

You're Covered with Membership ID Cards

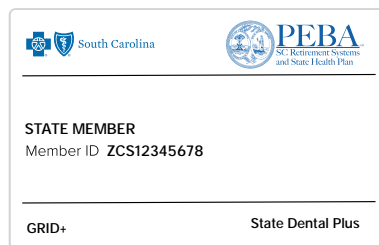

You receive insurance cards for health, prescription, dental and vision benefits. You can also access your digital identification cards from the BlueCross, Express Scripts and EyeMed apps. Only the subscriber's name will be on the cards, but all covered family members can use them.

Missing one of your insurance cards? Any one of them can be replaced using the contacts below, and you will need your Benefits Identification Number (BIN). If you don't know your BIN, visit [MyBenefits.sc.gov](https://mybenefits.sc.gov) and select "Get My BIN" in the lower right corner.
