

PROCLAMATION

*Hoover Board of Education
Teacher Appreciation Week - 2023*

Whereas, teachers form the backbone of not only our school systems, but our country in many respects; and

Whereas, teachers serve peripheral roles as mentors, parents, psychologists, caretakers, counselors, and more; and

Whereas, teachers work selflessly throughout the calendar year to ensure that students are prepared, equipped, and ready for the next phases of their lives; and

Whereas, teachers engage in lifelong learning to better position themselves as cutting-edge professionals armed with the latest and most accurate knowledge;

Now, therefore, be it proclaimed that the Hoover Board of Education joins the United States Department of Education, the National Parent-Teacher Association, and other organizations in giving all due credit and recognition to the teaching profession.

Dr. Dee O. Fowler
Superintendent

Mrs. Amy Tosney
President, Hoover Board of Education
