We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hoover City Board of Education (the "Board"), as of and for the year ended September 30, 2010, which collectively comprise the Board's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Board's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Board, as of September 30, 2010 and the respective changes in financial position thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 22, 2011 on our consideration of the Board's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis and the budgetary comparison information on pages 3.1 through 3.5 and 28 through 29, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Board's basic financial statements. The accompanying schedule of bond disclosures, schedule of expenditures of federal awards and schedule of state government appropriations are presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Hoover City Board of Education
Management's Discussion and Analysis (M D & A)
September 30, 2010

The management of the Hoover City Board of Education (the Board) has prepared this narrative overview and analysis of the Board's financial activities to facilitate the users' understanding of the annual report and draw attention to items of interest.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Board's basic financial statements. The basic financial statements consist of the 1) government-wide financial statements, 2) fund financial statements, 3) notes to financial statements, and 4) certain required supplementary financial information.

Government-wide Financial Statements

The government-wide financial statements are intended to provide an indication of the Board's finances in a manner similar to the private sector. Accordingly, the government-wide statements, comprised of the *Statement of Net Assets* and *Statement of Activities*, have been prepared using the accrual basis of accounting.

The *Statement of Net Assets* depicts all of the Board's assets and liabilities with the difference between the two reported as net assets. Over time, changes in net assets may serve as a useful indicator of whether the Board's financial position is improving or deteriorating.

The *Statement of Activities* illustrates how the Board's net assets changed during fiscal year 2010. The statement uses the accrual basis of accounting, which is similar to the accounting used by private-sector businesses. All of the revenues and expenses are reported regardless of the timing of when cash is received or paid. The statement identifies the extent to which each expenditure function draws from general revenues of the Board or is financed through charges for services and intergovernmental aid such as state and federal appropriations.

Fund Financial Statements

The fund financial statements have been prepared under the modified cash basis of accounting and their presentation is largely consistent with historical presentations.

A fund is a grouping of related accounts designed to facilitate control over resources that have been segregated for a specific activity or objective. All of the funds of the Board can be classified as governmental funds.

Governmental funds essentially measure and report the same activities and transactions as the governmental activities in the governmental-wide financial statements. However, unlike the accrual basis government-wide statements, the governmental funds focus on current, spendable resources and balances of such spendable resources available at the end of the year.

Fiduciary funds are used to account for assets held by the Board in a trustee capacity or as an agent for others. These funds are primarily comprised of booster and parent organization activity funds. However, balances of these funds are not considered material to the financial statements and therefore have been included in the governmental funds.

Government-wide Financial Analysis

Following is a condensed financial analysis, present in comparative format, of the government-wide net assets of the Board as of September 30, 2010:

	<u>Government Activities</u>		<u>Percent Change</u>
	2009	2010	
Current and other assets	\$ 141,037,808	\$133,225,247	-5.54%
Noncurrent assets	1,334,412	10,829,139	711.53%
Capital assets	<u>253,954,089</u>	<u>246,244,864</u>	-3.04%
Total assets	<u>396,326,309</u>	<u>390,299,250</u>	-15.21%
Current liabilities	19,939,554	13,510,312	-32.24%
Long-term liabilities	<u>177,745,000</u>	<u>187,570,000</u>	5.53%
Total liabilities	<u>197,684,554</u>	<u>201,080,312</u>	1.72%
Net assets:			
Invested in capital assets, net of related debt	69,104,089	60,853,772	-11.94%
Unrestricted	<u>129,537,666</u>	<u>128,365,166</u>	-0.91%
Total net assets	<u>\$198,641,755</u>	<u>\$189,218,938</u>	-4.74%

Following is a condensed schedule of revenues and expenditures from governmental activities for the year ended September 30, 2010 presented with comparative data for the previous year:

	<u>Government Activities</u>		<u>Percent Change</u>
	2009	2010	
Revenues			
Program Revenues:			
Charges for services	\$ 10,838,030	\$ 11,100,877	2.43%
Operating grants and contributions	59,061,022	59,297,029	0.04%
Capital grants and contributions	2,936,738	3,320,848	13.08%
General Revenues:			
Property taxes	65,315,810	65,293,326	-0.03%
Local sales tax	1,489,576	1,482,977	-0.44%
City appropriation	2,000,000	2,000,000	0%
Other general revenues	<u>13,691,038</u>	<u>8,154,632</u>	-40.44%
	<u>155,332,214</u>	<u>150,649,689</u>	-3.01%
Expenses			
Instructional services	88,986,940	90,130,672	1.29%
Instructional support services	24,024,072	23,358,450	-2.77%
Operation and maintenance services	18,005,304	16,567,889	-7.98%
Auxiliary services	16,179,316	16,298,782	0.74%
General administrative services	2,521,646	2,430,358	-3.62%
Interest and fiscal charges	9,162,031	6,363,708	-30.54%
Other expenses	<u>5,701,801</u>	<u>4,922,647</u>	-13.67%
	<u>164,581,110</u>	<u>160,072,506</u>	-2.74%
Decrease in net assets	(9,248,896)	(9,422,817)	-1.88%
Net assets, beginning	<u>207,890,651</u>	<u>198,641,755</u>	-4.45%
Net assets, ending	<u>\$198,641,755</u>	<u>\$189,218,938</u>	-4.74%

As noted in the above shown condensed presentations, the Board's total assets exceeded total liabilities at year-end by \$189.2 million. This represents a decrease of 4.74% over the previous year.

Fund Financial Analysis

The September 30, 2010 financial statements reported a combined fund balance of \$120,784,185 which is a decrease of \$8,539,460 from the previous year's fund balance. This net decrease was the result of debt service expenditures and a reduction in revenues. Results of the Board's major funds are discussed below:

General Fund

The fiscal year 2010 financial statements reflected a net decrease in the fund balance of the General Fund of \$137,018.

24 Mill Tax Fund

The Board receives proceeds from a municipal ad valorem tax levied on all taxable property in the City of Hoover for school purposes at the rate of 24 mills. This fund decreased \$535,943 in 2010 as the Board utilized funds to offset the loss of revenue from state and other local funding sources.

Debt Service Fund

The Debt Service Fund decreased \$11 million in 2010 as a result of debt service payments.

General Fund Budget Variances

Differences between original and final budget amounts were primarily a result of statewide proration and adjustments of state and other appropriations not finalized for inclusion in the original budget.

The actual excess of revenues and other financing sources less than expenditures and other fund uses was less than the final budget amount by \$221,364. The difference was primarily the result of cost containment strategies implemented throughout the year.

Capital Assets and Debt Administration

Capital Assets

Net capital assets decreased by \$7.7 million in 2010, which is net of \$8.5 million in depreciation expense. Additions to capital assets were primarily related to additions to two elementary schools. Also included in capital additions for 2010 was the purchase of various maintenance and technology equipment and textbooks.

Debt Administration

The Board's outstanding warrant liability increased by a net \$2.7 million to \$187.6 million during 2010. The increase is a result of the issuance of \$117,885,000 in Capital Outlay Warrants offset by the subsequent advance refunding of its Capital Outlay Tax Anticipation Warrants, Series 2001; its Capital Outlay Tax Anticipation Refunding Warrants, Series 2002; and its Capital Outlay Tax Anticipation Refunding Warrants, Series 2002-A and scheduled principal payments. As a result of the refunding, a deferred charge of \$6.9 million was recorded in the Government-Wide Statement of Net Assets. These charges represent the difference between the reacquisition price and the net carrying amounts of the refunded warrants and will be amortized over the average remaining life of the refunded warrants.

Next Year's Budget

As a result of increased enrollment, the formula-based state funding mechanism is expected to yield an overall increase in revenues next year for Hoover City Schools.

Requests for Additional Information

This financial report is designed to provide the residents of the City, investors, creditors and other users with a general overview of the Board's finances. Inquiries about this report or requests for additional information may be directed to Cathy Antee, Hoover City Board of Education, 2810 Metropolitan Way, Hoover, Alabama 35243.

Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Assets

Year ended September 30, 2010

Total fund balances - Governmental funds \$ 120,784,185

Amounts reported for governmental activities in the Statement of Net Assets
are different because:

Capital assets used in governmental activities that are not financial resources
consist of:

Land	\$ 18,386,732	
Buildings and improvements	276,469,268	
Equipment, furniture and vehicles	18,729,892	
Textbooks and library books	8,408,055	
Construction in progress	370,911	
Accumulated depreciation	<u>(76,119,994)</u>	
Total capital assets, net of depreciation		246,244,864

Debt issuance costs and discounts on debts are reported as current expenditures in the governmental funds. However, in the Statement of Activities, these items are deferred and amortized over the life of the debt and are included as deferred charges in the statement of net assets.

Unamortized discounts and issuance costs 10,829,139

Certain liabilities are not due and payable in the current period and therefore not reported as liabilities in the funds. These liabilities at year-end consist of:

	Current Liabilities	Noncurrent Liabilities	
Warrants payable	\$ -	\$ 187,570,000	
Accrued interest payable	1,069,250	-	
Total liabilities	<u>\$ 1,069,250</u>	<u>\$ 187,570,000</u>	<u>(188,639,250)</u>

Total net assets - governmental activities \$ 189,218,938

Hoover City Board of Education

Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances - Governmental Funds to the Statement of Activities

Year ended September 30, 2010

Net changes in fund balances - total governmental funds	\$ (8,539,460)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay \$(1,147,941) was exceeded by depreciation \$(8,493,574) in the current period.	(7,345,633)
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. This is the amount by which debt issued exceeded repayments.	
Issuance:	
Principal	(117,885,000)
Repayments:	
Principal	7,105,000
Advance refunding:	
Payment to escrow	114,870,722
The net effect of transactions involving the disposition of capital assets is to decrease net assets.	(363,592)
Debt issuance costs and discounts on debt are reported in the governmental funds as expenditures. However, these items are deferred on the Statement of Net Assets and are amortized over the life of the debt.	
Amortization expense	(330,274)
Debt issuance costs	823,198
Discount on issued debt	2,191,080
Some expenses reported in the Statement of Activities do not require the use of current financial resources and are not reported as expenditures in the funds:	
Increase in accrued interest payable	51,142
Change in net assets of governmental activities	\$ (9,422,817)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Hoover City Board of Education (the “Board”) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

A. Reporting Entity

Statements No. 14 and 39 of the Governmental Accounting Standards Board establish standards for defining and reporting on the financial reporting entity. The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for agencies that make up its legal entity. It is also financially accountable for a legally separate agency if its officials appoint a voting majority of that agency's governing body and either it is able to impose its will on that agency or there is a potential for the agency to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. There are no material component units which should be included as part of the financial reporting entity of the Hoover City Board of Education.

The Board is a legally separate agency of the state of Alabama.

B. Basis of Presentation, Basis of Accounting

Government-wide Financial Statements

The Statement of Net Assets and the Statement of Activities display information about the Board. These statements include the financial activities of the overall government.

Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Although other governments may report both governmental activities and business-type activities, the Board has no business-type activities.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Board's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements

The fund financial statements provide information about the Board's funds. Separate statements for each fund category - governmental and fiduciary - are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as other governmental funds.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation, Basis of Accounting (continued)

Fund Financial Statements (continued)

The Board reports the following major governmental funds:

- (1) General Fund -- This is the Board's primary operating fund. It accounts for all financial resources, except those required to be accounted for in another fund. The Board's General Fund primarily received revenues from the Education Trust Fund (ETF), appropriated by the Alabama Legislature, and from local taxes. The State Department of Education allocated amounts appropriated from the ETF to the school board on a formula basis.
- (2) 24 Mill Tax Fund --This is a special revenue fund used to account for resources provided by the special municipal ad valorem tax levied on all taxable property in the city for school purposes. The Board is authorized to apply the proceeds of the special tax to payment of the principal of and interest on any of its warrant anticipation notes, its capital outlay warrants or payment of the costs of operating public schools in the city.
- (3) Debt Service Funds-- Debt Service Funds are used to account for the accumulation of resources for the payment of the Board's general long-term debt principal and interest.

The Board reports the following governmental fund types in the "Other Governmental Funds" column:

- (1) Capital Projects Funds -- Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary and trust funds).
- (2) Special Revenue Funds-- Special Revenue Funds account for the proceeds of specific revenue sources (other than those dedicated for major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. Special revenue funds consist of the following: Other State Revenues, Federal Vocational, Title I, Title VI, IDEA Part B, Title III, Title IV, Title II, Federal Preschool, Child Nutrition, Local School Activity Funds, and Local School Extended Day Programs.

C. Measurement Focus, Basis of Accounting

Government-wide Financial Statements: The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the Board gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. *Measurement Focus, Basis of Accounting (continued)*

Governmental Fund Financial Statements: Governmental funds are reported using a current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues reported in the governmental funds (excluding state and federal reimbursements) to be available if the revenues are collected within thirty (30) days after year-end. Revenues from state and federal funds are considered available if transactions eligible for reimbursement have taken place. Expenditures are generally recorded when the related fund liability is incurred.

Local school activity funds and other funds under the control of school principals use the cash basis of accounting. However, any differences from the modified accrual basis of accounting are not considered to be significant.

D. *Cash and Investments*

Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the Board.

The State Attorney General has issued a legal opinion that boards of education may not put public funds at risk by investing in companies not insured by the federal government.

Investments are stated at cost or amortized cost, which approximates market value.

E. *Receivables*

Receivables are reported as Receivables and Due from other governments in the government-wide financial statements and Receivables, Interfund receivables, and Due from other governments in the fund financial statements. Receivables due from other governments include amounts due from grantors for grants issued for specific programs and local taxes. No allowances are made for uncollectible amounts because the amounts are considered immaterial.

F. *Property Tax Calendar*

The Jefferson County Commission and the Shelby County Commission levy property taxes for all jurisdictions including the school boards and municipalities within the county. Millage rates for property taxes are levied at the first regular meeting of the County Commission in February of each year. Property taxes are assessed for property as of October 1 of the preceding year based on the millage rates established by the County Commission. Property taxes are due and payable the following October 1 and are delinquent after December 31.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Inventories and Prepaid Items

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund type inventories are recorded as expenditures when purchased except commodities donated by the federal government and purchased food items which are expensed when consumed. Prepaid items, such as insurance premiums and rent are recorded as expenditures in governmental funds when paid.

In the government-wide financial statements, inventories and prepaid items are recorded on an accrual basis using the consumption method. Expenses reflect the amount of materials and supplies consumed and the amount of prepaid items applicable to the current period.

H. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical costs in the statement of net assets. Donated assets are recorded at their estimated fair value at the date of donation. The cost of maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Capital assets are recorded as expenditures at the acquisition date in the fund financial statements. The Board has no general infrastructure assets.

Depreciation of capital assets is recorded in the statement of activities on a straight-line basis over the estimated useful life of the asset. Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts) and the estimated useful lives of capital assets reported in the government-wide statements are as follows:

Asset Class	Capitalization Threshold	Estimated Useful Life
Land improvements	\$ 50,000	20 years
Buildings	50,000	50 years
Building improvements	50,000	7-30 years
Equipment and vehicles	5,000	5-20 years

The capitalization threshold for Land, Construction in Progress, and Inexhaustible Land Improvements is \$1 or more. However, these capital assets are not depreciated.

I. Long-term Obligations

In the government-wide financial statements, the unmatured principal of long-term debt and compensated absences are reported in the statement of net assets. Interest expense for long-term debt, including accrued interest payable, is reported in the statement of activities. For warrants (bonds) issued after October 1, 2002, the related debt issuance costs, premiums, and discounts are amortized under accrual accounting and the annual amortization of these accruals is included in the statement of activities. The unamortized portion is reported as an asset on the statement of net assets.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Long-term Obligations (continued)

In the fund financial statements, bond premiums and the face amount of debt issued during the year are reported as an other financing source. Debt issuance costs are not deducted from the amount reported as an other financing source but are reported as debt service expenditures. Any discount is reported as an other financing use. Expenditures for debt principal, interest and related costs are reported in the fiscal year payment is made. The balance sheet does not reflect a liability for long-term debt.

J. Compensated Absences

For vacation leave and other compensated absences with similar characteristics, GASB Statement No. 16 requires the accrual of a liability as the benefits are earned by the employees, if both of these conditions are met:

- a. The employee's right to receive compensation is attributable to services already rendered.
- b. It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

GASB Statement No. 16 also states that an accrual for earned sick leave is made only to the extent it is probable that the benefits will result in termination payments, rather than be taken as absences due to illness or other contingencies, such as medical appointments and funerals. Employees earn non-vesting sick leave at the rate of one day per month worked. Employees may accumulate an unlimited number of days of sick leave. Employees may use their accrued sick leave as membership service in determining the total years of creditable service in the teachers' retirement system, with no additional cost to the Board. Because employees do not receive compensation for unused sick leave at termination, no liability is recorded on the financial statements.

Certified and non-certified personnel are provided two days of personal leave per year with pay. For certified personnel, the principal and Superintendent may approve up to three additional days for which the employee is charged the rate of a substitute teacher's pay. Certified positions are paid at the Board's substitute rate for up to two days of unused personal leave, or the employee may elect to convert these days to sick leave. The additional three days automatically convert to sick leave if not used. Because unused personal leave cannot be carried over to succeeding years, no liability for unpaid leave is accrued in the financial statements.

Twelve-month employees are allowed at least two weeks of vacation per year with pay. Vacation is awarded each July 1st, each January 1st employees' unused vacation is capped at the maximum amount of vacation to which they are entitled. Board policy allows up to 10 days of vacation to be carried over to be used within the first three months of the succeeding year. Accordingly, at September 30, 2010 the Board has accrued a liability in the amount of \$552,737.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Net Assets / Fund Equity

Net assets reported on the government-wide financial statements are required to be classified for accounting and reporting purposes into the following net asset categories:

Invested in Capital Assets, Net of Related Debt - Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets (any significant unspent proceeds at year-end related to capital assets are reported as restricted funds).

Restricted - Constraints imposed on net assets by external creditors, grantors, contributors, laws or regulations of other governments, or law through constitutional provision or enabling legislation.

Unrestricted - Net assets that are not subject to externally imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board.

Fund equity is reported in the fund financial statements. Governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

NOTE 2 – RECONCILIATION OF FINANCIAL STATEMENTS

The financial statements include summary reconciliations of the fund financial statements to the government-wide statements after the fund statements.

A. Explanation of certain differences between the Governmental Funds Balance Sheet and the Statement of Net Assets

The governmental fund balance sheet is followed by a reconciliation between *Total fund balance - governmental funds* and *Total net assets - governmental activities* as reported in the government-wide statement of net assets.

B. Explanation of certain differences between the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances and the Statement of Activities

The governmental funds statement of revenues, expenditures and changes in fund balances is followed by a reconciliation between *Total net change in fund balances-governmental funds* and *Change in net assets of governmental activities* as reported in the government-wide statement of activities.

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgets

Annual budgets are adopted for all governmental funds except the permanent funds. All annual appropriations lapse at fiscal year end. State law requires Alabama school boards to prepare and submit to the State Superintendent of Education the annual budget adopted by the local board of education. In accordance with the regulations of the State Board of Education, the due date for submission of the budget for the 2009-2010 fiscal year was September 15, 2009. The Board approved its original 2009-2010 annual budget on September 10, 2009 and amended it June 10, 2010, primarily to allow for adjustments in amounts resulting from state proration and changes in other funding.

The city superintendent of education or Board cannot approve any budget for operations of the school system for any fiscal year that shows expenditures in excess of income estimated to be available plus any balances on hand. The superintendent with the approval of the board has the authority to make changes within the approved budget provided that a deficit is not incurred by such changes. The superintendent may approve amendments to program budgets without board approval.

NOTE 4 – DEPOSITS AND INVESTMENTS

Deposits

As of September 30, 2010, all of the Board's bank deposits (including deposits of the individual schools) were either covered by federal depository insurance or secured by collateral through the Security for Alabama Funds Enhancement Program (SAFE Program). Under the SAFE program all public deposits are protected through a collateral pool administered by the Alabama State Treasurer's office.

Public deposits include the funds of any covered public entity or covered public official placed on deposit in a qualified depository, including time and demand deposit accounts and certificates of deposit but excluding bonds, notes, money market mutual funds, repurchase agreements and similar investment instruments. Covered public entities include the state and its political subdivisions, including school boards. In the past, the bank pledged collateral directly to each public entity. Under SAFE, which is mandatory, each qualified public depository (QPD) is required to hold collateral for all of its public deposits on a pooled basis in a custody account (SAFE Custody Account) established for the State Treasurer as SAFE administrator. In the unlikely event a public entity should suffer a deposit loss due to QPD insolvency or default, a claim form would be filed with the State Treasurer, who would use the SAFE pool collateral or other means to reimburse the loss. The SAFE program is classified as a category 1 credit risk.

Investments

The following investments were held by the Board at September 30, 2010:

Certificates of Deposit	\$ 22,813,638
Total	\$ 22,813,638

Notes to Financial Statements

NOTE 4 – DEPOSITS AND INVESTMENTS (CONTINUED)

Interest Rate Risk. The Board does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. State law limits investments in commercial paper, corporate bonds, and mutual bond funds to the top two ratings issued by nationally recognized statistical rating organizations. The Board has no investment policy that would further limit its choices.

Interest revenues of \$1,555,814 are included in revenues for 2010.

NOTE 5 – CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2010, was as follows:

	Balance October 1, 2009	Additions	Retirements and Reclassifications	Balance September 30, 2010
Capital assets not being depreciated:				
Land and improvements	\$ 18,386,732	\$ -	\$ -	\$ 18,386,732
Construction progress	7,422,728	768,762	(7,820,579)	370,911
Total capital assets not being depreciated	25,809,460	768,762	(7,820,579)	18,757,643
Capital assets being depreciated:				
Exhaustible land improvements	3,129,757	-	-	3,129,757
Building and improvements	265,518,932	7,820,579	-	273,339,511
Equipment	19,983,703	178,689	(1,432,500)	18,729,892
Textbooks and library books	8,207,565	200,490	-	8,408,055
Total capital assets being depreciated	296,839,957	8,199,758	(1,432,500)	303,607,215
Less accumulated depreciation for:				
Exhaustible land improvements	860,321	89,552	-	949,873
Building and improvements	49,184,763	7,597,376	-	56,782,139
Equipment	13,004,222	571,800	(1,068,908)	12,507,114
Textbooks and library books	5,646,022	234,846	-	5,880,868
Total accumulated depreciation	68,695,328	8,493,574	(1,068,908)	76,119,994
Total capital assets being depreciated, net	228,144,629	(293,816)	(363,592)	227,487,221
Total governmental activities capital assets, net	\$ 253,954,089	\$ 474,946	\$ (8,184,171)	\$ 246,244,864

NOTE 5 – CAPITAL ASSETS (CONTINUED)

Depreciation expense was charged to governmental functions as follows:

Instructional services	\$	7,038,941
Instructional support		77,340
Operation and maintenance		506,112
Auxiliary services		818,019
General administrative and central support		53,162
Total governmental activities depreciation expense	\$	8,493,574

The Board has entered into contracts for the construction or renovation of various facilities as follows:

	Project Authorization	Expended to Date	Commitment
HVAC Upgrade-various schools	\$ 826,779	\$ 370,911	\$ 455,868
Total	\$ 826,779	\$ 370,911	\$ 455,868

NOTE 6 – DEFINED BENEFIT PENSION PLAN

A. Plan Description

The Board contributes to the Teachers' Retirement System of Alabama, a cost-sharing multiple-employer public employee retirement system for the various state-supported educational agencies and institutions. This plan is administered by the Retirement Systems of Alabama.

Substantially all employees of the Board are members of the Teachers' Retirement System. Membership is mandatory for covered or eligible employees of the Board. Benefits vest after ten years of creditable service. Vested employees may retire with full benefits at age 60 or after 25 years of service. Retirement benefits are calculated by two methods with the retiree receiving payment under the method which yields the highest monthly benefit. The methods are (1) Minimum Guaranteed, or (2) Formula, of which the Formula method usually produces the highest monthly benefit. Under this method, retirees are allowed 2.0125% of their average final salary (best three of the last ten years) for each year of service. Disability retirement benefits are calculated in the same manner. Pre-retirement death benefits in the amount of the annual salary for the fiscal year preceding death are provided to plan members.

The Teachers' Retirement System was established as of October 1, 1941, under the provisions of Act Number 419, Acts of Alabama 1939, for the purpose of providing retirement allowances and other specified benefits for qualified persons employed by state-supported educational institutions. The responsibility for general administration and operation of the Teachers' Retirement System is vested in the Board of Control (currently 14 members). Benefit provisions are established by the Code of Alabama 1975, Sections 16-25-1 through 16-25-113, as amended, and Sections 36-27B-1 through 36-27B-6, as amended.

NOTE 6 – DEFINED BENEFIT PENSION PLAN (CONTINUED)**A. Plan Description (continued)**

The Retirement Systems of Alabama issues a publicly available financial report that includes financial statements and required supplementary information for the Teachers' Retirement System of Alabama. That report may be obtained by writing to The Retirement Systems of Alabama, 135 South Union Street, Montgomery, Alabama 36130-2150.

B. Funding Policy

Employees are required to contribute 5 percent of their salary to the Teachers' Retirement System. The Board is required to contribute the remaining amounts necessary to fund the actuarially determined contributions to ensure sufficient assets will be available to pay benefits when due. Each year the Teachers' Retirement System recommends to the Legislature the contribution rate for the following fiscal year, with the Legislature setting this rate in the annual appropriation bill. The percentages of the contributions and the amount of contributions made by the Board and the Board's employees equal the required contributions for each year as follows:

	2010	2009	2008
Fiscal year ended September 30,			
Total percentage of covered payroll	17.51%	17.07%	16.75%
Contributions:			
Percentage contributed by the Board	12.51%	12.07%	11.75%
Percentage contributed by the employees	5.00%	5.00%	5.00%
Contributed by the Board	\$ 10,112,428	\$ 9,904,459	\$ 9,603,047
Contributed by employees	4,042,775	4,102,924	4,086,403
Total contributions	\$ 14,155,203	\$ 14,007,383	\$ 13,689,450

NOTE 7 – LONG-TERM DEBT

On August 1, 2010 the Board issued \$117,885,000 in 24 Mill Tax special revenue refunding bonds with interest rates ranging between 4.25% and 5.00%. The Board issued the bonds to provide a portion of the funds needed to refund (on an advance basis) the Board's Capital Outlay Tax Anticipation Warrants, Series 2001; its Capital Outlay Tax Anticipation Refunding Warrants, Series 2002; and its Capital Outlay Tax Anticipation Refunding Warrants, Series 2002-A; and for the payment of issuance expenses. The Board used a portion of the proceeds to purchase U.S. Government securities. These securities were deposited into an irrevocable trust to provide for the future debt service and redemption of the refunded bonds in accordance with the escrow trust agreement. As a result, the refunded warrants are considered defeased, and the Board has removed the liability from its accounts. The outstanding principal of the defeased warrants is \$108,060,000.

Hoover City Board of Education

Notes to Financial Statements

NOTE 7 – LONG-TERM DEBT (CONTINUED)

As a result of the refunding of the Series 2001, Series 2002 and Series 2002-A Warrants the Board has recorded deferred charges of \$6,810,722 in the Government-Wide Statement of Net Assets. These charges represent the difference between the reacquisition price and the net carrying amounts of the refunded warrants. These costs are being amortized over the average remaining life of the refunded warrants. The unamortized portion of these costs as of September 30, 2010 was \$6,723,404.

The advance refunding increased total debt service payments over the next 30 years by \$82 million and resulted in an economic loss (difference between the present values of the debt service payments on the old and new debt) of \$4.3 million.

As of September 30, 2010, the Board's long-term debt consisted of the following:

Series 2010 Capital Outlay Warrants with a maturity date of February 15, 2040, interest payable semi-annually at rates ranging from 4.25% to 5%.	\$	117,885,000
Series 2005 Capital Outlay Warrant with a maturity date of February 15, 2027, interest payable semi-annually at rates ranging from 3% to 5%.		69,685,000
Total warrants	\$	187,570,000

Following is a schedule of the total debt service on the Board's long-term debt:

	Warrants and Notes	
	Principal	Interest
2011	\$ -	\$ 8,628,956
2012	-	8,424,125
2013	-	8,424,125
2014	2,815,000	8,353,750
2015	2,945,000	8,209,750
2016-2020	22,770,000	38,291,625
2021-2025	38,585,000	30,485,563
2026-2030	33,995,000	22,452,676
2031-2035	38,480,000	14,790,551
2035-2040	47,980,000	5,282,689
Total	\$ 187,570,000	\$ 153,343,810

Interest paid on long-term debt was \$6,060,089 for the year ended September 30, 2010.

The Series 2005 and Series 2010 Warrants were issued in December 2005 and August 2010 respectively. The principal and interest payments are payable out of proceeds of a special 24 mill ad valorem tax levied in the City of Hoover. Total receipts from the special 24 mill ad valorem tax for the year ended September 30, 2010 were \$36,936,317.

Hoover City Board of Education

Notes to Financial Statements

NOTE 7 – LONG-TERM DEBT (CONTINUED)

The following changes occurred in the liabilities for warrants for the year ended September 30, 2010:

	Balance September 30, 2009	Additions	Deletions	Balance September 30, 2010
Capital outlay warrants	\$ 184,850,000	\$ 117,885,000	\$ 115,165,000	\$ 187,570,000

For warrants (bonds) and other long-term debt issued after October 1, 2002, the related debt issuance costs, premiums, and discounts are amortized over the life of the debt in the government-wide statements.

	Issuance Costs	Discount	Deferred Charges	Total
Series 2002, Capital Outlay Warrants	\$ 105,828	\$ 176,200	\$ -	\$ 282,028
Amount amortized in prior years	44,853	74,678	-	119,531
Series 2005, Capital Outlay Warrants	360,073	1,041,621	-	1,401,694
Amount amortized in prior years	61,469	168,309	-	229,778
Series 2010, Capital Outlay Warrants	823,198	2,191,080	6,810,722	9,825,000
Amount amortized in prior years	-	-	-	-
Unamortized amount – beginning	1,182,777	3,165,914	6,810,722	11,159,413
Current year amortization	81,915	161,041	87,318	330,274
Unamortized amount – ending	\$ 1,100,862	\$ 3,004,873	\$ 6,723,404	\$ 10,829,139

NOTE 8 – INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund balances at September 30, 2010 consist of the following:

Due to General fund from:

Child Nutrition Fund \$ 75,155

Due to Other Governmental Funds from:

General Fund 1,070,319

Total **\$ 1,145,474**

These interfund balances represent temporary loans to cover expenditures incurred prior to reimbursement from outside sources. These amounts are expected to be repaid within one year.

NOTE 8 – INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS (CONTINUED)

Interfund transfers for the fiscal year ended September 30, 2010 consist of the following:

General fund to:	
Other governmental funds	\$ 3,648,927
Special revenue fund to:

NOTE 9 – RISK MANAGEMENT

The Board is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board carries traditional insurance coverage for its buildings and contents through the State Insurance Fund (SIF), Alabama Department of Finance, Division of Risk Management, a public entity risk pool, which operates as a common risk management and insurance program for state-owned properties and boards of education. The Board pays an annual premium based on the amount of coverage. The SIF is self insured up to \$3.5 million per occurrence. The Board purchases commercial insurance for claims in excess of \$3.5 million. The Board also purchases automobile liability insurance with coverage of \$300,000 per occurrence, errors and omissions insurance with coverage of up to \$1,000,000 per occurrence and property insurance with coverage of up to \$3.5 million per occurrence from the Alabama Risk Management For Schools Program (ARMS), a public entity risk pool. In addition, the Board has purchased physical damage coverage for school buses and maintenance vehicles.

The ARMS collects the premiums and purchases commercial insurance for the amount of coverage requested by pool participants. The Board purchases commercial insurance for fidelity bonds. Settled claims in the past three years have not exceeded the commercial insurance coverage.

Employee health insurance is provided through the Public Education Employees' Health Insurance Fund (PEEHIF) administered by the Public Education Employees' Health Insurance Board. PEEHIF was established to provide a uniform plan of health insurance for current and retired employees of educational institutions and is self-sustaining. Monthly premiums for employee and dependent coverage are set annually by the plan's actuary and are based on anticipated claims in the upcoming year, considering any remaining fund balance on hand available for claims. The Board contributes the specified amount monthly to the PEEHIF for each employee. The Board contribution is applied against the employees' premiums for the coverage selected and the employee pays any remaining premium.

NOTE 9 – RISK MANAGEMENT (CONTINUED)

The State Board of Adjustments is a state agency with which people can file claims against the Board to collect reimbursement for damages when all other means have been exhausted. The Board does not have insurance coverage for job-related injuries. Claims for employee job-related injuries may be filed with the State Board of Adjustment. The Board of Adjustment determines if a claim is valid and determines the proper amount of compensation. Payments are made from state appropriated funds at no cost to the Board.

NOTE 10 – CONTINGENT LIABILITIES

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds or the general fund. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time although the Board expects such amounts, if any to be immaterial.

The Board is involved in certain litigation in the ordinary course of business. Management does not anticipate these claims to have a significant adverse impact on the financial position of the Board.

NOTE 11 – DONATED FOOD PROGRAM

The commodities received from the Federal government in connection with the donated food program are reflected in the accompanying financial statements. The total assigned value of commodities donated was \$299,794 for 2010. Commodities consumed were approximately \$265,797 for 2010.

NOTE 12 – RELATED PARTY TRANSACTIONS

The members of the Hoover City Board of Education are appointed by the Hoover City Council. The total appropriations received from the City for the year ended September 30, 2010 amounted to \$2,000,000.

NOTE 13 – OTHER POST-EMPLOYMENT BENEFITS (OPEB)

The Board contributes to the Alabama Retired Education Employees' Health Care Trust (the "Trust"), a cost-sharing multiple-employer defined benefit postemployment healthcare plan. The Trust provides health care benefits to state and local school system retirees and was established in 2007 under the provisions of Act Number 2007-16 as an irrevocable trust fund. Responsibility for general administration and operations of the Trust is vested with the Public education employees' Health Insurance Board (PEEHIB) members. The *Code of Alabama 1975*, Section 16-25A-4, provides the PEEHIB with the authority to amend the benefit provisions in order to provide reasonable assurance of stability in future years. The Trust issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained at the Public Educations Employees' Health Insurance Plan website, <http://www.rsa-al.gov/PEEHIP/peehip.html> under the Trust Fund Financials tab.

The Public Education Employees' Health Insurance Fund (PEEHIF) was established in 1983 under the provisions of Act Number 255 to provide a uniform plan of health insurance for current and retired employees of state educational institutions. The plan is administered by the PEEHIB. Any Trust fund assets used in paying administrative costs and retiree benefits are transferred to and paid from the PEEHIF. The PEEHIB periodically reviews the funds available in the PEEHIF and if excess funds are determined to be available, the PEEHIB authorizes a transfer of funds from the PEEHIF to the Trust. Retirees are required to contribute monthly as follows:

	Fiscal Year Ending 09/30/2010
Individual Coverage - Non-Medicare Eligible	\$ 97.54
Individual Coverage - Medicare Eligible	1.14
Family Coverage - Non-Medicare Eligible Retired Member and Non-Medicare Eligible Dependent(s)	284.94
Family Coverage - Non-Medicare Eligible Retired Member and Dependent Medicare Eligible	188.54
Family Coverage - Medicare Eligible Retired Member and Non-Medicare Eligible Dependent(s)	188.54
Family Coverage - Medicare Eligible Retired Member and Dependent Medicare Eligible	92.14
Surviving Spouse - Non-Medicare Eligible	598.00
Surviving Spouse - Non-Medicare Eligible and Dependent Non-Medicare Eligible	730.00
Surviving Spouse - Non-Medicare Eligible and Dependent Medicare Eligible	689.00
Surviving Spouse - Medicare Eligible	313.00
Surviving Spouse - Medicare Eligible and Dependent Non-Medicare Eligible	445.00
Surviving Spouse - Medicare Eligible and Dependent Medicare Eligible	404.00

NOTE 13 – OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

For employees that retire other than for disability, for each year under 25 years of service, the retiree pays two percent of the employer premium and for each year over 25 years of service, the retiree premium is reduced by two percent of the employer premium.

The Board is required to contribute at a rate specified by the State for each active employee. The Board's share of premiums for retired Board employees health insurance is included as part of the premium for active employees. The following shows the required contributions in dollars and the percentage of that amount contributed for Board retirees:

Fiscal Year Ended September 30,	Active Health Insurance Premiums Paid by Board	Amount of Premium Attributable to Retirees	Percentage of Active Employee Premiums Attributable to Retirees	Total Amount Paid Attributable to Retirees	Percentage of Required Amount Contributed
2009	\$ 752	\$ 205	27.32%	\$ 4,755,356	100%
2010	752	241	32.08%	5,384,284	100%

Each year the PEEHIB certifies to the Governor and to the Legislature the contribution rates based on the amount needed to fund coverage for benefits for the following fiscal year and the Legislature sets the premium rate in the annual appropriation bill.

The Board has accounted for payments made by the federal government for retiree drug subsidy (RDS) payments in accordance with GASB Technical Bulletin 2006-1. This bulletin requires the RDS to be recorded as an "on-behalf payment", resulting in offsetting revenues and expenditures. The amount recognized in the 2010 financial statements for RDS is \$444,873.

Supplementary Information

Hoover City Board of Education

Supplementary Schedule of Bond Disclosures Continuing Disclosure Information

This supplementary information to the financial statements is intended to constitute, along with the independent auditors' report, the annual report that the Board is required to provide under various Continuing Disclosure Agreements in connection with the provisions of Rule 15c 2-12 promulgated by the Securities and Exchange Commission pursuant to the Securities and Exchange Act of 1934.

1. The net proceeds of the Special Tax (that is, the ad valorem tax levied by the City of Hoover at the rate of 24 mills per annum) were \$36,936,317 for the fiscal year that ended September 30, 2010.
2. Attached hereto is a summary of revenue, expenditures and changes in fund balances for all governmental funds for the current and the five most recent fiscal years.
3. The following issues are payable solely out of the proceeds of the Special Tax:
 - (a) \$69,685,000 aggregate principal amount of the Board's Capital Outlay Warrants, Series 2005, dated December 15, 2005, and (as of September 30, 2010) outstanding in the aggregate principal amount of \$69,685,000.
 - (b) \$117,885,000 aggregate principal amount of the Board's Capital Outlay Warrants, Series 2010, dated August 1, 2010, and (as of September 30, 2010) outstanding in the aggregate principal amount of \$117,885,000.
4. The average annual debt service on the warrants listed above is \$11,363,794.
5. The maximum annual debt service on the warrants listed above is \$13,936,875.

NOTE 1 – SCOPE OF AUDIT PURSUANT TO OMB CIRCULAR A-133

The Hoover City Board of Education (the "Board"), is an agency of the State of Alabama. All significant operations of the Board are included in the scope of the Circular A-133.

The U. S. Department of Education has been designated as the Board's cognizant agency for the "single-audit".

NOTE 2 – FISCAL PERIOD AUDITED

Single audit testing procedures were performed for program transactions occurring during the fiscal year ended September 30, 2010.

NOTE 3 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. *Basis of Presentation*

The Schedule of Expenditures of Federal Awards and the Schedule of State Government Appropriations has been prepared on the modified accrual basis of accounting. Federal grant revenues are recorded for financial reporting purposes when the Board has met the qualifications for the respective grants. Several programs are funded jointly by State appropriations and Federal funds. Encumbrances for purchase orders and contracts are not recorded as expenditures because the liability has not been incurred for goods received or services rendered; however, these encumbrances (if any) are reserved in the fund balances of the governmental funds. The encumbrances are shown as deductions from the 2010 appropriations of state funds on the schedule because subsequent expenditures against the encumbrances are made under the authority of the 2010 appropriations. Costs incurred in programs partially funded by Federal grants are applied against grant funds to the extent of revenue available when they properly apply to the grant, except as described below.

B. *Accrued and Deferred Reimbursement*

Various reimbursement procedures are used for Federal awards received by the Board. Consequently, timing differences between expenditures and program reimbursements can exist at the beginning and end of the year. Accrued balances at year-end represent an excess of expenditures over cash reimbursements received to date. Generally, accrued or deferred balances caused by differences in the timing of cash reimbursements and expenditures will be reversed in the remaining grant period.

Summary Schedule of Prior Year Audit Report Findings

The following significant deficiencies were disclosed in the audit of the Hoover Board of Education for the year ended September 30, 2009:

09-1 Audit procedures were performed at each of the Board's local schools by the Board's internal auditor. Several deficiencies in internal controls were noted in the reports to each school including:

- a) Items purchased without purchase orders or purchased prior to the preparation of purchase orders.
- b) Teachers failing to remit collected funds to school bookkeepers in a timely manner.
- c) Payment of invoices without proof of receipt of the goods or services.
- d) Checks not supported by invoice or adequate support.
- e) Deposits not made timely.
- f) Checks not properly voided.
- g) Various other documentation/procedural deficiencies.

Current Status:

Similar deficiencies are still being noted by the internal auditor (see current finding 10-1). Management is continuing with efforts to provide ongoing training for school personnel, as well as timely monitoring and follow-up on internal control findings.

To the Members of the
Hoover City Board of Education
Hoover, Alabama

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hoover City Board of Education (the "Board"), as of and for the year ended September 30, 2010, which collectively comprise the Board's basic financial statements and have issued our report thereon dated March 22, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Board's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies in internal control over financial reporting (10-1 and 10-2). A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of

our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to management of the Board in a separate letter dated March 22, 2011.

The Board's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the Board's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of management, City Council, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Auditors' Report on Compliance with
Requirements That Could Have a Direct and Material
Effect on Each Major Program and on Internal
Control Over Compliance in Accordance
with OMB Circular A-133**

To the Members of the
Hoover City Board of Education
Hoover, Alabama

Compliance

We have audited the compliance of the Hoover City Board of Education (the "Board") with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Board's major federal programs for the year ended September 30, 2010. The Board's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Board's management. Our responsibility is to express an opinion on the Board's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Board's compliance with those requirements.

In our opinion, the Board complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2010.

Internal Control Over Compliance

The Management of the Board is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Board's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above.

This report is intended solely for the information and use of the Board's management, others within the entity, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Dollar threshold used to distinguish between Type A and Type B program: \$ 300,000

Auditee qualified as low-risk auditee? x yes no

Hoover City Board of Education

Schedule of Findings and Questioned Costs (Continued)

Year ended September 30, 2010

Section II - Financial statement findings

The following significant deficiencies were disclosed in the financial statements during the audit of the Hoover City Board of Education:

10-1 Audit procedures were performed at each of the Board's local schools by the Board's internal auditor. Several deficiencies in internal controls were noted in the reports to each school including:

- a) Items purchased without purchase orders or purchased prior to the preparation of purchase orders.
- b) Teachers failing to remit collected funds to school bookkeepers in a timely manner.
- c) Payment of invoices without proof of receipt of the goods or services.
- d) Checks not supported by invoice or adequate support.
- e) Deposits not made timely.
- f) Checks not properly voided.
- g) Various other documentation/procedural deficiencies.

Management's response:

Management agrees with the finding and plans to continue with efforts to provide continuing training for school personnel, as well as timely monitoring and follow-up on internal control findings.

10-2 An audit adjustment was required related to the accounting for construction costs.

Management's response:

This is considered to be an isolated incident. However, the Board will strive to make every effort to ensure that all costs related to construction projects are properly recorded when they are incurred.

Section III - Federal Award Findings and Questioned Costs

Findings: None

Questioned costs: None
