

## West Chicago High School District 94

Illinois law (Lawn Care Products Application and Notification Act) requires all school districts and day care centers to notify students and staff when lawn care chemicals are being used in or around the school facilities. District 94 does not have a set schedule for applying lawn care products. As such, please notify the District if you would like to be notified 48 hours prior to any application.

*La ley estatal de Illinois (Lawn Care Products Application and Notification Act) requiere que el distrito escolar y centros de guardería notifiquen a estudiantes y padres de familia cuando químicos sean usados para el césped dentro y fuera de la escuela. Distrito 94 no tiene fechas establecidas cuando productos del césped serán aplicados. Así que pedimos a los padres que se comuniquen al Distrito escolar si les gustaría ser notificados 48 horas antes de cualquier aplicación de químicos.*

If you have any questions about the application of the pesticide, please contact the Director of Student Services at (630) 876-6307
