.S.C. §1681, *et seq.*), and its regulations (34 C.F.R. Part 106), the Board strictly prohibits discrimination on the basis of sex or gender in its programs or activities, including sexual harassment, as defined by law and Board policy. Inquiries regarding the application of Title IX regulations may be referred to the Board's Title IX Coordinator, to the Assistant Secretary for Civil Rights of the Department of Education, or both. Sexual harassment complaints will be filed and reviewed under the Board's student sexual harassment policy or its employee sexual

harassment policy as applicable. All other complaints under Title IX will be filed and reviewed according to the Board's general complaint and grievance procedures.

- 4.13.2 Title IX Coordinator: The Superintendent is authorized and directed to designate a Title IX Coordinator, whose duties will include but not be limited to receiving and responding to Title IX inquiries and complaints, and compliance with the regulations.

V. Personnel

5.1 Employee Qualifications and Duties

- 5.1.1 General Requirements: Employees have a duty to perform their jobs responsibly and in a conscientious manner. In addition to any specific job requirements set forth in job descriptions or elsewhere, employees are expected to meet the following general performance and service standards:
- a. Employees are required to be punctual and to attend work regularly.
 - b. Employees are required to perform the duties and responsibilities that are assigned to them by the Board, the Superintendent, or their supervisor(s). Such duties and assignments may extend beyond or outside the instructional day and may include off-campus functions, events, and activities.
 - c. Employees are required to obey all laws, ordinances, Board policies, supervisory directives, and are expected to follow the Alabama Educator Code of Ethics and other pertinent authority while carrying out duties for the Board.

 - e. Employees must complete and submit required reports accurately and in a timely fashion.
 - f. Employees must respect, protect, and exercise due care in the handling, use, and operation of Board property and equipment.
 - g. As used herein, the term “Student” means any student with whom the employee has, has had, or could prospectively have a professional, teaching, counseling, coaching, mentoring, advisory, supervisory, or working relationship. The term “Student” also includes any student who, by reason of his or her age, mental or physical condition, or other circumstances is practically or legally incapable of consenting to the relationship in question.
 - h. Employee Attire: Employees are required to report to work or to school functions in attire that is appropriate to their position and the nature of the

function and that is in keeping with generally accepted standards of decorum and professionalism. Service and other employees who are issued uniforms shall wear uniforms when required.

- i. Employees shall promptly disclose to the Board any fact that would disqualify them from employment or that renders them unable to perform their essential job functions.
- j. Legal, professional, and ethical standards that would otherwise apply to correspondence and other forms of communication generated by employees apply to communications and statements made or publicized through social media.

5.1.2 Special Requirements

- a. *Work Schedules (Teachers)* – Supervisory and instructional duties of teachers commence fifteen (15) minutes prior to the actual arrival and conclude fifteen (15) minutes after the departure of students. Except as may otherwise be provided by the Board or required, the instructional day for teacher is seven and ½ (7.5) hours. Assignments and duties may extend beyond the instructional day and may include off-campus functions, events, and activities; conferences and meetings with parents; supervision of student arrival and departure; and preparation for the following instructional day. Teachers will be provided a minimum of thirty (30) minutes free of instructional and supervisory responsibilities each instructional day.
- b. *Work Schedules (Support Personnel)* – The Superintendent is authorized to establish work schedules, including minimum work times for support personnel.
- c. *Professional Certification* – In addition to requirements established by the State Board of Education and the pertinent job description, professional employees must hold a degree from an accredited college or university and hold a current, valid, and properly endorsed Alabama Teacher’s Certificate, which will be maintained in the Human Resource office. A teacher who has completed the certification process but has not received the certificate may be employed on tentative or temporary compensation pending verification of certification from the State Department of Education. Upon receipt of such verification, appropriate adjustments will be made to the teacher’s salary. If a teacher earns a higher degree from a regionally accredited institution that merits increased compensation under the approved salary schedule, any salary increase will be effective upon Board approval following verification of the new degree from the institution.

- d. *Supply Teachers* – A supply teacher is either a replacement for a permanent, certified teacher who is on leave for more than 18 weeks or a replacement for a permanent, certified teacher who is no longer employed by the Board. A supply teacher must have a valid teacher’s certificate issued by the State Superintendent of Education. Supply teachers will be selected and assigned in accordance with procedures established by the Superintendent. Supply teachers will be placed on the salary schedule based upon their education degree and experience.
- e. *Substitute Teachers* – Substitute teachers must, at a minimum, possess a high school diploma or its equivalent, a two year diploma from a college or university (or the equivalent hours), and a valid Alabama Substitute Teachers License. Substitute teachers will be paid as specified in a Board-approved salary schedule. Substitute teachers are required to follow policies/procedures outlined in the Hoover City Schools Handbook for Substitute Teachers.
- f. *No Reemployment for Supply and Substitute Teachers* - Supply and substitute teachers are considered temporary employees and are appointed only to meet a temporary emergency. In no case will the employment be deemed to extend beyond the end of the school year, and all such positions shall expire on or before the end of the school year.
- g. *Teacher Assistants* – Teacher assistants must, at a minimum, possess (i) a high school diploma or its equivalent; (ii) a two year diploma from a college or university (or the equivalent hours) or pass the WorkKeys Assessment; and (iii) a certificate from the State Department of Education verifying a “clear” status resulting from a background check.
- h. *Bus Drivers* – In addition to the requirements established by the State Board of Education, a bus driver must: (1) hold a valid commercial driver’s license, (2) complete a minimum of twelve (12) hours of approved instruction in school bus driving, and (3) satisfactorily complete a written examination driver’s performance test approved or administered by the State Department of Education of State Superintendent. A bus driver must also meet any requirements of the entity providing the Board’s automobile liability coverage. Reference: ALA. CODE 16-27-4 (1975)

5.2 Hiring

- 5.2.1 Application Procedures: Application Procedures – Job applicants for all positions must file an online application with the Human Resources Department of the Board. Applications must be completed in full. All information provided in the application must be truthful. Any misrepresentation of a material fact on an employment application may disqualify the applicant from consideration for the

position and may subject an employee to adverse employment action, including termination.

- 5.2.2 Qualifications: Applicants must meet the minimum qualifications of the position as provided in Board policy, the job description for the position, the posted advertisement for the position, or as may otherwise be established by the Board, applicable law, or regulation. Applicants must hold such degrees, licenses, certificates and like credentials as may be necessary, appropriate, or customary for the position in question.
- 5.2.3 Employing Authority for Permanent Contract Personnel: The Board is responsible for making all final hiring and termination decisions for permanent contract personnel, and no hiring decision is official, final, or effective unless and until it is approved by a vote of the Board. No principal, administrator, supervisor, or other employee has authority to hire an applicant without Board approval or to commit the Board to specific action regarding employment.
- 5.2.4 At-Will Employment: Except as may otherwise be provided or required by law, by contract, or by the specific terms of their appointment, all personnel are deemed “at-will” employees and may be terminated, demoted, reassigned, suspended, or disciplined with or without pay, or with reduced pay, and with or without cause.
- 5.2.5 Nepotism
- a. *Supervisory Relationships* – Employment decisions and relationships that violate any provision of Alabama law, including state ethics and nepotism laws, are prohibited. The Superintendent is authorized to take action to identify and correct violations of the policy in a manner consistent with applicable law.
 - b. *Employment of Family Members* – Board members, administrators, or supervisors may not use their positions to directly or indirectly seek or secure the employment of any family member as defined in the Alabama Ethics Law.
 - c. *Selection of Impartial Person* – When law or policy mandates the recusal of a board member, official, or employee (“disqualified official”) from involvement in a decision involving the employment or possible employment of a relative or other person and permits or requires an objective, neutral, or impartial person (“the surrogate official”) to exercise some or all of the functions of the disqualified official with respect to the decision or action in question, the surrogate official shall be deemed objective, neutral or impartial if he or she:
 1. Is not related by blood or marriage to the disqualified official or the person whose employment status is at issue, or of any applicant in a multi-member field of persons under consideration for employment or advancement;

2. Does not work under the direct or indirect supervision of the disqualified official, of any person who selects the surrogate official, or of any person whose employment status could be affected by the action or decision at issue;
3. Has no personal or financial connection to the disqualified official, to any person whose employment status could be affected by the action or decision at issue, to any other person involved or affected by the action or decision at issue in a way that would call into questions the surrogate official's objectivity, neutrality, or impartiality; and,
4. By education, training, and experience has sufficient understanding of the employment qualifications and other factors and considerations that bear upon the action or decision at issue to make an informed report and recommendation to the Board.

After considering any report or recommendation that may be made by the surrogate official, the Board may approve such recommendation or remand the matter in question for further review. Reference: Act of Alabama No. 2015-486

5.3 Probationary Employment

Employees are required to serve the maximum period of any probationary service provided or permitted by law before tenure, non-probationary status, or any other statutorily sanctioned form of employment security will be recognized by the Board.

5.4 Non-Teaching Supplemental Duties

Compensation in the form of supplements may be paid for non-teaching supplemental duties in accordance with rates specified or established for such duties in the Board's official salary schedule. Such duties include coaching and sponsorship of athletic support organizations (e.g., cheerleaders, flag teams, drill teams) as well as scholastic support activities (e.g., yearbook, academic clubs, service clubs). Such supplemental duties are considered additional non-teaching assignments to be made and approved on an annual basis or otherwise as the needs of the school require. Such supplemental duties are not considered to be a part of a teaching contract or appointment, and no tenure, continuing service status, non-probationary status, or contractual right to continued employment or compensation for such supplemental assignment will be recognized or implied in the absence of a separate written contract of employment providing for such rights. [Reference: Ala. Code §16-24C-4(3)b (1975)]

5.5 Professional Development

The Superintendent will develop and implement an ongoing program of professional training and development that is designed to enhance the competencies of professional

and support staff. Employee attendance and participation in such training institutes, workshop, seminars, and programs may be made mandatory by the Superintendent. The unexcused failure of an employee to attend or participate in such professional development activities may constitute grounds for termination of employment or other disciplinary action.

5.6 Employee Conflicts of Interest

Employees may not use their offices for personal gain and must adhere to applicable provisions of the Alabama Ethics Law. Employees may only engage in outside employment under the following terms and conditions:

- a. Employees will not engage in outside business activities or render any service for another employer during such time as duties and responsibilities have been assigned by the Board;
- b. Employees will not accept outside employment that would interfere with or impair the ability of the employee to perform duties as a Board employee effectively;
- c. Employees may not accept work that could compromise the employee's independent judgment in the exercise of duties for the Board;
- d. Employees may not use or disclose confidential or personally identifiable information acquired through Board employment for their personal gain or for the benefit of a third party.
- e. Employees shall not receive pay or other compensation for private tutoring of students enrolled in classes they teach in Hoover City Schools. If they tutor other students in the school district not enrolled in their classes, written notice of such activity must be given to the building principal.

5.7 Employee Gifts

Employees may accept gifts from students or other members of the public if the gifts are in accordance with the Alabama Ethics law and other pertinent state laws.

5.8 Employee Evaluations

- 5.8.1 Certified Personnel: Certified employees (other than contract principals) will be evaluated in accordance with an evaluation program approved for use by the Alabama State Department of Education. Contract principals will be evaluated in accordance with rules, regulations, and requirements promulgated by the State Department of Education or as may otherwise be permitted by law.
- 5.8.2 Non-Certified Personnel: Non-certified personnel will be evaluated in accordance with criteria and procedures to be developed by the Superintendent.

- 5.8.3 Use of Evaluations in Connection With Employment Decisions: Unless prohibited by law (including applicable regulations) or the terms of the evaluation instrument, employment evaluations may be considered in making employment decisions, together with such other information and considerations as may reasonably bear upon the wisdom, necessity, or advisability of the employment decision. However, employment evaluations are intended to enhance the overall quality of the school system’s instructional program and are not intended to confer, constitute, or give rise to any individual right, entitlement, or enforceable expectation of continued employment or advancement. Accordingly, except as may be specifically provided otherwise in state law applicable to “contract principals” employees do not acquire any employment right or right of legal action based on any actual or alleged failure on the part of the Board or the evaluator to follow specific evaluation policies, regulations, or procedures.
- 5.8.4 Special Evaluation Situations: The Superintendent, the Chief School Financial Officer, and other employees who serve in positions of special trust or sensitivity may be evaluated by such means as may be permitted by law or applicable regulation or as agreed to in an employment contract.
- 5.8.5 Exempt Personnel: Except when required by law or contract, temporary, substitute, and occasional employees, or employees appointed to supplemental positions (e.g., coaches, extrracurricular activity sponsors) will not be formally evaluated in those rules.

5.9 Personnel Records

- 5.9.1 Content of Personnel Files: A central personnel file will be maintained for all regular employees. The personnel file may contain information regarding the employee’s current assignment, payroll status, and work history, including but not limited to job qualifications, certification, licenses, employment contract(s), evaluation data, disciplinary information, and such other documents, written materials, and data as may be reasonably deemed necessary and appropriate by the Board for sound and efficient personnel administration. Anonymous material and other matters that are prohibited by law, regulation, or Board policy from being maintained in personnel files may not be included therein. Employees may reasonably supplement or respond in writing to any material contained in the personnel file with which they disagree and such responses will also be included in the personnel file.
- 5.9.2 Alternate Data Storage: Personnel file data may be stored or maintained electronically or digitally.
- 5.9.3 Confidentiality: The contents of an employee’s personnel file will be deemed confidential except for documents that are matters of public information or

public record under applicable state or federal law.

- 5.9.4 Access to Personnel Files: Persons whose duties reasonably require access to personnel files are authorized to view, copy, and use the contents of personnel files for purposes that are required by or in keeping with their official duties on behalf of the Board.

5.10 Employee Leave

- 5.10.1 Work Attendance an Essential Job Function: Punctual, regular attendance is an essential job function of every job and position, and employees are expected to report to work when scheduled to work and to remain at work each working day.

- 5.10.2 Absences: Except as otherwise authorized by the Superintendent or designee, employees may be absent from work only in the following circumstances:

- a. Illness, injury or other qualifying reason for sick leave or on-the-job injury leaves under state law or the Family Medical Leave Act;
- b. Professional leave;
- c. Vacation leave;
- d. Personal leave;
- e. Military leave;
- f. Court leave;
- g. Organizational leave;
- h. Other leave that is specifically approved by the Board upon a showing of substantial hardship or extraordinary circumstances.

Employees who know in advance that they will be absent from work must notify their supervisor of the expected absence in accordance with procedures specified by the Superintendent. In the event of an emergency or incapacity that makes advance notice impractical, employees must notify their supervisor of their absence as early as possible. An employee who is absent from work without notification to his/her supervisor will be considered absent without leave in violation of Board policy and subject to appropriate disciplinary measures. Employees who are approved for paid leave or absences will be paid at the regular daily rate of pay; however, a day of paid leave or absence will not be counted as a day worked for the purposes of computing overtime under the Fair Labor Standards Act. Pay will be reduced on a *pro rata* basis for leaves or

absences not covered by sick, vacation, personal, or other appropriate form of paid leave. The continuation of benefits during an approved absence is subject to the provision of the particular benefit policy or plan.

5.10.3 Paid Sick Leave

- a. *Persons Eligible for Paid Sick Leave* – All regular full time employees are eligible for paid sick leave.
- b. *Earning and Accumulation of Paid Sick Leave* – All eligible employees earn sick leave days at the rate provided for in state law.
- c. *Use of Sick Leave* – Eligible employees may only use paid sick leave for absences caused by the following:
 1. Personal illness;
 2. Incapacitating personal injury;
 3. Attendance upon an ill member of the employee’s immediate family, defined as a spouse, parent, child, sibling or any person with a close personal tie;
 4. Death of a family member, including a spouse, parent, child, sibling, mother or father-in-law, son or daughter-in-law, brother or sister-in-law, nephew or niece, grandparent, grandchild, aunt, or uncle;
 5. Death or care of an individual with whom usually strong personal ties exist because of a relationship other than those listed above.
- d. *Certification* - By taking sick leave, the employee is certifying that the sick leave is being used for one of the reasons provided in state law. If the employee’s principal or department head has probable cause to believe that an employee has abused or misused sick leave, a physician’s statement verifying the existence and nature of the illness or medical condition may be required by the school system as appropriate. Abuse of sick leave may subject the employee to disciplinary action, including possible loss of pay. Reference: ALA. CODE 16-1-18.1 (1975)

5.10.4 On-The-Job-Injury Leave: On-the-job-injury includes an accident or injury to an employee that occurs in the course of performing job duties for the Board or when the employee is directed or requested by the employer to be on the property of employer and which prevents the employee from working or returning to the job.

Employees who are accidentally injured on the job may be approved for paid “on-the-job injury” leave without using sick days, provided that:

- a. The injured employee submits written medical certification from the attending licensed physician stating that the employee was injured and cannot return to work due to a specified injury, if there is a reasonable expectation that the employee will return to work and, if so, the expected date of that return. A supervisor may require a second opinion from a Board specified physician, at its expense.
- b. The employee submits a signed written account of the accident attested by a principal or department head within twenty-four (24) hours after the injury occurred. If the injured employee is not able to notify the supervisor, another person reasonably knowledgeable about the employee's condition and circumstances leading to the injury may provide the required notification.

Upon a determination that the employee has been injured on the job and cannot return to work, the Board may maintain the employee's salary and benefits for the period of incapacity caused by the injury, not to exceed ninety (90) days. An employee who is injured on the job may file a request for unreimbursed medical expenses and costs with the State Board of Adjustment. The Board will provide such reasonable assistance to the employee in filing the Board of Adjustment claim as is required by law, but assumes and will have no responsibility or liability for processing the claim or directly reimbursing the employee any unreimbursed medical expenses and costs. On-the-job injury leave will be administered in accordance with and subject to the requirements and limitations imposed by state law regarding such leave. Reference: ALA. CODE 16-1-18.1 (1975)

5.10.5 Personal Leave: Personal leave must be requested in writing in accordance with such procedures as may be established by the Superintendent. Personal leave may not be taken immediately before or after a school holiday or in the first or last ten days of a school term unless approved by the immediate supervisor.

All regular full-time employees are eligible for two non-cumulative personal leave days each scholastic year without loss of pay. Employees have three additional personal leave days available, which result in being charged a predetermined rate established by the Board for certified and classified employees. Employees with unused personal leave days may choose to convert the unused days to sick leave days at the end of the school year. Approval from an immediate supervisor is required for the additional three days to avoid disruption in school operations. Unused personal days automatically roll into sick days at the end of the payroll year. Teachers may be compensated for the two state earned unused paid personal leave days at the end of the school year at the average daily rate of pay used for substitute teachers. Reference: ALA. CODE 16-8-26 (1975)

5.10.6 Vacation

- a. *Eligible Employees* – Twelve-month full-time employees are eligible for a minimum of ten (10) paid vacation days per year.
- b. *Vacation Benefits* – Eligible employees will earn vacation benefits as flows:
 1. Classified employees with at least one year of consecutive service with the Board will accrue ten (10) days of vacation on the first day of the Board's scholastic year.
 2. Classified employees with less than one year of consecutive service with the Board will accrue one (1) vacation day per month up to ten (10) days per scholastic year.
 3. Nonteaching certified personnel will accrue vacation on the first day of the Board's scholastic year.
- c. *Accumulation of Vacation Time* – Vacation must be used by December 31st of the following year or be forfeited. Vacation days may not be bought, sold or donated. Employees will be paid for earned vacation time if not used prior to the effective date of resignation or retirement.
- d. *Scheduling* – Vacations must be scheduled with the knowledge and approval of the employee's department head.
- e. *Special Circumstances* – The amount of vacation leave may be adjusted for personnel who are employed under a special contract (e.g., the Superintendent) or under unusual circumstances such that the strict application of standard vacation policy would cause an inequitable forfeiture of earned vacation credit (e.g., employees who were credited with vacation leave earned in another system upon the formation of the Hoover school system).

5.10.7 Professional Leave: District administrators are authorized to grant professional leave with pay to Board employees to engage in educational activities which, in the judgment of the administrator, serve the needs and interest of the school system. Any such leave exceeding five days in a scholastic year must be approved by the Superintendent or designee.

5.10.8 Military Leave: Military leave is available to all eligible employees in accordance with state and federal law.

5.10.9 Court Leave: Permanent and full-time employees are entitled to regular compensation while performing jury duty (ALA. CODE 12-8-25) or when the

employee is summoned under subpoena or other legal requirement to testify at trial in a court of law or in an administrative proceedings constituted under the statutory authority of the agency conducting the proceedings. Paid leave is not authorized for employees to meet with attorneys, to attend depositions, or to otherwise prepare for legal proceedings unless the presence of the employee is requested or required by the Board.

5.10.10 Organizational Leave: The employee organization representing the largest number of employees in the school district as determined by the list of members on file as of September 15th of each year will be provided one (1) day of organization leave day for every twenty-five (25) members for each scholastic year. The organization will submit to the Superintendent the names of members who are entitled to utilize the organizational leave on behalf of the organization and only personnel whose names appear on the list will be approved for organization leave. Personnel who desire to utilize organization leave shall submit notice of their proposed absence ten (10) working days in advance of the requested leave date, unless extenuating circumstances exist.

5.10.11 Leave of Absence: Full-time, tenured employees may be granted a leave of absence without pay not to exceed one (1) academic year for study, personal improvement, travel, sabbatical, family obligations, wellness or illness. The following provisions shall apply:

- a. It is the responsibility of the employee to submit a request for leave in writing no less than sixty (60) days before the anticipated date of the leave.
- b. The leave of absence must be for one entire academic year and may not include portions of two separate academic years.
- c. An employee returning from a leave of absence is not guaranteed his/her original position, but is subject to transfer and reassignment to another vacant position in the school district. He/she shall maintain his/her tenure status and all accruable benefits, except that, days are not to be accrued for sick leave or annual leave.
- d. A leave of absence shall not be counted as experience in the determination of placement of the salary schedule.
- e. An employee on a leave of absence shall notify the Superintendent, in writing, of the employee's intent to return or not to return, no later than sixty (60) days before the scheduled date of return.

5.11 Family and Medical Leave Act (FMLA)

5.11.1 Eligible Employees: The FMLA is applicable to all persons who have been employed for at least twelve (12) months and have worked a minimum of 1,250 hours during that twelve (12) month period.

5.11.2 Medical Leave Provided by the Act: Under the FMLA, eligible employees are entitled to twelve (12) weeks of unpaid leave during any twelve (12) month period for one or more of the following reasons:

- a. The birth and first year care of a newborn child;
- b. The placement of a foster child or adoption;
- c. The care of an immediate family member, defined as a spouse, child or parent, with a serious health condition;
- d. The taking of medical leave because of the employee's own serious health condition.

For the birth, adoption, or foster placement of a child, the entitlement to leave for child care expires at the end of the twelve (12) month period beginning on the date of birth, adoption, or placement. Leave associated with the illness of a child will only be provided if the child is under eighteen (18) years of age or is incapable of self-care due to physical or mental disability.

5.11.3 Serious Health Conditions: The term "serious health condition" means an illness, injury, impairment, or physical or mental condition that involves the following:

- a. Any period of incapacity in connection with or following inpatient care in a hospital, hospice, or residential medical care facility.
- b. Continuing treatment by a health-care provider, to include any period of incapacity due to:
 1. A health condition, including treatment and recover, lasting more than three (3) consecutive days, and any subsequent treatment or period of incapacity relating to the same condition;
 2. Pregnancy or prenatal care;
 3. A chronic, serious health condition which continues over an extended period of time, requires periodic visits to a health care provider, and may involve episodes of incapacity (e.g., asthma and diabetes);

4. A permanent or long-term condition for which treatment may not be effective (e.g. Alzheimer's, severe stroke) and for which supervision of a health-care provider is required;
5. Multiple treatments for restorative surgery or for a condition which would likely result in a period of incapacity of more than three (3) days if not treated.

5.11.4 Military Family Leave Provided by the Act

- a. Qualifying Exigency Leave – Under the FMLA, an eligible employee with a spouse, child, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may utilize the twelve (12) week medical leave entitlement to address qualifying exigencies resulting from that service.
- b. Military Caregiver Leave – An eligible employee, who is the spouse, child, parent, or next of kin of a covered service member, is entitled to take up to twenty-six (26) weeks (including any medical leave provided by the Act) of unpaid leave during any twelve (12) month period (beginning the first day of the leave) to care for an individual covered service member with a serious injury or illness incurred in the line of duty while on active duty that may render the service member medically unfit to perform the duties of the member's office, grade, rank, or rating. A covered service member is a member of the Armed Forces, including the National Guard and Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness incurred in the line of duty on active duty.

5.11.5 Spouse Employed by the Board: Spouses who are both employed by the Board are limited to a combined total of twelve (12) weeks of family leave for the birth and care of a newborn child, for the placement of a child for adoption or foster care, for the care of a parent who has a serious health condition, and for qualifying exigency leave. Spouses who are both employed by the Board are limited to a combined total of twenty-six (26) weeks for military caregiver leave.

5.11.6 Intermittent Leave: An employee may take leave intermittently or on a reduced leave schedule only when medically necessary to care for a spouse, parent, or child or to receive planned medical treatment. Intermittent leave should be scheduled to the extent practicable so as not to unduly disrupt the operations of the Board. Intermittent leave may be further limited for teachers in accordance with federal law.

5.11.7 Use of Vacation and Sick Leave: If an employee has available sick leave, vacation leave or other applicable paid leave, the employee must utilize those forms of leave before taking unpaid leave under the FMLA. In that instance, the paid leave and the FMLA leave will run concurrently and the employee's twelve (12) weeks of unpaid FMLA leave will be reduced by the paid leave utilized, as long as the need for such leave results from one or more of the qualifying reasons under the FMLA.

5.11.8 Notice: Employees seeking leave under the FMLA must provide thirty (30) days advance notice of the need to take leave when the need is foreseeable. When the need for leave is unforeseeable, employees should notify their supervisors as soon as possible. Employee must also provide notice of the need for qualifying exigency leave as soon as possible.

5.11.9 Certification for Medical or Military Caregiver Leave: Every request for FMLA leave based upon the serious health condition of the employee or employee's spouse, children, or parents, or leave as a military caregiver must be supported by medical certification issued by the appropriate health care provider on forms provided by the Board.

For leave based on a serious health condition of the employee or employee's spouse, child, or parent, the Board serves the right to obtain a second opinion from an independent health-care provider designated by the Board. If the opinion received by the employee and the second opinion conflict, the Board and the employee must agree on a third provider to issue a binding opinion. Both the second and third opinions (if necessary) will be at the expense of the Board.

5.11.10 Certification for Qualifying Exigency Leave: Certification will be required by the Board for requests for qualifying exigency leave. Certification must be timely submitted on forms available from the Board. For the first such request, certification may include a copy of the military service member's duty orders or other military documentation.

5.11.11 Return to Work: The Board may require an employee who has taken leave due to the employee's own serious medical condition to provide the Board with a healthcare provider's certification in order to return to work. Any employee who takes leave under these provisions will be entitled to be restored to the original position held when the leave commenced or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.

5.11.12 Maintenance of Benefits: Benefits accrued by the employee before leave is taken are not lost when approved FMLA leave is taken. Employees who are on approved FMLA leave will remain eligible to participate in benefit programs in which the employee was enrolled at the time of the leave, provided that the

employee will continue to be responsible for payment of employee's portion of any cost, premium, or like payment that is required to maintain eligibility for the coverage or benefit. An employee who does not return to work after FMLA leave, will be required to reimburse the Board for the cost or benefits coverage extended to the employee during the leave, unless the reason for the employee's failure to return to work is (1) a continuing serious health condition suffered by either the employee or a family member, or (2) other circumstances beyond the employee's control.

5.11.13 Instructional Employees: Medical leave taken by eligible instructional employees is subject to further limitations and provisions established by the FMLA. The Superintendent or designee is authorized to develop additional information and guidelines concerning Instructional Employees.

5.12 Sick Leave Bank

A "Sick Leave Bank" plan for full-time certified and classified employees is hereby established in accordance with applicable provisions of state law. A Sick Leave Bank Committee will be established to oversee the operations of the Sick Leave Bank in accordance with state law and the following provisions:

- a. Sick Leave Bank Committee – The Sick Leave Bank Committee will be composed of one member representing the Board and four members presenting participating members of the bank.
 1. *Board Representative* – The Member representing the Board will be appointed by the Superintendent, subject to Board approval.
 2. *Participant Representatives* – The participant representatives will be selected by the sick leave bank members.
- b. Procedures for Selecting Employee Representatives on Committee
 1. *Nomination* – Before each election of participant representatives, the Board will hold an open nomination period. Any employee who is eligible to participate in the sick leave bank may be nominated for one of the participant representative positions. Nominations must be written and must be received in the Benefits Department by the deadline specified in a notice to be provided by the Superintendent or designee through Board publications and other means of communication that are generally used of such purposes.
 2. *Voting* – Each eligible nominee will be placed on the Sick Leave Bank Committee ballot. Voting will take place by ballot at Board facilities at the time specified or as may otherwise be provided by the Board. Supervision of voting will be by local facility personnel. Voting members will be required to verify their ballot by

signing the Board's voter record. Votes will be forwarded to the Benefits Department for final tabulation. The four candidates receiving the highest number of votes will serve as participant representatives on the Sick Leave Bank Committee.

- c. Term of Committee Members: Sick Leave Bank Committee members will serve for a term of one year and may not serve for more than five years.
- d. Chairman of the Sick Leave Bank Committee: The Sick Leave Bank Committee will elect a chairman from among its representatives at its first annual meeting. The chairman will be responsible for recording organizational minutes, for conducting meetings, and for organizing meetings as necessary.
- e. Meetings: If there is a recommendation for a change in procedure, the Sick Leave Bank Committee will meet at least annually following each enrollment period. The Committee will also meet as necessary.
- f. Sick Leave Bank Committee Duties: The Sick Leave Bank Committee will develop proposed rules and regulations for the Sick Leave Bank, to be submitted to participating members for approval. At a minimum, said rules and regulations must include those terms and provisions that are required by statute. The committee has the authority to review both participation in the Bank and request for leave to ensure compliance with state law, Board policy, and such rules and regulations as may be adopted by the Sick Leave Bank Committee.
- g. Employee Participation: Participation in the Sick Leave Bank is voluntary and open to all full-time employees of the Board. However, employee participation is subject to such rules and regulations regarding enrollment procedures, deposits, withdrawals, and participation as may be developed by the Committee. Reference: ALA. CODE 16-22-9-(1975)

5.13 Administrative Leave

The Superintendent is authorized to place an employee on administrative leave upon a determination that the best interests of the school system would be served by such action. Administrative leave relieves the employee of regular work responsibilities pending resolution of the matters or circumstances that gave rise to the leave.

Administrative leave is not disciplinary in nature or purpose and does not affect the employee's compensation, benefits, tenure, or non probationary status.

Administrative leave may be accompanied by such additional restrictions or conditions as may reasonably be imposed by the Superintendent under the circumstances (e.g., limitation on access to school property). The status of employees who are on administrative leave will be reviewed and reported to the Board periodically.

5.14 Equal Employment Opportunity

5.14.1 Unlawful Discrimination Prohibited: The Board is an equal opportunity employer. Personnel actions and decisions will be made without regard to factors or considerations prohibited by federal or state law (as such laws may from time to time be amended), including but not limited to race, gender, age, disability, national origin, citizenship, and religious preference. Subject to the limitations set forth in 4.6.2 the general complaint (grievance) policy (4.6.1) may be used to present any complaint alleging unlawful discrimination or harassment.

5.14.2 Implementing Regulations Authorized: The Superintendent is authorized and directed to implement such rules, regulations, procedures, and directives as necessary and appropriate to implement and enforce this policy and any law prohibiting discrimination in the workplace, including the designation of one or more complaint/grievance investigators, officials, or coordinators, the development of complaint or grievance procedures for responding to allegations of unlawful discrimination, the provision of training or dissemination of instructional materials and advisories to appropriate staff members, and the administration of corrective or remedial action in response to violations of the law and of this policy.

5.15 Employee Sexual Harassment

5.15.1 Sexual Harassment Prohibited: Sexual harassment in any form that is directed toward employees is prohibited. Persons who violate the policy will be subject to the full range of disciplinary consequences up to and including termination as dictated by the nature and severity of the violation and other relevant considerations. If appropriate, the circumstances constituting the violation may be reported to law enforcement agencies for further investigation and action.

5.15.2 Definition of Sexual Harassment: Title IX regulations define sexual harassment to include one or more of the following:

- a. An employee conditioning the provision of an aid, benefit, or service of the school/school district on an individual's participation in unwelcome sexual conduct (i.e., *quid pro quo* sexual harassment);
- b. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school/school district's education program or activity; or
- c. Sexual assault, dating violence, domestic violence, or stalking, as each of those terms is defined by federal statutes enumerated in the Title IX regulations, 34 C.F.R. § 106.30(a).

- 5.15.3 Examples of Prohibited Conduct: The following are examples of conduct that may constitute sexual harassment, depending on individual circumstances:
- a. Verbal harassment or abuse of a sexual nature, including graphic comments, the display of sexually suggestive objects or pictures, and sexual propositions;
 - b. Repeated unwelcome solicitation of sexual activity or sexual contact;
 - c. Unwelcome, inappropriate sexual touching;
 - d. Demands for sexual favors accompanied by implied or overt promises of preferential treatment or threats with regard to an individual's employment status.
- 5.15.4 Sexual Harassment Complaint Procedures Authorized: The Superintendent is authorized and directed to establish, implement and revise more detailed sexual harassment complaint procedures in compliance with Title IX that are designed to provide employees who believe that they are victims of unlawful sexual harassment with a thorough, discreet, and prompt internal procedure for investigating and resolving sexual harassment complaints. The process and procedures will be drafted so as to provide supportive measures, facilitate the gathering of relevant facts and evidence, permit timely assessment of the merits of the complaint, provide an opportunity for informal resolution of complaint where appropriate, eliminate any harassment that is established by the investigation and prevent any retaliation based upon the filing of the complaint. The procedures will reflect due regard for the legal rights and interests of all persons involved in the complaint and will be drafted, explained, and implemented so as to comply with federal regulations, and to be understandable and accessible to all employee population groups.
- 5.15.5 Initial Confrontation of Accused Harasser Not Required: An employee who invokes the harassment complaint procedure will not be required to present the complaint to the accused or suspected harasser for resolution. In no case will any employee who is the subject of a complaint be permitted to conduct, review, or otherwise exercise decision-making responsibility in connection with the processing of the complaint.
- 5.15.6 Notice of Policy to be Promulgated: The Superintendent will promulgate and disseminate this policy and the complaint procedures to applicants for admission and employment, the schools, parents and legal guardians, unions and professional organizations, and will take such other steps and measures as may be reasonably available and expedient for informing the school community of the conduct prohibited by this policy and the recourse available to employees who

believe that they have been subjected to sexual harassment.

5.15.7 Confidentiality: To the extent possible, reports of sexual harassment will be kept confidential; however, complete confidentiality cannot be guaranteed.

5.15.8 Retaliation Prohibited: No retaliation or adverse action may be imposed as a result of a good faith complaint or report of sexual harassment. False accusations that are made in bad faith or for improper reasons may result in disciplinary action.

5.15.9 Penalties for Violation: Any employee who violates the terms of this policy or who impedes or unreasonably refuses to cooperate with a Board investigation regarding allegations of sexual harassment will be subject to appropriate disciplinary action, up to and including termination.

5.16 Reduction-In-Force

5.16.1 Definition and Scope

- a. This policy applies to reductions-in-force that are implemented by “layoffs” as contemplated by Ala. Code 16-1-33 (1975).
- b. A reduction-in-force may be declared by the Board of Education and layoffs approved thereunder if the Board determines that decreased student enrollment or a shortage of revenues requires a reduction in the work force (beyond normal attrition) in order to maintain effective provision of educational services or to meet the Board’s financial, legal, or operational obligations.
- c. A “layoff” within the meaning of this policy is a separation from employment with the Board of Education. However, employees who are laid off under authority of this policy are eligible for recall to employment as conditionally provided in this policy. The term “layoff” does not include or apply to the expiration of temporary, occasional, or “at-will” appointments or to decisions not to renew or extend employment beyond the expiration of annual or other specified terms of appointment.

5.16.2 Criteria for Implementing Layoffs

- a. The order, priority, rank or selection of individual employees who are to be laid off under authority of this policy shall be determined on the basis of objective criteria. However, nothing herein shall be deemed or construed to limit or abridge the Board’s legislative discretion to identify areas, departments, groupings, or classifications for reductions (layoffs). (For example, the Board is not required to justify by objective criteria or otherwise a decision to implement layoffs in non-instructional categories or employees before doing so with instructional staff.)

- b. The criterion or criteria on which the layoffs are to be based shall be announced or otherwise made known by the Board to employees affected by the layoff no later than the date notice of the layoff is provided to the employees.
- c. "Objective criteria" within the meaning of this policy may include any lawful selection standard (or combination of standards) that is verifiable, calculable, measurable, or otherwise determinable by means or methods other than the personal or subjective judgments or opinions of the person(s) applying the criteria, and that would be expected to produce the same result if applied to the same employees or group of employees by different persons. For purposes of this policy, objective criteria may include, but are not limited to:
 - Seniority, longevity, or time in service that will be more specifically described in the notice of layoff that is provided to affected employees
 - Years of experience
 - Degrees, certification, or licensure
 - Job classification
 - Written or otherwise documented performance evaluations that can be fairly, accurately, and objectively compared to other similarly situated employees for the purpose of ordering or ranking, provided that such evaluations predate the RIF announcement or declaration by not less than thirty days

5.16.3 Recall: Employees who have been laid off under the terms of this policy will be given priority in filling positions as enrollment or financial circumstances warrant, provided that:

- a. The nature of the position and qualifications therefore have not materially changed;
- b. The laid-off employee remain properly qualified, licensed, or certified; and
- c. The laid-off employee confirms in writing his or her availability for and interest in re-employment to the Board's Director of Human Resources in accordance with any directives that may be contained in or transmitted in conjunction with the notice of layoff.

Circumstances permitting, and to the extent practicable, the selection of employees for recall will be based on the criteria that were applied to the layoffs

themselves if there are more employees eligible for recall than positions available to fill. When layoffs occur over a period of time, the Board will take relative length of separation from service into consideration in assigning recall priority, other factors being equal. In no case will any right to be recalled to employment extend beyond one year from the effective date of the employee's layoff. Recalled employees will retain credit for the tenure, years of service, and the pay and benefit status they held on the effective date of their layoff. No pay, benefits, status, or additional rights will accrue or be credited to the recalled employee for the time he or she has been laid off.

- 5.16.4 Notice: Notification of layoff and recall shall be by United States certified or registered mail, hand delivery, or such other means as are reasonable under the circumstances. Upon receipt of notification of recall, a laid-off employee shall respond affirmatively to the notice of recall in accordance with such specific directions or instructions as may be contained therein. Any laid-off employee who does not so respond or who otherwise declines an offer of reemployment by the Board will be deemed to have waived any right to be recalled under the terms of this policy. Reference: Ala. Code 16-1-33 (1975)

5.17 Unauthorized Payments

- 5.17.1 Notification to the Employee: Upon discovery of any unauthorized or erroneous payment or disbursement of funds to an employee, the Board will attempt in good faith to notify the employee of such unauthorized payment and to reach agreement with the employee, if possible, regarding the amount and terms of repayment. Notification to the employee will consist of a letter mailed or delivered to the employee's last known address. The notice will specify the amount owed, the method by which the amount was calculated, a proposed schedule of repayment, an opportunity for the employee to review or examine any documents or other evidence supporting the claimed overpayment, and an opportunity for the employee to object in person or in writing to the amount or manner of the proposed withholding to provide an alternative plan of repayment. Unless the Board's ability to recover funds in question could be jeopardized by doing so, the Board will arrange a reasonable schedule of repayment so as to avoid undue hardship to the employee.

- 5.17.2 Retention and Recovery Authorized: If no objection to the proposed withholding is received within a reasonable time (to be specified in the notification letter), monies may be retained in the manner and to the extent described in the notification. If the employee objects to the proposed withholding, the Superintendent or designee may, upon consideration of the objection and information and argument (if any) submitted in connection therewith, take such action as may be warranted under the circumstances and inform the employee in writing of the decision. If the employee is dissatisfied, he may contest the decision through the Board's complaint procedure. Monies may be withheld by

the Board pending completing of the grievance process, provided that, should the Board later pay over to the employee monies that have been retained under authority of this policy, such payment(s) will reflect all appropriate deductions and will include accrued interest from the date of withholding at the rate specified by the then-effective rate applicable to interest on unpaid judgments under Alabama law. If, after exhausting reasonable efforts to do so, the Board is unable to contact the employee in the first instance, the Board may retain or withhold from compensation or other payments due the employee an amount sufficient to satisfy the indebtedness; provided that any such retention or withholding will be subject to review and reconsideration at the request of the employee.

5.17.3 Repayment Required as a Condition of Reemployment: The Board reserves the right to require repayment of any outstanding indebtedness as a condition to reemployment of any former employee.

5.17.4 Procedures Not Exclusive: The provisions, procedures, and method of review specified herein are in addition to those that are otherwise available to the parties under law for the retention or recovery of funds, and for administrative or judicial review thereof.

5.18 Drug and Alcohol Testing of Safety Sensitive Employees

5.18.1 Scope – The Board will conduct employee drug and alcohol testing for employees in safety sensitive positions, and will conduct queries and report violations as required by and in accordance with federal law. Testing will be required for all employees holding a commercial drivers' license (CDL) or who occupy a safety sensitive position as designated by the Board ("covered employees").

5.18.2 Prohibited Alcohol and Controlled Substance-Related Conduct – In addition to activities identified in other policies, rules, and procedures, covered employees are prohibited from the following:

- a. Reporting for duty or remaining on duty to perform safety-sensitive functions while having an alcohol concentration in excess of the standard set by the Federal Highway Administration (FHWA);
- b. Being on duty or operating a vehicle while using or possessing alcohol;
- c. Consuming alcohol while performing safety-sensitive functions;
- d. Consuming alcohol within eight (8) hours following an accident for which a post-accident alcohol test is required, or prior to undergoing a post-accident alcohol test, whichever comes first;

- e. Refusing to submit to an alcohol or controlled substance test required by post-accident, random, reasonable suspicion, or follow-up testing requirements;
- f. Consuming alcohol or being under the influence of alcohol within eight (8) hours of going on duty, operating, or having physical control of a vehicle;
- g. Reporting for duty or remaining on duty when using any controlled substance, except when instructed by a physician who has advised the driver and the Board that the substance does not adversely impact the performance of any safety-sensitive duty;
- h. Reporting for duty, remaining on duty, or performing safety sensitive functions with controlled substances in the employee's system.

In the event of a violation of this policy, the employee shall be removed immediately from safety-sensitive duties and shall be subject to such further actions, including disciplinary action up to and including termination.

5.18.3 Testing Program Authorized – All covered employees will be tested for the presence of alcohol and controlled substances in accordance with applicable law:

- a. *Pre-employment Testing* – Prior to the first time a covered employee performs a safety-sensitive function for the Board, the employee must undergo testing for controlled substances.
- b. *Post-accident Testing* – Each surviving driver who is involved in an accident involving a school bus shall submit to alcohol and controlled substance testing as soon as practicable following such accident if such driver:
 - (1) Was performing a safety-sensitive function with respect to such vehicle and the accident involved the loss of human life, or
 - (2) Such driver receives a citation within eight (8) hours of the occurrence under state or local law for a moving traffic violation arising from the accident and the accident involved either:
 - (i) Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident, or
 - (ii) One or more motor vehicles incurs disabling damage requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.

Each such driver shall remain readily available for such testing and if he does not remain so readily available, may be deemed to have refused to submit to testing. Transportation supervisors shall provide drivers with necessary post-accident information, procedures and instructions, prior to the driver operating the school bus, so that drivers will be able to comply with the requirements of this policy.

The tests required by this subsection shall be administered as soon as practicable following the accident. If the alcohol test is not administered within two hours following the accident, the supervisor will prepare and maintain a record stating the reasons. If the alcohol test is not administered within eight hours, and the controlled substances test within 32 hours, the same record shall be made and further efforts to administer such tests shall cease.

- c. *Random Testing* – The Board will conduct unannounced random alcohol and controlled substance testing of its covered employees.
- d. *Reasonable Suspicion Testing* – A covered employee must submit to alcohol or controlled substance testing whenever there is reasonable suspicion of alcohol misuse or the use of controlled substances based on specific, contemporaneous, and articulable observations concerning the appearance, behavior, speech, or bodily odors of the employee.
- e. *Return-to-Duty Testing* – A covered employee must submit to return-to-work alcohol and/or controlled substance test before being permitted to return to work following a positive alcohol or controlled substance test or other violation of this policy or federal regulations.
- f. *Follow-up Testing* – Any employee who continues performing safety-sensitive functions for the Board, following a determination that the employee requires assistance in resolving problems associated with alcohol misuse or the use of controlled substances, shall be subject to unannounced follow-up alcohol or controlled substance testing as directed by the Board’s substance abuse professional (SAP).

5.18.4 Administration of Program – The Superintendent is authorized to oversee the Board’s testing program, to contract with appropriate providers to implement the program, to develop guidelines, rules and regulations, to implement training programs, to develop and distribute educational materials and appropriate notices to covered employees, and to take such further action as may be required by federal law.

5.18.5 Compliance with Drug & Alcohol Clearinghouse Requirements – In accordance with federal law, covered employees must consent to an appropriate federal

Drug & Alcohol Clearinghouse query in order to operate a commercial motor vehicle for the Board. Each covered employee must sign a limited consent for the Board's designee to conduct a limited Clearinghouse query. Any covered employee who declines to give consent for a limited query will not be permitted to operate a commercial motor vehicle for the Board until such consent is given. Limited queries do not reveal specific information about employees. If a limited query shows that there is information in the Clearinghouse on the covered employee, the covered employee must consent to a full query, which must be conducted immediately. The covered employee will not be permitted to drive or perform safety-sensitive functions until the query results confirm that the employee's Clearinghouse record contains no prohibitions as defined under the regulations. Any covered employee whose record reveals such prohibitions will not be permitted to drive or otherwise perform safety-sensitive functions until the covered employee successfully completes the return-to-duty process. Any covered employee's refusal to consent or successfully to complete the return-to-duty process in accordance with federal law will be subject to disciplinary action up to and including termination.

5.18.6 Reports to Clearinghouse: The following information will be reported to the Clearinghouse in accordance with FHWA regulations:

- a. A verified positive, adulterated, or substituted drug test;
- b. An alcohol confirmation test with a concentration of 0.04 or higher;
- c. A refusal to submit to any test required by law, as enumerated above;
- d. The Board's report of actual knowledge as defined by law (i.e., direct observation, information from previous employer(s), or a traffic citation for driving a commercial motor vehicle while under the influence of alcohol or controlled substances), of:
 - 1) On duty use;
 - 2) Pre-duty use;
 - 3) Alcohol use following an accident;
 - 4) Controlled substance use;
- e. A substance abuse professional's (SAP) (as defined by law) report of successful completion of the return-to-duty process;
- f. A negative return-to-duty test; and

g. The Board's report of completion of follow-up testing. [Reference: 49 U.S.C. §5331]

5.19 Reasonable Suspicion Alcohol and Drug Testing of All Board Employees

The Board may require an employee to submit to drug and/or alcohol testing whenever there is a reasonable suspicion that the employee is intoxicated or impaired by illegal drug or alcohol use while performing duties for the school system or attending a school-sponsored event. Such reasonable suspicion shall be based on specific, contemporaneous, and articulable observations of the employee including the employee's appearance, behavior, speech, or bodily odors. An employee who refuses to undergo drug and alcohol testing may be subject to disciplinary action, up to and including termination.

The Superintendent or designee is authorized to oversee the Board's reasonable suspicion alcohol and drug testing program, to contract with appropriate providers to implement the program, and to develop guidelines, rules and regulations governing the program. The school system's procedures governing the reasonable suspicion drug and alcohol testing of safety sensitive positions (5.18 Drug and Alcohol Testing of Safety Sensitive Employees) may be utilized by the Superintendent or designee to implement this policy.

5.20 Searches (Personnel)

5.20.1 Board Property: All school system property, facilities, and grounds may be entered, inspected, and searched for any lawful purpose by Board officials or their designees at any time, without prior notice and to the fullest extent permitted by law. The right to enter, inspect, and search includes and extends to (but is not limited to) Board owned or controlled offices, desks, file cabinets, lockers, storage areas, computers, files, documents, data, and devices however and wherever kept, stored, or maintained.

5.20.2 Employee Property: The Board reserves the right to inspect employee's vehicles, purses, files, and other personal property if an administrator forms a reasonable individualized suspicion that the property contains evidence of a violation of Board policy or contains any material, object, or substance that otherwise creates or presents a risk of harm or injury to the school, the workplace, or persons therein.

5.20.3 Use of Recovered Items: Property, material, substances, information, or records that are obtained, discovered, or recovered as a result of a search may be retained and used for any lawful purpose.

5.21 Prohibition on Aiding and Abetting Sexual Abuse

Neither the board nor any employee, contractor or agent of the board shall assist another school employee, contractor or agent in obtaining a new job if the

individual or the board knows, or has probable cause to believe, that the other employee, contractor, or agent engaged in sexual misconduct regarding a minor or student in violation of the law. This prohibition does not apply to the routine transmission of administrative and personnel files.

In addition, this prohibition does not apply if the information giving rise to probable cause has been properly reported to a law enforcement agency with jurisdiction over the alleged misconduct, and has been reported to any other authorities as required by local, state or federal law, and at least one of the following conditions applies:

1. The matter has been officially closed or the prosecutor or police with jurisdiction over the alleged misconduct has investigated the allegations and notified school officials that there is insufficient information to establish probable cause that the school employee, contractor, or agent engaged in sexual misconduct regarding a minor or student in violation of the law; or
2. The school employee, contractor, or agent has been charged with, and acquitted or otherwise exonerated of the alleged misconduct; or
3. The case or investigation remains open and there have been no charges filed against or indictment of the school employee, contractor or agent within four years of the date on which the information was reported to a law enforcement agency. [Reference: 20 U.S.C. §7926]

VI. Students

6.1 Admissions and Attendance

6.1.1 Compulsory Attendance and Entrance Age: All persons between the ages of six and seventeen years are required by state law to attend school for the minimum number of scholastic days prescribed by the State Board of Education, unless the person holds a certificate of exemption issued by the Superintendent or is otherwise exempt under state law.

- a. *First Grade Age Requirement* – A student must be six years old on or before the date set by the State guidelines in order to be admitted to the first grade for that school year. Underage students transferring from out-of-state schools may be admitted subject to procedures established by the Superintendent. Children transferring to Hoover City Schools from private schools within Alabama may enter the first grade only if the state age requirement for entry into the first grade is met.
- b. *Kindergarten Age Requirement* – A student must be five years old on or before the date set by State guidelines to be admitted to kindergarten for that school year. Reference: ALA. CODE 16-28-3 (1975)

6.1.2 Admission to Schools

- a. *Resident Students* – School-age children who reside within the municipal limits of the City of Hoover, Alabama are eligible to enroll in Hoover City Schools. For purposes of this policy: (1) the residence of a child shall be presumed to be the legal domicile of the custodial parent; where parents have separate domiciles, custody shall be determined by an appropriate judicial order or agency placement order; (2) if custody of the child is joint or alternating, the actual physical residence of the child will control. Unilateral delegations will not be recognized for enrollment or for continued enrollment. Should any conflict arise between the terms of this policy or its proposed application and governing state or federal law—including applicable court orders—such laws shall be deemed controlling. [Ala. Code §§16-28-3; 16-11-16]
- b. *Non-resident Students* - The Board may authorize the enrollment of nonresident students under the following conditions:
 - 1. Students must reside with a custodial parent who is a full-time District employee;
 - 2. Students who are entering their senior year (12th grade) and whose parents have moved out of District may be allowed to remain in

Hoover schools provided that the required tuition is paid and a release has been granted from the student's home school district.

3. Nonresident students must be and remain in good academic, attendance, and disciplinary standing;
4. The student's enrollment may not violate district policies or procedures, or court order;
5. Nonresident students must reapply for admission to the District annually.

c. *Homeless Students*

1. *Enrollment* – Homeless students will be permitted to enroll without regard to residency status and will not be denied services offered to other students in the school system. Homeless students may also be entitled to other accommodations under federal law.
2. Homeless students will continue in the school they attended before becoming homeless for the duration of their homelessness, or for the remainder of the academic year, if the student becomes permanently housed during an academic year. Otherwise, a homeless student may be enrolled in any school in the system that non-homeless students who live in the attendance area in which the student is living are eligible to attend.
3. *Dispute Resolution* – When a dispute arises regarding school placement, the system will immediately enroll the homeless student in the school in which enrollment is sought by the parent, guardian, or unaccompanied youth, pending resolution of the dispute. The school will provide the parent, guardian, or unaccompanied youth with a written explanation of the decision, a statement of the right to appeal, and the procedure for appealing the placement decision. The principal of the school will notify the Board's Homeless Liaison of the dispute.
4. *The Homeless Liaison* will expeditiously carry out the system's dispute resolution procedures as detailed in the Board's homeless student plan.
 - a. *Placement of Students*: The Board will determine the placement of newly enrolled students in accordance with state law.
 - b. *Documentation*: Students entering the school system for the first time, regardless of grade level, are not required to submit a birth

certificate or another form of acceptable documentation to verify the student's age. A social security number may also be requested, but such request is voluntary and is not a requirement of enrollment.

d. *Students in Foster Care*

1. A student in foster care remains in his or her school of origin, unless it is determined that remaining in the school of origin is not in the student's best interest.
2. If it is not in the student's best interest to stay in his or her school of origin, the student is immediately enrolled in the new school even if the student is unable to produce records normally required for enrollment.
3. The new (enrolling) school should immediately contact the school of origin to obtain relevant academic and other records.

- e. *Required Documentation* - Students entering the school system for the first time, regardless of grade level, are not required to submit a birth certificate, but may be requested to submit a birth certificate or another form of acceptable documentation to verify the student's age. A social security number may also be requested, but such request is voluntary and is not a requirement of enrollment.

In addition, students may also be required to submit other registration materials as school officials may reasonably require including, but not limited to, a certificate of immunization or an exemption as prescribed by the Department of Public Health and signed by a private physician or appropriate health department official. The Superintendent may accept alternate forms of evidence or modify otherwise applicable requirements as necessary and appropriate to accommodate migrant, immigrant, English Learner or homeless students.

6.1.3 Attendance Zone and Class Assignment

- a. *Attendance Zone Assignment*: Students will be assigned to the school serving the attendance zone in which their parent(s) or legal guardian(s) reside(s). Attendance zones shall be established to the extent practicable so as to equalize the educational opportunities available to all students in the Hoover school system, taking into consideration the adequacy and accessibility of school facilities.
- b. *Class Assignment*: Principals will assign students to classes in keeping with school accreditation standards and any procedures or criteria that may be established at the system or school level.

6.1.4 Absences and Excuses: Students are not permitted to be absent from school without a valid excuse. Absences will be designated as excused or unexcused. Excused absences will be permitted for the following reasons:

1. Illness
2. Inclement weather
3. Legal quarantine
4. Death in immediate family
5. Emergency
6. Permission of principal and consent of parent
7. Religious holidays

Documentation supporting an excused absence must be submitted within three days of the absence or the absence will be deemed to be unexcused. Excessive unexcused absences may result in a loss of academic credit or referral of the matter to juvenile or other appropriate legal authorities for investigation.

6.1.5 Truancy: Parents or guardians are required to ensure that students under their care, custody, or control attend school regularly. Habitual or excessive absence from school may require Board officials to refer the matter to juvenile authorities or to initiate truancy proceedings.

6.1.6 Transportation: Student transportation will be made available to residents of the City of Hoover in accordance with routes and schedules developed by the Board's transportation department. Such schedules and routes may be modified or eliminated at the discretion of the Superintendent and/or designee as the needs and resources of the district dictate. Reference: ALA. CODE 16-28-1, *et. seq.* (1975); Ala. Admin. Code 290-3-1-.02

6.2 Transfers

6.2.1 Transfer Policy Approval Order:

Students may apply to transfer to a school other than the school for which they are zoned. Transfers are limited to the following categories and are subject to the following requirements:

- a. Racial Desegregation Transfers. A racial desegregation transfer will be permitted between eligible schools within the Hoover district if there is space available and if the transfer will have the effect of moving the racial composition of both the sending and receiving schools closer to the district-wide racial composition. For purposes of racial desegregation transfers, eligible schools are (i) those schools for which the racial composition of zoned African American students in the school is outside a range of 5 percentage points higher or 5 percentage points lower than the district-wide racial

composition for African American students, (ii) Simmons Middle School, and (iii) Bumpus Middle School. By **January 15** of each school year, the Board must identify and publicize the names of the “eligible schools” for the following school year.

Racial desegregation transfer applications that the Board approves for the 2018-19 school year shall also be approved for each succeeding school year until the student moves up to a different school serving grade levels different from the school to which the transfer was first granted.

- b. Substantial Hardship Transfers. The district may approve a substantial hardship transfer for the 2018-19 school year if a student or a student’s family demonstrates a substantial, extraordinary, and compelling hardship; the hardship is unique to the student or his/her family; and the hardship necessitates the assignment to a school other than the school to which the student is zoned. Each hardship transfer application must be supported by detailed documentation, and the district must use that documentation to evaluate the transfer request. When evaluating a substantial hardship transfer application, the district must consider (i) the validity of the stated hardship; (ii) whether the receiving school is best able to address or alleviate the stated hardship; (iii) whether other students with similar hardships have been granted hardship transfers; and (iv) whether transferring similarly situated students to such receiving schools proved beneficial. Hardship transfers are valid only for the school year for which they are approved. Transfer students who wish to remain at the school to which they transfer for the 2018-19 school year must re-apply for a hardship transfer each year and submit to the Board current information documenting the stated hardship and the necessity of the transfer.

The following are examples of the types of situations that may warrant the granting of a hardship transfer: incarceration of a parent; terminal illness of a parent; natural disaster; and medical or health problems suffered by the student that make it necessary for the student to attend a specific school.

A hardship transfer must be based on unique circumstances, and the Board’s designee must evaluate each application

independently to determine if the application identifies a legitimate and unique hardship. The Board will provide an appeals procedure to prevent an abuse of discretion in the application process.

With respect to documentation, parents must provide a detailed description of the stated hardship and attach to the student's transfer application supporting documents such as letters of support from doctors or authorities who can (i) confirm the hardship, (ii) describe the condition that causes the hardship; (iii) explain why the stated hardship requires transfer of the student to another school, and (iv) state how the condition will be accommodated by the new school.

- c. Employee Transfers. The district may approve an employee transfer for a student if (i) the Board employs the student's parent or guardian on a full-time basis, (ii) the student resides with the employee parent or guardian, (iii) the employee parent or guardian has custody of the student, (iv) space is available at the school to which the transfer is sought, (v) the school to which the transfer is sought is within the high school feeder pattern to which the employee is assigned, and (vi) the student meets established attendance, academic, and behavioral criteria. If an employee is not assigned within a feeder pattern, then the district may approve a transfer to a school in either high school feeder pattern, but any such transfer must also meet the criteria for Racial Desegregation Transfers.
- d. Transportation. The Board will provide transportation for racial desegregation transfer students from the student's zoned school to and from the eligible school to which a transfer is approved. The Board may elect to provide transportation from a student's home to the school to which the transfer is approved or from such school to the student's home, or both, if in the Board's discretion, it would be more efficient and in the best interest of the school district and the student to do so.

The availability of transportation under this provision will be determined by application of the customary guidelines and procedures applicable to other students assigned to the student's zoned school. If a student would not be eligible for transportation to his or her zoned school – as a result of the

two-mile rule, for example – then the student still is not eligible for transportation to the zoned school under this provision, but the student would be eligible for transportation from the student’s zoned school to the transfer school. In that scenario, the parents/guardians are responsible for transportation to the zoned school where the student may meet the bus to ride to the transfer school.

- e. Capacity. If, because of school capacity, space is available in a particular school to accommodate some but not all of the students who apply to transfer to that school, then the Board shall allocate available spaces based on the following priority system:
1. Substantial hardship transfers;
 2. Employee transfers and new racial desegregation transfers. The Board must provide an equal number of spaces for racial desegregation transfers and employee transfers.

If space is not available to accommodate all applicants within the transfer categories using the priority system, then the Board must use a lottery system to identify students who may transfer.

If the number of transfer applications for a particular school exceeds the number of slots available at that school, then the Board shall create a waiting list. If a student who receives a transfer elects not to use the transfer, then the Board shall offer the slot to the first student on the waiting list. The Board shall fill available slots for transfer in this manner until all eligible transfer applicants receive a transfer or all available slots at the subject school are filled.

For purposes of this policy, a school will be deemed to have capacity to accommodate transfers if the school does not exceed 95% utilization, based on the Board’s building capacity formula. To calculate capacity, the average current class size will be multiplied by 85% to calculate the typical number of students per instructional space. The 85% factor allows for small groups that meet in instructional spaces during the day for special education, enrichment, second language, speech language, and intervention. The total number of instructional spaces will then be multiplied by 16 (for

elementary schools) or 21 (for middle or high schools) to get the building's student capacity. A capacity of 95% or above indicates that a building may be close to being over-utilized.

- f. Behavior, Attendance and Academic Criteria. Substantial hardship and employee transfers shall be subject to the following criteria and may be revoked or denied if all criteria are not met:
1. Regular attendance – Student must not be enrolled in the District Truancy Program.
 2. Satisfactory grades - Student must not receive a “D” or an “F” for the school year in any class.
 3. Satisfactory behavior - Student must not be determined to have committed a “Class III” offense (See Code of Student Conduct).
- g. Administrative Assignments. The following categories of students may attend a school other than the school to which they are assigned without requesting a transfer:
1. Students receiving exceptional education services or accommodations under 504 or IDEA may be assigned to a school outside of their attendance zone, if necessary, to meet the Board's obligations under state and federal law.
 2. Students attending the IB program, a curriculum offering available only at a specific school, or other curricular programs or options unique to a particular school.
 3. Students who are administratively assigned to a different school by the superintendent as a result of safety concerns, for disciplinary reasons or other reasons determined to be necessary for the health, safety, and well-being of the individual student, other students, or the school system.

- h. Change of Residence. A student who moves to another address within the district during the school year may continue to attend the school he or she started in that school year until the end of the school year, provided that the student moved after the completion of the first four weeks of school, the parents or guardians complete the appropriate form updating their address and submit it to the school where the student attends within 7 days of establishing the new residence, and the student meets attendance, academic and behavior criteria. Students who move during their 11th grade year to another address within the district shall be permitted to attend the school attended in the 11th grade during their 12th grade year as well.

When a student moves to another address within the district during the school year, a parent/guardian must complete an appropriate form updating the student's address within 7 days of establishing the new residence. The form will include a statement acknowledging that the student no longer is zoned for the school the student attends and that he/she must attend the zoned school the following academic year. This provision applies to students who move at least four weeks into the school year; it does not apply to families who move during the summer.

- i. Application Deadlines. On or before **January 15** of each school year, through its website, social media accounts, and Rapid Notification System, the Board shall advertise the availability of transfer applications and the deadline for submission of those applications. On or before **January 15** of each school year, the Board shall post a copy of this order on its website and on its social media accounts, and the Board shall publish in those places the language in this order that describes the categories of transfer applicants: racial desegregation transfers, substantial hardship transfers, and employee transfers.

On or before **January 15** of each school year, the Board must make an electronic transfer application form available on the school website and must make paper forms available at all schools in the district. A parent/guardian must submit a transfer application so that the district's Department of Student Services receives the application on or before **April 15** of each school year.

The Board may consider untimely applications only in the

following situations:

1. Substantial hardship which arises after the deadline for submission.
 2. Employees hired after the application deadline; however, a transfer application for an employee's child must be submitted and received by the district's Department of Student Services within two weeks of the effective date of hire.
 3. Students who move into the district from outside of the district after the application deadline, provided that a transfer application is received by the district's Department of Student Services within two weeks of the date that the new residence is established.
- j. Appeals. Denied applications may be appealed in writing to the superintendent or designee for review. The written appeal shall state all grounds upon which the appeal is based. The decision of the superintendent or designee is non-appealable and shall be final.

6.3 Student Fees, Fines, and Charges

Reasonable fees, fines, and charges not prohibited by law may be established by the Superintendent. All such fee, fines, and charges will be collected and accounted for in accordance with the procedures, rules, and regulations to be developed by the Chief School Financial Officer or as provided in the Board finance or local school finance manual(s).

6.4 Extracurricular Activities

6.4.1 General: The Board supports, to the extent reasonably possible, student participation in extracurricular activities.

Students may be offered an opportunity to participate in extracurricular activities and student organizations. Extracurricular activities must meet the following criteria:

- a. The organization or activity must be approved by the school principal and must have an assigned faculty supervisor or sponsor;
- b. The organization or activity must promote or serve the intellectual, cultural, personal, or physical development of the student in a manner that is consistent with the purposes of public education, the Board's legal mandate,

mission statement, policies, and regulations, and with applicable requirements of state and federal law.

- c. The organization or activity must operate under and be subject to general supervision of school officials; and
- d. The nature of the organization and its activities are not inconsistent with and do not interfere with instructional activities or requirements.

Student participation or membership in such organization or activities may be governed by the specific policies of the organization and is subject to view and approval by the principal.

- 6.4.2 Athletics: Participation in Board sanctioned athletic programs will be on such terms and conditions as may be approved by the Board and requirements of any athletic association of which the Board or the applicable local school is a member. Schools may establish terms and conditions for participation in such programs as long as school eligibility criteria are not inconsistent with system-wide eligibility or participation criteria, rules, regulations, or standards established by any athletic association or organization of which the Board or the applicable local school is a member, or any rule, principle or provision of applicable law. Reference: Ala. Admin. Code 290-3-1-.02 (19)

6.5 Off-Campus Events

Students participation in and travel to off-campus events, concerts, functions, and activities, and the use of school buses or other transportation for such purposes may be authorized under and subject to the following terms and conditions:

1. The destination is an activity, event, or function that services a bona fide educational or related extracurricular purpose, or is an athletic event or function sponsored or sanctioned by the school or the school system;
2. Adequate information regarding the trip (e.g., destination, duration, purpose, educational purpose, mode of transportation, nature and extent of student participation) has been provided to the principal, program director, and Superintendent and/or designee;
3. Adequate arrangements are made for supervision and other risk management considerations (e.g., parental permission, medical treatment authorization, special insurance requirements);
4. Properly certified and licensed drivers have been selected and arrangements for the costs of the trip (e.g., salary, fuel, maintenance, lodging) have been made;

5. Approval of the trip in accordance with administrative procedures is obtained; and
6. The selection of chaperones to accompany students on trips or off-campus activities is in the sole discretion of school officials.

The Board does not assume responsibility for ensuring the safe operation of vehicles that are not owned or operated by the Board. The Superintendent is authorized to develop additional specific requirements for participation in and travel to and from official events and activities that are consistent with the terms of this policy.

6.6 Equal Educational Opportunities

No student will be unlawfully excluded from participation in, be denied the benefits of, or subjected to discrimination in any program or activity offered or sponsored by the Board on the basis of race, ethnicity, color, disability, creed, national origin, sex, immigrant or migrant status, non-English speaking ability, or homeless status.

6.7 Student Sexual Harassment

6.7.1 Sexual Harassment Prohibited: Sexual harassment in any form that is directed toward students is prohibited. Persons who violate the policy will be subject to the full range of disciplinary consequences up to and including termination (for employees) and expulsion (for students) as dictated by the nature and severity of the violation and other relevant considerations. If appropriate, the circumstances constituting the violation may be reported to law enforcement agencies or child welfare agencies for further investigation and action.

6.7.2 Definition: Title IX regulations define sexual harassment to include one or more of the following:

- a. An employee conditioning the provision of an aid, benefit, or service of the school/school district on an individual's participation in unwelcome sexual conduct (i.e. *quid pro quo* sexual harassment)
- b. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school/school district's education program or activity or
- c. Sexual assault, dating violence, domestic violence, or stalking, as each of those terms is defined by federal statutes enumerated in the Title IX regulations, 34 C.F.R. § 106.30(a).

The following are examples of conduct that may constitute sexual harassment, depending on the circumstances:

- a. Verbal harassment or abuse of a sexual nature, including graphic comments, the display of sexually suggestive objects or pictures, and sexual propositions;
 - b. Repeated unwelcome sexual advances, solicitations of sexual activity, or sexual contact;
 - c. Unwelcome inappropriate sexual touching;
 - d. Demands for sexual favors accompanied by implied or overt promises of preferential treatment or threats with regard to the student's educational status.
- 6.7.3 Sexual Harassment Complaint Procedures Authorized: The Superintendent is authorized and directed to establish, implement, and revise more detailed sexual harassment complaint procedures in compliance with Title IX that are designed to provide students who believe that they are victims of unlawful sexual harassment with a thorough, discreet, and prompt internal procedure for investigating and resolving sexual harassment complaints. The process and procedures will be drafted so as to provide supportive measures, facilitate the gathering of relevant facts and evidence, permit timely assessment of the merits of the complaint, provide an opportunity for informal resolution of complaint where appropriate, eliminate any harassment that is established by the investigation, and prevent any retaliation based upon the filing of the complaint. The procedures will reflect due regard for the legal rights and interests of all persons involved in the complaint and will be drafted, explained, and implemented so as to comply with federal regulations, and to be understandable and accessible to all student population groups and ages.
- 6.7.4 Initial Confrontation of Accused Harasser Not Required: A student who invokes the harassment complaint procedure will not be required to present the complaint to the accused or suspected harasser for resolution. Students will be permitted to report allegations of suspected harassment to any appropriate Board administrator, teacher, counselor, or employee, and such persons have a duty to promptly refer such allegations to the Title IX Coordinator or to take such action as may be required by the procedures established under "Sexual Harassment Complaint Procedures Authorized" above. In no case will any employee who is the subject of a complaint be permitted to conduct, review, or otherwise exercise decision-making responsibility in connection with the processing of the complaint.
- 6.7.5 Notice of Policy to be Promulgated: The Superintendent will promulgate and disseminate this policy and the complaint procedures to applicants for admission and employment, the schools, parents and legal guardians, unions, and professional organizations, and will take such other steps and measures as may

be reasonably available and expedient for informing the school community of the conduct prohibited by this policy and the recourse available to students who believe that they have been subjected to sexual harassment.

6.8 Protection of Pupil Rights Amendment

6.8.1 Consent: The Board will obtain parental consent before students are required to participate in a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):

- a. Political affiliations or beliefs of the student or student’s parent(s);
- b. Mental or psychological problems of the student or student’s family;
- c. Sexual behavior or attitudes;
- d. Illegal, antisocial, self-incriminating, or demeaning behavior;
- e. Critical appraisals of others with whom respondents have close family relationship,
- f. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
- g. Religious practices, affiliations, or beliefs of the student or parent(s); or
- h. Income, other than as required by law to determine program eligibility.

6.8.2 Notice and Option to Opt Out: Parents will be provided notice and an opportunity to opt a student out of any of the following:

- a. Any survey that is designated to obtain protected information from a student, regardless of the source of funding;
- b. Any non-emergency, invasive physical exam or screening that is required as a condition of attendance, that is administered by the school or its agent, and that is not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law; and
- c. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or for the purpose of selling or otherwise distributing the information to others.

- 6.8.3 Inspection: Parents will be allowed to inspect, upon request and before administration or use, the following:
- a. Protected information surveys of students;
 - b. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
 - c. Instructional material used as part of the educational curriculum.
- 6.8.4 Special Provisions for Certain Students: Students who are at least 18 years old and emancipated minors under state law will be allowed to take the above actions in lieu of their parents or guardians.
- 6.8.5 Additional Policies and Procedures Authorized: In consultation with parents, the Superintendent is authorized to develop additional policies and arrangements to protect student privacy in the administration of protected information surveys and in the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The Board will directly notify parents of these policies and procedures at the beginning of each school year and after any substantive changes are approved. (Reference: 20 U.S.C. 1232h; 34 CFR Part 98)

6.9 Student Records

Educational records as defined by law or Board policy will be available for examination and review by authorized persons in the manner prescribed and to the extent required by law. Except where the context requires otherwise, the term “educational records” has the meaning given in 20 U.S.C. 1232 g(a)(4). Copies of such records may likewise be provided to the extent required and under circumstances specified by applicable law or regulation. The Superintendent is authorized to establish administrative standards and procedures respecting access to such records, including a schedule of reasonable charges for the reproduction thereof. 6.10 Student Health Services

The Board may offer limited student health services that are designed to address minor medical issues that may arise during the school day or to assist with special or chronic health problems. In cases of acute or contagious illnesses, parents or guardians may be notified and required to pick up the student. If a parent or guardian is not available, the principal or school nurse may contact the Department of Public Health. School officials are authorized to take reasonable and appropriate steps to provide or arrange for the provision of emergency medical services to students who require immediate medical attention. In case of illness or accidental injury not requiring immediate medical attention, standard first aid procedures may be followed. The Superintendent is

authorized to develop and promulgate procedures, rules, and regulations concerning the taking, administration, and handling of medication and anaphylaxis at school consistent with state law and appropriate health standards.

6.11 Student Conduct

The Superintendent will prepare and present to the Board for adoption and periodic revision a Code of Student Conduct (“CSC”), with input from teachers, school personnel, students, parents or guardians, and other members of the education community and, as appropriate, the community at large. The CSC will comprehensively describe the rules and standards of conduct and discipline that will be maintained and enforced with Hoover City Schools. The CSC will apply to conduct occurring on school buses, at off-campus events, at school functions and activities whether or not occurring during the school day, and to conduct on the part of students with respect to which the school has an identifiable interest. The CSC will set forth the specific grounds for disciplinary action, the penalties, sanctions, or consequences that may be imposed for a violation of the CSC, the methods and procedures by which violations of the CSC will be determined, and any appeal or review procedures that are available to students. The CSC will incorporate applicable statutory and regulatory requirements, and the hearing and appeal procedures specified in the CSC will conform to applicable statutory and constitutional standards and requirements. The CSC may be incorporated in a student handbook and will be made available to all teachers, school personnel, students, parents and guardians at the beginning of each school year. The CSC will be deemed an extension of Board policy and will have the force and effect thereof. (Reference: ALA.CODE 16-28-12, 16-28A-1 to 3 (1975); Ala. Admin. Code 290-3-1-.02, 290-8-9-.09)

6.12.2 Personal Property: Personal property, including but not limited to vehicles, purses, wallets, gym bags, book bags, cell phones, computers and personal electronic communication devices may be searched by authorized school officials, including school principals or their designees, when reasonable suspicion exists that the property contains prohibited materials, illegal substances, weapons, or other items that are reasonably deemed to present a risk or threat to the safety or welfare of the school community, provided that the nature and extent of the search shall be reasonably related and limited to the suspected violation

6.12.3 Personal Searches: Students may be searched whenever reasonable suspicion exists that the student possesses prohibited materials, illegal substances, weapons, or other items that are reasonably deemed to present a risk or threat to the safety and welfare of the school community. Student searches must be conducted by a school administrator in the presence of another certified school employee and may include a frisk or “pat down” of the student, a search of personal items and clothing, or a more thorough search upon specific approval of the Superintendent. Personal searches will be conducted with due regard for the age and gender of the student. Searches that require physical contact between the school official and the student must be conducted and witnessed by officials of the same gender as the student and in a way that preserves the dignity of the student to the extent practicable under the circumstances. Refusal to submit to a search or to cooperate in a search as provided in this policy may be grounds for disciplinary action.

6.12.4 Use of Recovered Items: Property, material, substances, information, or records that are obtained, discovered, or recovered as a result of a search may be retained and used for any lawful purpose and/or documentation of Code of Conduct violation and/or released to law enforcement.

Suspension may also be imposed as a disciplinary measure as provided in the Code of Student Conduct. Suspension of students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act (“IDEA”) and its implementing regulations.

6.16 Student Expulsion (including Students with Disabilities)

Students may be expelled from school for offenses serious enough to warrant such action as provided in the Code of Student Conduct or other Board disciplinary policies. Students who are recommended for expulsion may be suspended until such time as the Board meets to consider the recommendation for expulsion. Reasonable notice of the proposed action, the reasons therefore, and an opportunity to be heard will be afforded to the student and the student's parent or guardian prior to a final decision by the Board regarding expulsion. The superintendent will notify the student or the student's parents or guardian, in writing, of any action taken by the Board. The Term of an expulsion may extend to the maximum permitted by law. The Board may impose such reasonable limitations on the student's right to re-enroll in the school system following expiration of expulsion as may be permitted by law. A student who withdraws from school prior to the Board's consideration of a proposed expulsion may not re-enroll in the school system until the Board holds a hearing or other appropriate proceedings regarding the recommended expulsion. Expulsion of students with disabilities will be subject to applicable limitations and requirements imposed by the Individual with Disabilities Education Act ("IDEA") and its implementing regulations.

6.17 Electronic Communication Devices

The Board assumes no responsibility for theft, loss, or damage to any personal, wireless communication device. Principals or designees have the authority to restrict and deny the use of personal, wireless communication devices by any student to prevent the misuse, abuse, or violation of school rules regarding the use of such devices. School officials may read, examine, or inspect the contents of any such device upon reasonable suspicion that the device contains evidence of a violation of law, Board policy, the Code of Student Conduct, or other rules, provided that the nature and extent of such examination shall be reasonably related and limited to the suspected violation. ALA. CODE §16-1-27 (1975)

6.18 Driver License

6.19.1 Driver License: Students under the age of 19 who fail to meet or maintain enrollment status as required by state law may be reported to the Alabama Department of Public Safety, which may withhold or suspend the student's learner permit or driver license. Students may be exempted or excused from otherwise applicable statutory requirements if their withdrawal or nonattendance is caused by circumstances beyond the control of the student. Circumstances beyond the control of the student may be found with respect to:

- a. Students who are mentally or physically unable to attend school;

- b. Students who are regularly and legally employed in compliance with the provisions of the Child Labor Law; and
- c. Students who, because of lack of public transportation, are compelled to walk more than two miles to attend a public school.

Students who are denied a driver license by virtue of their non-enrollment may appeal a decision affecting their eligibility for a driver license to the Superintendent. The appeal should be in writing and filed with the school principal within 15 days of the decision from which the appeal is taken, and should set forth and explain the reasons for their non-enrollment. An appeal should be promptly forwarded to the Superintendent for review and final decision.

Accordingly, any student who desires to drive a vehicle on school property or park on school property may be required to submit to periodically or randomly administered sobriety or drug tests as a condition to issuance of a permit authorizing the operation or parking of a motor vehicle on school grounds. Principals may impose reasonable additional conditions or requirements for the privilege of driving or parking a vehicle on school property including, for example, conditions relating to maintenance of academic and attendance standards and the payment of fees. Principals may also establish priorities for issuance and assignment of parking permits. The Board reserves the right to require that sobriety or drug tests or screenings be passed as a condition to granting parking or vehicle permits, or privileges relating to use of a motor vehicle. Such testing or screening may also be performed whenever a school official observes or is made aware of circumstances that provide reasonable suspicion or belief that the student has used alcohol, illegal drugs, or other substances in violation of the Board's substance abuse policies. All such testing or screening will be performed in accordance with local, state, and federal laws, and procedures that are developed by the Superintendent.

In order to promote the safety and welfare of students who participate in competitive extracurricular activities, to insure that such participation is neither impaired nor any

risk of injury exacerbated, to provide incentives to students to maintain safe and healthful practices, and to promote a school environment that is free of alcohol and illegal drugs or controlled substances, the Board reserves the right to require any student who participates in extracurricular competitive programs or activities to submit to sobriety tests or screening for illegal drugs or controlled substances prior to, during, or following a competitive event, practice, competition, or at any other time while the student is under the supervision of the school system. Such testing or screening may also be performed whenever a school official observes or is made aware of circumstances that provide reasonable suspicion or belief that the student has used alcohol, illegal drugs, or other substances in violation of the Board's substance abuse policies. All such testing or screening will be performed in accordance with local, state, and federal laws and that are developed by the Superintendent.

Such views and expressions are treated in the same manner as nonreligious viewpoints, activities, or expressions.

Students may express their religious beliefs in all phases of their schoolwork without penalty or reward based on the religious nature or content of such expression. Schoolwork is evaluated according to the academic standards and

pedagogical objectives that otherwise apply to the work or activity in question. 8. Foster school-based or community-based, or both, alternative programs outside of the classroom.
9. Develop a strategy to assist survivors of attempted suicide, students, and school personnel in coping with the issues relating to attempted suicide, suicide, the death of a student, and healing.
10. Engage in any other program or activity which the local board determines is appropriate and prudent in the efforts of the school system to prevent student suicide
11. Provide training for school employees and volunteers who have significant contact with students on the local board policies to prevent harassment, intimidation, and threats of violence.
12. Develop a process for discussing with students local board policies relating to the prevention of student suicide and to the prevention of harassment, intimidation, violence, and threats of violence.
13. Provide annual training for all certificated school employees in suicide awareness and prevention. This training may be provided within the framework of existing in-service training programs or as a part of required professional development offered by the local school system.

Students may be required to participate in curricular activities developed to implement the statutory requirements of the Jason Flatt Act and are encouraged to participate in any other activities or strategies developed by the Board for that purpose.

Section 3: Description of Behavior Expected of Students

Students are expected to treat other students with courtesy, respect and dignity and comply with the Hoover City Schools Code of Student Conduct. Students are expected and required to 1) comply with the requirements of the law, policy, regulations, and rules prohibiting harassment, violence, or intimidation and 2) to comply with the system's prevention strategies related to suicide prevention, intervention, and postvention support.

Section 4: Responsibility of Reporting

Section 5: Promulgation of Policy and Related Procedures, Rules, and Forms

This policy and any procedures and rules developed and approved to implement the policy will be published, disseminated, and made available to students, parents, and legal custodian, and employees by such means and methods are customarily used for such purposes [Reference: Ala. Code §16-28B-8 (1975)]

6.24 Supervision of Low Risk Juvenile Sex Offenders

Pursuant to Annalyn's Law, the Superintendent shall be notified by local law enforcement when a low risk juvenile sex offender is enrolled or attending school within the board's jurisdiction for the purpose of appropriate supervision during the school day and during school activities.

A. Definitions - In this policy, these terms shall have the following meanings:

1. "Plan" refers to the "individualized student safety plan" developed following the Student's adjudication and/or enrollment in the school to serve as a behavior contract between the Student and the School.
2. "School" refers to "all school property and school-sponsored functions including, but not limited to, classroom instructional time, assemblies, athletic events, extracurricular activities, and school bus transportation" related to the Student's current school of record.
3. "Student" refers to "the low risk juvenile sex offender" designated by a juvenile court judge as having a low risk of re-offense.
4. "Teachers and staff with supervision over the student" or "Supervision team" refers to school officials or staff who have a specific responsibility for the Student, including the school principal, the Student's assigned teachers and/or coaches, the Student's counselor, and if applicable, the Student's bus driver, during the subject school year and who will be privy to information regarding the Student's status. Teachers and staff with only passing and/or general contact with the Student shall not be privy to information regarding the Student's status.
5. "Victim" refers to the victim, if known by and attending the same school as the Student, of the offense for which the Student was adjudicated delinquent.

B. Notification

1. Current Students - In the event a currently enrolled Student is adjudicated delinquent and designated "low risk" by the juvenile court, local law enforcement is expected to notify the local Superintendent and principal of the

Student's school in writing.

2. Newly Enrolled Students - In the event a Student seeks to enroll in the district as a new student, and that Student has been previously designated as a low risk juvenile sex offender, local law enforcement is expected to notify the local Superintendent and principal of the Student's school in writing.
3. Students That Change Schools Within the District - In the event a currently enrolled Student transfers to another school in the district or is promoted to another school in the district, the principal of the original school should notify designated law enforcement of the change as soon as practicable.

Following that notification, the principal of the original school should orally or in writing brief the principal of the new school regarding the original Plan and the transferring Student's status and circumstances. Regardless, the principal of the prior school must provide the Student's records and Safety Plan to the principal of the new school as soon as practicable.

The new principal should review the Plan and meet with the Student, the Student's parent or guardian, and the anticipated new Supervision Team to determine whether the current terms are sufficient or should be adjusted based on the Student's circumstances.

4. School Staff Changes - In the event the principal or a member of the Supervision Team leaves his position or is no longer responsible for supervising the Student, a replacement team member should be named, if necessary and appropriate, and briefed by the principal or the most senior member of the Supervision Team regarding the Student's status and Plan. The Student, his parent or guardian, and other members of the Supervision Team should be notified of changes to the Supervision Team within a reasonable timeframe.
- C. Plan Development and Maintenance - Upon proper notification from law enforcement, the Student's principal or designee will call together the anticipated Supervision Team to meet with the Student and/or the Student's parent or guardian to develop an appropriate Plan. This meeting should take place within 10 school days or as soon as practicable. In the event the Student's parent or guardian is unable or unwilling to meet, the principal or designee and the Supervision Team should meet with the Student within a reasonable timeframe to develop an appropriate Plan.

In the event the Victim attends the same school as the Student, the plan should include measures to reduce the likelihood of Victim and Student interaction.

The terms of the Plan and any updates to it must be memorialized in writing and approved by the principal or designee before being distributed to the Student and the Student's parent or guardian, as well as the Supervision Team.

The principal or designee should meet with the Student, the Student's parent or guardian, and the Supervision Team at least annually, but as often as deemed necessary by the principal or designee to assess the Student's status and to determine whether adjustments should be made to the Plan.

- D. Supervision - The Student will be subject to the general Student Code of Conduct and any other conditions deemed necessary by the principal or designee as incorporated in the Student's Plan. Members of the Supervision Team should report any suspected violations of the Plan to the principal or designee.

The school officials and staff responsible for supervising the Student on a daily basis should do so in a manner that is discrete and unobtrusive.

- E. Students with Disabilities - Discipline of Students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act and/or Section 504 of the Rehabilitation Act and implementing regulations.
- F. Violations of the Plan - In the event the Student violates the Student Code of Conduct or the Plan, the Student may be subject to discipline pursuant to board policy and/or reassessment of the Plan's conditions.
- G. Challenges to the Plan - In the event the Student and/or his parent or guardian object to conditions of the Plan or the application of a sanction, a challenge must be submitted in writing to the Superintendent or his designee to consider whether adjustment of the Plan or response modification is warranted. The Superintendent's decision shall be final. A response that constitutes disciplinary action will adhere to the applicable School disciplinary policies and procedures and the Student will be afforded due process.
- H. Confidentiality - Information received by school officials or staff related to the Student's delinquent status must be treated as confidential from other students, staff members, officials and stakeholders. Any document identifying the Student's status should be safeguarded from unintentional disclosure by the members of the Supervision Team. Any school official or school employee who improperly discloses the Student's status to any other person may be subject to school discipline and/or criminal charges as provided by law.
- I. Retaliation - Members of the Supervision Team should make every effort to treat the Student with the same respect and courtesy to which every student is entitled. The Team is reminded that the Student has been deemed by the juvenile court as not likely to reoffend and should be encouraged to fully integrate into the student body as a successful student. Mistreatment of any student may be cause for discipline.

- J. Procedures - The Superintendent shall have the authority to develop appropriate training and additional procedures for staff members in furtherance of this policy. [Reference: Ala. Act No. 2018-528, Ala. Code § 16-1-51.1 (1975)].

6.25 Mental Health Services Opt-in by Parent or Legal Guardian

No student under the age of fourteen may participate in ongoing school counseling services including, but not limited to, mental health services, unless (1) the student's parent or legal guardian has submitted a written opt-in granting permission for the student to participate or (2) there is an imminent threat to the health of the student or others.

For purposes of this policy, “mental health services” includes services, treatment, surveys, or assessments relating to mental health; however, it does not include instructional activities designed to educate students regarding topics related to mental health (1) contained in the school system’s approved curriculum or (2) otherwise required to be taught by law (e.g., Erin’s Law; Jamari Terrell Williams Student Bullying Prevention Act). Furthermore, “ongoing school counseling services” shall not include those school counseling services which are split into domains not requiring a mental health therapist or other mental health therapeutic license.

This policy is not applicable to any school counseling services or “mental health services” contained in a student’s PST, IEP, or §504 plan. Consent for those services will be obtained in accordance with the specific procedures required by federal and/or state law, and information regarding any mental health services will be provided in the pertinent plan.

A. Written Notification – At least annually, the school system shall provide parents and legal guardians a written notification regarding school-provided or sponsored mental health services. The notification will include the purpose and general description of each of the mental health services available; information regarding ways parents may review materials to be used in guidance and counseling programs available to students; and information regarding ways parents may allow, limit, or prevent their student’s participation in the programs.

The written notification may be provided electronically, including through the school system’s online enrollment portal or by such other means and methods as are customarily used for such purposes.

B. Opt-In To Participate in Mental Health Services –

1. *General Requirement* – For a student under the age of fourteen to participate in mental health services, written permission by the student’s parent or legal guardian is required annually. The written permission must be specific as to any treatment and not broad in nature. Parents and legal guardians may be provided the opportunity to opt-in

electronically during online enrollment or by such other means and methods as are customarily used for such purposes.

2. *Rescinding Permission* – A parent or guardian may rescind permission for a student to participate in mental health services at any time by visiting the school counselor’s office and completing the Mental Health Opt-Out Form.

3. *Requests for Opt-In and Referrals Authorized* – If a parent or legal guardian does not initially opt-in to mental health services, school officials may contact the parent or legal guardian to (1) attempt to obtain permission for the student to participate in mental health services if the school official believes that the student would benefit from services or if circumstances arise for which services could be beneficial; and/or (2) provide a parent or legal guardian with a referral or information regarding mental health services that may be available to a student through other agencies or providers.
