HIGH SCHOOL STUDENT ATHLETE AGREEMENT
STATEMENT

School District 24J is proud of its athletes and athletic programs. Our coaches, administrators, teachers, students, and community expect athletes to make consistent application to the athletic program.

The guidelines set forth in this administrative policy have been established as a minimum code for athletes. This policy will be administered by the coach in conjunction with the building administration.

The following guidelines have been established for athlete and parent approval before any student can represent School District 24J in athletics:

1. **Salem Keizer School District's athletic programs focus on excellence in academics, leadership, character development, and competition as a vital part of the education experience. The District has high expectations for the behavior and performance of the students participating in athletics.**
2. **Participation in District sponsored extra-curricular athletic programs is a privilege, not a right, and is contingent upon the student's academic standing, attendance, and ability to abide by the behavior standards set forth in this policy and Oregon School Activities Association (OSAA).**
3. **Participants and their parents/legal guardian will acknowledge their understanding and agreement with this policy by reading and signing the High School Student Athlete's Expectations Agreement.**
4. **Participation:**
 - 4.1. Prior to participating in a sport for the first time, the student athlete and their parents or legal guardian are required to sign the High School Student Athlete Agreement Statement. By their signatures, the student athlete and parent agree that the student athlete shall comply with and abide by the terms and conditions of the policy.
 - 4.2. The signed agreement remains in effect for all subsequent years that the student participates in a District sponsored athletic program.
 - 4.3. Student athletes will adhere to the expectations for participation, as outlined in this policy, from the first day of OSAA designated fall season practices until the final day of the school year annually, throughout the student's school career, twenty-four (24) hours per day, both while at, and away from, school.
 - 4.4. The expectation set forth in this code of conduct are a minimum set of standards for athletes participating in a District sponsored athletic program and do not supersede the District's student discipline policy and procedure.
 - 4.5. Students participating in athletics should expect discipline consequences to be applied from both the student discipline policy and this policy. Additionally, the policy does not necessarily reflect OSAA policies, which may have additional consequences.
